Letters Of An American Airman Wwi Centenary Series

Facing Armageddon is the first scholarly work on the 1914-18 War to explore, on a world-wide basis, the real nature of the participants experience. Sixty-four scholars from all over the globe deliver the fruits of recent research in what civilians and servicemen passed through, in the air, on the sea and on land.

Trapped in the depths of Japanese-held territory, it was rare for Allied prisoners of war to attempt escape. There was little chance of making contact with anti-guerrilla or underground organisations and no possibility of Europeans blending in with the local Asian populations. Failure,

Get Free Letters Of An American Airman Wwi Centenary Series

and recapture, meant execution. This was what Lieutenant Commander R.B. Goodwin faced when he decided to escape from the Shamsuipo PoW Camp in Kowloon, Hong Kong in July 1944 after three years of internment. With no maps and no knowledge of the country or the language, Lieutenant Commander Goodwin set out across enemy territory and war-torn China. Because of the colour of his skin he had to travel during the hours of darkness for much of what was an 870-mile journey to reach British India. Few of his fellow prisoners gave him any chance of succeeding, yet, little more than three months later, he was being transported to the safety of Calcutta. For his daring and determination Lieutenant Commander Goodwin was awarded the Order of the British Empire.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide

Get Free Letters Of An American Airman Wwi Centenary Series

readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the

Get Free Letters Of An American Airman Wwi Centenary Series

collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

The sensational true story of Eddie Rickenbacker, America's greatest flying ace At the turn of the twentieth century two new technologies—the car and airplane—took the nation's imagination by storm as they burst, like comets, into American life. The brave souls that leaped into these dangerous contraptions and pushed them to unexplored extremes became new American heroes: the

Get Free Letters Of An
American Airman Wwi
Centenary Series

race car driver and the flying ace. No individual did more to create and intensify these raw new roles than the tall, gangly Eddie Rickenbacker, who defied death over and over with such courage and pluck that a generation of Americans came to know his face better than the president's. The son of poor, German-speaking Swiss immigrants in Columbus, Ohio, Rickenbacker overcame the specter of his father's violent death, a debilitating handicap, and, later, accusations of being a German spy, to become the American military ace of aces in World War I and a Medal of Honor recipient. He and his high-spirited, all-too-short-lived

American Airman Wwi
Centenary Series

pilot comrades, created a new kind of aviation warfare, as they pushed their machines to the edge of destruction—and often over it—without parachutes, radios, or radar. Enduring Courage is the electrifying story of the beginning of America's love affair with speed—and how one man above all the rest showed a nation the way forward. No simple daredevil, he was an innovator on the racetrack, a skilled aerial dualist and squadron commander, and founder of Eastern Air Lines. Decades after his heroics against the Red Baron's Flying Circus, he again showed a war-weary nation what it took to survive against nearly

Get Free Letters Of An
American Airman Wwi
Centenary Series

insurmountable odds when he and seven others endured a harrowing three-week ordeal adrift without food or water in the Pacific during World War II. For the first time, Enduring Courage peels back the layers of hero to reveal the man himself. With impeccable research and a gripping narrative, John F. Ross tells the unforgettable story of a man who pushed the limits of speed, endurance and courage and emerged as an American legend.

critic Samuel Hynes revives the adventurous young men who inspired his own generation to take to the sky. The volunteer fliers were often privileged-the sorts of college athletes and Ivy League students who might appear in an F. Scott Fitzgerald novel, and sometimes did. Others were country boys from the farms and ranches of the West. Hynes follows them from the flying clubs of Harvard, Princeton, and Yale and the grass airfields of Texas and Canada to training grounds in Europe and on to the front, where they learned how to fight a war in the air. And to the bars and clubs of Paris and London, where they unwound and

Get Free Letters Of An
American Airman Wwi
Centenary Series

discovered another kind of excitement, another challenge. He shows how East Coast aristocrats like Teddy Roosevelt's son Quentin and Arizona roughnecks like Frank Luke the Balloon Buster all dreamed of chivalric single combat in the sky, and how they came to know both the beauty of flight and the constant presence of death. By drawing on letters sent home, diaries kept, and memoirs published in the years that followed, Hynes brings to life the emotions, anxieties, and triumphs of the young pilots. They gasp in wonder at the world seen from a plane, struggle to keep their hands from freezing in open air cockpits, party

Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873) The Soldiers' Tale is the story of modern wars as told by the men who did the actual fighting. Hynes examines the journals, memoirs, and letters of men who fought in the two World Wars and in Vietnam, and also the wars fought against the weak and helpless in concentration camps, prisoner-of-war camps, and bombed cities. Interweaving his

