In Growing up with Tanzania. Karim Hirji, a renowned Professor of Medical Statistics and Fellow of the Tanzania Academy of Science, presents a multi-faceted, evocative portrait of his joyous but conflicted passage to adulthood during colonial and early-Uhuru Tanzania. His smooth style engages the reader with absorbing true tales, cultural currents, critical commentary and progressive possibilities. By vibrantly contrasting the hope-filled sixties with the cynical modern era, he also lays bare the paradoxes of personal life and society, past and present

Siddhpur, my native place is situated in north Gujarat, India at the junction of two rivers Ganga and Saraswati. According to Rig Veda Siddhpur is the first home of Lord Narayan and Ma Laxmiji. The legend is that the great sage Dadhichi had donated his bones to God Indra at Siddhpur. Lord Kapil had created Sankhya Darshan Shatra and Kapil Gita to give salvation to his mother Ma devhuti.Since then Siddhpur is believed as the tirth for mother 's Salvation. The new edition of Bilinguality and Literacy argues that bilingual children's literacy learning in English is necessarily an intercultural process. Children's voices are strong in this revised, updated and expanded edition and looks closely at bilingual children's writing development in view of the Ofsted statement that 'fluent bilingual pupils struggle with writing (2003)'. Bilinguality and Literacy will be of interest to undergraduate students of applied linguistics, teacher training courses, and academics researching multilingualism and literacy.

English is the most widely used language and the chief vehicle of international communication in the world today. In India, English is learnt as a second language.Learning English language is sometimes difficult since the it has different elements compared to the native language (Gujarati). These differences sometimes cause students to make errors when using it. This study aimed to investigate the students' interlanguage errors in grammar. Sardar Patel University, Vallabh Vidyanagar, Gujarat, India awarded M.phil Degree to this research work in April 2015.

English Language Teaching (ELT), especially English as a Second Language (ESL) and English as a Foreign Language (EFL), has been witnessing unprecedented changes in curriculum, teaching methodology, and the application of learning theories. This has created a demand for teachers who can teach English to learners of varied cultural, socio-economic and psychological backgrounds. The book, in its second edition, continues to discuss the modern trends, innovations, as well as the difficulties and challenges in teaching and learning ESL in a non-native context. The book, with contributions from many experts each one specializing in a particular field) from countries such as UK, USA, Australia, New Zealand, India, Nigeria, Sri Lanka, China, and Japan, provides new methods, strategies and application-oriented solutions to overcome the problems in a practical way. The book deals with all topics pertinent to English as a Second Language or English for the non-native speakers, and these are further reinforced by a large number of examples and quotations from different sources. The new edition comes along with thoroughly improvised chapters on Narrative Inquiry for Teacher Development (Chapter 13) and Mass Media, Language Attitudes and Language Interaction Phenomena (Chapter 23): to provide an insight on the innovative approaches in Teacher training and in classrooms, and new approaches and changing language dimensions in the world of media, and in general. What distinguishes the text is its focus on modern inovations and use of technology in ELT/CLT (Communicative Language Teaching). Postgraduate Students of English, teachers, teacher-trainees (B.Ed./M.A. Education/M.Ed.), and teacher-educators who are concerned with teaching English as a Second Language (ESL) should find this book immensely helpful.a

Our Language Problem

A simplified grammar of the Gujarati language: together with a short reading book and vocabulary.

This series seeks to synthesize the essentials of traditional grammar and the main aspects of communicative functional grammar.These books help students to form correct sentences and use the language effectively in real-life situations.Special attention has been given to the points of structure and usage which are a problem to non-native speakers of English

In the 19th century, education became accessible to much wider circles of society in a great number and variety of schools and the teaching of grammar came to be obligatory from 1870/72 with the advent of general education. Whereas these general trends of the 19th century are well-known to scholars working in different disciplines of social history, and the history of education in particular, it is still true that major sections of the evidence are largely uncollected. This is especially so for school books: there is virtually a gap between the 18th century and the present grammatical tradition. This bibliography lists some 1930 works on English grammar published in the 19th century, mainly in Britain and the US, half of which are accompanied by short descriptions of their physical make-up, content and affiliation.

Research shows that learning a second language boosts problem-solving, critical thinking, and listening skills, in addition to improving memory, concentration, and the ability to multitask. Children proficient in other languages also show signs of enhanced creativity and mental flexibility. There is a "critical period" or "window of opportunity" when children learn languages best. Studies have shown that this is when children are between birth and six years old. The younger children are, the easier they will learn a second language. As they get older that ability diminishes. These easy and fun flashcards aim to help parents as a useful educational tool for kids to learn a new language. All images include the words in both English and the second language in clear, bold text. Suitable for toddlers on their own or in groups, these books are a child's perfect introduction to exploring new languages.
