Bob Books: First Stories

A brand new Bob Books boxed set featuring 12 easy-to-read stories! Great for kindergarten and first grade readers, this boxed set includes twelve mini-books. This set is the perfect stepping stone to independent reading since it contains four level A books, four level B's, and four level C's. In typical Bob Books style, these mini-books have lots of repetition, friendly illustrations, and silly stories. Bob Books First Stories is a great companion to Bob Books Set 1: Beginning Readers and Sight Words Kindergarten and Sight Words First Grade.

Leave time for wonder. Walt Whitman's "When I Heard the Learn'd Astronomer" is an enduring celebration of the imagination. Here, Whitman's wise words are beautifully recast by New York Times #1 best-selling illustrator Loren Long to tell the story of a boy's fascination with the heavens. Toy rocket in hand, the boy finds himself in a crowded, stuffy lecture hall. At first he is amazed by the charts and the figures. But when he finds himself overwhelmed by the pontifications of an academic, he retreats to the great outdoors and does something as universal as the stars themselves... he dreams.

Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in straightforward terms. The Oxford Guide to Plain English provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully

organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents.

Oxford International Primary Computing takes a real-life, project based approach to teaching young learners the vital computing skills they need for the changing digital world. Each unit builds a series of skills towards the creation of final project, with topics ranging from programming simple computer games to creating an online yearbook.

H.H. Munro's razor-toothed wit, discerning eye, and taste for the absurd are delightfully evident in this collection of little-known tales. In Saki's world, a despotic dog becomes his owner's master, a rural community is hoodwinked into believing in the predictive powers of a pair of friends, and Eve stubbornly refuses to touch the Forbidden Fruit. Although unquestionably of its time, each story ridicules the follies of society—follies still all too clearly familiar today. Best known to the world as Saki, Scottish writer Hector Hugo Munro won fame by skewering the British upper class in his chronicles of Clovis and Reginald.

Nicobobinus and his friend Rosie go in search of the Land of Dragons and find more adventure than they'd bargained for. Alistair Fowler's celebrated anthology includes generous selections from the work of all the century's major poets, notably Donne, Jonson, Milton, Drayton, Herbert, Marvell, and Dryden. It strikes a balance between Metaphysical wit and intellect and Jonsonian simplicity, while also accommodating hitherto neglected popular verse. The result is a truer, more Catholic representation of seventeenth-century verse than any previous anthology.

Oxford International Primary Computing: Student

Tune in to Grammar presents a systematic and step-wise strategy for approaching grammar at any grade. The series presents grammar rules lucidly and leads the learner to assimilate and apply them to communication in everyday life. The learner is introduced to the concept with a warm-up and led through clearly demarcated stages of acquiring proficiency in grammar. The culmination of a chapter corresponds to the learner being able to use the language in games, projects, activities and a wide range of situations which involve working individually or in groups.

The workbook will encourage students to read closely, write with enthusiasm and get involved in the subject of English in a challenging and meaningful way.

Presents more than seven thousand words and phrases in contemporary usage, with variant spellings, grammatical applications, and definitions

"Since independence in January 1962, several constitutional court cases have exposed the dilemma which the Western Samoa Government is facing balancing fa'a Samoa (Samoan customs and

traditions) with Western legal systems of authority. This book traces the clash between Samoan and Western notions of government and law from the 1830s to the 1980s emphasizing the hitherto neglected interpretation of events from a Samoan perspective. As a critical reinterpretation of the literature on Western Samoa, drawing on oral sources and material from the archives of the Land and Titles Court of Western Samoa, the book provides important new insights into pre-colonial regimes, racial issues and the contemporary political problems of the independent state of Western Samoa."--Back cover.