Get Free Letters Of An American Airman Wwi Centenary Series

own reflections on war with brilliantly chosen passages from soldiers' accounts, he offers vivid answers to the question we all ask of men who have fought: *What was it like?* In these powerful pages the experiences of modern war, which seem unimaginable to those who weren't there, become comprehensible and real. The wide range of writers examined includes both famous literary memoirists like Robert Graves, Tim O'Brien, and Elie Wiesel, and unknown soldiers who wrote only their war stories. Using these testimonies, Hynes considers each war in terms of its special circumstances and its effects on men who fought. His understanding of the psychology

Get Free Letters Of An American Airman Wwi Contemporary Series

of warfare—and of each war's role in history—gives this study its intellectual authority; the voices of the men who were there, and wrote about what they saw and felt, give it its powerful dramatic impact.

In A People's History of the U.S. Military, historian Michael A. Bellesiles draws from three centuries of soldiers' personal encounters with combat—through fascinating excerpts from letters, diaries, and memoirs, as well as audio recordings, film, and blogs—to capture the essence of the American military experience firsthand, from the American Revolution to the wars in Iraq and Afghanistan. Military service can shatter and give meaning to lives; it is rarely a neutral encounter,

Get Free Letters Of An American Airman Wwi Centenary Series

and has contributed to a rich outpouring of personal testimony from the men and women who have literally placed their lives on the line. The often dramatic and always richly textured first-person accounts collected in this book cover a wide range of perspectives, from ardent patriots to disillusioned cynics; barely literate farm boys to urbane college graduates; scions of founding families to recent immigrants, enthusiasts, and dissenters; women disguising themselves as men in order to serve their country to African Americans fighting for their freedom through military service. A work of great relevance and immediacy—as the nation grapples with the return of

Get Free Letters Of An American Airman Wwi Centenary Series

thousands of men and women from active military duty—A People's History of the U.S. Military will become a major new touchstone for our understanding of American military service.

Facing Armageddon

Hat in the Ring

An Open Letter to Those

American Officers Enforcing the Occupation Rule in Bosnia

Bearing Witness to a Modern War

Poised to become a significant player in the new world order, the United States truly came of age during and after World War I. Yet many Americans think of

Get Free Letters Of An American Airman Wwi Centenary Series

the Great War simply as a precursor to World War II. Americans, including veterans, hastened to put experiences and memories of the war years behind them, reflecting a general apathy about the war that had developed during the 1920s and 1930s and never abated. In *Remembering World War I in America* Kimberly J. Lamay Licursi explores the American public's collective memory and common perception of World War I by analyzing the extent to which it was expressed through the production of cultural

Get Free Letters Of An American Airman Wwi Centenary Series

artifacts related to the war. Through the analysis of four vectors of memory—war histories, memoirs, fiction, and film—Lamay Licursi shows that no consistent image or message about the war ever arose that resonated with a significant segment of the American population. Not many war histories materialized, war memoirs did not capture the public 's attention, and war novels and films presented a fictional war that either bore little resemblance to the doughboys ' experience or offered discordant views

Get Free Letters Of An American Airman Wwi Centenary Series

about what the war meant. In the end Americans emerged from the interwar years with limited pockets of public memory about the war that never found compromise in a dominant myth.

Gathers eye-witness accounts of events spanning four centuries of American history, including the first Thanksgiving, the Donner Party, the Chicago fire, Pearl Harbor, Woodstock, Kent State, and the Oklahoma City bombing

has passed without incident of particular note, though a few years back any day of my present career would have seemed monumental. As a matter of fact it often seems like a dream; one feels very tired at night and sees accidents that put a more human aspect on it all, but the actual flying seems hardly possible. This morning I woke up and was just turning over to go to sleep again when the roar of motors at my hangars made me wonder whether it could be Sunday. But there they were, the machines all out on the line ready to fly,

Get Free Letters Of An American Airman Wwi Centenary Series

so I hustled on up and got to work. I never have seen such rough weather, several times the belt was all that kept me from being pitched out. We stuck to it all morning, but found out later that someone had made a mistake and we were not supposed to work! So now I am very tired from flying in such bumpy air and the mechanics are skun out of half a day's rest. It is a great experience, testing, and my partner, a dear little Frenchman of two years' experience at the front, has taught me many things about flying. We have sort of a

Get Free Letters Of An American Airman Wwi Centenary Series

rivalry, naturally, over the work, and each day I compare our results on the side. I generally make more flights, spend more time in the air, and work longer hours, but he invariably O. K.s the largest number of planes each day.

He can feel all the defects of a machine in a five minute flight, where it usually...

A First-Person History of the
Events That Shaped America
Tuskegee Airmen

Faith in the Fight tells a story of religion, soldiering, suffering, and death in the Great War. Recovering the thoughts and experiences of American troops, nurses, and aid workers through their letters, diaries, and memoirs, Jonathan Ebel describes how religion--primarily Christianity--encouraged these young men and women to fight and die, sustained them through

Get Free Letters Of An American Airman Wwi Centenary Series

war's chaos, and shaped their responses to the war's aftermath. The book reveals the surprising frequency with which Americans who fought viewed the war as a religious challenge that could lead to individual and national redemption. Believing in a "Christianity of the sword," these Americans responded to the war by reasserting their religious faith and proclaiming America God-chosen and righteous in its mission. And while

Get Free Letters Of An American Airman Wwi Centenary Series

the war sometimes challenged these beliefs, it did not fundamentally alter them. Revising the conventional view that the war was universally disillusioning, Faith in the Fight argues that the war in fact strengthened the religious beliefs of the Americans who fought, and that it helped spark a religiously charged revival of many prewar orthodoxies during a postwar period marked by race riots, labor wars,

In May of 1944, American airman Gerald E. Sorensen was shot down over Nazi occupied Belgium. The Belgian Resistance recovered Sorensen and sheltered him in the home of the Abeels family. Friendship between Sorensen and the Abeels blossomed and they came to consider

Get Free Letters Of An American Airman Wwi Centenary Series

each other as family. The Abeels were active in the Resistance and Sorensen ultimately volunteered to join his Belgian brother Roger Abeels in the Secret Army. Just moments before the British Army arrived to liberate the village of Marcq-lez-Enghien, Sorensen and Abeels were killed in combat with the Nazis, fighting side-by-side. This book tells Sorensen's story: his upbringing, education, marriage and military service; his evasion of capture and kinship with the Abeels; his experience in the Resistance; his final combat and his impact on those he left behind But this book is more than a biography. It recounts the courageous struggle of the Belgians who risked everything to save Allied airmen and explains why Sorensen and Abeels are extraordinary symbols

Get Free Letters Of An American Airman Wwi Centenary Series

of the enduring values at the heart of today's transatlantic alliance.

This is a curated and comprehensive collection of the most important works covering matters related to national security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe these books are essential to

April 1917, the Europeans had already deployed their third generation of fighters, equipped with machine guns and capable of speeds in excess of 100 miles per hour, while the American Air Service consisted of only a handful of aviators in unarmed trainers. In this first in-depth study of America's first air warriors, Frandsen shows how in just two years the 1st Pursuit Group organized, absorbed French and British technology and experience, and became a well-led, respected, and lethal force over the trenches of the Western Front. Fascinating portraits of America's first aviation leaders and legends, including Eddie Rickenbacker, Billy

Mitchell, Frank Luke, Benjamin Foulouis, Bert Atkinson, and James Meissner, provide new and controversial perspective on one of America's least understood wars and on the origins of the most powerful air force in history. Toxic personalities, competing French-British tactics and aircraft, and an experienced, aggressive enemy forced the Americans into a tactical crucible with deadly results, including 73 casualties in the Meuse-Argonne campaign alone.

Dylan Thomas's letters bring the fascinating and tempestuous poet and his times to life in a way that no biography can. The letters begin in the poet's schooldays and end just

Get Free Letters Of An
American Airman Wwi
Centenary Series

before his death in New York at the age of 39. In between, he loved, wrote, drank, begged and borrowed his way through a flamboyant life. He was an enthusiastic critic of other writers' work and the letters are full of his thoughts on the work of his contemporaries, from T.S. Eliot and W.H. Auden to Stephen Spender and Cecil Day-Lewis. More than one hundred new letters have been added since Paul Ferris edited the first edition of the COLLECTED LETTERS in 1985. They cast Thomas's adolescence in Swansea and his love affair with Caitlin into sharper focus. A lifetime of letters tell a remarkable story, each taking the reader a little further along the

Get Free Letters Of An American Airman Wwi Centenary Series

path of the poet's self-destruction, but written with such verve and lyricism that somehow the reader's sympathies never quite abandon him. The definitive collection of Dylan Thomas's letters reprinted to celebrate the centenary of his birth and featuring a bold new livery.

Winner of the Romantic Novel of the Year Award 2016 1943, in the ruins of Blitzed London... Stella Thorne and Dan Rosinski meet by chance and fall in love by accident. Theirs is a reluctant, unstoppable affair in which all the odds are stacked against them: she is newly married, and he is an American bomber pilot whose chance of survival is just one in five. ... He promised to love her
