

Organizing From The Inside Out

An unparalleled exploration of NOW's trajectory, from its founding to the present—and its future A new wave of feminist energy has swept the globe since 2016—from women's marches and the #MeToo movement to transwomen's inclusion and exclusion in feminism and participation in institutional politics. Amid all this, an organization declared dead or dying for thirty years—the National Organization for Women—has seen a membership boom. NOW presents an intriguing puzzle for scholars and activists alike. Considered one of the most stable organizations in the feminist movement, it has experienced much conflict and schism. Scholars have long argued that factionalism is the death knell of organizations, yet NOW continues to thrive despite internal conflicts. Fighting for NOW seeks to better understand how bureaucratic structures like NOW's simultaneously provide stability and longevity, while creating space for productive and healthy conflict among members. Kelsy Kretschmer explores these ideas through an examination of conflict in NOW's local chapters, its task forces and committees, and its satellite groups. NOW's history provides evidence for three basic arguments: bureaucratic groups are not insulated from factionalism; they are important sites of creativity and innovation for their movements; and schisms are not inherently bad for movement organizations. Hence, Fighting for NOW is in stark contrast to conventional scholarship, which has conceptualized factionalism as organizational failure. It also provides one of the few book-length explorations of NOW's trajectory, from its founding to the modern context. Scholars will welcome the book's insights that draw on open systems and resource dependency theories, as well as its rethinking of how conflict shapes activist communities. Students will welcome its clear and compelling history of the feminist movement and of how feminist ideas have changed over the past five decades.

In Time to Parent, the bestselling organizational guru takes on the ultimate time-management challenge—parenting, from toddlers to teens—with concrete ways to structure and spend true quality time with your kids. Would you ever take a job without a job description, let alone one that requires a lifetime contract? Parents do this every day, and yet there is no instruction manual that offers achievable methods for containing and organizing the seemingly endless job of parenting. Finding a healthy balance between raising a human and being a human often feels impossible, but Julie Morgenstern shows you how to harness your own strengths and weaknesses to make the job your own. This revolutionary roadmap includes: A unique framework with eight quadrants that separates parenting responsibilities into actionable, manageable tasks—for the whole bumpy ride from cradle to college. Simple strategies to stay truly present and focused, whether you're playing with your kids, enjoying a meal with your significant other, or getting ahead on that big proposal for work. Clever tips to make the most of in-between time—Just 5-15 minutes of your undivided attention has a huge impact on kids. Permission to take personal time without feeling guilty, and the science and case studies that show how important self-care is and how to make time for it.

From Caldecott honoree LeUyen Pham, Outside, Inside is a moving picture book celebrating essential workers and the community coming together to face the challenges of the global COVID-19 pandemic. Something strange happened on an unremarkable day just before the season changed. Everybody who was outside went inside. Outside, it was quieter, wilder, and different. Inside, we laughed, we cried, and we grew. We remembered to protect the ones we love and love the ones who protect us. While the world changed outside, we became stronger on the inside and believed that someday soon spring would come again.

This volume brings together empirical and conceptual papers that go beyond questions of idea generation to account for the dynamics of idea development, judgement, and dissemination - processes which are at the heart of organizing for innovation.

When Organizing Isn't Enough

Organize Your Emotions, Optimize Your Life

Declutter Your Mind to Declutter Your World

IS IT ME OR IS IT THEM? Maintaining control in today's hectic workplace is a challenge -- everything is lean, competitive, and uncertain. What does it take to survive? Making Work Work is Julie Morgenstern's most important book yet. Through the mastery of brand-new strategies, Morgenstern shows you how small changes in your thinking and behavior will help you achieve the seemingly impossible -- boost your value, increase your job security, and afford you the time to still have a life. Morgenstern has helped clients of all levels take control of their work lives in every industry: from corporations and nonprofits to government agencies and small businesses; from executives and assistants to educators and salespeople. She's learned that no matter who you are, happiness at work involves feeling appreciated, in control, successful, and in balance. And achieving that is possible. People rarely look at their jobs from a psychological and practical perspective at the same time, but Julie Morgenstern does. This book mirrors the individual consulting services she provides by showing you how to start with yourself and then tackle the more complex external issues of working relationships and the job. For every obstacle you encounter along the way, Morgenstern diagnoses the source of the problem (is it you or them?), and with insight and warmth, she provides simple grab-and-go strategies. These are small changes anyone can make to improve performance and efficiency at work. At its core, Making Work Work is about your relationship to your job. With the reliable, methodical process taught in this book, you will:

- feel less trapped and

more in charge • be able to make a bad situation better • search for a job that's a better fit for who you are. This is a provocative and life-changing book that will help you boost your clarity, confidence, and performance in any economic climate. With Morgenstern's guidance you can find a way to make work work.

