

## Ola De Calor Serie Castle 1

The owner of a small town Southern pizzeria is out to deliver justice in this “ saucy debut . . . with all the ingredients needed for an enjoyable treat ” (Lesa ’ s Book Critiques). Not too much happens in the sleepy little town of Timber Ridge, North Carolina—which is fine with local pizza-purveyor Eleanor Swift. The spunky owner of A Slice of Delight could use some peace and quiet while she mends her broken heart. But when a late-night delivery leads her straight to the scene of a murder, it ’ s a recipe for disaster. Timber Ridge Chief of Police Kevin Hurley—who happens to be Eleanor ’ s old high school flame—has her topping his suspect list. Now, with the help of her quirky sister Maddy, Eleanor is cooking up an investigation of her own. But she ’ ll have to act fast to clear her name before the real killer comes back for seconds. Homemade pizza dough and sauce recipes included! "Pizza lovers will relish Cavender's delightful first in a new cozy series." —Publishers Weekly

In 1517, the Ottoman Sultan Selim "the Grim" conquered Egypt and brought his empire for the first time in history into direct contact with the trading world of the Indian Ocean. During the decades that followed, the Ottomans became progressively more engaged in the affairs of this vast and previously unfamiliar region, eventually to the point of launching a systematic ideological, military and commercial challenge to the Portuguese Empire, their main rival for control of the lucrative trade routes of maritime Asia. The Ottoman Age of Exploration is the first comprehensive historical account of this century-long struggle for global dominance, a struggle that raged from the shores of the Mediterranean to the Straits of Malacca, and from the interior of Africa to the steppes of Central Asia. Based on extensive research in the archives of Turkey and Portugal, as well as materials written on three continents and in a half dozen languages, it presents an unprecedented picture of the global reach of the Ottoman state during the sixteenth century. It does so through a dramatic recounting of the lives of sultans and viziers, spies, corsairs, soldiers-of-fortune, and women from the imperial harem. Challenging traditional narratives of Western dominance, it argues that the Ottomans were not only active participants in the Age of Exploration, but ultimately bested the Portuguese in the game of global politics by using sea power, dynastic prestige, and commercial savoir faire to create their own imperial dominion throughout the Indian Ocean.

Written during the second half of the 12th century, the *Historia Norwegie* presents a lively and Christianised account of Norwegian history, particularly of the 10th century.

National Bestseller Ian McEwan ’ s symphonic novel of love and war, childhood and class, guilt and forgiveness provides all the satisfaction of a brilliant narrative and the provocation we have come to expect from this master of English prose. On a hot summer day in 1935, thirteen-year-old Briony Tallis witnesses a moment ’ s flirtation between her older sister, Cecilia, and Robbie Turner, the son of a servant and Cecilia ’ s childhood friend. But Briony ’ s incomplete grasp of adult motives—together with her precocious literary gifts—brings about a crime that will change all their lives. As it follows that crime ’ s repercussions through the chaos and carnage of World War II and into the close of the twentieth century, *Atonement* engages the reader on every conceivable level, with an ease and authority that mark it as a genuine masterpiece.

A Room of One's Own

Naked Heat

Calor mortal (Serie Castle 5)

Ola de calor (Serie Castle 1)

*The bizarre murder of a parish priest at a New York bondage club opens Nikki Heat's most thrilling and dangerous case so far, pitting her against New York's most vicious drug lord, an arrogant CIA contractor, and a shadowy death squad out to gun her down. And that is just the tip of an iceberg that leads to a dark conspiracy reaching all the way to the highest level of the NYPD. But when she gets too close to the truth, Nikki finds herself disgraced, stripped of her badge, and out on her own as a target for killers with nobody she can trust. Except maybe the one man in her life who's not a cop. Reporter Jameson Rook. In the midst of New York's coldest winter in a hundred years, there's one thing Nikki is determined to prove: Heat Rises.*

