

My Tiny Book Of Tithing

Reasons for tithing and answers to objections are all given in Tithing, based on study of both the Old and New Testaments. This book is essential reading on the subject of Christian stewardship.

Following a thorough examination of every biblical text on tithing, Dr. Kelly concludes that the church would be best served spiritually by believing and applying better New Testament principles of giving. After discussing sound biblical reasons for Christians to replace tithing, he presents God’s better principles of grace. Doctrines such as the New Testament concept of law and covenant and the priesthood of believers are presented as they affect tithing. Following several chapters which discuss disputed texts relating to pastoral support, this book traces the early development of church support as found in the Church Fathers before Nicea. This book leaves no question or objection about tithing unanswered. It is a "must read" for any serious Bible student. There is a wealth of other doctrinal insights to be gained as one goes through the Bible in search of the truth about tithing.

It was at this new church, Lakeside Outreach Ministries that my life really took a turn. I had so many times since my son passed, kept asking God the question, “ why ”? I found my answer here. I met so many wonderful people who had so much pain and grief and illnesses in their lives, but, they never lost their faith in God. I began to write about my Pastor, Pastor Kenny Griffin and his church and his people, and when I did, I seen their pain, I felt their suffering. I cannot explain, but, people, even strangers began asking me to write about their loved one who had departed, and then come back to tell me how much the poem had meant to them. This had become my calling, this is what God wanted me to do, and as it became more and more widespread, my involvement with Jesus became more and more, the words were coming so fast, the insight I was seeing, only God knew what was happening to me. I would be nothing, nor would there be any written poetry without God, for when I sit down to write, I say a prayer to God, saying, “ God, please give me the words to write, and He always would. That is why I call my book of poetry, GOD SPOKE/I WROTE.

Children learn what tithing means and why God asks us to pay it.

Little Book of Prosperity

The Little Book on Meaning

My Little Book of Poetry By: Melvin Yeager My Little Book of Poetry is Melvin Yeager’s collection of poems that span over several years of his life. After retirement and a divorce from his third wife, he used his newfound free time for recreation, fishing and bowling being the most prominent. When these activities turned out to be more of a chore, he ventured to western Oregon to fish in various lakes, rivers, and streams. Eventually, the lure of the sea caught his attention. When he would grow bored on weather delays, he sat at his computer and composed the collection within these pages. The poems came to him quickly and then vanished. If you don’t enjoy his poetry, Yeager says the pages can still be put to good use as fire-starter!

This is my story. I will take you through the very deep and tragic pitfalls, mistakes, and bad choices of my life to absolute victory and beauty. Millions of people have heard a portion of my story; now I make it available to you in its entirety. I share very important life lessons that can help you.

Unfetter and unclutter your life by learning how and why to transition to a tiny home Do you feel as though you’re living in an expensive and ill-fitting home filled with too much stuff? Do you have too much space filled with too many things, constantly dealing with house maintenance and financial upkeep? Living in a tiny home could be the solution. But how do you know? Tiny house guru Pat Foreman examines the hows and whys of tiny-home living, to help you assess whether it’s the right solution for you. A Tiny Home to Call Your Own examines: The many uses of tiny homes for all age groups and different socio-economic levels How smaller homes can buy you time, financial freedom, and an unfettered lifestyle Stuff-ology: understanding what things do and do not serve you Ecology and the Tiny House movement Pre-existing tiny house communities. From newlyweds to empty-nesters, downsizers to retirees, and everyone in between, A Tiny Home to Call Your Own will help you to find and create the living space and housing you love and that will serve you and your future.

