## **Le livre du ciel et du monde**

This volume discusses the so-called Oneirocriticon of Achmet, the most important Byzantine work on dream interpretation which was written in Greek in the 10th century and has greatly influenced subsequent dreambooks in Byzantine Greek, Medieval Latin, and modern European languages. By comparing the Oneirocriticon with the 2nd-century A.D. dreambook of Artemidoros (translated into Arabic in the 9th century) and five medieval Arabic dreambooks, this study demonstrates that the Oneirocriticon is a Christian

Greek adaption of Islamic Arabic material and that the similarities between it and Artemidoros are due to the influence of Artemidoros on the Arabic sources of the Byzantine work. The Oneirocriticon's textual tradition, its language, the identities of its author and patron, and its position among other Byzantine translations from Arabic into Greek are also investigated.

title of Modelos griegos de la sabiduría castellana y europea, the author studies four of these Castilian translations - the Libro de los Buenos Proverbios, Poridad de las Poridades or Secreto de secretos, Bocados de Oro and Historia de la Donzella Teodor - works of sapiential literature that had an enormous influence in all of Europe. Their Arabic models had been translated from Greek in Bagdad at the instigation of the great caliphs of the 9th century and also in the Fatamid court at Cairo in the 11th century. The traditional view is that this literature is simply of oriental origin, but the author believes that the models were Greek Byzantine

works discovered by the Arabs in Syria and Egypt in the 7th and 8th centuries. Their true origin is to be found in the Greek sapiential literature that developed around the figures of Socrates, Plato, Aristotle and Alexander in the Hellenistic, Roman and Byzantine schools of philosophy; its influence can frequently be found reflected in authors of Christian literature. A detailed study of themes, vocabulary and expressions in the works themselves confirms these origins. An account of the causes, combatants and course of events in the successive conflicts which troubled the duchy for half a century.