*La sexy e intrépida detective Nikki Heat y su pareja, el famoso periodista Jameson Rook, verán en riesgo su relación a causa de sus opiniones contrarias con respecto al nuevo caso de asesinato que están investigando. Un inmigrante ilegal cae aparentemente del cielo. La investigación sobre esta extraña muerte es asignada a la detective de Homicidios Nikki Heat y atrae irresistiblemente la atención de su novio, el periodista Jameson Rook. Cuando decide trabajar en el caso con ella para convertirlo en su próximo gran reportaje, Nikki se alegra de poder pasar tiempo juntos. Hasta que las pesquisas de Rook concluyen en que Heat ha arrestado al hombre equivocado por el asesinato. Compaginar su exigente trabajo con una tormentosa relación ha sido todo un reto para Nikki desde que se enamoró de Jameson. Ahora, a causa del caso más arriesgado de su carrera, su relación ha pasado de ser complicada a conflictiva. Mientras el huracán Sandy amenaza con arrasar Nueva York, Heat se enfrenta a poderosos enemigos, lucha contra un grupo de mercenarios urbanos, y choca con el hombre al que ama. Heat sabe que su trabajo es aclarar asesinatos. Ahora su temor es que resolver este provoque la muerte de su relación. La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores. Reseña: «Un libro que hará las delicias tanto de los fans de la serie como de los de la novela de detectives.» Blogcritics*

*"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs—nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"—Taken from Good Reads website.*

En la séptima entrega de la «Serie Castle», la detective Nikki Heat deberá investigar un complejo caso de asesinato que le afecta personalmente, al tiempo que se enfrenta al altibajo más importante de su relación amorosa: la traición de su novio, el periodista Jameson Rook. En la séptima entrega de la serie protagonizada por Nikki Heat, la detective se despierta su primera mañana como capitán de la policía de Nueva York con la terrible noticia de que su psiquiatra ha aparecido muerto en el río Hudson. Y eso no es todo, porque pronto descubrirá que su novio, el periodista Jameson Rook, ha estado entrevistando en secreto a su terapeuta como parte de la investigación para un nuevo y explosivo artículo. El sentimiento de traición de Heat se agrava con la negativa de Rook a compartir información confidencial sobre la víctima. Su relación de pareja no pasa por su mejor momento y, sin el apoyo de su psiquiatra para afrontar las dudas que le surgen sobre su compromiso matrimonial, Nikki está cada vez más confusa. Y, mientras tanto, sobre la mesa de su despacho tiene nada menos que diez sospechosos en la investigación por el asesinato... La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores.

From Tokyo, to Bonn, to London, high-level bankers are being tortured and murdered. The killer, caught in a fleeting glimpse on a surveillance camera, has been described as a psychopath with an eye patch. And that means Gregor Volkov, Derrick Storm's old nemesis, has returned.

Knowing only one man can match Volkov's strength and cunning, the CIA calls on Storm to track him down, figure out who he's working for and why. With the help of a beautiful and mysterious foreign agent, Storm discovers a plot that could destroy the global economy bringing with it untold chaos and the time he has to stop it is running short.

(Includes maps) From September 1943, when Allied troops came ashore near Salerno, until German surrender in May 1945, 312,000 Allied soldiers were killed, wounded, or missing in Italy. Was a campaign that from the first faced the bleak prospect of coming to a dead end against the forbidding escarpment of the Alps worth that cost? Was the objective of tying down German troops to avoid their commitment in northwestern Europe all that the campaign might have accomplished? The answers to those questions have long been sought but, as is the nature of history, must forever remain conjecture. What is established bet, as this volume makes clear, is the tenacity and intrepidity displayed by American and Allied soldiers in the face of a determined and resourceful enemy, harsh weather, sharply convoluted terrain, limited numbers, and indefinite goals in what many of them must have looked upon as a backwater of the war. This volume relates the story of the last year of their struggle. Three volumes previously published tell of the campaign in northwest Africa, the conquest of Sicily and covert politico-military negotiations leading to surrender of the Italian armed forces, and the campaign from the Allied landings on the mainland through the bitter disappointment of the amphibious assault at Anzio. This volume is thus the capstone of a four-volume series dealing with American military operations in the western Mediterranean.

