your family and friends. If you know someone who loves Snail themed gift ideas then they will be sure to love this adult coloring book too!

Children who love to color and who delight in solving puzzles will find this book a double treat. Anna Pomaska's charmingly drawn, imaginative scenes, peopled by elves, fairies, and other magical and ordinary creatures, have the added attraction of hidden objects ? animals, numbers, letters, and other items ? cleverly worked into the designs. Thirty-one pictures include all kinds of objects to hunt for while coloring:

Malacological Review

The basis of the subject matter in this book is necessarily morphological. The author has described the appearance of nearly all the invertebrates. It has been author s earnest behaviour to present all the important aspects of zoology in a well-balanced account. The book will serve to suggest to the imagination of young students the poetic side of animal life and of nature generally. This books is