Lessons from the groundbreaking grassroots campaign that helped launch a new political revolution Rules for Revolutionaries is a bold challenge to the political establishment and the "rules" that govern campaign strategy. It tells the story of a breakthrough experiment conducted on the fringes of the Bernie Sanders presidential campaign: A technology-driven team empowered volunteers to build and manage the infrastructure to make seventy-five million calls, launch eight million text messages, and hold more than one-hundred thousand public meetings—in an effort to put Bernie Sanders's insurgent campaign over the top. Bond and Exley, digital iconoclasts who have been reshaping the way politics is practiced in America for two decades, have identified twenty-two rules of "Big Organizing" that can be used to drive social change movements of any kind. And they tell the inside story of one of the most amazing grassroots political campaigns ever run. Fast-paced, provocative, and profound, Rules for Revolutionaries stands as a liberating challenge to the low expectations and small thinking that dominates too many advocacy, non-profit, and campaigning organizations—and points the way forward to a future where political revolution is truly possible.

CLUTTER FREE SOLUTIONS FOR AN ORGANIZED HOME Real Life Organizing offers clutter free storage solutions and advice that can help you create a Pinterest worthy home on a small budget: Learn how to organize your home, simplify life and have more time for the things you love. Organizational expert Cassandra 'Cas' Aarssen, the guru from YouTube's ClutterBug channel, reveals her tips, tricks and secrets to a clean and clutter free home in just 15 minutes a day. In Real Life Organizing: Get a Clean and Clutter-Free Home in Just 15 Minutes, you will learn how to: • Create a Household Management Binder • Make a "Kids Cupboard" in your kitchen • Create an IN/OUT system • Organize paperwork based on your unique style • Create a Kitchen Command Center • Organize your holidays with a gift closet • Build the best toy organizing system • And, enjoy a DIY Pinterest home

NEW YORK TIMES BESTSELLER • From the stars of the Netflix series Get Organized with The Home Edit (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. "A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way."—Glamour (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it's not hard to do—in fact, it's a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea's signature approach to decluttering. The Home Edit walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don't need another do-over in six months. When you're done, you'll not only know exactly where to find things, but you'll also love the way it looks. A masterclass and look book in one, The Home Edit is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there's nothing like a little ROYGBIV to soothe the soul). Above all, it's like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).

A person doesn't have to be a consensus organizer to think like one. Consensus Organizing: A Community Development Workbook A Comprehensive Guide to Designing, Implementing, and Evaluating Community Change Initiatives helps students and practitioners begin to think like consensus organizers and incorporate this way of strategic thinking into their lives and their work. Through a wide range of exercises, role-play activities, case scenarios, and discussion questions, this workbook presents the conceptual framework for consensus organizing and provides a practical and experiential approach to understanding and applying consensus organizing to address a range of issues. This workbook is designed to be used by itself or along with Mike Eichler's text Consensus Organizing: Building Communities of Mutual Self Interest (SAGE, 2007). Accompanying Website Instructors and students have access to the many activities and cases on the accompanying website at

There's no magic or mystery to creating an organized life, but this useful book provides hundreds of tips to help streamline your life.

Morgenstern presents her three-step plan: analyze, strategize, attack.

Have you ever wished you had the time and tools to organize your house in a clutter-free, design-conscious, Pinterest-worthy way? From storage solutions and cleaning tips to secret space-saving methods and expert strategies, *The Complete Book of Home Organization* is packed with the tips and shortcuts you need to effectively organize your home. From small spaces and apartment solutions to how to tackle a big, messy home with a 15-week total home organization challenge, this book covers it all. *The Complete Book of Home Organization* spells out everything you need to de-clutter your house, store your belongings, and keep your home—and life—in tip-top shape. With high-quality design, intricate detail, and a durable flexicover—this manual is the perfect gift! Organize the 30 main spaces of your home, including the living and dining spaces, bedrooms and bathrooms, guest areas, baby and kids' rooms, utility spaces and garages, entryways and offices, patios and decks, closets and pet areas! Keep track of your pantry, holiday and craft supplies, weekly menu planning, keepsakes, and schedules. From the basement to the attic, this book covers every nook and cranny. With step-by-step instructions, detailed illustrations, and handy checklists, say goodbye to a messy home and wasted storage space!