Derrick Storm acude en ayuda de la detective Heat en una nueva e imprescindible novela de Castle. La comisaria de la policía de Nueva York Nikki Heat y el detective Derrick Storm unen fuerzas por primera vez para salvar a la madre de Nikki, Cynthia, que, tras fingir su muerte, lleva escondida más de 17 años. En su camino deberán enfrentarse a un grupo de empresarios chinos sin escrúpulos conocidos como los Siete de Shanghái, que emplearán todos los recursos, y la crueldad, necesarios para detenerlos. Reseñas: «Richard Castle es un maestro. Cada vez lo hace mucho mejor que la anterior». Michael Connelly, autor de Deuda de sangre y El inocente «Richard Castle demuestra ser tan hábil escribiendo novelas policiacas como resolviendo crímenes. Heat está a la altura de las circunstancias». Dennis Lehane, autor de Mystic River y Shutter Island

The Ottoman Age of Exploration

Calor desnudo (Serie Castle 2)

The Sourcebook for Teaching Science, Grades 6-12

***When New York's most vicious gossip columnist, Cassidy Towne, is found dead, Heat uncovers a gallery of high profile suspects, all with compelling motives for killing the most feared muckraker in Manhattan. Heat's murder investigation is complicated by her surprise reunion with superstar magazine journalist Jameson Rook. In the wake of their recent breakup, Nikki would rather not deal with their raw emotional baggage. But the handsome, wise-cracking Pulitzer Prize-winning writer's personal involvement in the case forces her to team up with Rook anyway. The residue of their unresolved romantic conflict and crackling sexual tension fills the air as Heat and Rook embark on a search for a killer among celebrities and mobsters, singers and hookers, pro athletes and shamed politicians. This new, explosive case brings on the heat in the glittery world of secrets, cover-ups, and scandals.***

***This comprehensive text is the first to introduce evocative autoethnography as a methodology and a way of life in the human sciences. Using numerous examples from their work and others, world-renowned scholars Arthur Bochner and Carolyn Ellis, originators of the method, emphasize how to connect intellectually and emotionally to the lives of readers throughout the challenging process of representing lived experiences. Written as the story of a fictional workshop, based on many similar sessions led by the authors, it incorporates group discussions, common questions, and workshop handouts. The book: describes the history, development, and purposes of evocative storytelling; provides detailed instruction on becoming a story-writer and living a writing life; examines fundamental ethical issues, dilemmas, and responsibilities; illustrates ways ethnography intersects with autoethnography; calls attention to how truth and memory figure***

into the works and lives of evocative autoethnographers.

El asesinato de una periodista se convierte en algo más que un asunto profesional para Nikki Heat cuando los responsables anuncian quién será su próxima víctima: su marido, Jameson Rook. La comisaria de la policía de Nueva York ha recibido un vídeo tan horrible como impactante: la decapitación de una periodista por un grupo terrorista que afirma pertenecer al Estado Islámico. Pero lo peor está por llegar cuando los verdugos declaran que su siguiente objetivo es el famoso reportero Jameson Rook. Desesperada por garantizar su seguridad, Heat intenta contactar a Rook, que se encuentra fuera escribiendo un reportaje sobre el candidato presidencial Piernas Kline, repentino favorito en la carrera a la Casa Blanca. Cuando, para su desesperación, Rook resulta ilocalizable, Heat se da cuenta de que solo hay una manera de evitar que los asesinos hagan daño a su marido: atraparlos antes. Pero, como si este caso no fuera suficiente para poner su vida patas arriba, Nikki comienza a verse perseguida por la imagen de una mujer que se ha cruzado casualmente en la calle y que podría jurar que es su madre... que murió hace casi veinte años. La atrevida y atractiva detective Nikki Heat y el famoso periodista Jameson Rook deberán emprender una carrera contrarreloj para detener una letal amenaza del pasado de Heat, y a un escalofriante asesino que pone en peligro su futuro. La detective de homicidios del Departamento de Policía de Nueva York Nikki Heat está determinada a atrapar al escurridizo agente de la CIA que ordenó la ejecución de su madre hace más de una década. Para dar caza al asesino, Heat se une una vez más a su pareja, el periodista de investigación Jameson Rook. Pero su búsqueda del antiguo espía y el motivo del asesinato desvela un alarmante complot terrorista que no es para nada cosa del pasado. Es letal. Es ahora. Y ya ha comenzado su cuenta atrás. Para complicar aún más la misión de llevar al espía ante la justicia y frustrar la amenaza terrorista que se avecina, un asesino en serie atemoriza a la ciudad y la brigada de homicidios está bajo presión para detenerlo, y pronto. El asesino no solo ha señalado a Nikki como destinataria exclusiva de sus mensajes insultantes, sino que también ha puesto nombre a su próxima víctima: la detective Heat. La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores. Reseñas: «Castle, más que un simple autor, es una estrella del rock.» The Guardian «Richard Castle demuestra ser tan hábil escribiendo novelas policiacas como resolviendo crímenes. Heat está a la altura de las circunstancias». Dennis Lehane, autor de Mystic River y Shutter Island