Bring all the tithes into my storehouse . . . is the wondrous instruction given us by the prophet, Malachi. But how many have "tried" tithing with little or nor result? Here is the reason and the true, spiritual way – a wonderful little book which takes the reader into the "secret depths" of the miracle of tithing and the rich fruits that are the automatic and infallible result for all the world to see. A tithe is a giving of one's being, one's substance. Because God is spirit, all being and all experience (the world and universe and everything in it and of it) is spiritual. Therefore the true tithe is a giving of one's spiritual being and spiritual fruits. Tithing is a miraculous act of being with miraculous results. But it has been assumed that when we give a percentage of our matter, particularly our money, our giving somehow results in God, in turn, giving us more or greater matter in the forms of money, opportunity and success. But matter in and of its own self does not exist, only God exists – only God is, only spirit is – so if we are still in material belief and lacking spiritual awareness, we may hear about tithing and try to practice it, with little or no result. This was my experience when I was still attempting to get God which is spirit to improve my physical body and material world – and in the particular ways I needed them improved! As this little book clearly, lovingly and emphatically explains, the material experience including all form, place, amount, condition and activity is simply a sense of that which is spirit and spiritual. The entire key to spiritual awakening is to realize that we, the human being, are simply having a corporeal sense of that which is one hundred percent incorporeal – God, spirit, truth. Once this is truly understood the secret of tithing opens up its doors to boundlessness and the freedom of the world. So let us immediately understand that only God is, and because of that, God is for God alone. There is none but God; therefore there cannot be, and is not, anything but God 'happening.' When we realize this we have the key to the miracle of being. Before we realize this we not only have the wrong key, but we're attempting to use it to open the wrong door. With the true, spiritual understanding and activity of tithing, here is the way to open the floodgates of truth in your life, in all ways and with the abundance of all forms, including dollars. "Prove me now herewith, if I will not open you the windows of heaven, and pour out blessings for you, that you shall not have room enough to receive them."

All the kids deserve the very best tools to create the right mindset in their lives. This mini-book is giving kids a common language and a set of guidelines to explore interactions between people: Social manners: Table manners: Party manners: Classroom manners: Bathroom manners: Digital manners. With this mini illustrated guide, both boys and girls will make themselves be heard by learning new social skills and showing off their nurture faith in their own capabilities. Don't miss the opportunity to give them the best opportunity to develop healthy self-esteem and set them up for future success. Created for kids.

Philanthropy is often associated with wealthy people giving large amounts of money to charitable organizations and indirectly to people they don't personally know. Ethnic philanthropy is almost totally different: it consists primarily of people sharing modest wealth with other people, most of whom the givers know well. Too often communities of color are portrayed as takers rather than givers -- this important study debunks that myth.

Tithes and Offerings: Perspectives on Christian Giving is the result of a suggestion made to the author by a close Christian friend and consultant. His reasoning was that, although there are many books on the Christian tithes and offerings, they are overwhelmingly legalistic or moralistic. Such appeals have often been based upon the popular, though false, health-and-wealth gospel. This suggestion led the author to consider and examine not only points of conservative church doctrine as they may be applied to the subject, but to incidents in Scripture that involved the act of giving. This in turn led the author into a research and analysis of the historical and cultural context of the exchange, and the profile and life situation of the personages involved in it. The final matter to come out of all this reconstruction was to put a flesh-and-bone humanity upon personages most people only know from Scripture by their names and the deeds associated with them. But more, in regard to the act of giving, there is the considering of what the act meant to them personally; and to translate this very human meaning to Christian giving among believers even today.

A little book that teaches readers how to incorporate the message of Conversations with God into their daily lives In 1999, Neale Donald Walsch wrote three little books, each focusing on different areas of life: Neale Donald Walsch on Relationships, Neale Donald Walsch on Holistic Living, and Neale Donald Walsch on Abundance and Right Livelihood. In 2010, these three books were published in a single volume as Neale Donald Walsch's Little Book of Life. Walsch describes this book as a thousand pages of dialogue in the Conversations with God series reduced down to a few salient points and a few very direct observations about how to render them functional. Readers can think of this book as either Conversations with God in a Nutshell or the Essential Conversations with God. Here are the basic principles for Satisfying personal relationships Living a joyful, harmonious life Discovering authentic prosperity Walsch's words provide hope and help for readers living in particularly challenging times. This is indeed Walsch's essential life guide for twenty-first century readers. “Walsch writes candidly about great questions of purpose, peace, and happiness that haunt humanity.” —Publishers Weekly

It is a must read for everyone!

