"Sincerely is passionate. Honest. Charming. F. S. Yousaf has beautifully encapsulated in a book what it feels like to fall in love."—Madisen Kuhn, author of Almost Home Fans of top-selling Sincerely are saying "unexpected perfection", "not your basic poetry book", "breathtaking", "helped me appreciate my marriage". Searching for a profound way to propose to his love, F.S Yousaf reread the letters she had written him. In them he found his proposal, and inspiration to write his own prose and poetry. This is a compilation of letters and love poems that exemplifies the spirituality and the magnitude of how much one person can mean to another. It carries messages of positivity, hope, and most of all, true love.

On April 14, 1986, Simone de Beauvoir died in Paris. She was the "prettiest Existentialist", who during her long and intense life had observed, described, analytically deconstructed and effectively changed the world that surrounded her, “one word at a time”. An engaged intellectual like her life partner and comrade Jean-Paul Sartre, she took actively part in most of the main social and political struggles of the 20th century, including, first and foremost, women’s emancipation and self-determination, as well as the decolonisation of French Algeria, and the denouncement of American imperialism in Vietnam and the marginalisation of elderly people in contemporary societies. This collection of essays, arising from the 18th International Conference of the Simone de Beauvoir Society held in Cagliari, Italy, in June 2010, provides a major contribution to the field of Beauvoirian studies with up-to-date research provided by scholars from a variety of disciplines that range from French literature to gender studies, from philosophy to social sciences, offering a multifaceted overview on the “state of the art” of research on the life and the works of Simone de Beauvoir, 30 years after her demise.

Milk and Honey

Lait et miel, roman de Heinz Küpper

The Targums in the Light of Traditions of the Second Temple Period

Construit autour de courts poèmes en prose, Lait et Miel parle de survie. De l'expérience de la violence, des abus sexuels, de l'amour, de la perte et de la féminité. Le recueil comprend quatre chapitres, et chacun obéit à une motivation différente, traite une souffrance différente, guérit une peine différente. Lait et Miel convie les lecteurs à un voyage à travers les moments les plus amers de l'existence, mais y trouve de la douceur, parce qu'il y a de la douceur partout si l'on sait regarder.

The present volume deals with the phenomenon of Writing and the Mystical Experience in Judaism, Christianity and Islam. Particular emphasis is laid on this theme within Jewish mysticism in the various stages of its historical development. Methodological and phenomenological studies deal with the question in Antiquity, the Mediaeval period and Modern times.

Farce and Farcical Elements

Une terre de lait et de miel

Early Christian Voices

Farcical elements were incorporated into non-comic drama ever since the theatre had been rediscovered in the Middle Ages. Already at a very early stage, comic scenes proved to be popular additions to liturgical music drama and, later, to religious plays in the vernacular. Some scholars believe that the genre of farce developed out of these farcical elements. The suggestion was made that farces, similar to the stuffing of meat or poultry, had been added to plays to increase audience involvement. Other researchers see quite different origins for the farce. The present volume does not aspire to solve the question of the relationship between the two types of “comedy” on the medieval stages but its editors hope that it will nevertheless contribute to this discussion. In addition, it will enable its readers to form an impression of the huge variety of the comic in the vast area of medieval and early Renaissance theatre and drama. This book offers an introduction to the key elements involved in the creation of aesthetically appealing and practically appropriate interior architecture. Each element, or fundamental, uses theory and contemporary and historical references to illustrate the richness and diversity of design practice. Using examples taken from work created by contemporary practitioners, "The Fundamentals of Interior Architecture" offers a unique insight into the principles and processes that underpin the work of the professional interior designer. The book contains five sections which together encapsulate the principle ideas, skills and knowledge that are employed in the creation of spatial solutions that support the needs of the client and which recognize the qualities of the building and its situation. Using illustrations and photographs these elements are identified and described in a way that makes them accessible to the reader.

Pillow Thoughts

The Easy Diabetes Cookbook

Complete, definitive study: biography, historical background, and parallel texts in English and French of all the prophecies, most of the famous — and infamous — interpretations, and much more.

Belief in the afterlife is still very much alive in Western civilisation, even though the truth of its existence is no longer universally accepted. Surprisingly, however, heaven, hell and the immortal soul were all ideas which arrived relatively late in the ancient world. Originally Greece and Israel - the cultures that gave us Christianity - had only the vaguest ideas of an afterlife. So where did these concepts come from and why did they develop? In this fascinating, learned, but highly readable book, Jan N. Bremmer - one of the foremost authorities on ancient religion - takes a fresh look at the major developments in the Western imagination of the afterlife, from the ancient Greeks to the modern near-death experience.

The Rise and Fall of the Afterlife

In the tradition of A Whole New Mind and The War of Art, graffiti artist and corporate thought leader, Erik Wahl explores the power of creativity to achieve superior performance. Somehow we’ve come to believe that creativity is reserved for the chosen few: the poets, the painters, the writers. The truth is creativity is in all of us and re-discovering it is the key to unlocking your fullest potential. Unthink pushes us beyond our traditional thought patterns. It will inspire everyone to realize that we are capable of so much more than we have pre-conditioned for. Creativity is not in one special place--and it is not in one special person. Creativity is everywhere and in everyone who has the courage to unleash their creative genius.

This collection of studies in honor of Francois Bovon highlights the rich diversity found within early expressions of Christianity as evidenced in ancient texts, in early traditions and movements, and in archaic symbols and motifs.

Enraciné dans les tumultueuses gorges du Mékong et la montagne sacrée du Khawa Karpo, Une terre de lait et de miel apparaît comme un roman singulier dans le paysage de la littérature chinoise contemporaine. A l'aube du XXe siècle, des missionnaires français arrivent au Tibet, convaincus qu'ils doivent dresser la croix du Christ sur ces terres païennes. Tout au long du siècle va se dérouler l'histoire de cette minuscule et précaire église catholique accrochée à flanc de falaise, sur la toile de fond de conflits religieux avec les monastères bouddhistes et de rivalités ancestrales opposant le clan des Yakgong aux Naxi et aux Khampa de la montagne, de batailles, d'éléments qui se déchangent, de suicides d'amour, de rapt, de miracles et de sortilèges, sans oublier l'intrusion de la Chine communiste et de ses Gardes rouges... Construit autour de quelques personnages-clés dont les destins croisés structurent l'ensemble (comme le père Charles qui se passionne pour la culture Naxi, le truculent chef des Yakgong ou le terrible et magnifique brigand Tsering Dawa qui délaisse sa soif de sang pour la pure lumière du Bouddha), ce roman au souffle puissant, fertile en rebondissement et en épisodes savoureux, où le merveilleux se mêle intimement au réel, est aussi une œuvre portée par une réflexion centrale sur les rapports au réel, et sur les vertus universelles de tolérance et de compassion.
