

Nobody Cared The Pan Real Lives Series Band 9

The history of regional sporting events in 20th-century Asia yields insights into Western and Asian perspectives on what defines modern Asia, and can be read as a staging of power relations in Asia and between Asia and the West. The Far Eastern Championship Games began in 1913, and were succeeded after the Pacific War by the Asian Games. Missionary groups and colonial administrations viewed sporting success not only as a triumph of physical strength and endurance but also of moral education and social reform. Sporting competitions were to shape a "new Asian man" and later a "new Asian woman" by promoting internationalism, egalitarianism and economic progress, all serving to direct a " rising " Asia toward modernity. Over time, exactly what constituted a " rising " Asia underwent remarkable changes, ranging from the YMCA ' s promotion of muscular Christianity, democratization, and the social gospel in the US-colonized Philippines to Iranian visions of recreating the Great Persian Empire. Based on a vast range of archival materials and spanning 60 years and 3 continents, Pan-Asian Sports and the Emergence of Modern Asia shows how pan-Asian sporting events helped shape anti-colonial sentiments, Asian nationalisms, and pan-Asian aspirations in places as diverse as Japan and Iran, and across the span of countries lying between them.

" Every once in awhile a writer of particular skills takes a fresh, seemingly improbable idea and turns out a book of pure delight. " That ' s how David McCullough described Mark Kurlansky ' s Cod: A Biography of the Fish That Changed the World, a work that revealed how a meal can be as important as it is edible. Salt: A World History, its successor, did the same for a seasoning, and confirmed Kurliansky as one of our most erudite and entertaining food authors. Now, the winner of the James Beard Award for Excellence in Food Writing shares a varied selection of " choice cuts " by others, as he leads us on a mouthwatering culinary tour around the world and through history and culture from the fifth century B.C. to the present day. Choice Cuts features more than two hundred pieces, from Cato to Cab Calloway. Here are essays by Plato on the art of cooking . . . Pablo Neruda on french fries . . . Alice B. Toklas on killing a carp . . . M. F. K. Fisher on the virility of Turkish desserts . . . Alexandre Dumas on coffee . . . W. H. Auden on Icelandic food . . . Elizabeth David on the downward march of English pizza . . . Claude L é vi-Strauss on " the idea of rotten " . . . James Beard on scrambled eggs . . . Balzac, Virginia Woolf, E. M. Forster, Chekhov, and many other famous gourmands and gourmets, accomplished cooks, or just plain ravenous writers on the passions of cuisine. Issues of identity figure prominently in Native North American communities, mediating their histories, traditions, culture, and status. This is certainly true of the Mi?kmaq people of Nova Scotia, whose lives on reserves create highly complex economic, social, political, and spiritual realities. This ethnography investigates identity construction and negotiations among the Mi?kmaq, as well as the role of identity dynamics in Mi?kmaq social relationships on and off the reserve. Featuring direct testimonies from over sixty individuals, this work offers a vivid firsthand perspective on contemporary Mi?kmaq reserve life. Simone Poliandri begins First Nations, Identity, and Reserve Life with a search for the criteria used by the Mi?kmaq to construct their identities, which are traced within the context of their different perceptions of community, tradition, spirituality, relationship with the Catholic Church, and the recent reevaluation of the iconic figure of late activist Annie Mae Aquash. Building on the notions of self-identification and ascribed identity as the primary components of identity, Poliandri argues that placing others at specific locations within the social landscape of their communities allows the Mi?kmaq to define and reinforce their own spaces by way of association, contrast, or both. This identification of others highlights Mi?kmaq people's agency in shaping and monitoring the representations of their identities. With its theoretical insights, this richly textured ethnography will enhance understanding of identity dynamics among Indigenous communities even as it illuminates the unique nature of the Mi?kmaq people.

On 13 November 2001, John Simpson and a BBC news crew walked into Kabul and the liberation of the Afghan capital was broadcast to a waiting world. It was the end of a sustained campaign against the Taliban, a campaign that Simpson had covered from the beginning, despite appalling difficulties and, often, great danger. In this, his third riveting volume of autobiography, John Simpson focuses on how journalists set about finding the stories that make the headlines. It is quintessential Simpson: vivid, utterly absorbing and written with all the care and lucidity of his reporting style. 'Great stories told with great gusto...an easy and rewarding read' Jon Snow, Daily Mail. Part of the Critical Assessments of Writers in English series, the aim of which is to provide complete collections of previously published, formative critical assessments covering the whole work of individual writers. The titles should be useful to serious readers of literature, researchers and advanced students.