Tithing, Giving and the New Testament sets out to examine tithing from the New Covenant's perspective and without preconceived ideas. It starts examining tithing in the Old Testament. Then explores what the New Testament says about giving. Were the Christians in the 1st century churches, the churches we find in the New Testament, tithing? How did they apply giving? To whom did they give, how much and based on which principle? If they had a "budget," what would the items in this budget look like? Inevitably, it compares their practices with our practices. There is much that can be learn about this topic from the Word of God and the purpose of this book is to bring it to light for the benefit and the enlightenment of the readers. Anastasios Kioulachoglou is a business consultant and lay teacher in the body of Christ. He is a native Greek speaker. In his spare time he works on his Bible teaching, online magazine "The Journal of Biblical Accuracy" (www.jba.gr).

Although it is better to give than to receive, giving is harder for most people. Giving is not only good stewardship; it enables the church to help those in need. Respected Christian financial expert Larry Burkett uses God's Word to show the strong biblical basis for giving to and serving in the church. Using benevolence ministries as an example, Burkett explains how God uses Christians to minister in His name. This is accomplished by giving back to God a portion of what He has graciously given.

An invaluable guide and companion for anyone seeking greater meaning and purpose in life. A nominee for the Books for a Better Life award! As a pioneer in the field of life coaching, Laura Berman Fortgang has spent decades helping people figure out what they want to do with their lives. And so it was a bit of a surprise when a theme she heard repeatedly from clients emerged in her own thinking and would not be dismissed: work didn't feel as "meaningful" to her as it once had. It was one of those big realizations one has from time to time. The funny thing was that it turned out the "solution(s)" to her problem were quite small... In The Little Book on Meaning Laura Berman Fortgang reveals that while our hunger for a meaningful life can be enormous, our desire for meaning is usually satiated by small, bite-size morsels of meaning—the small, almost incidental events or "achievements" that comprise the fabric of our lives. According to Fortgang, meaning is where you look for it, and through tenderly drawn stories from her own life and the lives of those around her, she shows readers how they too can peek around corners to discover the small elements of their lives that truly matter.

Giving and Tithing

My Little Book of Good Manners

Should the Church Teach Tithing?

The Healthy Financials Formula

The Little Book of Giving

Christian Churches today have misinterpreted Malachi 3:8-12 to mean that God wants each Christian to give 10 percent of his or her gross pay to the church on His behalf. The promise that God will "open the windows of heaven and pour out so much blessings that they will not have room to receive" has caused poor Christians to give sacrificially as they hope for this windfall. This book is the result of a comprehensive study that reveals that God never asked for money for the tithes. God told Moses exactly what He wanted His people to bring for the tithes, and it was never money. The book reveals why God would never have asked for money, and it could be very liberating to learn that you do not have to pay this 10 percent "church tax."

The Little Book of Giving (Children’s Book About The Importance of Giving, Giving for the Holiday Season, Giving from the Heart, Kids Ages 3 10, Preschool, Kindergarten, First Grade) Holiday time is a special time. A Little Book of Abundance Tips A handy book of abundance tips — what it is, how to recognise the abundance already in your life and how to get more of it. It ’s filled with inspiring and motivating tips and techniques — in a compact yet comprehensive little guide. ISBN 0-9545249-7-7 Price: £ 7.99 This book is available to order from all good bookshops, and on Amazon.co.uk.

