One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like Johny Mera Naam, Jugnu, Andaz, Seeta Aur Geeta, Sholay and, more recently, Baghban, she received critical acclaim for her performances in Lal Patthar, Khushboo, Kinara, Meera, Ek Chadar Maili Si and Razia Sultan. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, Hema Malini: Beyond the Dream Girl covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our

greatest cinema icons, someone who has truly lived life on her own terms.

Learn to: see beyond what you perceive as selfish requests- your partner's and your own conquer the selfish hot spots that flare up in your relationship understand all the differences, fears, and preferences that come between couples Through anecdotes and quizzes, and drawing from Dr. Jane Greer's more than twenty years of experience in relationship counseling, What About Me? will teach readers what's reasonable to expect of themselves and their partners, equip them with the tools to move from "me" to "we," and get them back on track to happily ever after. Bollywood Sounds focuses on the songs of Indian films in their historical, social, commercial, and cinematic contexts. Author Jayson Beaster-Jones takes readers through the highly collaborative compositional process, highlighting the

contributions of film directors, music directors (composers), lyricists, musicians, and singers in song production. Through close musical and multimedia analysis of more than twenty landmark compositions, Bollywood Sounds illustrates how the producers of Indian film songs have long mediated a variety of musical styles, instruments, and performance practices to create a uniquely cosmopolitan music genre. As an exploration of the music of seventy years of Hindi films, Bollywood Sounds provides long-term historical insights into film songs and their musical and cinematic conventions in ways that will appeal both to scholars and to newcomers to Indian cinema.

This innovative book is a forward-looking reflection on mental decolonisation and the postcolonial turn in Africanist scholarship. As a whole, it provides five decennia-long lucid and empathetic research involvements by seasoned scholars who came to live, in local people's own ways, significant daily events experienced by communities, professional networks and local experts in various African contexts. The book covers materials

drawn from Botswana, Cameroon, the Democratic Republic of Congo, Mozambique, Nigeria, South Africa and Tanzania. Themes include the Whelan Research Academy, rap musicians, political leaders, wise men and women, healers, Sacred Spirit churches, diviners, bards and weavers who are deemed proficient in the classical African geometrical knowledge. As a tribute to late Archie Mafeje who showed real commitment to decolonise social sciences from western-centred modernist development theories, commentators of his work pinpoint how these theories sought to dismiss the active role played by African people in their quest for self-emancipation. One of the central questions addressed by the book concerns the role of an anthropologist and this issue is debated against the background of the academic lecture delivered by René Devisch when receiving an honorary doctoral degree at the University of Kinshasa. The lecture triggered critical but constructive comments from such seasoned experts as Valentin Mudimbe and Wim van Binsbergen. They excoriate anthropological knowledge on account that the anthropologist, notwithstanding

his or her social and cognitive empathy and intense communication with the host community, too often fails to also question her own world and intellectual habitus from the standpoint of her hosts. Leading anthropologists carry further into great depth the bifocal anthropological endeavour focussing on local people's re-imagining and re-connecting the local and global. The book is of interest to a wide readership in the humanities, social sciences, philosophy and the history of the African continent and its relation with the North.

A productive and highly important branch of Nevari literature is poetry. The songs reflect the thought of the Nevars, their way of life, religious belief, their history and folklore. The greatest possible variety of genres and styles have been included in the present anthology. Most of the songs included, religious hymns as well as folksongs and ballads, are still very popular among Nevars. In order to facilitate reading and consultation, the whole corpus of the songs collected has been grouped into four principle sections, namely Religious Poetry, Songs about Love and Marriage, Epic Poetry, Didactic and Enigmatic Verses. The book contains two appendices. While the first lists the talas and ragas, as they are given in the various anthologies published in Nepal, the Second makes an attempt to transpose two songs into the European system of music. The translations are quite faithful and every effort has been made to preserve the spirit and flavour of the original. Contents Preface, Introduction, Translation, I. Religious Poetry: 1. Illustrations: 3 Maps Description: History of the Sikhs is a five volume series dealing with all aspects-religious, philosophical, political, military, social, economic and cultural, and the contribution of Sikhism to world civilization, in particular to human rights, principles of liberty, equality and fraternity, and to the creed of democracy and secularism. The aim is to present a comprehensive view of the rise, growth and development of Sikh thought and action almost in every direction. The entire series is based on original contemporary sources in English, Gurmukhi, Marathi, Persian and Urdu known to exist in India and abroad. This first volume gives the story of Ten Masters who provided leadership to the downtrodden people of the Punjab both in religious and political fields for about two centuries. Their aim was to remove the bitterness that had