In 1991, Columbia University's one thousand clerical workers launched a successful campaign for justice in their workplace. This diverse union -- two-thirds black and Latina, three-fourths women -- was committed to creating an inclusive movement organization and to fighting for all kinds of justice. How could they address the many race and gender injustices members faced, avoid schism, and maintain the unity needed to win? Sharon Kurtz, an experienced union activist and former clerical worker herself, was welcomed into the union and pursued these questions. Using this case study and secondary studies of sister clerical unions at Yale and Harvard, she examines the challenges and potential of identity politics in labor movements. With the Columbia strike as a point of departure, Kurtz argues that identity politics are valuable for mobilizing groups, but often exclude members and their experiences of oppression. However, Kurtz believes that identity politics should not be abandoned as a component in building movements, but should be reframed -- as multi-identity politics. In the end she shows an approach to organizing with great potential impact not only for labor unions but for any social movement.

Dive into the essential features in Microsoft Word 2010, Excel 2010, OneNote 2010, Outlook 2010, and PowerPoint 2010. This supremely organized reference is packed with hundreds of timesaving solutions, troubleshooting tips, and workarounds. No muscle and no fluff. Let the experts help you become at ease and proficient with every program in the Office family. Organize your looking documents using expert formatting tips. Build spreadsheets for complex calculations and data analysis. Save your web pages, and more in a notebook. Create dynamic slides and video-powered presentations. Expertly manage your business information. Protect your security and safeguard private information. Collaborate with Windows Live SkyDrive and SharePoint.

Time management is a skill anyone can learn. Take control of your schedule, connect the activities of your daily life to your big-picture goals, and live the life of your dreams. Julie Morgenstern shows you how.

First published in 1971, *Rules for Radicals* is Saul Alinsky's impassioned counsel to young radicals on how to effect social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of the political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Before Paine, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

What's the favorite four-letter word of people who are less than fully organized? "Help!" So many technological, social, and economic changes affect your life that you need organization just to keep up, let alone advance. Many people have the office and one taking care of things at home. If you have a family, you may count that as a third job. Caring for children or have community commitments? You can count off four, five, and keep right on going. No matter what life stage you're in, being organized can make every day better and help you achieve your long-term goals. *Organizing For Dummies* is for anyone who wants to Polish his or her professional reputation Experience less stress Increase productivity Build better relationships Manage your time Organization isn't inherited. With the human genome decoded, the evidence is clear: DNA strings dedicated to planning are in place and managing your time like a pro are nonexistent. Instead, organization is a learned skill set. *Organizing For Dummies* helps you gain that skill with topics such as: Understanding how clutter costs you in time, money, and health Training yourself to be organized and developing a plan Cleaning house, room by room, from basement to attic (including the garage) Creating functional space for efficiency and storage Time-management strategies for home, office, and travel Scheduling, delegating, and multitasking Making time for your family Managing your health – physical and financial Finding time for love Organizing your closet Cashing in on a great garage sale Getting organized is about unstuffing your life, clearing out the dead weight in place, putting things in their closet to your calendar to your computer, and then installing systems that keep the good stuff in its place. *Organizing For Dummies* is an enlightening experience that can enhance your effectiveness and lessen your stress every day – and it's all yours for the asking. Saying "No" to clutter.

The ultimate guide to getting your life in order—with hundreds of practical and empowering ideas, projects, and tips—from America's most trusted lifestyle authority Trust Martha to help you master all things organizing—sorting, purging, tidying, and simplifying your life—with smart solutions and inspiration. Here, she offers her best guidance, methods, and DIY projects for organizing in and around your home. Topics include room-by-room strategies (how to sort office paperwork, when to purge the garage or attic), seasonal advice (when to swap out bedding and clothing, how to put away holiday decorations), and day-by-day or week-by-week plans for projects such as de-cluttering, house cleaning, creating a filing system, overhauling the closet, and more. Martha's indispensable expertise walks you through goal-setting, principles of organizing, useful supplies, and creating systems for ongoing success. A look into Martha's own personal calendars offers a template for scheduling essential tasks. Last, plenty of strategies, how-tos, timelines, and checklists will help you stay organized all year long.

