MALVINA BERTONATI is a chef and owner of a traditional Italian restaurant “Da Malvina” in one of the most popular seaside tourist destinations: Bonassola, right next to the famous Cinque Terre in Liguria, Italy. She has been cooking with passion for the last 40 years and she received a national award for her tasty, healthy and traditional cuisine. She was knighted for her services to the industry.ALINKA RUTKOWSKA just happened to pass by and fall in love with Malivna's cuisine. She was always very curious about what was going on in the restaurant kitchen but what she heard from Malvina most often was “fuori dalla mia cucina!”, meaning “get out of my kitchen!”. She obeyed until once she decided that even a complete cooking analphabetic like herself could at least try to replicate the masterpieces being created in Malvina's kitchen. With a pen, paper, camera and Malvina's blessing she compiled the amazing recipes and over 300 photographs into this book.

This workbook contains a variety of exercises and activities designed to help young learners advance the fine motor skills that are essential to the handwriting process, beginning by tracing lines and curves, and then gently introducing some letter-writing practice. Several mazes are also included in the book as a fun way to promote visual motor skills, eye-hand coordination, and problem-solving skills. Young students are introduced to the letters of the alphabet in exercises that have them trace Lowercase Alphabet and then practice writing them on their own. Numbers are also presented in an engaging way, with a lesson in phonetics as well as exercises for tracing and writing numerals. A section of connect-the-dot games provides more motor skills development along with helping children learn the order of alphabet, while fill-in-the-blank games reinforce alphabet learning in a different way and provide more practice in writing the missing letters. My BIG Book of Writing! is a versatile tool that can help children who are struggling with writing skills to work at a comfortable level, as well as assisting those for whom writing comes more easily to experience the multitrack learning their developing minds are hungry to absorb. Whatever level a child is at, the activities and exercises in this workbook will stimulate the learning process and prepare him or her for reading and other learning challenges ahead.

The Reading With Giggles & Games Learn-To-Read System works in a dramatically effective way because it uses several proprietary learning strategies, in combination, that create an ideal learning state in the mind and body of the student. No other system combines these learning strategies in the same way and no other system has been able to demonstrate more effective learning results. The children are happier, they learn faster and their teachers and parents are amazed at how much more quickly these students learn to read than other students who are taught with other outmoded, traditional teaching methods. When you child starts to recognize letters, numbers and their associated sounds they are ready for the Reading With Giggles and Games program. This wonderful system can help you, as a parent, be much more effective in your mission to help your child to learn to read without the hassle and frustration that often accompanies the process with other traditional learn to read methods.

This early work by Henry James was originally published in 1909 and we are now republishing it with a brand new introductory biography. Henry James was born in New York City in 1843. One of thirteen children, James had an unorthodox early education, switching between schools, private tutors and private reading.. James published his first story, 'A Tragedy of Error', in the Continental Monthly in 1864, when he was twenty years old. In 1876, he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays and travelogues. Amongst James's most famous works are The Europeans (1878), Daisy Miller (1878), Washington Square (1880), The Bostonians (1886), and one of the most famous ghost stories of all time, The Turn of the Screw (1898). We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