**What Saints, Spies, and Serial Killers Can Teach Us About Success**

Paired once again with top journalist Jameson Rook, NYPD Homicide Detective Nikki Heat arrives at her latest crime scene to find an unidentified body stuffed inside a suitcase. Nikki is in for a big shock when this new homicide connects to the unsolved murder of her own mother. Will Nikki Heat finally be able to solve the dark mystery that has been her demon for ten years?

La intrépida y sexy detective Nikki Heat y el famoso periodista Rook Jameson vuelven a estar juntos investigando un misterioso asesinato sin resolver, un caso muy personal para Nikki y con el que lleva obsesionada diez años. La detective de homicidios del Departamento de Policía de Nueva York Nikki Heat llega a su última escena del crimen, en la que aparece una mujer desconocida apuñalada hasta la muerte y metida en una maleta abandonada en una calle de Manhattan. Nikki entra en un gran shock cuando se da cuenta de que este asesinato está conectado a la muerte no resuelta de su propia madre. Una vez más, junto a su compañero sentimental y de investigación, el periodista Jameson Rook, Nikki volverá a trabajar para resolver el misterio del cuerpo de la maleta, mientras se ve obligada a enfrentarse a los resquicios desconocidos de la vida de su madre. Además del brutal peligro que la apunta a ella como la siguiente víctima, la búsqueda de Nikki comienza a destapar dolorosas verdades familiares, a exponer secretos sorprendentes y a hacer que la detective reexamine sus recuerdos. Las preguntas sobre su pasado la llevan a ella y a Rook desde los callejones de Manhattan hasta las avenidas de París en busca de un despiadado asesino. La pregunta es, ahora que el caso sin resolver de su madre se ha descongelado inesperadamente, ¿podrá Nikki resolver por fin el oscuro misterio que la ha atormentado durante diez años? La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores. Reseña: «Castle convierte la trama de Calor Helado en un interesante tobogán de giros y cambios argumentales que acrecienta la sensación de intriga y asegura el interés del lector». Revista Crítica

In this engrossing journey into the lives of psychopaths and their infamously crafty behaviors, the renowned psychologist Kevin Dutton reveals that there is a scale of "madness" along which we all sit. Incorporating the latest advances in brain scanning and neuroscience, Dutton demonstrates that the brilliant neurosurgeon who lacks empathy has more in common with a Ted Bundy who kills for pleasure than we may wish to admit, and that a mugger in a dimly lit parking lot may well, in fact, have the same nerveless poise as a titan of industry. Dutton argues that there are indeed "functional psychopaths" among us—different from their murderous counterparts—who use their detached, unflinching, and charismatic personalities to succeed in

mainstream society, and that shockingly, in some fields, the more "psychopathic" people are, the more likely they are to succeed. Dutton deconstructs this often misunderstood diagnosis through bold on-the-ground reporting and original scientific research as he mingles with the criminally insane in a high-security ward, shares a drink with one of the world's most successful con artists, and undergoes transcranial magnetic stimulation to discover firsthand exactly how it feels to see through the eyes of a psychopath. As Dutton develops his theory that we all possess psychopathic tendencies, he puts forward the argument that society as a whole is more psychopathic than ever: after all, psychopaths tend to be fearless, confident, charming, ruthless, and focused—qualities that are tailor-made for success in the twenty-first century. Provocative at every turn, *The Wisdom of Psychopaths* is a riveting adventure that reveals that it's our much-maligned dark side that often conceals the trump cards of success.

