Spanish Grammar Drills, Third Edition

A Boot Camp is a type of training that has physical, mental and emotional elements to build strength and endurance that, with time, gets to be performed with ease. A lean and healthy body comes from a persistent discipline and a systematic lifestyle. Likewise, life comes with boats of challenges designed to make us heal - mentally and spiritually. Life is a school and a correctional facility where, once we are mentally and spiritually conditioned, all the trials become opportunities to transmute our obscure and fearful experiences into love and miracles. Bootcamp in Miracles, the author shares valuable elements for a spiritual mind training mostly based on the principals of the A Course in Miracles (ACIM). In a simple language, the first part of the book brings psychology, neuroscience and Quantum Physics basics to make the theoretical part of non-dualistic mystical teachings more down to earth, reasonable and understandable. A good example is the common fundamental concept of the ACIM, Buddhism and Vedanta that life is an illusion when we all feel it so real and solid. Part two is a recollection of personal experiences where the author put the teachings into practice and the lessons into perspective; as by the end of the day, miracles are a change in perspective. This book shares how these elements can merge the gap between a conceptual understanding to a more practical and engaging spiritual path. Theology and words alone cannot make one experience the complexity of our Divine nature. Transmuting our mental ego junk is the only 'workout' that will make us awake and happy; it is the only discipline that will make us conscious of how perfect we really are!

Even before the pandemic brought on a crushing wave of stress, anxiety, isolation and financial struggle, there was a growing mental health crisis - exacerbated by a digital-first culture that is putting untold pressure on a generation of young people. Poppy Jamie has made it her life's mission to do something about this and share the actionable, science-backed solutions we can all use to rewire our daily thoughts and break damaging patterns for good - those same ones that she used to piece herself back together after suffering from chronic anxiety and burnout. Happy Not Perfect, the book, sets out her 'Four-Step Flex Framework' that will enable readers to bend and stretch their negative thought pathways into better shape, unravel their emotional blockages, raise their energy levels, move through challenges with confidence and create a life aligned with their deepest values and aspirations. Blending cutting-edge science from the world's leading experts, straight-talking spirituality and the very soul of Poppy's own experiences, she is an author who's been there and wants to equip us with the tools, knowledge and methods we can use to navigate our hardest days, become adaptable, re-write old habits and fears and snap us out of autopilot, to start building a brighter future. * Poppy says 'The Flex is about committing to compassionate action to change our realities. Life will never be perfect, and our happiness lies in the beautiful acceptance of that. This book is about digging deeper into our psyche to heal the root of our thinking and as we all carry emotional wounds, micro or macro, taking the time to understand the root of the stories we tell ourselves, is essential in rewriting new scripts moving forward. * "Poppy is one of my favourite voices in the world, always in pursuit of understanding, information, and empathy." - Jameela Jamil * "For the past four years Poppy has been campaigning for better mental well-being education and accessible tools - she is inspirational and makes complex problems easy to understand." - Suki Waterhouse
