Many people love the American Southwest without truly understanding it. Ross Randall Calvin did and we are the richer for it. Calvin began his search as a pilgrim health-seeker, believing he had left the “known world” behind when he fled the East for New Mexico. There he soon found to our benefit that he could use his observational skills and intellect to fashion a picture that helped him and us comprehend those unique factors that make New Mexico what it is—its history, people, culture, climate, and so much more. Those lessons learned he shared with us. His books and essays can open our eyes to New Mexico if we but heed them. Calvin’s story as discoverer and interpreter unfolds in rich detail in this essential work.
