

Seventh Day Adventist Second Quarterly 2014

"Deuteronomy, The Book of Love is a review of the primary themes of the fifth book of the Bible. It shows how Deuteronomy expands on God's previous revelation, providing practical advice on how the Israelites are to live in the new territory He is giving them. It also reminds them to revere God and maintain a loving and obedient relationship with him"--

Seventh-day Adventists and the Civil Rights Movement is the first in-depth study of the denomination's participation in civil rights politics. It considers the extent to which the denomination's theology influenced how its members responded. This book explores why a brave few Adventists became social and political activists, and why a majority of the faithful eschewed the movement. Samuel G. London, Jr., provides a clear, yet critical understanding of the history and theology of the Seventh-day Adventist Church while highlighting the contributions of its members to political reform. Community awareness, the example of early Adventist pioneers, liberationist interpretations of the Bible, as well as various intellectual and theological justifications motivated the civil rights activities of some Adventists. For those who participated in the civil rights movement, these factors superseded the conservative ideology and theology that came to dominate the church after the passing of its founders. Covering the end of the 1800s through the 1970s, the book discusses how Christian fundamentalism, the curse of Ham, the philosophy of Booker T. Washington, pragmatism, the aversion to ecumenism and the Social Gospel, belief in the separation of church and state, and American individualism converged to impact Adventist sociopolitical thought.

Beginning with the destruction of Jerusalem and continuing through the persecutions of Christians in the Roman Empire, the apostasy of the Dark Ages, the shining light of the Reformation, and the worldwide religious awakening of the nineteenth century, this volume traces the conflict into the future, to the Second Coming of Jesus and the glories of the earth made new. In this concluding volume, the author powerfully points out the principles involved in the impending conflict and how each person can stand firmly for God and His truth.

Schism is the first ethnographic and historical study of Seventh-day Adventism in China. Scholars have been slow to consider Chinese Protestantism from a denominational standpoint. In Schism, the first monograph that documents the life of the Chinese Adventist denomination from the mid-1970s to the 2010s, Christie Chui-Shan Chow explores how Chinese Seventh-day Adventists have used schism as a tool to retain, revive, and recast their unique ecclesial identity in a religious habitat that resists diversity. Based on unpublished archival materials, fieldwork, oral history, and social media research, Chow demonstrates how Chinese Adventists adhere to their denominational character both by recasting the theologies and faith practices that they inherited from American missionaries in the early twentieth century and by engaging with local politics and culture. This book locates the Adventist movement in broader Chinese sociopolitical and religious contexts and explores the multiple agents at work in the movement, including intrachurch divisions among Adventist believers, growing encounters between local and overseas Adventists, and the denomination's ongoing interactions with local Chinese authorities and other Protestants. The Adventist schisms show that global Adventist theology and practices continue to inform their engagement with sociopolitical transformations and changes

in China today. Schism will compel scholars to reassess the existing interpretations of the history of Protestant Christianity in China during the Maoist years and the more recent developments during the Reform era. It will interest scholars and students of Chinese history and religion, global Christianity, American religion, and Seventh-day Adventism. The author treats the life and work of Christ and his disciples in this volume from the standpoint of a believer to believers, and as a Christian to Christians. The *Desire of Ages* is more than a biography of the life of Christ: it is the story of the life or lives, revealing the breadth, height, and depth, of the Father's love, in the gift of his only Son for the fallen race. The scenes and incidents in connection with the Saviour's birth in Bethlehem of Judea, the appearance of the angels to the shepherds; his mother his first human teacher; Christ's baptism; the Great Teacher; in Gethsemane; in Pilate's judgment-hall; Calvary; in Joseph's new tomb; the resurrection and ascension are dwelt upon in such a way as to enable the reader to obtain a new glimpse of the divine character revealed in the earthly life of Christ. The *Desire of Ages* is a book for parents, educators, Sunday-school officers, teachers, and students. It is an invaluable reference book, and should be in every home and library.

