Fans of #1 New York Times bestselling author Lora Leigh’s scorching Breed series first met Cassie as a little girl in Elizabeth’s Wolf. Now Cassie has finally come into her own as a young woman, and she’s about to discover the one she is destined for—but it is unclear whether her fate is to be mated for life, or marked for death... The Breeds are humans altered before conception with the DNA of the predators of Earth. But although they all carry the genetic material of beasts within them, Cassandra Sinclair stands apart. A unique mix of wolf, coyote and human, she is revered by many—but preyed upon by others. She is fiercely protected by her community...but no one manages to stop her when she slips away one day to offer her body in exchange for her sister’s safety. The man she succumbs to surprises her by unleashing her inner animal in ways she never dreamed possible—and provokes her deep, furious rage. To Cassie’s shock, he is the mate she has long awaited. She may never be able to forgive his deception. Still, as dangerous enemies track her, and as the threat of all-out war between Breeds and the humans who despise them hovers in the air, they must join forces and hold fast to each other. But the passionate union between them holds a potential that could change the world—and some will do anything to stop it...

Kiss of Heat

Lethal Nights

Welcome to a Regency Christmas house party like no other . . .

Kiss of Snow

Let me be clear: I've been friends with Caitlin Ng for more than a decade, and I've had a crush on her for just as long. And I've known, all that time, that I wasn't her type. When we met, we were both studying computer engineering at university. She was near the top of the class, and I was in danger of flunking out. Now, she's a CEO, and I, well... I'm wearing an inflatable T-Rex costume and dancing along to Christmas carols sung by an elderly barbershop quartet. Yes, I'm being paid to do this. And that's how Caitlin finds me when she leaves work late in the middle of a snowstorm. She asks to stay with me because her house is farther away and her power is out. Of course, I say yes. When the heat goes out in my apartment and she asks me to join her in bed to snuggle for warmth, I say yes, too. But being so close to her is dangerous for my heart...or could a weekend of Christmas fun actually lead to the romance I desire?

Discover the exhilarating risks of passion in the breathtaking new Psy-Changeling novel by Nalini Singh, the New York Times bestselling "alpha author of paranormal romance" (Booklist)... Now comes a new territory, and a devastating new complication: Riaz, a SnowDancer lieutenant already sworn to a desperate woman who belongs to another. For Riaz, the primal attraction he feels for Adria is a staggering betrayal. For Adria, his dangerous lone-wolf appeal is beyond sexual. It consumes her. It terrifies her. It threatens to undermine everything she has built of her new life. But fighting their wild compulsion toward one another proves a losing battle. Their coming together is an inferno...and a melding of two wounded souls who promise each other no commitment, no ties, no bonds. Only pleasure. Too late, they realize that they have more to lose than they ever imagined. Drawn into a cataclysmic Psy war that may alter the fate of the world itself, they must make a decision that might just break them both.

"A deeply moving account of amnesia that . . . reminds us how we are all always trying to find a version of ourselves that we can live with."—Los Angeles Times On October 17, 2002, David MacLean "woke up" on a train platform in India with no idea who he was or why he was there. No money. No passport. No identity. Taken to a mental hospital by the police, MacLean then started to hallucinate so severely he had to be tied down. He could remember song lyrics, but not his family, his friends, or the woman he was told he loved. The illness, it turned out, was the result of a commonly prescribed antimalarial medication he had been taking. Upon his return to the United States, he struggled to piece together the fragments of his former life. In this "mesmerizing, unsettling memoir about the ever-echoing nature of identity—written in vivid, blooming detail," he tells the harrowing, absurd, and unforgettable story of his journey back to himself (Gillian Flynn, author of Gone Girl). "[MacLean] is an exceedingly entertaining psychotic. . . . [A] raw, honest and beautiful memoir."—The New York Times "If bad things are going to happen, we are lucky when they happen to someone with the wit, humanity and sweetness—to say nothing of an eye for detail and a gift for pacing—that MacLean brings to this wrenching tale. . . . Readers who flip open the book will find MacLean, preserved between pages, goofy and serious, lost and found."—Chicago Tribune "[MacLean] loves eloquently about the bizarre and disturbing experience of having his sense of self erased and then reconstructed from scratch."—The New Yorker

Another . . . it's not long before Cletus and Jenn see a pattern emerge and the truth becomes clear. Sabotage! Will an undercover mission unmask the culprit? Or are these love-birds totally plucked? This novel is best read after 'Beard Secrets' - Winston Brothers #3.
