*First published in 1989. Routledge is an imprint of Taylor & Francis, an informa company.*

*New York City's Broadway district is by far the most prestigious and lucrative venue for American performers, playwrights, entertainers and technicians. While there are many reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater, this is the first single-volume book to cover all of the activities on Broadway between 1919 and 2007. More than 14,000 productions are briefly described, including hundreds of plays, musicals, revivals, and specialty programs. Entries include famous and forgotten works, designed to give a complete picture of Broadway's history and development, its evolution since the early twentieth century, and its rise to unparalleled prominence in the world of American theater. The productions are identified in terms of plot, cast, personnel, critical reaction, and significance in the history of New York theater and culture. In addition to a chronological list of all Broadway productions between 1919 and 2007, the book also includes approximately 600 important productions performed on Broadway before 1919.*

Various themes and styles are represented in this anthology of comic and tragic works by Black American playwrights.

The poems of Into These Knots, Ashley Anna McHugh's debut collection, glance from heaven to earth, from earth to heaven, interrogating and elucidating in elegant and supercharged speech ultimate questions and intimate foibles. With equal parts intelligence and passion, Ms. McHugh can quarrel with scripture or riff on the amorous pleadings of Andrew Marvell or the stark musings of Baudelaire. In "Cairns," a brilliant sequence that plays with the boundaries of the sonnet, mountain hikes in rural West Virginia trace, among other things, the difficult pathways to the divine.

The Routledge Companion to African American Theatre and Performance is an outstanding collection of specially written essays that charts the emergence, development, and diversity of African American Theatre and Performance—from the nineteenth-century African Grove Theatre to Afrofuturism. Alongside chapters from scholars are contributions from theatre makers, including producers, theatre managers, choreographers, directors, designers, and critics. This ambitious Companion includes: A "Timeline of African American theatre and performance." Part I "Seeing ourselves onstage" explores the important experience of Black theatrical self-representation. Analyses of diverse topics including historical dramas, Broadway musicals, and experimental theatre allow readers to discover expansive articulations of Blackness. Part II "Institution building" highlights institutions that have nurtured Black people both on stage and behind the scenes. Topics include Historically Black Colleges and Universities (HBCUs), festivals, and black actor training. Part III "Theatre and social change" surveys key moments when Black people harnessed the power of theatre to affirm community realities and posit new representations for themselves and the nation as a whole. Topics include Du Bois and African Muslims, women of the Black Arts Movement, Afro-Latinx theatre, youth theatre, and operatic sustenance for an Afro future. Part IV "Expanding the traditional stage" examines Black performance traditions that privilege Black worldviews, sense-making, rituals, and innovation in everyday life. This section explores performances that prefer the space of the kitchen, classroom, club, or field. This book engages a wide audience of scholars, students, and theatre practitioners with its unprecedented breadth. More than anything, these invaluable insights not only offer a window onto the processes of producing work, but also the labour and economic issues that have shaped and enabled African American theatre.

THE STORY: The dream-like setting is a walled community, from which the characters ceaselessly try to escape, without success. Only Don Quixote, who calls himself an unashamed victim of romantic folly, has access to the outside. Kilroy is a centra

James Baldwin was beginning to be recognized as the most brilliant black writer of his generation when his first book of essays, Notes of a Native Son, established his reputation in 1955. No one was more pleased by the book's reception than Baldwin's high school friend Sol Stein. A rising New York editor, novelist, and playwright, Stein had through the long and sometimes agonizing process of putting the volume together and seeing it into print. Now, in this fascinating new book, Sol Stein documents the story of his intense creative partnership with Baldwin through newly uncovered letters, photos, inscriptions, and an illuminating memoir of the friendship that resulted in one of the two works they created together—the story “Dark Runner” and the play Equal in Paris, both published here for the first time. Though a world of difference separated them—Baldwin was black and gay, living in self-imposed exile in Europe; Stein was Jewish and married, with a growing family to support—the two men shared the same fundame and writing the truth, which was not always welcome. As Stein wrote Baldwin in a long, heartfelt letter, “You are the only friend with whom I feel comfortable about all three: heart, head, and writing.” In this extraordinary book, Stein unfolds how that shared passion played out in the months surrounding the creation and publication of Baldwin's illuminated. A literary event published to honor the eightieth anniversary of James Baldwin's birth, Native Sons is a celebration of one of the most fruitful and influential friendships in American letters.

Explores and analyses the way disability is portrayed in drama, and how that portrayal may be interpreted by young audiences. Investigating how disabilities have been represented on stage in the past, this book discusses what may be inferred from plays which feature disabled characters through a variety of critical approaches.