In this riveting follow-up to the New York Times bestseller, *Deadly Heat*, NYPD Homicide detective Nikki Heat risks her life to solve a high-profile murder at the same time her tempestuous relationship with investigative journalist Jameson Rook is put to the test like never before. In New York Times bestselling author Richard Castle's newest novel, an illegal immigrant falls from the sky and NYPD Homicide detective Nikki Heat's investigation into his death quickly captures the imagination of her boyfriend, the Pulitzer Prize-winning journalist Jameson Rook. When he decides to work the case with Heat for his next big story, Nikki is at first happy to have him ride along. Yes, she must endure Rook's usual wild conspiracy speculations and adolescent wisecracks, but after their reunion following his recent assignment abroad, she's glad for the entertainment, the chance to bounce ideas off him, and the opportunity just to be close to him again and feel the old spark rekindle. But when Rook's inquiry leads him to conclude that Detective Heat has arrested the wrong man for the murder, everything changes. Balancing her high-stakes job with a complicated romance has been a challenge ever since Nikki fell for the famous reporter. Now her relationship lurches from mere complexity into sharp conflict over the riskiest case of her career. Set against the raging force of Hurricane Sandy as it pounds New York, Heat battles an ambitious power broker, fights a platoon of urban mercenaries, and clashes with the man she loves. Detective Heat knows her job is to solve murders. She just worries that solving this one will be the death of her relationship.

**A New York real estate tycoon plunges to his death on a Manhattan sidewalk. A trophy wife with a past survives a narrow escape from a brazen attack. Mobsters and moguls with no shortage of reasons to kill trot out their alibis. And then, in the suffocating grip of a record heat wave, comes another shocking murder and a sharp turn in a tense journey into the dirty little secrets of the wealthy. Secrets that prove to be fatal. Secrets that lay hidden in the dark until one NYPD detective shines a light. Mystery sensation Richard Castle, blockbuster author of the wildly best-selling Derrick Storm novels, introduces his newest character, NYPD Homicide Detective Nikki Heat. Tough, sexy, professional, Nikki Heat carries a passion for justice as she leads one of New York City's top homicide squads. She's hit with an unexpected challenge when the commissioner assigns superstar magazine journalist Jameson Rook to ride along with her to research an article on New York's Finest. Pulitzer Prize-winning Rook is as much a handful as he is handsome. His wise-cracking and meddling aren't her only problems. As she works to unravel the secrets of the murdered real estate tycoon, she must also confront the spark between them. The one called heat.**

**The global climate is changing. The trend towards warmer average surface temperatures for the period since 1976 is roughly three times that of the past 100 years as a whole. In recent years warming seems to be attributable to human activities (man-made environmental changes) like land-use changes, deforestation, urbanisation and the reduction of wetlands. Global climate change is likely to be accompanied by an increase in frequency and intensity of extreme weather events. This brings with it increased health risks and hence a demand for an adequate response from local health authorities to meet these risks. In 2004, the WHO Regional Office for Europe and the European Environment Agency organized an expert meeting to exchange information and develop recommendations on public health and environmental responses to weather and climate extremes, floods, heat-waves and cold spells. This book reflects a collection of case studies and experiences of experts, ministries and international organizations.**

**"The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, and modes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista uprising in the State of Chiapas. The show includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedia, Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-color plates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting and photography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actions of 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarealists and urban independent photography, artists books, the development of contemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence**

of a variant of neo-conceptual art in 1990. The exhibition is curated by Olivier Debroise, Pilar García de Germenos, Cuauhtémoc Medina, Álvaro Vázquez Mantecón"--Provided by vendor.

**This book is a detailed guide to a new integrative approach to the prevention and treatment of various cardiac disorders and risk factors, including coronary artery disease, congestive heart failure, arrhythmias, dyslipidemia, and hypertension. This approach combines various strategies, including metabolic cardiology, low-dose medicine, exercise programs, stress management programs, evaluation for inherited risk factors, and various other healing modalities. Metabolic cardiology focuses on the prevention, management, and treatment of cardiovascular disease at the cellular level through biochemical interventions with nutritional supplements that can promote energy production in the heart. Low-dose medicine, on the other hand, interprets pathological phenomena as an imbalance in intercellular signaling that may be corrected through the administration of low physiological doses of messenger molecules. Therapies outside of mainstream medicine may also be deployed in integrative cardiology, for example acupuncture, herbal medicine, and homeopathy. Integrative Cardiology will be of interest to all practitioners wishing to learn about an approach that incorporates the incredible advances in medication and technology with a focus on nutrition, lifestyle, and mind-body influences.**

