A non-stop Steampunk thrill ride featuring giant robots and set in Victorian London. When his past caught up with him in South America, Tango took care of the situation and made a new friend along the way, Mario. The two men leave the desert behind for the open sea, but when Mario grows bored sailing around the Caribbean, they stop on the tiny island where Tango's grandfather lives. What should have been a nice family visit, however, quickly turns into a violent confrontation. Trouble has a way of finding him (or is it the other way around?), but Tango's got a knack for getting out of it. He may be an outlaw, but his sense of justice is sharp. Comfort and convenience are tossed to the wind when it's time for Tango to protect the ones he loves.

When Getafix the druid loses his memory after a run-in with Roman legionaries, Asterix and Obelix must find a way to help him remember before a soothsayer takes over the village. Thirty years ago, Abel Truman found himself on the wrong side in the Battle of the Wilderness, one of the bloodiest clashes of the American Civil War. Its aftermath took him to the edge of the continent, the rugged coast of Washington State, where he has made his home in a driftwood shack with his beloved dog, waiting for the scars of war to heal. Now an old and ailing man, Abel must make one heroic final journey over the snowbound Olympic Mountains. It's a quest he has little hope of completing but must still undertake to settle matters of the heart that predate even the horrors of the war. But as Abel sets out, violence follows him in the shape of the memories of those he has lost, and the savagery he took part in and witnessed, as well as two men who are darkly tenacious in their pursuit. Hypatia is a slave whose freedom comes at a terrible price, and who finds herself walking unwittingly into the hellish heart of the Wilderness. Ellen is a white woman, married to a black man at a time that is as dangerous as it is unforgiving. And Jane is a young Chinese girl, who is newly, cruelly orphaned, and clinging on to life. Abel's tortured and ultimately redemptive path leads him to each of them as he encounters compassion amid brutality and tenderness within loss.

Legend of The Scarlet Blades

It's business as usual at the residence of Titus and his motley crew. Champagne baths, reckless scientific experimentations, casual littering. It's all fun and games, until their house decides it has had enough and goes looking for a better life... leaving the gang without a place to call their own! Will Titus and his friends find a new home, or convince their old one to come back? Thom shows an ever-growing mastery of visual storytelling in this brilliant follow-up to his 2017 debut VII. Once again eschewing words altogether, the Montréal-based author channels the chaotic yet precise slapstick of Chuck Jones' Looney Tunes while infusing it with a subtle sense of existential dread. Casa Rodeo is about finding one's place in the world, both literally and figuratively.

Want You Gone

Iris Grace is a beautiful little girl who, from a very young age, barely communicated, avoided social interaction with other people, and rarely smiled. From both before her diagnosis of autism and after, she seemed trapped in her own world, unable to connect with those around her. One day, her mother brought home a Maine Coon kitten for Iris, even though cats aren't typically thought of as therapy pets. Thula, named after one of Iris's favorite African lullabies and meaning "peace" in Zulu, immediately bonded with Iris. Thula knew right

away how to assuage Iris when she became overstimulated; when to intervene when Iris became overwhelmed; and how to provide distraction when Iris started heading toward a meltdown. Whether exploring, playing, sleeping, or taking a bath with Iris or accompanying the family on a bike ride, Thula became so much more than a therapy cat. With Thula's safe companionship, Iris began to talk and interact with her family. This heartwarming story is illustrated with sixty of Iris's gorgeous impressionistic paintings, works of art that have allowed her to express herself since the age of three. A gifted artist, Iris sees the natural world in a profoundly vivid and visceral way. With Thula by her side, she'll sit and paint for hours, and the results are stunning. Inspiring and touching, Iris Grace follows the struggles and triumphs of a family—and a miracle cat—as they learn to connect with an amazing child.

We see more and more today that Indian History has to be rewritten according to the latest linguistic and archaeological discoveries, if Indian children are to understand who they are and where they come from. We know now that not only the history of India's beginnings were written by European colonizers, with an intention to downsize, downgrade and postdate Indian civilization, but that unfortunately, generation after generation of Indian historians, for their own selfish purposes, endorsed and perpetuated these wrong theories, such as the Aryan invasion, which divided India like nothing else, pitting South against North, Aryan against Dravidian, Untouchables against Brahmins. Hence this book, which we hope will lay the foundations for the next generation of Indian historians.

1918 marked the end of a golden era: it was the year that Gustav Klimt, Egon Schiele, Koloman Moser, and Otto Wagner died. Artistic activity, however, had already freed itself of their influence. Hardly affected by the political disruptions taking place, artists in the countries of the former Austro-Hungarian monarchy were busily productive, driven by a desire for a new start. The period between the two World Wars is characterised in the arts by international networks that transcended political and ideological borders. A lively artistic exchange took place, stimulating constructive, expressionist, and fantastic tendencies. An increasingly important role was played by magazines that disseminated new positions. The outbreak of World War II abruptly interrupted these cosmopolitan art networks. This publication examines the fascinating, artistically fruitful epoch between the wars.