persisted between the rulers and their subjects for the past five hundred years. They wished to create a new society based upon mutual brotherhood, and freedom of thought, expression and action. It was under the circumstances almost an impossible task. But there is nothing like a dream to create the future. Utopia today, flesh and blood tomorrow. Man's onward march requires that the heights around him should be ablaze with noble and glorious deeds of valour and self-sacrifice to serve as guiding lights. Such evolutionary and revolutionary models were furnished by Guru Arjan, Guru Tegh Bahadur, Guru Gobind Singh, and his four sons- Ajit Singh (18 years), Jujhar Singh (14 years), Zorawar Singh (8 years), and Fatah Singh (5 years)-as well as by their numerous disciples like Bhais Mati Das, Sati Das and Dayal Das. The main feature of this book are: A critical appraisal of Guru Nanak's Janam Sakhis, justification for celebrating Guru Nanak's birthday in November instead of in April, Guru Nanak's compositions, Mardana's death at Baghdad, how Amritsar developed into a Sikh centre, Guru Arjan's martyrdom, why Guru Hargobind took to militarism, Guru Har Rae's residence at Nahan, Hukam Namas of Guru Tegh Bahadur, Guru Gobind Singh's formula of five into five, his literary works and Hukam Namas, Emperor Bahadur Shah's pious fraud, eminent personalities and instructions, impact of Gurus'; teachings on Indian society, and why Jats became followers of Khatri Gurus.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

The traditional understanding of Shiva told through stories and teachings from the Shiva Mahapurana • Explains Shiva's contradictory forms, such as destroyer or benefactor, and how his form depends on the needs of the devotee • Reveals how Shiva's teachings allow one to see through the illusions at the root of all grief and alienation in human life • Explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya Shiva, the most ancient and complex deity of the Hindu pantheon, has been portrayed in many contrasting lights: destroyer and benefactor, ascetic and householder, wild demon slayer and calm yogi atop Mount Kailash. Drawing from the Hindu sacred text the Shiva Mahapurana--said to be written by Shiva himself--Vanamali selects the essential stories of Shiva, both those from his dark wild side and those from his benevolent peaceful side. Vanamali discusses Shiva's many avatars such as Shambunatha and Bhola, as well as Dakshinamurti who taught the shastras and

tantras to the rishis. She explores Shiva's relationships with Durga, Shakti, Sati, and Parvati and with his sons Ganesha and Kartikeya. Examining Shiva's acceptance of outsiders, Vanamali explains why ghosts and ghouls are his attendants and why his greatest devotees are demon kings, like Ravana. She includes famous Shiva stories such as the Descent of the River Ganga and Churning the Milky Ocean as well as those that reveal the origin of the festival of lights, Diwali; his creation of the cosmic couple, or hierogamos; and how Shiva and Parvati taught the world the secrets of Kundalini Shakti. The author also draws upon Shaivite teachings to illustrate the differences between Western science and Vedic science and their explanations for the origins of consciousness. Integrating Shiva's two sides, the fierce and the peaceful, Vanamali reveals that Shiva's form depends on the needs of the devotee. Understanding his teachings allows one to see through the illusions at the root of all grief and alienation in human life, for Shiva is the wielder of maya who does not fall under its spell. While Ganesha is known as the remover of obstacles, Shiva is the remover of tears.
