In 1986, Janice Anderson suffered one of the most devastating losses imaginable: a car accident caused by a drunk driver took the lives of her beloved husband and three children. Trapped in the wreckage alongside them on that hot July afternoon, she turned out to God before losing consciousness. This is the remarkable story of how Janice

learned to let God guide her through the hours, days, and years that followed. Janice knows firsthand about anger, grief, fear, and disappointment. But because of her unwavering faith, she also knows about forgiveness, healing, courage, hope, and joy. Is God responsible for terrible things happening to people? Is suffering what makes us strong? How can we learn to acknowledge our past yet live in the present? Janice's experience has led her to examine these universal questions and others, and her story offers both comforts and inspires. Perhaps you have gone through tragedy of your own. Perhaps you need help releasing anger and pain and focusing on the positive. Within your circumstances, you may find yourself in Janice's story, a testimony to God's love, and awesome power.

On the first day of sophomore year, Lillian Grace Parker organizes handouts with sticky tabs, assigns different colored highlighters to each class, and loads the whole thing into a bubblegum-pink binder. Lilly's pencil-straight brown hair and a sea of freckles feel even more annoying to her with the few extra pounds she has gained over summer break. But Lilly never met a problem she can't fix. As the

number on the scale goes down, Lilly keeps changing her goal to a lower weight. Everything's going even better than planned. She's got a BFF who is awesome, all A's (not to mention every extra credit available), and on the soccer field, she's scoring goal after goal. Best of all, she's head over heels in love with Sean, the quirky, sensitive guy who sweeps her off her feet the first week of school. Then why doesn't she feel good? Lilly thinks if she can just lose a few more pounds all her troubles will melt away. With coffee for breakfast, her favorite foods on the NO EAT list, and her dog getting fat from the scraps she's feeding her under the table, Lilly is losing not only pounds, but herself. When Lilly collapses on the soccer field, she's forced to make one of the biggest decisions of her life. Will she continue to lie to everyone she loves to hide her little secret and maintain her distorted version of a perfect body or will she have the courage to fight for her life and see herself for more than the reflection in the mirror?

A be-speckled, be-freckled, funny-looking little fellow, named Pete, bewilders his teacher, his classmates, as well as his parents, by his unabashed positive attitude about everything. "Yep, I'm as perfect as I can be. Nothing can upset me, no, no, not me!" It doesn't matter what befalls Pete, or what tries to trump his good nature, he is steadfast in his determination to see things in a positive light. And, how did he acquire this happy point of view? You'll have to read the book to find out.

The author had an accident five months ago. The author accidentally unlocked his subconscious. The author lost his sense of time and emotions in the process. The author suggests anyone who reads this book will unlock their subconscious. The author suggests that is not a prediction. That author suggests that is a warning. This is the authors third attempt to communicate since the accident. Do not attempt to contact me I am too busy attempting to contact you. I cannot help you read this book. That is just the way it is. I closed my eyes. This couldn't be happening. A seizure--in front of my fourth graders at school! I could scarcely hear my husband giving the nurse in the ER my latest list of symptoms--fatigue, memory loss, balance issues, staggering, falling, brain fog, irritability, and now . . . seizures! I tried to wipe the sweat off my forehead. My hand couldn't find my face. I was soaked in urine and needed to vomit. I wanted this all to be over. But it wasn't. It was just the beginning. For the next few months, I would be evaluated by experts and whispered about by friends. Hallucinations haunted me day and night. I was scared and worried on days I wasn't catatonic. I was complacent and even silly at other times. The "lady with early onset of dementia" became my calling card. I was expected to die. I wanted to die. The journey I took claimed many victims. My family and friends were immersed in my fear and frailty. The decision to put me in a nursing home was the trending talk. But

Whilst preparing for his travel adventures into a world he had yet to

explore, Christopher Yeoh was involved in a road traffic accident and experienced something few others would be "privileged" to witness. Eight days in a coma, more than a year in and out of hospital and a gradual re-introduction to the world of work. A Different Perspective After Brain Injury: A Tilted Point of View is written entirely by the survivor, providing an unusually introspective and critical personal account of life following a serious blow to the head. It charts the initial insult, early rehabilitation, development of understanding, the return of emotion, moments of triumph and regression into depression, the exercise of reframing how a brain injury is perceived and a return to work. It also describes the mental adjustments of awareness and acceptance alongside the physical recovery process. Readily accessible to the general public, this book will also be of particular interest to professionals involved in the care of people who have had significant brain injuries, brain injury survivors, their families and friends and also those who fund and organise health and social care. This unique author account will provide a degree of understanding of what living with a hidden disability is really like. Though they are older and wiser, not all is as it seems in the lives of Darren, Kiki, and Myra. Best friends to the end, they still have some lessons to learn. In this second book in the Growing Pains series, the group struggles with betrayal, loss, and, most

importantly, commitment. Through ups and downs, heartache and breakups, Darren, Kiki, and Myra find themselves in a quest for self-assurance, confidence, and good, old-fashioned love. But will history repeat itself? Darren has been known to have a wandering eye, and it's possible he'll cheat again. Will Kiki finally realize the world doesn't revolve around her? Myra has found the true love of her life, but is she happy? Will their children repeat the same mistakes they have? Providing a glimpse into the private lives of couples and relationships, *Growing Pains: Sex, Lies, and Deception* follows the family lives, careers, and love lives of these characters as they make mistakes and celebrate successes.

The bestselling author of "My Woman His Wife" and "The Aftermath" delivers a sexy, intriguing new work in which a woman may have to put her perfect life on the line because of one not-so-little secret.
