

Paper Bag Princess Drama Activities

The creators of the Caldecott Medal book, *Saint George and the Dragon*, tell the Arthurian tale of Sir Gareth of Orkney's first adventure. The Knights of the Round Table were in their glory. When an unknown stranger visits the castle and asks King Arthur's favor, he is allowed to serve in the kitchen for his meat and bread. Little does anyone suspect that he is of noble blood and will soon be knighted by the famous Sir Lancelot. Lush illustrations bring the reader into the book, as Sir Gareth meets adventures and battles to free a princess from the fearsome Red Knight of the Plain. Based on an excerpt from Sir Thomas Malory's *Le Morte D'Arthur* and in consultation with both the famous Caxton and Winchester texts, this enduring story of gallant knights in armor, epic battles, and quests fulfilled has broad appeal for young adventurers.

Another laugh-out-loud book from the author of *The Paper Bag Princess*! Everyone is copying Stephanie's ponytail! No matter which way she wears it, the list of copycats keeps growing. But when Stephanie declares her next hair style, she tries to shake all of her followers loose. A newly designed Classic Munsch picture book introduces this tale of trend-setting hairdos to a young generation of readers.

Eight Stage Adaptations for Young Performers

Sustaining the Vision Through Action Research

Disney Princess: Activity Bag

Presents simple stage adaptations, suitable for school use, of eight stories by Canadian author Robert N. Munsch, along with staging suggestions and ideas for easily obtainable sets, props, and costumes.

This book describes the work of a number of professionals who have used action research to improve the quality of their organization and their classrooms. Underpinning all the accounts is the idea that shared values and a shared vision are central to improvement in education. The accounts show how the writers use action research methods to question traditionally held assumptions and interpretations about educational management and classroom practice. They are then able to put forward new theories and strategies which will help other educators to achieve a higher quality of education. The book provides valuable source material for all those involved in professional development, research methodology or educational management.

This clever companion to *This Is a Ball and Did You Take the B from My _ook?* is the perfect read-aloud for the giggling masses who love Hervé Tullet's *Press Here*, Lane Smith's *It's a Book!*, and BJ Novak's *The Book With No Pictures*. The *Books That Drive Kids CRAZY!* series offers parents, teachers, and storytellers a hilarious script for fun reading time with children. In book 3, *This Book Is Red*, something is clearly bonkers when the narrator insists that frogs and penguins are obviously the same color as lobsters--and the claims get more outrageous from there. What is up with this nonsense? Kids will demand to know--and all readers will be howling with laughter all along the way. With strikingly simple text and art, *Books That Drive Kids CRAZY!* are ideal picks for emergent readers.

'*Learning Through Drama*' contains drama strategies and lesson plans for use with primary school children across the curriculum. The book provides guidance to teachers who have never taught drama before but are considering using it in a subject area such as science or history and offers new approaches to those familiar with common drama techniques (such as hot-seating and teacher in role). The book includes 36 drama strategies and over 250 cross-curricular activities, including practical ideas for inspiring speaking, listening and writing. 'This book is a beautifully laid-out, easy to use resource, full of imaginative and practical ideas to help learning become much more memorable and inspirational.' - Hilary Lewis (Drama Consultant). 'Even the well-practiced and creative drama teacher will find

something in this book that serves as a refresher, reminder or quite simply a new idea... a must-have publication for those serious about the teaching of drama in primary school settings.' - Teaching Drama magazine.

There was once an emperor who was only interested in one thing, his clothes. He spent all his money on his outfits and had a different one for every time of day and every occasion. One day, two thieves arrived in town pretending to be weavers who knew how to make the most beautiful and sophisticated fabrics, which had the marvellous property of only being visible to those who did their job well.. It was the perfect offer for our king, who immediately placed an order. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.