Bernarda Alba is a widow, and her five daughters are incarcerated in mourning along with her. One by one they make a bid for freedom, with tragic consequences. Lorca's tale depicts the repression of women within Catholic Spain in the years before the war. The House of Bernarda Alba is Lorca's last and possibly finest play, completed shortly before he was murdered by Nationalist sympathisers at the outbreak of the Spanish Civil War. Inspired by real characters and described by the author as 'a true record of village life', it is a tragic tale of frustration and explosive passions in a household of women ruled by a tyrannical mother. Edited with invaluable student notes - a must for students of Spanish drama

El escritor número uno en ventas Richard Castle, autor de los bestsellers de «Derrick Storm», nos presenta a su nuevo personaje: la detective de homicidios del Departamento de Policía de Nueva York Nikki Heat, dura de pelar, sexy y profesional. En Ola de calor, primera entrega de la «Serie Castle», Nikki Heats se enfrenta a un desafío inesperado cuando el inspector jefe le asigna de compañero al famoso periodista Jameson Rook, ganador de un premio Pulitzer, quien deberá acompañarla en una investigación para escribir uno de sus artículos. El caso que deben investigar es misterioso y complicado: un magnate inmobiliario del estado de Nueva York ha muerto desplomado sobre una de las aceras de la ciudad; una esposa florero con un sombrío pasado ha escapado de milagro a un descarado ataque; los principales sospechosos de las agresiones, gánsteres y hombres de negocios con poder con motivos de sobra para asesinar, recitan de memoria sus coartadas. Y, en medio de una sofocante ola de calor, un nuevo homicidio tiene lugar y da comienzo a un tenso viaje por los pequeños y oscuros secretos de los ricos. A medida que avanza la investigación, Nikki deberá reconocer que, lejos de resultar un incordio, el periodista que le pisa los talones le resulta útil e incluso le parece atractivo..., de modo que deberá lidiar también con la chispa que ha surgido entre ellos. Una chispa en medio de una ola de calor. La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores.

Derrick Storm, the guy the CIA calls on when it wants something investigated domestically, is thirty-three thousand feet in the air, returning from a rock climbing vacation in the Swiss Alps, when the plane spirals into a nose-dive. Storm uses his climbing gear to tether himself to the wing and heroically save the plane and all the people on board. Sadly, Storm is not available to come to the aid of the three other planes that have crashed under similar circumstances, killing everyone on board. Interestingly, many of the victims are powerful people in politics, business and religious groups. The always elusive Jedidiah Jones, leader of the National Clandestine Service that has no name, calls on Storm to investigate. Storm determines that an unknown extremist has secured enough of the rare earth element promethium to create a laser with the power to shoot down planes from the ground. The problem swiftly becomes a global one as four more planes crash in the Arabia Desert. Details, intuition and courage lead Storm to Monaco, Panama City and Egypt as he meets beautiful women, rides angry camels and rescues innocent victims in his valiant effort to track down the maniacal mind behind the terrorism.

An ISIS-style beheading of a journalist, carried out by a New York City group pledging fealty to that rogue state, becomes more than just another case for NYPD Captain Nikki Heat when the killers announce their next target: her husband, magazine writer Jameson Rook. Meanwhile, Heat is haunted by a fleeting glimpse of someone she swears is her mother... a woman who has been dead for nearly twenty years.

