Daniel Craig contributed the foreword to this deluxe book that - in words and stunning photos - tells the history of 007's Aston Martin DB5. James Bond first took the wheel of the DB5 in Goldfinger (1963), redefining the action movie forever, and setting a standard for everything that followed. Over the ensuing decades, the Bond-Aston Martin association has only grown stronger. They're the perfect match: understated, stylish, powerful, and not to be underestimated. This book spans that... bond, starting in 1963, when the DB5 was brand-new, to the upcoming 25th Bond film, No Time to Die, with the DB5 again taking center stage. EON and Aston Martin provided author Simon Hugo unprecedented access to their official archives, enabling Hugo to present the DB5's inside story and complement it with original production artwork, film storyboards, and exclusive photography. This deluxe coffee-table book measures 11"x12 1/2" and is packed with full-page, high-quality photographs, including multiple shots illustrating the DB5's appearance in No Time to Die, making it the ideal gift

for James Bond fans.

WARNING! Appearances can be deceptive... This book is NOT filled with ancient magic, mystical clairvoyants and the marvels of time travel. This is NOT a book detailing the latest top secret investigations of the Terces Society. You will NOT find stolen treasure, masked bandits and bloodthirsty knights between the pages of this book. But before you go, just remember one thing... This Isn't What It Looks Like. The utterly gripping fourth fantastic book in the "Secret" series in which Cass's mind has been transported back to medieval England after she dared to taste the Midnight Sun's deadly chocolate. She must seek out her ancient ancestor and founder of the Terces Society, the jester, and help him escape the evil clutches of Lord Pharaoh, founder of the Midnight Sun. To Cass's horror, when she wakes from her coma she has forgotten everything. But a school trip to a medieval fair stirs her memories and she is confronted with a menacing blast from her time-travelling past... "The crazy, upside-down, inside-out, mysterious, madcap and fun, fun, fun Pseudonymous Bosch is back with another extraordinary, out-of-this-world chapter in his seriously addictive children's 'Secret Series'. Bursting out all over with comic characters and intriguing adventures, this is... top-class entertainment for kids aged 10 and over, combining comical capers with old-fashioned mystery, sparkling adventure and lashings of Bosch's zany humour." - Lancashire Evening Post
