We exist. We like. We love. We lose. We grieve. We reflect. We move on. We learn. Finally, we live. Each word and shayari in my poetic endeavour is a sincere, raw and honest reflection of my life’s greatest learning’s, purest thoughts, and deepest emotions. Written from my heart (dil se), these poems are seemingly ordinary yet powerful everyday emotions, thoughts and situations that we experience but tend to not necessarily ponder upon as we get preoccupied with the mundane aspects of our lives. Based on a combination of intimate observations of the world and deeply personal experiences of the poet, these poems and shayari’s cover a myriad range of topics from approaching life with the right mindset to taking control of our circumstances, to living in the moment, to taking risks to succeed in life, to finding faith, to experiencing and exhibiting love, compassion, joy ,fear ,worry , to dealing with sorrows and failures. Underlying the message throughout the various sections in the book is a heartfelt message of optimism and positivity Compiling them over a __ of years, the poet wishes for the readers to pause, assimilate and most importantly relate to her thoughts, hoping to enable a community of shared dialogue and interaction. For when all else fails, there are words. And in the end, words will set us free.

Take a deep breath and flip to any page and get your emotions stirred by our heartfelt words.

Udayer Pathe, Bimal Roy's first film, revolutionized Indian cinema. Hailed as a pioneer by Satyajit Ray, he was perhaps the first to bring shades of grey to the black-and-white screen. Roy's spare storytelling and nuanced understanding of the human condition are reflected in classics like Devdas, Sujata and Madhumati. His ability to illuminate ordinary characters like Shambhu in Do Bigha Zamin and Kalyani in Bandini, is attested to by their being a part of popular memory even to this day. The Man Who Spoke in Pictures is not just a eulogy to this great director, but also an insight into Roy, the man, the director and his art. The auteur's little-known Bengal phase is chronicled by Mahasweta Devi and Amit Chaudhuri, as well as Tapan Sinha, Amit Bose and other greats of cinema who trace his journey from cinematographer to director. His Bombay years are recorded through a collection of analyses and anecdotes from leading literary and cinematic luminaries, including Nayantara Sahgal, Gulzar, Naseeruddin Shah and Khalid Mohammed. The final section examines Roy from the outsider's perspective, with articles by Meghnad Desai, Rachel Dwyer and Paula Mayhew.

Beti Ki Sacchhi Saheli Maa

'You are here for the rest of your life. Do you understand? You are not leaving Iran. You are here until you die.' Betty Mahmoody and her husband, Dr Sayyed Bozorg Mahmoody ('Moody'), came to Iran from the USA to meet Moody's family. With them was their four-year-old daughter, Mahtob. Appalled by the squalor of their living conditions, horrified by what she saw of a country where women are merely chattels and Westerners are despised, Betty soon became desperate to return to the States. But Moody, and his often vicious family, had other plans. Mother and daughter became prisoners of an alien culture, hostages of an increasingly tyrannical and violent man. Betty began to try to arrange an escape. Evading Moody's sinister spy network, she secretly met sympathisers opposed to Khomeini's savage regime. But every scheme that was suggested to her meant leaving Mahtob behind for ever... Eventually, Betty was given the name of a man who would plan their perilous route out of Iran, a journey that few women or children had ever made. Their nightmare attempt to return home began in a bewildering snowstorm...

Outlook

We often travel or have memories related to travelling. We get so caught up in our daily lives that simply staying put can cause more harm than good. It's sometimes advisable to take a step back, inhale deeply, and move on from that Eiffel Tower selfie. In all seriousness, travel isn't a horrible idea; it's the most natural way to feel as if you're missing someone or that you're being missed. The book speaks of the travel diaries in first half. Social evils are issues that directly or indirectly harm society's members and are viewed as a source of debate or a problem in terms of moral principles. Caste system, poverty, dowry system, gender inequality, illiteracy, and other societal ills are all common. The social problems and superstitions that have ruled society for ages have made social changes necessary for the society's and masses' development. The book speaks of the real evils of the society in the second half.

In India, one woman is murdered every hour by her husband's family for a dowry. The Burning Bride follows the story of Uma, a newlywed woman. She starts her new life with many dreams. However, her dreams turn into nightmares when her parents are unable to fulfil the dowry demands made by Madhu, her mother-in-law. The heaven she had imagined transforms into a hell, and the worst part is; there appears to be no escape. Violence against women is high in India but the irony is that Indian people worship women in the forms of many goddesses. The most commonly worshipped goddess is Durga who has nine forms. Therefore The Burning Bride is told through nine women's perspectives. The multiple perspectives highlights social, psychological and cultural factors which allow the dowry system to claim so many lives every year. At least 10% of the profits made from the sales of The Burning Bride will support the Asian Circle to fund Oxfam projects to end domestic violence in India.