Evocative Autoethnography

**In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'.**

**The following year, the two speeches were published as A Room of One's Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, The Guardian 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, The Financial Times**

**Top NYPD Homicide Detective Nikki Heat and her partner, journalist Jameson Rook, pursue the elusive former CIA station chief who ordered the execution of her mother over a decade ago. But their quest for the old spy unearths an alarming terror plot that has already entered its countdown phase. Complicating their mission, a serial killer boldly names his next victim:**

### **Detective Heat.**

**A resource for middle and high school teachers offers activities, lesson plans, experiments, demonstrations, and games for teaching physics, chemistry, biology, and the earth and space sciences.**

**En la tercera novela de la «Serie Castle» la sexy e intrépida detective Nikki Heats se encuentra en graves problemas... El famoso periodista James Rook es el único que puede ayudarla y hacer que el calor aumente. El insólito asesinato de un sacerdote en un club sadomasoquista neoyorquino abre el caso más apasionante y peligroso de Nikki Heat hasta el momento, en el que tendrá que hacer frente al narcotraficante más corrupto de Nueva York, a un arrogante asesor externo de la CIA y a un misterioso escuadrón de la muerte decidido a acabar con ella a tiros. Y eso es solo la punta de un iceberg que destapa una siniestra conspiración que salpica a las más altas esferas de la policía de Nueva York. Pero en el momento en que se acerca demasiado a la verdad, Nikki es desprestigiada, despojada de su placa y abandonada a su suerte como blanco perfecto de unos asesinos, sin nadie en quien confiar. Salvo quizá en el único hombre de su vida que no es policía: el periodista Jameson Rook. En pleno invierno neoyorquino, el más frío de los últimos cien años, hay algo que Nikki está decidida a demostrar: que aumenta el calor. La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores. ### **High Heat**

En el segundo libro de la «Serie Castle», la implacable y sexy detective Nikki Heat y el famoso periodista Jameson Rook se enfrentan a un explosivo caso en el que se ven implicados principales personajes de la prensa rosa, un mundo repleto de secretos, tapaderas y escándalos. Cuando la columnista de cotilleos más despiadada de Nueva York, Cassidy Towne, aparece muerta, Nikki Heat descubre toda una galería de posibles sospechosos, y todos tienen motivos de peso para haber asesinado a la más temida destapadora de escándalos de Manhattan. La investigación del asesinato de Nikki se complica con la reunión sorpresa que tiene con el famoso periodista Jameson Rook. Su ruptura todavía está muy reciente y Nikki prefiere no tener que cargar con ese áspero bagaje emocional. Aunque la intromisión en el caso del atractivo y sobradamente intelectual escritor, ganador de un premio Pulitzer, la obligará a formar equipo con él una vez más. Los residuos no resueltos de su conflicto romántico y la creciente tensión sexual llena todo el aire mientras Nikki y Jameson se embarcan en la búsqueda de un criminal entre famosos y gánsteres, cantantes y prostitutas, atletas profesionales y políticos avergonzados. La «Serie Castle» está compuesta por los libros escritos por Richard Castle, protagonista de la serie de televisión Castle, que triunfa con más de 1.500.000 de espectadores. Reseñas: «Richard Castle es un maestro. Cada vez lo hace mucho mejor que la anterior. Calor desnudo es la prueba.» Michael Connelly, autor de bestsellers de The New York Times «Calor desnudo es una novela llena de menciones a canciones, actores y películas que se mezclan con el eje central del libro, que es resolver el asesinato de Cassidy Towne, y que te hará pasar un buen rato.» Neveradelibros

The tenth Nikki Heat novel, set in the universe of the Castle TV series. New York police captain Nikki Heat is accustomed to dealing with murders, even those with no leads and no motives. However, when a coed is murdered on campus, Heat's husband is a suspect, making this case the most personal one yet. Marriage. It's a double-edged sword, or at least it is for Nikki Heat. Her husband, Pulitzer Prize-winning journalist Jameson Rook, infuriates her in a way no one else in her entire life has ever done. He also takes her to heights of pleasure she has never experienced. But most of all, she loves the man with all her heart and she'd do anything to protect him—which is just what she had done not so long ago. It almost cost them everything. Now Rook is given the honor to be a visiting professor at his alma mater, and he can't pass up the opportunity to mentor burgeoning writers at his award-winning college newspaper. But shortly after his arrival on campus, a female reporter for the paper is found dead... naked... in Rook's bed. Dealing with betrayal from any man is not Nikki's style. She and Jameson have had plenty of conflicts during their complicated relationship, but none like this. Is her husband keeping secrets, or can she really trust him? In order to find out, Nikki gives Jameson the benefit of the doubt and digs into his theory of a secret society within a secret society. What she finds puts her investigative skills, and her marriage, to the test.
