It Took Me 3 Months to Play My First Song - But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided - like every other person to ever pick up the guitar! I took the "traditional" method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that - to simplify things - to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say - "You need to learn theory to be a real guitarist" Well..... Wrong! Not everyone needs to know theory - why do you need to learn all the boring theory if it's of no use to you? Why is this forced upon all guitarists?