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

The Book of Matthew Save Us Now, Son of David Rest in Christ

This edition has incorporated some more details about the persons whose life stories are presented. This book exposes a pending debt to fill an existing gap in the historic area. That debt continues to be to recognize the fervour and enthusiasm to communicate the Gospel that guided many women. These women dedicated their lives in a self-sacrificing and laborious way to contribute to establish and strengthen the spreading of the Adventists beliefs in the countries that make up the present South American Division of the Seventh-day Adventist Church. This work recounts the story of some of those women. All of them have been women of faith, with their struggles and heartaches, but also with hope and victories in Christ. Their lives, their dedication and their leadership inspired in others an intense longing to be sons and daughters of God. Their passion for doing good and honouring God gave fruits that today leave us indebted to them. It is the author's desire that this book doesn't just fill a historic void, but that it motivates and inspires the development of all the potential of the woman filled with the Spirit of God that she may reflect His grace and mercy towards human beings.

Before the entrance of sin, Adam enjoyed open communion with his Maker; but since man separated himself from God by transgression, the human race has been cut off from this high privilege. By the plan of redemption, however, a way has been opened whereby the inhabitants of the earth may still have connection with heaven. God has communicated with men by His Spirit, and divine light has been imparted to the world by revelations to His chosen servants. "Holy men of God spake as they were moved by the Holy Ghost." 2 Peter 1:21. During the first twenty-five hundred years of human history, there was no written revelation. Those who had been taught of God, communicated their knowledge to others, and it was handed down from father to son, through successive generations. The preparation of the written word began in the time of Moses. Inspired revelations were then embodied in an inspired book. This work continued during the long period of sixteen hundred years,—from Moses, the historian of creation and the law, to John, the recorder of the most sublime truths of the gospel. The Bible points to God as its author; yet it was written by human hands; and in the varied style of its different books it presents the characteristics of the several writers. The truths revealed are all "given by inspiration of God" (2 Tim. 3:16); yet they are expressed in the words of men. The Infinite One by His Holy Spirit has shed light into the minds and hearts of His servants. He has given dreams and visions, symbols and figures; and those to whom the truth was thus revealed, have themselves embodied the thought in human language. The ten commandments were spoken by God Himself, and were written by His own hand. They are of divine, and not of human composition. But the Bible, with its God-given truths expressed in the language of men, presents a union of the divine and the human. Such a union existed in the nature of Christ, who was the Son of God and the Son of man. Thus it is true of the Bible, as it was of Christ, that "the Word was made flesh, and dwelt among us." John 1:14. Written in different ages, by men who differed widely in rank and occupation, and in mental and spiritual endowments, the books of the Bible present a wide contrast in style, as well as a diversity in the nature of the subjects unfolded. Different forms of expression are employed by different writers; often the same truth is more strikingly presented by one than by another. And as several writers present a subject under varied aspects and relations, there may appear, to the superficial, careless, or prejudiced reader, to be discrepancy or contradiction, where the thoughtful, reverent student, with clearer insight, discerns the underlying harmony. As presented through different individuals, the truth is brought out in its varied aspects. One writer is more strongly impressed with one phase of the subject; he grasps those points that harmonize with his experience or with his power of perception and appreciation; another seizes upon a different phase; and each, under the guidance of the Holy Spirit, presents what is most forcibly impressed upon his own mind—a different aspect of the truth in each, but a perfect

harmony through all. And the truths thus revealed unite to form a perfect whole, adapted to meet the wants of men in all the circumstances and experiences of life. God has been pleased to communicate His truth to the world by human agencies, and He Himself, by His Holy Spirit, qualified men and enabled them to do this work. He guided the mind in the selection of what to speak and what to write. The treasure was intrusted to earthen vessels, yet it is, none the less, from Heaven. The testimony is conveyed through the imperfect expression of human language, yet it is the testimony of God; and the obedient, believing child of God beholds in it the glory of a divine power, full of grace and truth.

"In These Last Days discusses how the New Testament book of Hebrews brought early Christian believers a fresh understanding of Jesus' high priest ministry in the heavenly sanctuary. It also shows how this deeper understanding of Christ's ongoing ministry strengthened their commitment to Him and their witness to the world"--

This description of the origins and basic theology of the Seventh-day Adventist church shows how the church has become one of the most widespread Protestant denominations. Damsteegt's analysis of the Scriptural basis of the church helps to explain its missionary nature.

