Ancient cultures have left written evidence of a variety of scientific texts. But how can/should they be translated? Is it possible to use modern concepts (and terminology) in their translation and which consequences result from this practice? Scholars of various disciplines discuss the practice of translating ancient scientific texts and present examples of these texts and their translations.

Another generation of MacGregor bachelors finds true love...when they aren't even looking! It worked with his granddaughters. Now Daniel MacGregor, powerful patriarch of the MacGregor clan and self-proclaimed matchmaker, wants to see his three handsome and eligible grandsons married. Unfortunately, D.C., Duncan and Ian have their own busy lives, and they insist on remaining stubbornly single. So their grandfather finds the perfect women to tempt, tease and torture the three bachelor cousins all the way to the altar! D.C. is an artist, and he needs a woman with a backbone, a woman with brains and ambition. Duncan always plays the odds, but now Daniel wants him to gamble in the biggest game of all: the game of love. Ian isn't going to escape the meddling ways of his grandfather, either. Keeping in mind his grandson's sweet nature and gentle heart, Daniel is certain that he's found Ian the perfect lass. And you can be sure that if Daniel MacGregor wants something, he will stop at nothing to get it! Originally published in 1998, this final MacGregor romance will capture your heart.

Methodological Aspects with Examples

Dresdnisches Magazin, oder Ausarbeitungen und Nachrichten zum Behuf der Naturlehre, der Arzneykunst, der Sitten und der schönen Wissenschaften

In the first comprehensive and analytical study of therapeutic concepts and practices in China, Paul Unschuld traced the history of documented health care from its earliest extant records to present developments. This edition is updated with a new preface which details the immense ideological intersections between Chinese and European medicines in the past 25 years.

Was wird mit der Menschheit geschehen, wenn das letzte Puzzleteil gesetzt ist? Das große Finale der »Puzzler«-Saga. Rafik, der Puzzler, war ein Kind, bevor er sich in die größte Bedrohung seiner Welt verwandelte. Er gab seine körperliche Existenz auf, doch der Tod bedeutet für Rafik nicht das Ende. Dies gilt auch für den letzten Überlebenden der Gilde der Historiker: Funkelauge konnte Rafik im Kampf nicht besiegen, doch nun erhält er eine zweite Chance. Er kehrt von den Toten zurück und reist in die zwielichtige Stadt der Türme, wo schweres Geschütz und eine große Portion Glück vonnöten sein werden, um zu überleben. Denn Funkelauge wird verfolgt von seiner Vergangenheit, einem tödlichen Geheimnis und einem Mörder aus einer vergangenen Zeit. Alle Bücher der Serie: Das schwarze Mal Die schwarze Maske

An Incredibly Powerful Novel You Won't Be Able to Put Down

Lehrbuch der Pädiatrie

An easy-to-understand, up-to-date guide on the highly publicized drug, DMSO DMSO—dimethyl sulfoxide—is a simple by-product of wood and has been called a “miracle” drug, capable of relieving pain, diminishing swelling, reducing inflammation, encouraging healing, and restoring normal function. In this groundbreaking work, award-winning health science writer Dr. Morton Walker examines the powerful and compelling case for the use of DMSO in the treatment of many debilitating disease and health-related problems. In DMSO: Nature’s Healer, Dr. Walker cites documented cases of its astounding use in healing and prevention of a host of health disorders, including arthritis, stroke, cancer, mental retardation, and sports and auto injuries. He also recounts the dramatic story of the long struggle to gain FDA approval of DMSO.