All Terrie ever wanted was to be part of a normal family. Instead, her earliest memories are of her father abusing her. But when he died and her mother's mental illness made it impossible for her to care for her daughter, Terrie went to live with a family friend. Things seemed perfect at first, but the biggest betrayal was yet to come. Her babysitter, a man in his thirties, knew exactly how to exploit Terrie's need for kindness. Pushed into sleeping with him from the age of ten, it wasn't long before Terrie fell pregnant and was forced to have an abortion. Frightened into continuing the relationship with this manipulative paedophile, she fell pregnant again at thirteen. Desperately wanting to have someone to love, she decided to keep her baby, but sadly she was too young to cope on her own and, heartbroken, she gave her little girl up for adoption. Over the years she had begged social services for help but they had failed to protect her from this evil man. But eventually, at the age of sixteen, her life changed forever when she found the courage to go to the police ... Written with total honesty, this is the inspiring story of a remarkable young woman who not only fought for justice but who found the strength to break free from her abusive past, to marry and create a happy, loving family of her own.

Navigating Your Way to Startup Success

Famous southern carriage-horse trainer Hiram Lackland, a handsome widower, dies mysteriously after retiring to a farm outside Mossy Creek. His estranged daughter, Merry Abbott, also a horse trainer, arrives to settle his estate. But Merry quickly plunges into bit-chomping dilemmas when her father's friend and landlord, mystery-novel maven Peggy Caldwell, insists he was murdered. Before Merry can so much as snap a buggy rein, a handsome and annoying GBI investigator, Geoff Madison, is on her case. Then there's the troublesome donkey: Don Qui. Short for Don Quixote. And the fact that Hiram was teaching all of Mossy Creek's lonely women how to--ahem--drive his carriage. Can Merry rein in the truth? What kind of horse play was her rakish dad involved in, and why would someone want to giddy-yup him into an early grave?

In this thunderously good read, prophecy and magic combine in an incredible epic of imperial politics, gods and demons. The Ruin of Kings is the first book in Jenn Lyons's extraordinary series, A Chorus of Dragons. When destiny calls, there's no fighting back . . . As a bard's apprentice, Kihrin grew up with tales of legendary deeds. He also steals, desperate to buy a way out of Quur's slums. Then he raids the wrong house, he's marked by a demon and life will never be the same again. Kihrin's plight brings him to the attention of royalty, who claim him as the lost son of their immoral prince. But far from living the dream, Kihrin's at the mercy of his new family's ruthless ambitions. However, escaping his jewelled cage just makes matters worse. Kihrin is horrified to learn he's at the centre of an ancient prophecy. And every side - from gods and demons to dragons and mages - want him as their pawn. Those old stories lied about many things too, especially the myth that the hero always wins. Then again, maybe Kihrin isn't the hero, for he's not destined to save the empire. He's destined to destroy it. Continue the epic fantasy adventure with The Name of All Things. 'What an extraordinary book . . . enthralling and deeply, deeply satisfying. I loved it' - Lev Grossman, author of The Magicians 'A fantastic page-turner with a heady blend of great characters' - John Gwynne, author of A Time of Dread 'A virtually un-put-down-able read' - Kirkus Reviews **Told from the point of view of a young boy, this account shows how a family ?faced the 1930s head on and lived to tell the story." It is the story of growing up in southern Illinois, specifically the Marion, area during the Great Depression. **But when it was first published in 1972 the book proved to be more than one writer's memories of depression-era southern Illinois. ?People started writing me from all over the country,"** Hastings notes. **?And all said much the same: ?You were writing about my family, as much as your own. That's how I remember the 1930s, too.'" As he proves time and again in this book, Hastings is a natural storyteller who can touch upon the detail that makes the tale both poignant and universal. He brings to life a period that marked every man, woman, and child who lived through it even as that national experience fades into the past.****