Find your focus with this transformative guide from an organizational psychologist and Marie Kondo, the #1 New York Times bestselling author of *The Life-Changing Magic of Tidying* and star of the Netflix series *Tidying Up with Marie Kondo*. Marie Kondo's first book, *The Life-Changing Magic of Tidying*, sparked a new wave of publishing and became an international bestseller. Now, for the first time, you will be guided through the process of tidying up your work life – digitally and physically. Whether you're working at home, in the office, or a combination of the two, if you properly simplify and organize your work life once, you'll never have to do it again. In *Joy at Work*, KonMari method pioneer Marie Kondo and organizational psychologist Scott Sonenshein will help you to refocus your mind on what's important at work, and as their examples show, the results can be truly life-changing. With advice on how to improve the way you work, the book features advice on problem areas including fundamentals like how to organize your digital and physical desktop, finally get through your emails and find balance by ditching distractions and focusing on what sparks joy.

How best to adapt established companies to a rapidly changing economy has long been a topic of debate in both the corporate and academic worlds. This challenge is especially pressing for large organizations that may have grown top-heavy and rigid with time but now need to be light on their feet to stay relevant and profitable. Until now, the best attempts have consisted of plucking tools and methods from the world of start-ups and applying them wholesale in large corporate environments. Most of these efforts have either fizzled or failed outright because they lacked a framework for a comprehensive corporation-sized rollout. *The Loop Approach* introduces a new series of methods that could help change the course of operations for even the most colossal organizations. Sebastian Klein and Ben Hughes provide a wide-ranging set of guidelines for achieving corporate agility, complete with checklists and worksheets that should prove instantly applicable. Want proof? The methods outlined in *The Loop Approach* have already been successfully implemented at such European corporate giants as Audi, Deutsche Bahn, and Telekom. Professional organizer Peter Walsh presents this witty and enormously practical guide to getting it—and keeping it—all together. With more than 500 easy-to-follow how-to instructions, *How to Organize (Just About) Everything* is packed with shrewd advice and insider tips to make your home, your workplace—indeed, every imaginable aspect of your life—run more smoothly. Step-by-step solutions help even the most organizationally challenged take on: Kids Schedules Storage Photos Lists Politics Education Remodels Meals Weddings Finances Holidays Parties Vacations Emergencies

From a top wellness coach and a Harvard Medical School professor, comes this revolutionary book that will show you how to identify and decode your nine most basic emotional needs—and coach yourself to a calmer, healthier, and happier life. The more you thrive, the better your brain functions, and you're able to perform at the best level. Your health improves. You enjoy life more. When you're thriving, your stress level is down, your confidence is up, and the internal frenzy is tamed by a poised, self-assured mind. But if you're like the majority of Americans, you may be, in psychological terms, languishing rather than flourishing—surviving instead of thriving. For many, feeling overwhelmed and out of balance has become normal, a consequence of overlooking basic emotional needs. The key to reaching a happy, healthy state is by tapping into, not tuning out, your distinct emotions, and listening to the inner monologue inside your mind. *Organize Your Brain, Optimize Your Life* combines the worlds of self-help, psychology, and medical science to guide you to a place of self-management and control. This insightful, approachable book will teach you how to identify, decode, and assess the nine most basic emotions that rule your brain and to recognize each of these voices and act accordingly to achieve a wide range of goals—from weight loss to career management. Coach your brain to gain deeper insight of your individual needs and live life to your maximum potential.

Olivier Wieviorka's history of the French Resistance debunks lingering myths and offers fresh insight into social, political, and military aspects of its operation. He reveals not one but many interlocking homegrown groups often at odds over goals, methods, and leadership. Yet, despite a lack of unity, these fighters braved Nazism without blinking. Expert organizer and New York Times bestselling author Julie Morgenstern teaches you how to get rid of the physical, mental, and time clutter that's keeping you from the life you want. Julie Morgenstern has made a career out of helping her clients get organized. But in the process, she discovered something surprising: for many of her clients, organizing isn't enough. For those who are eager to make a change in their lives—a new job, a new relationship, a new stage in life—they need to get rid of the old before they can organize the new. They need to SHED their stuff before they can change their lives! So