**"The recognition and study of African American (AA) artists and public intellectuals often include Martin Luther King, Jr., and occasionally Booker T. Washington, W.E.B. DuBois, and Malcolm X. The literary canon also adds Ralph Ellison, Richard White, Langston Hughes, and others such as female writers Zora Neale Hurston, Maya Angelou, and Alice Walker. Yet, the acknowledgement of AA artists and public intellectuals tends to skew the voices and works of those included toward normalized portrayals that fit wellwithin foundational aspects of the American myths reflected in and perpetuated by traditional schooling. Further, while many AA artists and public intellectuals are distorted by mainstream media, public and political characterizations, and the curriculum, several powerful AA voices are simply omitted, ignored, including James Baldwin. This edited volume gathers a collection of essays from a wide range of perspectives that confront Baldwin's impressive and challenging canon as well as his role as a public intellectual. Contributors also explore Baldwin as a confrontational voice during his life and as an enduring call for justice."**

The fundamentals of a human's life on this planet have not changed very much over the millennia. The world is large and indifferent to the suffering of its denizens, its inhabitants. Perhaps there is a God who is not indifferent. Perhaps there is no such God. There are, however, people who suffer. Those people sometimes wonder about their suffering, their place in this world, and, forgive the expression, God knows what else. You Die at the End: Meditations on Mortality and the Human Condition is William Ferraiolo's attempt to contemplate a few elements of the human condition from the perspective of an individual, middling effort to manage a human life. Perhaps this will prove worthy of the reader's time and effort. The author hopes to be of service. The author frequently fails. Sometimes, the author blunders into a brief, useful moment of clarity. Read on to find out if this book serves as a useful blunder.

It is no wonder low self-esteem is a universal concern. Sometimes the whole challenge of life seems to be creating self-esteem out of an environment of wrong-sided life circumstances. And everyone faces the same challenge.This devotional is about strengthening your self-esteem by using a force greater than ourselves—our Creator. This book hopes to open doors to upgraded, enduring self-esteem by citing various Bible passages that may go unnoticed to the casual reader but are rich in targeted application. In them, readers will enter the path to greater appreciation of themselves and acquire what God desires for all of us.God knows the problem of low self-esteem. He sent a Savior who says, "Ask whatever you wish and it shall be granted to you." Jesus is the Savior of low self-esteem, too.The Bible is not a self-help book. It is a transformational book. Between its covers lies an expanse of wisdom and knowledge laid out for the reader like a tray full of jewels. Let's uncover some of those jewels as they apply to broken self-esteem.

This volume brings together nineteen important articles by Pamela M. King, one of the foremost British scholars working on Early English Drama. Unique to this collection are five articles on the ‘living’ traditions of performances in Spain, discussing their origins and the modes of production that are used. Several articles use modern literary theory on aspects of early drama, whilst others consider drama in the context of late medieval poetry. The volume also includes a rich collection of articles on English scriptural plays from surviving manuscripts.

On the Subject of Drama

Black Enterprise

Although much has been written on how the drama elements of the English curriculum might be taught in schools, there is less guidance available for teachers who regard drama not as an adjunct of English but as an arts subject in its own right. In this volume, David Hornbrook and a team of experienced drama specialists show how the subject of drama may be defined and taught. Drawing on literature, visual art, music and dance as well as the rich and varied traditions of drama itself, they map out an eclectic subject curriculum for students of all ages. Opening up the field in new and exciting ways, the book embraces the widest possible range of dramatic knowledge and skills, from the Natyashastra of ancient India to contemporary classroom improvisation. The book is divided into three sections: The teaching and learning of drama: ideas about interculturalism, creativity and craft - key concepts informing the drama curriculum - are interrogated and re-theorised for the classroom. Making and performing drama in school: the fundamental processes of reading and writing plays for performance are explored, along with the potential of dance to enhance and extend students' experience of dramatic performance. Watching and understanding drama: ensuring the curriculum is appropriately balanced between the production and reception of drama, this last section emphasises the role of students as audience - for both live and electronic performances - and the development of a dramatic vocabulary.

A metaphysical interpretation of the New Testament, which teaches oneness as the only truth, and surrender (or letting go) as the practice that leads to spiritual enlightenment. NTI stresses the importance of willingness, acceptance, gratitude, mind-watching and trust on the path of enlightenment while teaching the reader to let go of unworthiness, fear, guilt and false (or separation-based) thinking. NTI has been described as a love letter and as a loving approach to letting go of the ego. Following on from the strength of A Course in Miracles NTI teaches us how to experience the oneness of God here and now by showing us exactly how to release the obstacles that prevent us from having that experience.

Poet, playwright, novelist, and public figure, Langston Hughes is regarded as a cultural hero who made his mark during the Harlem Renaissance. A prolific author, Hughes focused his writing on discrimination in and disillusionment with American society. His most noted works include the novel Not Without Laughter, the poem "The Negro Speaks of Rivers," and the essay The Negro Artist and the Racial Mountain, to name just a few. Langston Hughes, New Edition features compelling critical essays that create a well-rounded portrait of this great American writer. An introductory essay by Harold Bloom and a chronology tracing the major events in Hughes's life add further depth to this newly updated study tool.