Prophecy and Magic Combine in This Powerful Epic

Nightmare Illustrated: Issue 4

Annie Capshaw has found that the way to a man's heart is through his cooking class. But just as she and her best friend, Eve, are planning Annie's big day with Jim, her former cooking instructor turned boss, murder takes the cake—make that the wedding cake... Determined not to be a "bridezilla," Annie is trying to keep the nuptial nuisances to a minimum. If only Eve honor mania! Or if the groom's cousin, Alex, who flew in from Scotland, could stay out of trouble... But then ladies' man Alex meets a lovely American lass—only to become a prime suspect when she turns up murdered. Instead of handling the details of her wedding, Annie is investigating the details of a killing. The victim seemed to be living the perfect life of a suburban dreamer. Now Annie has to wonder—is married life a recipe for murder?

A New York Times Notable Book of 2002! On February 10, 1906, Alice Ruth Moore, estranged wife of renowned early twentieth-century poet Paul Laurence Dunbar, boarded a streetcar, settled comfortably into her seat, and opened her newspaper to learn of her husband's death the day before. Paul Laurence Dunbar, son of former slaves, whom Frederick Douglass called "the most promising young colored man in America," was dead from tuberculosis at the age of 33. Lyrics of Sunshine and Shadow traces the tempestuous romance of America's most noted African-American literary couple. Drawing on a variety of love letters, diaries, journals, and autobiographies, Eleanor Alexander vividly recounts Dunbar's and Moore's tumultuous affair, from entirely through letters and an elopement brought on by Dunbar's brutal, drunken rape of Moore, through their passionate marriage and its eventual violent dissolution in 1902. Moore, once having left Dunbar, rejected his every entreaty to return to him, responding to his many letters only once, with a blunt, one-word telegram ("No"). This is a remarkable story of two American elites struggling to define themselves and their relationships within the context of post-slavery America. As such, it provides a timely examination of the ways in which cultural ideology and politics shape and complicate conceptions of romantic love.

From the author of the bestselling Hatchet comes a true story of high-stakes wilderness survival! If not for his six-hundred-mile journey from the busy Chicago city to a captivating Minnesotan farm aged five, there never would have been a Hatchet. Without the encouragement of the librarian who handed him his first book aged thirteen, he may never have become a teenage enlistment in the army, he might not have discovered his true calling as a storyteller. Gone to the Woods: A True Story of Growing Up in the Wild is the entrancing true story of Gary Paulsen's childhood, of grit and growing up, and is the acclaimed author at his rawest and most real.

Wu Di, a servant of the Seven Stars Sect's medicine garden, had average innate talent and lowly status. However, he was obsessed with cultivation and refused to give up. Under the assistance of the God Nong Cauldron's spirit, he eventually became an endless legend ...

Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as My Vietnam War. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It is a powerful story, well-written, with vivid detail that you will never forget.

Know your enemy - or be defeated. AD 2204 An alien shipwreck is discovered on a planet at the very limits of human expansion - so Security Director Feriton Kayne selects a team to investigate. The ship's sinister cargo not only raises bewildering questions, but could also foreshadow humanity's extinction. It will be up to the team to bring back answers, and the consequences of this voyage will change everything. Back on Earth, we can now make deserts bloom and extend lifespans indefinitely, so humanity seems invulnerable. We therefore welcomed the Olyix to Earth when they contacted us. They needed fuel for their pilgrimage across the galaxy - and in exchange they helped us advance our technology. But were the Olyix a blessing or a curse? THE FAR FUTURE Many lightyears from Earth, Dellian and his clan of genetically engineered soldiers are raised with one goal. They must confront and destroy their ancient adversary. The enemy caused mankind to flee across the galaxy and they hunt us still. If they aren't stopped, we will be wiped out - and we're running out of time. Salvation is the first title in a stunning science fiction trilogy, the Salvation Sequence, by Peter F. Hamilton