Julie created the SHED process—a four-step plan to get rid of the physical, mental, and schedule clutter that holds back so many of us. But SHEDding isn't just about throwing things away! Julie teaches that it's just as important to focus on what comes before and after you leave the clutter, so that the changes you make really stick in the long term. Learn about: • Separating the treasures (figuring out what really matters) • Leaving the rest (undertaking the tough work of eliminating excess) • Embracing your true identity (figuring out who you really want to be) • Driving yourself forward (achieving real change now that the past isn't holding you back any longer) Whether you're facing a move, a promotion, an empty nest, a marriage, divorce, or retirement, SHED Your Stuff, Change Your Life provides a practical, transformative plan for positively managing change in every aspect of your life.

The Life-changing Magic of Tidying Up

Time to Parent

Although mainstream gay rights organizations have tended to imagine their community as primarily middle class, an overwhelming number of lesbians and gays are working class, and many are already union members. Out at Work identifies the important parallels between the labor and gay rights movements and their shared work of foregrounding human rights, fighting homophobia, and embracing the full range of sexual expression.

MAKE YOUR COMPANY A FORCE FOR GOOD You're ambitious. You're not afraid to take risks. You want to bring about positive social change. And while your peers have left a trail of failed start-ups in their wake, you want to initiate change from within an established company, where you can have a more far-reaching,

even global impact. Welcome to the club—you're a social intrapreneur. But even with your enviable skill set, your unwavering social conscience, and your determination to change the world, your path to success is filled with challenges. So how do you get started and maintain your momentum? Changing Your Company from the Inside Out provides the tools to empower you to jump-start initiatives that matter to you—and that should matter to your company. Drawing on lessons from social movements as well as on the work of successful intrapreneurs, Gerald Davis and Christopher White provide you with a guide for creating positive social change from within your own organization. You'll learn how to answer four key questions:

- When is the right time for change? Learn how to read your organization's climate.
- Why is this a compelling change? Use language and stories to connect your initiative to your organization's mission, strategy, and values.
- Who will make this innovation possible? Identify the decision makers you need to persuade and the potential resisters you need to steer around.
- How can you mobilize your supporters to collaborate on your innovation? Use the online and offline tools and platforms that best support your initiative.

This book is a road map for intrapreneurs seeking to reshape their companies into drivers of positive change. If you want to spearhead social innovation from within your company, use this book as your guide.

Döstädning, or the art of death cleaning, is a Swedish phenomenon by which the elderly and their families set their affairs in order. Whether it's sorting the family heirlooms from the junk, downsizing to a smaller place, or setting up a system to help you stop misplacing your keys, death cleaning gives us the chance to make the later years of our lives as comfortable and stress-free as possible. Whatever your age, Swedish death cleaning can be used to help you de-clutter your life, and take stock of what's important. Margareta Magnusson has death cleaned for herself and for many others. Radical and joyous, her guide is an invigorating, touching and surprising process that can help you or someone you love immeasurably, and offers the chance to celebrate and reflect on all the tiny joys that make up a long life along the way.

From Organizing from the Inside Out for Teens: Jessi Says What's My Payoff? My bedroom is my home base and keeping it organized is a must. If my room isn't in solid condition, it's difficult to keep the rest of my life on track. Here are some other reasons that motivate me to keep my room organized: - My room is the only space on the entire planet that is solely mine. - My organized room allows me to maximize my space and time. - My room boosts my confidence. - My room gives others (especially my mom!) confidence in me. - Organizing my room allows me to do what I want, when I want.

Outside, Inside

From the professional named "Best Organizer in Los Angeles," a comprehensive, week-by-week bible to completely streamline all aspects of your life—from your closets to your finances. Who would you be if you felt at peace and had more time and money? An organized life enables you to have more freedom, less aggravation, better health, and to get more done. For nearly twenty years, Regina Leeds has helped even the messiest turn their lives around. One Year to an Organized Life is a unique week-by-week approach that you can begin at any time of year. Regina helps you break down tasks and build routines over time so that life becomes simple, not overwhelming. Whether you're living in chaos or just looking for new ways to simplify, this essential book will help you get the whole household organized—and stay that way.

