The National Book Award-winning novel—and contemporary classic—that launched the brilliant career of Gloria Naylor “ [A] shrewd and lyrical portrayal of many of the

realities of black life . . . Miss Naylor bravely risks sentimentality and melodrama to write her compassion and outrage large, and she pulls it off triumphantly.” –The New York Times Book Review This e-book includes a foreword by Tayari Jones. In her heralded first novel, *Gloria* Naylor weaves together the stories of seven women living in Brewster Place, a bleak-inner city sanctuary, creating a powerful, moving portrait of the strengths, struggles, and hopes of black women in America. Vulnerable and resilient, openhanded and openhearted, these women forge their lives in a place that in turn threatens and

protects—a common prison and a shared home. Naylor renders both loving and painful human experiences with simple eloquence and uncommon intuition. Adapted into a 1989 ABC miniseries starring Oprah Winfrey, *The Women of Brewster Place* is a touching and unforgettable read.

told cases, Dr Shepherd shares autopsies that span the seven ages of human existence, and have taught him as much about the marvels of life as the inevitability of death. From old to young, from murder to misadventure, and from illness to accidental death, each of these bodies has something to reveal: about human development, about mortality, about its owner's life story, about justice and even about Shepherd himself. From the bestselling author of *Unnatural Causes* comes a powerful, moving and above all reassuring book about death as it touches our own lives - how to understand it, and, when our time comes (as

sea witch in the beloved Disney film adaptation of Hans Christian Andersen's "The Little Mermaid." As far back as the eighth century B.C., sailors in Homer's Odyssey stuffed wax in their ears to resist the Sirens, who lured men to their watery deaths with song. More than two thousand years later, the gullible New York public lined up to witness a mummified "mermaid" specimen that the enterprising showman P. T. Barnum swore was real. The Penguin Book of Mermaids is a treasury of such tales about merfolk and water spirits from different cultures, ranging from Scottish selkies to Hindu water-serpents to Chilean sea fairies. A third of the selections are published here in English for the first time, and all

Richard Stokes's notes and commentaries constantly illuminate the language and themes of the poems and their settings in unexpected ways. An awareness of how Ben Jonson based his famous poem 'Drinke to me, onely, with thine eyes' on a Greek original, for example, increases our enjoyment of both the poem and the traditional song; knowledge of Thomas Hardy's relationships with women deepens our appreciation of songs by Ireland, Finzi, Britten and others; Charles Dibdin's 'Tom Bowling', played each

A bold and uncompromising feminist manifesto that shows women and girls how to defy, disrupt, and destroy the patriarchy by embracing the qualities they've been trained to avoid. Seizing upon the energy of the #MeToo movement, feminist activist Mona Eltahawy advocates a muscular, out-loud approach to teaching women and girls to harness their power through what she calls the "seven necessary sins" that women and girls are not supposed to commit: to be angry,

ambitious, profane, violent, attention-seeking, lustful, and powerful. All the necessary “sins” that women and girls require to erupt. Eltahawy knows that the patriarchy is alive and well, and she is fed the hell up: Sexually assaulted during hajj at the age of fifteen. Groped on the dance floor of a night club in Montreal at fifty. Countless other injustices in the years between. Illuminating her call to action are stories of activists and ordinary women around the world—from South Africa to China, Nigeria to India, Bosnia

something monumental happened. That supercontinent ruptured and seven different worlds were born. Each of those worlds - or continents - evolved, and continues to evolve, its own way of life. From the jungle of the Congo or the majestic Himalayas to the densely populated wilds of Europe or the comparatively isolated Australasia, *Seven Worlds, One Planet* explores the natural wonders that give each of our continents its distinct character. Following the animals that have made these iconic environments their home, it discovers spectacular wildlife stories that reveal what makes each of these seven worlds unique. With a foreword by Sir David Attenborough and over 250 breathtaking images, including stills from the BBC Natural History Unit's spectacular footage, *Seven Worlds, One Planet* is a stunning exploration of the planet, and the worlds

"One of the best books of its kind in decades." —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He

explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool

for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full. "It's a pillar," says one. "It's a fan," says another. One by one, the seven blind mice investigate the strange Something by the pond. And one by one, they come back with a different theory. It's only when the seventh mouse goes out-and explores the whole Something-that the mice see the whole truth. Based on a classic Indian tale, Ed Young's beautifully rendered version is a treasure to enjoy again and again. "Immensely appealing."(The Horn Book, starred review)

Why do so many swear words involve sex, bodily functions, religion? Why are some words rude and others aren't? Why can launching into expletives be so shocking - and sometimes so amusing? Steven Pinker takes us on a fascinating and fun journey through the world of profanities, taken from his bestselling *The Stuff of Thought*, to show us why we swear (whatever our language or culture), how taboos change and how we use obscenities in different ways. You'll discover that in Québécois French the expression 'Tabernacle' is outrageous, that the Middle Ages were littered with four-l

words, that 'scumbag' has a very unsavoury origin and that in a certain Aboriginal language every word is filthy when spoken in front of your mother-in-law. Covering everything from free speech to Tourette's, from pottymouthed celebrities to poetry, this book reveals what swearing tells us about how our minds work. (It's also a bloody good read).