Have you ever felt guilty about not tithing from your gross or net income? Did you ever wonder whether or not God was really cursing you or others for not giving him 10% of your money? Have you been a committed tither and yet struggled with maintaining your day-to-day financial needs? If so, this book is written and dedicated for you. The Emancipation of Tithing is a book that features straight-forward and biblical information about the history and practices of tithing before the law of Moses, the institution of tithing in the Law of Moses, and the absence of tithing during the days of Christ. This book also enlightens you about the creative sayings and scare tactics that are often used by many leaders to keep you spellbound and captivated by a religious practice that is no longer a required custom. This book will provide you with key elements encompassing the fundamental practices of tithing, the true purpose of free will giving, and is guaranteed to provide answers to many questions surrounding this controversial topic. As the author, my hope and prayer is that every reader will gain a better perspective with the information that is enclosed in this book. This book is not designed to change every reader’s mind; however, it is designed to challenge every reader’s philosophy. I simply ask that every reader to approach this information free from the preconceived notions of years past and retain only those things that are biblically proven. Let us no longer defend thought patterns that sounds reasonably good; but let us secure and preserve only those things that we can provide evidence. My attempt in writing this book was not to be anti-tithing, but to show relevant and compelling truth about the history of tithing and its purposes with its interactions. Furthermore, my effort with this attempt will become futile, if I did not incorporate biblically on how these earlier practices with its interactions diminished through out biblical history. The argument of "whether we should tithe or not" will probably live on forever; however, I can appreciate those who stand by what they perceive as truth as long as they have biblical references that is guided in the context of the scriptures. Stating, “He that is faithful in little is also faithful in much” has completely nothing to do with tithing and to use this statement as proof to why we should pay tithes is purely unfounded and is a lesson in showing how easy it can be to misappropriate an essential and vital piece of history that was written long ago.

200 Ways to Explore Your Spiritual Nature

The Children’s Book

Ensign
Heart in Hands
Why We Crave It, How We Create It

Let's Get Down to the Truth

An activity book, a journal, and a keepsake that inspires and records a child's journey into a lifelong tradition of giving and charity.

A collection of perennial questions about the nature of God, the reason for evil, the meaning of death, the variety of spiritual experiences, and similar subjects offers a simple, effective tool for exploring all aspects of spirituality. Original. 50,000 first printing. IP.

For 457 years the Prophet Nostradamus has been a MYSTERY. Hidden in dark speech he was misunderstood and rejected by the Protestant Christian Church, forbidden to be read by the Catholic Church, and totally discredited by psychics and worldly interpreters as being in the Occult. However, it was the occult interpreters that were instrumental in keeping his work alive and mysterious. Written from a Christian perspective, many questions about this mysterious man Nostradamus, and why his work has endured so long are answered in this book. Reverend Sunday has discovered the secrets and the intentions of his life's work, and you will be amazed to find out WHO Nostradamus really was. If you are curious about Planet X-Wormwood, then you will find out how that ties into these hidden revelations. There always comes a time when hidden things are revealed to a Prophet. (Daniel 2:22; Amos 3:7.) The second Prophet, William Branham, was way ahead of his time in his understanding of supernatural phenomenon; and his revelations on the Book of Genesis regarding the apple and its sexual connotations lost him favor with the approved church then, and now. Prophets are rarely understood in their own age. These TWO PROPHETS were brought together to this unknown

Sophe/Scribe chosen to disclose the hidden, amazing information, and revelation for our day...To GOD be the GLORY. Prepare the way for the Lord.

Rediscover the Main Thing

The Emancipation of Tithing

As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a household classic that will now reach an even wider audience. Never before have Shel Silverstein's children's books appeared in a format other than hardcover. Since it was first published fifty years ago, Shel Silverstein's poignant picture book for readers of all ages has offered a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with Lafcadio, the Lion Who Shot Back. He is also the creator of picture books including A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O, and the perennial favorite The Giving Tree, and of classic poetry collections such as Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!, and Runny Babbit. And don't miss these other Shel Silverstein ebooks, Where the Sidewalk Ends, and A Light in the Attic! Find out why each dad deserves his shiny star in this concentric, colourful book of giving. Bright artwork from Fhiona Galloway and a cheerful rhyming story makes learning come alive.

*#1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled*

*with entertaining stories and profane, ruthless humor, The Subtle Art of Not Giving a F**k is a refreshing slap for a generation to help them lead contented, grounded lives.*
