

*Nba Finals*

From the New York Times bestselling author of *The Big Bam* A clash of NBA titans. Seven riveting games. One young reporter. Welcome to the 1969 NBA Finals. They don't set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell's opponent? The fearsome 7'1" next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league's first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at *The Boston Globe* and *Sports Illustrated*, twenty-four-year-old Montville is ordered by his editor at the *Globe* to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville's reporting and recollections transport readers to a singular time - with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball - seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. *Tall Men, Short Shorts* is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.

Showcasing one of professional basketball's best players, this book spotlights the life and career of hardcourt superstar LeBron James. More than just a biography, it relates James' story while also establishing his prominent place in NBA history. By examining his skills and statistics in a variety of categories and comparing him to other NBA legends—including Magic Johnson, Bill Russell, Kareem Abdul-Jabbar, Michael Jordan, and more—the guide makes a strong case for James as basketball's greatest. Along the way, his best and most memorable moments are revisited, from his days as a high school stand-out in Akron, to his first stint with the Cavaliers, to "The Decision" to join the Miami Heat, and the show-stopping performance in the 2016 Finals to bring an NBA title back to Cleveland. *LeBron James vs. The NBA* is certain to stir up lively debate and is a must-have for Cavs fans and basketball buffs alike.

"Amazing photography accompanies engaging information about the NBA Finals. The combination of high-interest subject matter and light text is intended for students in grades 3 through 7"-- This book examines the employment arrangements of professional athletes in the Premier League football competition, the National Basketball Association competition and rugby union played at an international level. It describes the organisation and regulatory frameworks of these three professional team sports and highlights the legal, economic and regulatory factors that influence the final form of an athlete's working conditions. It provides a comparative analysis between the sports on issues such as the role of collective bargaining, wage regulation, salary caps, nationality restrictions, eligibility, player movement and the acquisition of a player's intellectual property. It discusses the approaches adopted in each sport for balancing the interests of labour and management, the problem of controlling private regulatory power in professional sport, and considers the extent to which legal or government intervention is required in an athlete's employment relationship. National law can assist players in a domestic league to secure an involvement in the determination of working conditions but it has a more limited effect in a competition organised by an international governing body. This book argues that social regulation through soft law processes at an international level may benefit athletes, consumers and sport globally. It provides a useful case example for comparison with the organisation of other professional team sports in Europe, North America and Australasia. This book is important reading for scholars and practitioners in the fields of international sports law, employment law, competition law, European law and human rights law. It is also highly recommended for students at undergraduate and postgraduate levels taking modules and courses in Sports Law or Sports Business Management. Dr. Leanne O'Leary is a dual-qualified solicitor, Senior Lecturer in Law and member of the Centre for Sports Law Research at Edge Hill University in the United Kingdom. This book appears in the ASSER International Sports Law Series, under the editorship of Prof. Dr. Ben Van Rompuy and Dr. Antoine Duval.

The new millennium saw repeated attempts to reignite the magic of the Jordan-era Bulls, but soon a new identity emerged of tough, hardworking team players reminiscent of the Bulls' earlier years. The Chicago Tribune Book of the Chicago Bulls is a decade-by-decade look at the pride of the city's West Side produced by the award-winning journalists who have been documenting their home team since the beginning. This beautiful volume details every era in the team's history through original reporting, in-depth analysis, interviews, archival photos, comprehensive timelines, rankings of top players by position, and other features.