Get Yourself Permanently Organized With the Right Mindset Life today is so fast-moving that sometimes it becomes tough for us to catch up with it. We often find ourselves distressed about the multiple tasks that we have to do at any given time. If you sit back and think on it, you will remember endless situations where you found yourself stressed out. Perhaps you constantly wonder where your life is heading. But like it or not, you have to deal with the fact that life will keep moving at a fast pace and that you have to keep up with it. The most successful managers, entrepreneurs, homemakers, students, or any other individuals you come across are the ones who lead an organized life.

Organized doesn't only mean a sorted table or a prearranged kitchen closet; by organized, we mean an organized mindset. Hence, we reveal to you the secret to a successful and stress-free life: an ORGANIZED MINDSET. Get---and stay---organized! Let your natural inclinations guide you toward gaining control of your environment and learn to live life on your own terms. Drawing on the science of brain function and her experience as a professional organizer, Lanna Nakone offers tailored and specific advice that will actually work to help you tame your desk, unclutter your closet, manage your time, and save your sanity. Take the Brain Style quiz to determine which of the four parts of the brain you rely on the most to process information, and which organizing style complements your brain function. If you rely on the *Posterior left section of your brain, you're a Maintaining Style. You develop and follow routines well and adhere to traditional organizing methods. *Frontal right section of your brain, you're an Innovating Style. Artistically creative, you have a unique stacking system that no one else understands. *Posterior right section of your brain, you're a Harmonizing Style. Valuing interconnectedness with your family or coworkers, you need to be organized enough to keep your environment peaceful. *Frontal left section of your brain, you're a Prioritizing Style. Adept at analyzing data, you prefer to delegate organizing. Chapters specific to each type offer practical tips and strategies for implementing an organizing system, maintaining your system, and coexisting with different brain styles. Insightful and understanding, Organizing for Your Brain Type turns the task of managing your life into an enjoyable experience.

Grassroots organizing and collective action have always been fundamental to American democracy but have been burgeoning since the 2016 election, as people struggle to make their voices heard in this moment of societal upheaval. Unfortunately much of that action has not had the kind of impact participants might want, especially among movements representing the poor and marginalized who often have the most at stake when it comes to rights and equality. Yet, some instances of collective action have succeeded. What's the difference between a movement that wins victories for its constituents, and one that fails? What are the factors that make collective action powerful? Prisms of the People addresses those questions and more. Using data from six movement organizations—including a coalition that organized a 104-day protest in Phoenix in 2010 and another that helped restore voting rights to the formerly incarcerated in Virginia—Hahrie Han, Elizabeth McKenna, and Michelle Oyakawa show that the power of successful movements most often is rooted in their ability to act as “prisms of the people,” turning participation into political power just as prisms transform white light into rainbows. Understanding the organizational design choices that shape the people, their leaders, and their strategies can help us understand how grassroots groups achieve their goals. Linking strong scholarship to a deep understanding of the needs and outlook of activists, Prisms of the People is the perfect book for our moment—for understanding what's happening and propelling it forward.

“A fascinating survey of the digital age . . . An eye-opening paean to possibility.” —The Boston Globe “Mr. Shirky writes cleanly and convincingly about the intersection of technological innovation and social change.” —New York Observer An extraordinary exploration of how technology can empower social and political organizers For the first time in history, the tools for cooperating on a global scale are not solely in the hands of governments or institutions. The spread of the internet and mobile phones are changing how people come together and get things done—and sparking a revolution that, as Clay Shirky shows, is changing what we do, how we do it, and even who we are. Here, we encounter a woman who loses her phone and recruits an army of volunteers to get it back from the person who stole it. A dissatisfied airline passenger who spawns a national movement by taking her case to the web. And a handful of kids in Belarus who create a political protest that the state is powerless to stop. Here Comes Everybody is a revelatory examination of how the wildfirelike spread of new forms of social interaction enabled by technology is changing the way humans form groups and exist within them. A revolution in social organization has commenced, and Clay Shirky is its brilliant chronicler.

Somehow, no matter how hard some people try to change their messy habits, they just can't seem to keep their homes in any kind of order. Magazines and books and television shows offer all kinds of advice and tactics for keeping a house organized and neat and livable. But what some people need is not more advice but a change in their mindsets.

Organizing for Life helps readers understand why they seem to be inherently messy people, exposing the lies they tell themselves and introducing the truth about how they really can have a clean, inviting home. Felton helps readers focus on overcoming the roadblocks that keep them in a permanently messy state in order to change their habits for good.