Startups, like sailing vessels, do not travel in straight lines. The wind and the waves of the real world move the ship, and your startup, in unpredictable ways. This book is designed to give you an analytical set of tools to help you navigate your startup or corporate innovation through the murky waters of real life. Every business has failures. No business succeeds without some change of plan. Navigating Your Way to Startup Success will show you how to create a startup designed to test its assumptions so those that are not worthy fail—often and fast. This book builds on modern startup management techniques like Agile and Lean to bring an analytical and quantitative framework to the most common startup failures. Navigating through those failures means finding your way to startup success. Harlan T Beverly, PhD holds a BS in Electrical and Computer Engineering, an MBA from UT Austin, and a PhD in Business from Oklahoma State University. Harlan teaches entrepreneurship at the University of Texas at Austin. He is also Assistant Director of the Jon Brumley Texas Venture Labs at UT Austin, the world's first university business accelerator. Harlan has successfully launched five hardware and 15 software products including the Killer NIC, 2007 Network Product of the Year (CPU Magazine). He has raised over \$30 million in venture financing in the challenging intersection of entertainment and technology.

"The book is dangerous. On the surface, it's an entertaining account by a British journalist about his adventures with a wild and crazy Indian mystic. But, at a deeper level, it's packed with revolutionary insights. You may laugh at the author's humours way of telling his story, but at the same time you are confronted with disturbing ideas about personal fulfillment, love, spirituality, the nature of political power and he very glue that holds society together. Anand Subhuti is a former UK political reporter who worked in the Houses of Parliament. Beginning in 1976, Subhuti lived with Osho at his ashram in Pune, and then at Rancho Rajneesh in Oregon, then again in Pune until the mystic died in 1990. Now he lived mainly in Europe, but visits India every year to pay home age to the country he loves.

Extraordinary true stories of the Irish in America, their remarkable rise from urban poverty, and the powerful dynasties they engendered Author Stephen Birmingham, who chronicled the rise of Jewish immigrants to extraordinary wealth and success in “Our Crowd”, now turns his attention to the Irish. Real Lace tells the colorful and fascinating true stories of America's most renowned Irish-Catholic families. Scions of courageous, driven, and resilient men and women who escaped starvation during Ireland's terrible potato famine in the mid-nineteenth century, they battled their way out of the slums of Boston and New York, overcoming prejudice and poverty to achieve great wealth, fame, and political power. Here are the remarkable tales of the Kennedys and Cudihys; the astonishing rise and tragic fall of the McDonnells of Wall Street; thrilling yarns of Floods, Mackays, O'Briens, and other so-called Silver Kings of California; and unforgettable stories about brilliant, if not always scrupulous, Irish politicians who learned how to retain enduring power by perfecting the urban political machine.

Birmingham's enthralling history celebrates the pluck, blarney, and unshakeable spirit of a remarkable group of achievers.

You Care Too Much

Reporting the World

An Evil Predator, A Vulnerable Girl Who Fought Back

Known for his ultraconservatism and eccentricity, Gu Hongming (1857–1928) remains one of the most controversial figures in modern Chinese intellectual history. A former member of the colonial elite from Penang who was educated in Europe, Gu, in his late twenties, became a Qing loyalist and Confucian spokesman who

also defended concubinage, footbinding, and the queue. Seen as a reactionary by his Chinese contemporaries, Gu nevertheless gained fame as an Eastern prophet following the carnage of World War I, often paired with Rabindranath Tagore and Leo Tolstoy by Western and Japanese intellectuals. Rather than resort to the typical conception of Gu as an inscrutable eccentric, Chunmei Du argues that Gu was a trickster-sage figure who fought modern Western civilization in a time dominated by industrial power, utilitarian values, and imperialist expansion. A shape-shifter, Gu was by turns a lampooning jester, defying modern political and economic systems and, at other times, an avenging cultural hero who denounced colonial ideologies with formidable intellect, symbolic performances, and calculated pranks. A cultural amphibian, Gu transformed from an "imitation Western man" to "a Chinaman again," and reinterpreted, performed, and embodied "authentic Chineseness" in a time when China itself was adopting the new identity of a modern nation-state. Gu Hongming's Eccentric Chinese Odyssey is the first comprehensive study in English of Gu Hongming, both the private individual and the public cultural figure. It examines the controversial scholar's intellectual and psychological journeys across geographical, national, and cultural boundaries in new global contexts. In addition to complicating existing studies of Chinese conservatism and global discussions on civilization around the World War I era, the book sheds new light on the contested notion of authenticity within the Chinese diaspora and the psychological impact of colonialism.