Winner of the 2019 PEN/Jacqueline Bograd Weld Award for Biography Winner of the Lambda Literary Award for LGBTQ Nonfiction Winner of the Shilts-Grahn Triangle Award for Lesbian Nonfiction Winner of the 2019 Phi Beta Kappa Christian Gauss Award A New York Times Notable Book of 2018 A revealing portrait of one of the most gifted and talented artists and intellectuals of the twentieth century. Lorraine Hansberry, who died at thirty-four, was by all accounts a force of nature. Although best-known for her work A Raisin in the Sun, her short life was full of extraordinary experiences and achievements, and she had an unflinching commitment to social justice, which brought her under fire from the FBI. While her close friends and contemporaries, like James Baldwin and Nina Simone, have been rightly celebrated, her story has been diminished and relegated to one work—until now. In 2018, Hansberry will get the recognition she deserves with the PBS American Masters documentary “Lorraine Hansberry: Sighted Eyes/Feeling Heart” and Imani Pineda’s biography, Looking for Lorraine. After the success of A Raisin in the Sun, Hansberry used her prominence in myriad ways: challenging President Kennedy and his brother to take bolder stances on Civil Rights, supporting African anti-colonial leaders, and confronting the romantic racism of the Beat poets and Village hipsters. Though she married a man who was a member of the Communist Party, she was not a Communist. She was a woman who, in the face of censure and the prospect of being outed, joined one of the nation’s first lesbian organizations. Hansberry associated with many activists, writers, and musicians, including Malcolm X, Langston Hughes, Duke Ellington, Paul Robeson, W.E.B. Du Bois, among others. Looking for Lorraine is a powerful insight into Hansberry’s extraordinary life—a life that has inspired generations of writers and artists.

The Affects, Cognition, and Politics of Samuel Beckett’s Postwar Drama and Fiction

A Workbook for Actors and Directors

Revolutionary and Evolutionary Paradoxes

Catalog of Copyright Entries

*The Affects, Cognition, and Politics of Samuel Beckett’s Postwar Drama and Fiction: Revolutionary and Evolutionary Paradoxes theorizes the revolutionary and evolutionary import of Beckett’s works in a global context defined by increasingly ubiquitous and insidious mechanisms of capture, exploitation, and repression, alongside unprecedented demands for high-volume information-processing and connectivity. Part I shows that, in generating consistent flows of solidarity-based angry laughter, Beckett’s works sabotage coercive couplings of the subject to social machines by translating subordination and repression into processes rather than data of experience. Through an examination of Beckett’s attack on gender/ class-related normative injunctions, the book shows that Beckett’s works can generate solidarity and action-oriented affects in readers/ spectators regardless of their training in textual analysis.*

*Part II proposes that Beckett’s works can weaken the cognitive dominance of constrictive “frames” in readers’ audiences, so that toxic ideological formations such as the association of safety and comfort with simplicity and “sameness” are rejected and more complex cognitive operations are welcomed instead—a process that bolsters the mind’s ability to operate at ease with increasingly complex, malleable, extensible, and inclusive frames, as well as with increasing volumes of information.*

*The Cambridge Guide to African and Caribbean Theatre draws on the highly regarded Cambridge Guide to World Theatre (1989), and updates and refocuses material to offer a specific view of traditional and contemporary theater activity in English-, French-, and Portugese-speaking Africa, and the Hispanic and English-speaking Caribbean. This volume traces the ancient and complex roots of African theater--still evident in community festivals and religious rituals--through the centuries of colonial domination, to the African diaspora and its manifestation in Caribbean theater. National essays are followed by alphabetically arranged entries on the major figures in the theatrical arts of that country. Theater buffs and those concerned with African and Caribbean heritage will find much to interest them in this authoritative reference work.*

The play centers on the dilemma of the congregation of a Harlem storefront church when they realize Sister Margaret, their leader, is not a saint.

This collection of Alan Bennett's work includes his first play and West End hit, Forty Years On, as well as Getting On, Habeus Corpus, and Enjoy. Forty Years On 'Alan Bennett's most gloriously funny play ... a brilliant, youthful perception of a nation in decline, as seen through the eyes of a home-grown school play ... a classic.' Daily Mail Getting On Winner of the Evening Standard Best Comedy Award in 1971, Getting on is an account of a middle-aged Labour MP, so self-absorbed that he remains blind to the fact that his wife is having an affair with the handyman, his mother-in-law is dying, his son is getting ready to leave home, his best friend thinks him a fool and that to everyone who comes into contact with him he is a self-esteeming joke. Habeus Corpus 'After two elegiac comedies about the decline of old England, Mr Bennett has now written a gorgeously vulgar but densely plotted facre that is a downright celebration of sex and the human body ... a combination of hurtling action with verbal brilliance.' Guardian Enjoy Enjoy uncannily foresaw the attitudes to English working-class life now enshrined in themeparks. 'The classic tug in Bennett between childhod Yorkshire and intellectual sophistication has never been better, or more daringly expressed.' Observer
