Power Love

The two main ways that people try to solve their toughest group, community and societal problems are fundamentally flawed. They either push for what they want at all costs--in it's most extreme form this means war--or try to completely avoid conflict, sweeping problems under the rug in the name of a superficial "peace." But there is a better way: combining these two seemingly contradictory approaches. Adam Kahane

argues that each is a reflection of two distinct, fundamental drives: power, the single-minded desire to achieve one's solitary purpose; and love, the drive towards unity. They are inextricable parts of human nature, so to achieve lasting change you have to be able to work fluidly with both. In fact, each needs the other. As Martin Luther King put it, "Power without love is reckless and abusive, and love without power is sentimental and anemic." Kahane delves deeply in the dual nature of power and love, exploring their

complex and intricate interplay. With disarming honesty he relates how, through trial and error, he learned to balance between them, shifting from one to the other as though learning to walk--at first falling, then stumbling forward, and finally moving purposefully toward true, lasting reconciliation and progress. For the last 20 years Kahane has worked around the world on a variety of challenges: economic development, food security, health care, judicial reform, peace making, climate change. He has worked with

The God who set aside power in order to live out love--fully expressing that love on Calvary's tree--is at the core of the Christian message to the world. Yet in the centuries since Christ's refusal to yield to Satan's temptation to establish his kingdom through economic, political, and religious power, the Church has struggled to make the same refusal. In *Choose Love Not Power*, scholar, activist, and modern-day prophet Tony Campolo explores the relationship between love and power, beginning with an examination of Jesus' life and working toward a "theology of power" for Christians today. He surveys the implications of choosing love over power when it comes to the global community's most pressing issues--environmental degradation, economic

inequality and instability, and perpetual war. Dr. Campolo suggests that the choice between love and power begins close to home: Christ-followers who choose love over power in marriage and in parenting will likewise opt for love in their churches, communities, and governments. The growing number of believers seeking a more authentically Christlike way to be Christian in a diverse, pluralistic society will be challenged and encouraged by this unflinching look at Jesus's example of love.

websites don't tell you that. For a lot of people, it's a big waste of money and time. For a lot of women, it's like fake flattery. A new female joins a dating website. All of a sudden, she's got 100 e-mails from guys interested in her but she doesn't know that these guys do this to every new female member. She thinks they're interested in her because of what she said in her profile and how she looks. Let's say she goes on 50 dates. Forty eight will be frogs or no match. The guy she feels comfortable with might live three thousand miles away. It's not just that. It's the myth that if you post a profile up, love is just around the corner. You still gotta deal with the real world, meet someone face to face and start a real relationship. There's another thing too. Explore the emotional sensations of the many facets of love and affection that bring people together with one of the twentieth century ' s greatest spiritual teachers. One of the most important life events is falling in love, yet we never learn about it in school. Societies and religions force us into models and thought-forms that are often in opposition to an organic model of love, which is instead institutionalized by marriage, religious affiliations, and nationalism. This results in love that is, for most people, a painful challenge in one form or another throughout life. In these modern days, where the focus shifts more and more to realizing one ' s individual potential, Osho ' s *The Power of Love: What Does It Take for Love to Last a Lifetime?* helps us to direct our

search for love by widening our view—showing us that love has many manifestations and is not limited to the “ other ” . One manifestation of love is meditation, a life-changing experience that allows the flowering of real love within oneself and toward others. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “ 1000 Makers of the 20th Century ” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The other girl was anorexic and all messed up psychologically. house to house to find what everyone shares?and what everyone shares?is loss. It's the universal experience. Although we all will grieve the loss of our loved ones, we can learn how to reconnect with them. Through prayer and meditation, we can shift our awareness from the physical to the non-physical. We can witness firsthand that death is but an illusion. We can heal. We can find joy again. Author Heather Scavetta discovered that reality when she began developing her clairvoyant abilities after the death of her daughter, Elizabeth, in 2004. In *The Power of Love*, Scavetta shares her personal journey of receiving visions and afterlife communication from her daughter, loved ones, and spirit guides who encourage her to persevere through her grief. Having no previous ability, Scavetta shows that opening up spiritual gifts is accessible to everyone. Through personal examples, she shares how

A story of celebration about the amazing and wonderful experiences that occurred since Elizabeth's transition, *The Power of Love* narrates one family's story of how they opened their spiritual gifts to see, hear, and feel—and to know beyond any doubt—their daughter never left their side.

In *The End of Divine Truthiness*, Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love. With urgent resolve, Greene answers Martin Luther King, Jr.'s pointed challenge to overcome "reckless and abusive . . . power without love," and "sentimental and anemic . . . love without power." Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless

love sends the poor away empty. Wielding Stephen Colbert's word "truthiness" as a scalpel, Greene slices out one perilous theology after another to restore the wholesome truth that God is love. Supported by three world religions--Buddhism, Christianity, and Taoism--he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love. To reunify love and power here in the world, as King challenges, it is time to abandon ideologies of divine power that devastate divine love and promote atrocities. Greene's call for "the end of divine truthiness" heralds a new day for the God whose love is power and whose power is love.

His Holiness The Dalai Lama said, 'My religion is kindness.' Sounds so simple, yet so profound. Do we not read in the Bible, 'God is love'? And all of God's revelation is summed up in this:

'Love God and love others.' Regardless of caste, creed, nationality, colour of skin and religion, we are all created by God, and one of the reflections of that is love and kindness. We are living in the ice age of emotions. Believe it or not, the number one killer in this generation is loneliness. Why do millions die of starvation? In part, because love and kindness have been dying in the human heart, with selfishness and greed taking over. Think about it, the world is full of pain, violence, devastation, yet we can go on because there are some who are kind and compassionate. This collection of short stories, written by Athanasius Yohan I, tales from his encounters with people where small acts of kindness and goodwill have made changes in people's lives. A perfect read for those who yearn to experience the beauty of life and love.

The power of love has become a renewed matter of feminist and

Where To Download Power Love

non-feminist attention in the 21st century's theory debates. What is this power? Is it a form of domination? Or is it a liberating force in our contemporary societies? Within *Feminism and the Power of Love* lies the central argument that, although love is a crucial site of gendered power asymmetries, it is also a vital source of human empowerment that we cannot live without. Instead of emphasizing "either-or", this enlightening title puts the dualities and contradictions of love center stage. Indeed, by offering various theoretical perspectives on what makes love such a central value and motivator for people, this title will increase one's understanding as to why love can keep people in its grip - even when practiced in ways that deplete and oppress. In light of such analyses, the contributions within *Feminism and the Power of Love* present new perspectives on the conditions and characteristics of

Where To Download Power Love

non-oppressive, mutually enhancing ways of loving. Bridging the gap between Feminist Affect Studies and Feminist Love Studies, this book will appeal to undergraduate and postgraduate students, including postdoctoral researchers, interested in fields such as women's and gender studies, sociology, political science, philosophy, cultural studies and sexuality studies.
