Critique and Remedies

NEET MBBS / BDS Previous Year's Exam Solved Papers

The Indian Medical Council Act, 1956

?The revised and updated third edition of Complete Biology is based on the syllabus and pattern of ?the newly introduced National Eligibility Cum Entrance Test (NEET) and also the broad syllabi of the other major medical entrance examinations not covered by NEET.

This book examines the state of the Open and Distance Learning (ODL)-based secondary education in India. ODL-based education has been a key resource for children in India who can neither cope with nor avail of regular schooling opportunities due to economic, health and disability, or other constraints. The volume uses large-scale empirical data collected from various Indian states and a sensitive theoretical framework to study the equity, efficiency, and effectiveness of the National Institute of Open Schooling (NIOS) and the State Open School (SOS). Highlighting the roadblocks and barriers in terms of its reach, inclusion, and delivery, particularly to the marginalised, this book explores whether ODL has a potential of being a sustainable and effective option at the secondary and senior secondary level in India. Thus, it seeks to generate policy discourse around delivery mechanisms and effectiveness of ODL in developing countries. First of its kind, this comprehensive volume will be useful for scholars and researchers of education, education policy, public policy, and political studies.

A Critical Analysis of the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act 1995

Potentials and Limitations

Current Affairs Yearbook 2020

MH-CET MBA Entrance Guide 4th Edition

Choosing the right career is critical to success in oneÿs life. Overload of information on Internet only serves to confuse an already confused mind. This book provides information about jobs and educational openings for 10+2, graduates and post graduates in technical, professional, science, commerce and arts faculty. Questionnaire helps the students to gauge his interests, abilities, aptitudes and opportunities to facilitate proper selection of job or study.

This book brings together all the major components of the private health care sector in India, with detailed description of its evolution, the foundational ideas, its development, the positives and ill effects on the population. It suggests intelligible and practical remedies for public good. The book presents a comprehensive review of private health care sector's resistance to Indian Government's reforms like the national medical commission, NEET, clinical establishment act and the new boost to the traditional medicine by the Indian government. The author has discussed contentious areas like Corporate Hospitals, Capitation Fee Colleges, Pharmaceutical Industry, Western Models in Health Care, Integration of Medical Systems, Ayushman Bharat Scheme, Health Insurance and Public Private Partnership on a massive scale.

Outcome-Based Education (OBE) is a vibrant model and considered as a giant leap forward to improve higher education and assists all graduates contend with their global counterparts. It is a student-centered tutoring conception that focuses on measuring student performance through outcomes. The Higher Education Institutions (HEIs) should frame appropriate course outcome, program outcome and these outcomes should correlate with institutional objectives. But the actual success lies in the effective implementation and rigid accreditation process to ensure the quality of education. Hence, it is imperative to analyze the strength, weakness of the model and practical difficulties in case of implementation. This study reveals basic concepts, Implementation Strategies and OBE practices and standards. The OBE-Steering Committee in each HEI offers ideas to frame Newfangled Curriculum with finest outcome and effective teaching methods with ICT tools and evaluation pattern based on blooms taxonomy.

This book provides the latest research in the application of innovative technology to the tourism industry in Bangladesh, covering the perspectives, theories, issues, complexities, as well as opportunities and the challenges present. This book provides a blend of comprehensive and cross disciplinary as well as international insights from contributors to cover the various technologies in tourism. This book focuses on the importance of technologies in tourism, specifically the application and practice of such technologies including the relevant niches in tourism. This book also comprehensively highlights technologies that are impacting the tourism industry in Asia as well as reveals the specific constraints. The contents of this book deal with distinct topics such as mobile computing, new product designs, innovative technology usages in tourism promotion, technology-driven sustainable tourism development, location-based apps, mobility, accessibility and so on. This book is a significant contribution towards the very limited knowledge and under published area of tourism in Bangladesh. This book is designed to accommodate readers that from both both qualitative and quantitative research theory and practices. This book identifies specific examples of the existing tourism products and services in order to better promote and boost the tourism industry by suggesting tourism products and services available in Bangladesh. This book addresses a number of key issues and solutions by examining the products and services and the need for improved tourism marketing and development in Bangladesh as the central themes.

NEET Guide for Physics, Chemistry & Biology

DoctorKC's Medical Colleges Around the World

Target 2020 NEET All in One Guide Physics Chemistry Biology

According to some estimates, there are around 20 to 60 million people with disability in India. For long this invisible minority went without any kind of protection or even legislation aimed at recognizing their basic rights. It was only in 1995 that the government passed the Persons with Disabilities (PWD) Act, which addressed the issues of non-discrimination, right to equal opportunity, and affirmative action for persons with disabilities for the first time. This book is a critical and comprehensive analysis of the PWD Act. It examines the Act from a historical perspective, giving an overview of the various legal approaches towards addressing disability-related discrimination. The author critically examines the various provisions of the Act—the definition of disability, affirmative action, equal opportunities in education, reservation in employment, and implementation. The volume also offers an international perspective on disability law by comparatively analysing Indian disability law with international jurisprudence. Taking into account the judgments of the Supreme Court and various high courts, it presents a forward thinking interpretation of the Act in light of the UN Convention on the Rights of Persons with Disabilities which India has ratified.

Best Sellers Book of Target NEET 2020 All in One Guide of Physics, Chemistry and Biology: NTA New Syllabus.NEET - UG (National Eligibility cum Entrance Test - Under Graduate) Entrance Test is conducted Nationwide from 2017 onwards by Central Board of Secondary Education (CBSC) through National Testing Agency (NTA) for the admission into MBBS (Bachelor of Medicine and Bachelor of Surgery) and BDS (Bachelor of Dental Surgery) only.(A) This book is mainly made for the Students to Access and Practice Original NEET 2019 Test of National Testing Agency (NTA).
