In all parts of Asia, households devote considerable expenditures to private supplementary tutoring. This tutoring may contribute to students' achievement, but it also

## Download Free Math Class 8 Nctb Dhaka

maintains and exacerbates social inequalities, diverts resources from other uses, and can contribute to inefficiencies in education systems. Such tutoring is widely called shadow education, because it mimics school systems. As the

## Download Free Math Class 8 Nctb Dhaka

the range of ways that major countries around the world teach religion in public and private educational institutions. It discusses how three models in particular seem to dominate the landscape. Countries with strong

## Download Free Math Class 8 Nctb Dhaka

cultural traditions focused on a majority religion tend to adopt an "identification model," where instruction is provided only in the tenets of the majority religion, often to the detriment of other religions and their adherents.

## Download Free Math Class 8 Nctb Dhaka

Countries with traditions that differentiate church and state tend to adopt a "separation model," thus either offering instruction in a wide range of religions, or in some cases teaching very little about religion, intentionally leaving it to religious