Reproduction of the original: Every Man For Himself by Norman Duncan

From the Sunday Times top ten bestselling author of The Psychopath Test, a captivating and brilliant exploration of one of our world's most underappreciated forces: shame. 'It's about the terror, isn't it?' 'The terror of what?' I said. 'The terror of being found out.' For the past three years, Jon Ronson has travelled the world meeting recipients of high-profile public shamings. The shamed are people like us – people who, say, made a joke on social media that came out badly, or made a mistake at work. Once their transgression is revealed, collective outrage circles with the force of a hurricane and the next thing they know they're being torn apart by an angry mob, jeered at, demonized, sometimes even fired from their job. A great renaissance of public shaming is sweeping our land. Justice has been democratized. The silent majority are getting a voice. But what are we doing with our voice? We are mercilessly finding people's faults. We are defining the boundaries of normality by ruining the lives of those outside it. We are using shame as a form of social control. Simultaneously powerful and hilarious in the way only Jon Ronson can be, So You've Been Publicly Shamed is a deeply honest book about modern life, full of eye-opening truths about the escalating war on human flaws – and the very scary part we all play in it.

From the acclaimed author of Enduring Patagonia comes a dazzling tale of aerial adventure set against the roiling backdrop of war in Asia. The incredible real-life saga of the flying band of brothers who opened the skies over China in the years leading up to World War II—and boldly safeguarded them during that conflict—China's Wings is one of the most exhilarating untold chapters in the annals of flight. At the center of the maelstrom is the book's courtly, laconic protagonist, American aviation executive William Langhorne Bond. In search of adventure, he arrives in Nationalist China in 1931, charged with turning around the turbulent nation's flagging airline business, the China National Aviation Corporation (CNAC). The mission will take him to the wild and lawless frontiers of commercial aviation: into cockpits with daredevil pilots flying—sometimes literally—on a wing and a prayer; into the dangerous maze of Chinese politics, where scheming warlords and volatile military officers jockey for advantage; and into the boardrooms, backrooms, and corridors of power inhabited by such outsized figures as Generalissimo and Madame Chiang Kai-shek; President Franklin Delano Roosevelt; foreign minister T. V. Soong; Generals Arnold, Stilwell, and Marshall; and legendary Pan American Airways founder Juan Trippe. With the outbreak of full-scale war in 1941, Bond and CNAC are transformed from uneasy spectators to active participants in the struggle against Axis imperialism. Drawing on meticulous research, primary sources, and extensive personal interviews with participants, Gregory Crouch offers harrowing accounts of brutal bombing runs and heroic evacuations, as the fight to keep one airline flying becomes part of the larger struggle for China's survival. He plunges us into a world of perilous night flights, emergency water landings, and the constant threat of predatory Japanese warplanes. When Japanese forces capture Burma and blockade China's only overland supply route, Bond and his pilots must battle shortages of airplanes, personnel, and spare parts to airlift supplies over an untried five-hundred-mile-long aerial gauntlet high above the Himalayas—the infamous “Hump”—pioneering one of the most celebrated endeavors in aviation history. A hero's-eye view of history in the grand tradition of Lynne Olson's Citizens of London, China's Wings takes readers on a mesmerizing journey to a time and place that reshaped the modern world.

The insecurity, worry, self-doubt and social anxiety that come with caring too much about what people think can be overwhelming. Does this mean you should go and live a solitary life in the hills, away from people and the BS that comes with them? No. There is a better way. From bestselling author Carl Vernon, You Care Too Much is a no-holds-barred wake-up call about what social anxiety really is, how it affects you, and what you can do about it. It will teach you to bring out your new 'can't care' mentality, turning your anxiety and self-doubt into confidence and self-control. • Discover why you care too much – and why it's doing you no good. • Ditch your insecurity and self-consciousness and be yourself. • Control your need for approval from others. • Cut out the anxiety, worry and self-doubt others cause you. • Learn how to spot and deal with toxic people – so you can stop them from walking all over you. It's time to find freedom by getting the tools and answers you need to care a lot less about what people think.