Indian cinema is the only body of world cinema that depicts courtesans as important characters. In early films courtesan characters transmitted Indian classical dance, music and aesthetics to large audiences. They represent the nation's past, tracing their heritage to the fourth-century Kamasutra and to nineteenth-century courtly cultures, but they are also the first group of modern women in Hindi films. They are working professionals living on their own or in matrilineal families. Like male protagonists, they travel widely and develop networks of friends and chosen kin. They have relations with men outside marriage and become single mothers. Courtesan films are heroine-oriented and almost every major female actor has played this role. Challenging received wisdom, Vanita demonstrates that a larger number of courtesans in Bombay cinema are Hindu and indeterminate than are Muslim, and that films depict their culture as hybrid Hindu-Muslim, not Islamicate. Courtesans speak in the ambiguous voice of the modern nation, inviting spectators to seize pleasure here and now but also to search for the meaning of life. Vanita's groundbreaking study of courtesans and courtesan imagery in 235 films brings fresh evidence to show that the courtesan figure shapes the modern Indian erotic, political and religious imagination.

Maximum books are write in English, because English is very formal language for all and people think speaking in English show their personalities but this is wrong, as per my thinking it doesn't matter what you are saying or what you are not saying.

Speaking in any languages never show their personalities, writing a book in any language is not easy for anyone. In my way. The book which I am writing, the language of book, style of explaining the story, situation is makes me different. Coming to my language which I am creating through this book, which is very easy to read and understand for any age group. In today's life we have many types of conversation with people, while messaging and texting in social-media. That language which we use commonly in our day-to day life, I wrote my book in that language.

Women Mystics and Sufi Shrines in India combines historical data with years of ethnographic fieldwork to investigate women's participation in the culture of Sufi shrines in India and the manner in which this participation both complicates and sustains traditional conceptions of Islamic womanhood. Kelly Pemberton grounds her firsthand research into India's Sufi shrines and saints by setting her observations against the historical backdrop of colonial-era discourses by British civil servants, Orientalist scholars, and Muslim reformists and the assumptive portrayals of women's activities in the milieu of Sufi orders and shrines inherent in these accounts. These early narratives, Pemberton holds, are driven by social, economic, intellectual, and political undercurrents of self-interest that shaped Western understanding of Indian Muslims and, in particular, of women's participation in the institutions of Sufism. Pemberton's research offers a corrective by assessing the contemporary circumstances under which a woman may be recognized as a spiritual authority or guide\despite official denial of such status\and by examining the discrepancies between the commonly held belief that women cannot perform in the public setting of shrines and her own observations of women doing precisely that. She demonstrates that the existence of multiple models of master and disciple relationships have opened avenues for women to be recognized as spiritual authorities in their own right. Specifically Pemberton explores the work of performance, recitation, and ritual mediation carried out by women connected with Sufi orders through kinship and spiritual ties, and she maps shifting ideas about women's involvement in public ritual events in a variety of contexts, circumstances, and genres of performance. She also highlights the private petitioning of saints, the Prophet, and God performed by poor women of low social standing in Bihar Sharif. These women are often perceived as being exceptionally close to God yet are compelled to operate outside the public sphere of major shrines. Throughout this groundbreaking study, Pemberton sets observed practices of lived religious experiences against the boundaries established by prescriptive behavioral models of Islam to illustrate how the varied reasons given for why women cannot become spiritual masters conflict with the need in Sufi circles for them to do exactly that. Thus this work also invites further inquiry into the ambiguities to be found in Islam's foundational framework for belief and practice.

About the book: This book is about the writer who is out in search of a concept for her shortfilm project when she comes across Runjun who in reality is a transgender and was once known as Ranjan. During her conversation ,Runjun reveals the dark secrets and realities of her life, her hardships in facing an identity crisis and how she overcomes the ordeal of not being accepted by the society , when in the end she ends up losing her life in an attempt of saving the individuals of the same society that never accepted nor acknowledged her as a human. The story throws light on the mindsets of people that we live amidst.

Life, generally speaking, is ordinary. People who live, generally speaking again, are ordinary. Hardly anybody thinks they could be heroes of timeless legends, or stories could be based on them. And that is where this collection of tales steps out from the lot. Ripples of Thought is a book about ordinary beings, living ordinary moments, having ordinary experiences. It tells stories about faces which we come across every day. It has made characters out of these faces which are already there, in the vast canvas that we call life, living, breathing, alive and kicking in a multi-dimensional existence, yet hardly noticed by us. Let's delve into this extra-ordinary world of some ordinary people.
