status as highly powerful nations, China, Korea and Japan love to hate each other. Why? In search of an answer, Michael Booth journeys across East Asia to explore the mutual animosity that frequently threatens to draw the world into all-out war. From misjudged cake decorations to electoral meddling, contradictory origin myths to territorial disputes, this deeply researched and hugely entertaining book shows that no conflict is too small to keep the fires of neighbourly hostility burning. 'A fine summary of East Asian cultures and conflicts...useful, fact-packed and readable'

learners and make them think. As well as building students' language skills, it offers a holistic approach to learning: developing their thinking skills, encouraging them to reflect on values and building their self-confidence. Topics are chosen to appeal to and challenge teenagers, firing their imagination and ensuring effective learning. Exam-style exercises and tips help students prepare for Cambridge English Key, Preliminary and First. Informed by the Cambridge English Corpus, the course reflects real language usage and 'Get it right' sections help students avoid common mistakes.

Got It!, Level 2

Got it! is a course which is comprehensive and innovative in its range of resources, but also offers support and flexibility for the teacher. How does it achieve this? By presenting grammar through dialogues or texts and following up with more detailed analysis,

students are able to check their understanding of meaning and context. They are encouraged to try out new structures and are given opportunities to explore the meaning and usage of new language before it is presented and practised more formally. This allows them to discover the language intuitively for themselves and this sense of achievement helps to motivate them. With a strong emphasis on dialogue work and personalization, students are able to understand how the language can work for them. Targeted skills lessons develop this and build their competence further. The

outstanding range of components means that every lesson can be varied and exciting. Whether you prefer using print or digital, or a combination of the two, all the resources are at your fingertips - giving you maximum support and flexibility. Maintaining motivation is always a challenge with teenagers, so the topics for each unit have been carefully chosen to help them become culturally aware. In addition, the broad range of issues covered develops their understanding of values. The course for teachers who want to get their students communicating with confidence.

videokes that allow students to record themselves and play different roles. Class Audio CDs, including audio from the Student's Book and Workbook, are sold separately.

The course that gets students talking.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without

## Bookmark File PDF Respuestas American English 2

money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: *The Phonology of English as an International Language*). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember
