

## **Nervous System Acrostic Poems**

Introduces different kinds of poems, including headline, letter, recipe, list, and monologue, and provides exercises in writing poems based on both memory and imagination.

No Moonlight in My Cup provides translations and commentaries for more than two hundred Sinitic poems (kanshi ??) from the Nara and Heian courts (710-1185) together with a detailed introduction to this important but relatively little-studied literary genre.

Spectrum Force and a Sense of the Acrostic is a book about using the power garnered through creating art through the use of meditation. How to use the force or power to heal your life in a spiritual manner? The process involved explains and guides the reader to intuit this frame of mind, which can have a totally new perspective instilled within the self. This process of healing and gaining force within gives us an idea of what the sense of the acrostic is about. Being in the acrostic and gaining a sense of what it means is a pure peaceful state of mind being in a zone in a meditative creative mode of

***This book is the first to help you tap into the connection between art and science, and specifically recognise how neuroscience and poetry can join hands to give rise to the idea of neuropoetry. The literary creation of neuroart uses poetry to look at concrete examples of human experience through a neuroscientific lens. This attempt to meaningfully express neuroscientific phenomena creatively in different languages***
