A Love Story About Two People from the Coal Fields of West Virginia By: Donald Brown Growing up as a coal miner's son, Don often found himself moving around from town to town across the country. There was always a new place to learn and new faces to meet, often making Don long for a place to call home. Who would have thought this hectic lifestyle would lead Don to the love of his life? After meeting Nancy, Don found that home was not a place but, rather, a person. Even though his life as a coal miner's son eventually ends, a new challenge arose that kept him separated from his wife. Becoming a professional soldier caused Don and Nancy to endure even more time apart from one another as they continued their journey through life. The relentless couple strives to prove that maybe distance really does make the heart grow fonder.

about the politics of immigration. This book--at its core--is not about immigration at all. This book is about homelessness, not in a traditional sense, but in the unsettled, unmoored psychological state that undocumented immigrants like myself find ourselves in. This book is about lying and being forced to lie to get by; about passing as an American and as a contributing citizen; about families, keeping them together, and having to make new ones when you can't. This book is about constantly hiding from the government and,

in the process, hiding from ourselves. This book is about what it means to not have a home. After 25 years of living illegally in a country that does not consider me one of its own, this book is the closest thing I have to freedom.” —Jose Antonio Vargas, from Dear America

THE DEFINITIVE ACCOUNT OF THE MOST INFAMOUS STREET GANG IN AMERICA In the 1980s, El Salvador was involved in a bloody fight for control of the government. To escape the guerrilla assaults and death squads many fled to the US. As a survival

instinct, they formed a group called the Mara Salvatrucha Stoners, a relatively harmless social network bound by rock and roll. But later, as they brushed against established local gangs, the group took on a harder edge, selling drugs, stealing cars and killing rivals who threatened their territories. As authorities cracked down, gang members were incarcerated and deported. But in the prison system, the group only grew stronger. Today, MS-13 is one of the most infamous street gangs on Earth, with tens of thousands of members

operating in a half-dozen nations and two continents, and linked to thousands of grisly murders each year. Through the story of former gang member Norman and his family, journalist Steven Dudley brings readers inside the deadly group.

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on

the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade

scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too

early to teach someone how to live well.

white towns where it was an unspoken rule that blacks weren't welcome—that cropped up throughout the twentieth century, most of them located outside of the South. Written with Loewen's trademark honesty and thoroughness, *Sundown Towns* won the Gustavus Myers Outstanding Book Award, received starred reviews in *Publishers Weekly* and *Booklist*, and launched a nationwide online effort to track down and catalog sundown towns across America. In a new preface, Loewen puts this history in the context of current controversies around white supremacy and the Black Lives Matter movement. He revisits sundown towns and finds the number way down, but with notable exceptions in exclusive all-white suburbs

around the world to offer readers a superb account of a key moment in U.S. as well as global history. While focusing on American involvement between 1965 and 1975, Lawrence offers an unprecedentedly complete picture of all sides of the war, notably by examining the motives that drove the Vietnamese communists and their foreign allies. Moreover, the book carefully considers both the long- and short-term origins of the war. Lawrence examines the rise of Vietnamese communism in the early twentieth century and reveals how Cold War anxieties of the 1940s and 1950s set the United States on the road to intervention. Of course, the heart of the book covers the "American war," ranging from the overthrow of

Finally, the book explores the complex aftermath of the war--its enduring legacy in American books, film, and political debate, as well as Vietnam's struggles with severe social and economic problems.