From its beginnings, the Seventh-day Adventist Church has emphasized apocalyptic prophecy and the role of Roman Catholicism in the biblical books of Daniel and Revelation. In this first major study of the topic, Bruinsma looks at the origin and unique features of Seventh-day Adventist attitudes toward the Roman Church, examines factors which explain these continuing views, and analyzes Adventism's place in Protestantism.

If you are a Seventh-day Adventist Christian, you have no doubt heard of The Shepherd's Rod, a message of present truth and reform first presented to leaders of the Seventh-day Adventist Church in the years 1929 and 1930. It has created much controversy. In What Every Seventh-day Adventist Should Know about The Shepherd's Rod, author Garrick D. Augustus brings to light the historic and the theological reasons behind the rejection of The Shepherd's Rod message. It exposes the systematic misinformation, as well as the willful manipulations of the facts surrounding Victor Houteff and the movement he began more than eight decades ago. It provides clear and accurate answers to the questions raised against the Rod's message. And, it answers the objections church leaders have historically offered as "proof" against its bearing the credentials of inspiration. Augustus fused the forensic methods of evidence analytics, as well as the investigative method of internal evidence analysis, to the claims brought against the message by the leaders of the Seventh-day Adventist Church. His research took him from the Heritage Library in Loma Linda, California, to The Biblical Research Committee in Silver Spring Maryland, and beyond. What Every Seventh-day Adventist Should Know about The Shepherd's Rod journeys through the pages of history and helps to separate truth from propaganda. It takes a fresh look at an old controversy that began in eternity past and has played itself out in the rank and file of Seventh-day Adventism.

Tanzanian Adventism exemplifies one of the most fascinating shifts in the history of religions: the growth of Christianity in Africa. Most striking in this account is the analysis of a minority denomination's transformation to a veritable "folk church."

Fear Worry Stress These emotions can overwhelm and consume us. They fill our minds with unanswerable questions. What will I lose...my health? my family? my job? my home? Will our lives ever be normal again? What is "normal"? We live in a sin-sick world. Catastrophes surround us, but we can surrender our fears to Jesus. He is the answer to overwhelming fears that consume our energy, rob our joy, and ruin our health. Fear is an emotion. Faith is an attitude, and focus is a choice. Fear must give way to faith as we adjust our focus. If our eyes are focused on the problem, fear will overcome us. If our eyes are fixed upon Jesus, the emotion of fear may still be present, but it will not cripple us. Fear will no longer dominate our lives. Discover with Pastor Mark Finley as he shows us that we have One who is larger than our fears, bigger than our worries, and greater than our anxieties by our side, and He has practical, down-to-earth, real solutions to our problems. We have the assurance of the One who said, "I will never leave you nor forsake you" (Hebrews 13:5).

People have been denied citizenship in America for many reasons. Would it surprise you to learn that four of those people were denied because they were conscientious objectors to war? The government believed that because they were not willing to bear arms in defense of the country, they were not attached to the principles of the Constitution, as required by naturalization law. Ironically, none of these people were eligible for military service because of their age, and two of them were women. Furthermore, when both women were denied citizenship it was during a period when women could not serve in the military. Following overviews of the history of immigration and pacifism in America, chapters are devoted to the four different forms of conscientious objection: philosophical absolute pacifism, religiously informed absolute pacifism, selective conscientious objection, and conscientious cooperator. Each chapter discusses the individual, the arguments for their claim to citizenship, the government's arguments against them, and an analysis of the Supreme Court Opinion in their case. In short, each chapter gives a comprehensive treatment of the personalities and the issues involved. A fascinating and informative read for theology and law students, scholars and for those intrigued in immigration and/or pacifism.

Do you know who you are? "Of course I know who I am! I am Professor John Smith of Someplace, USA, born to Bob and Patty Smith." But I'm not talking about your name, your profession, where you live, or who your parents are. Let me reword the question. Do you know who you are in terms of your religious beliefs and relationship with God? "Of course I know who I am! I am a Seventh-day Adventist." OK, but what does that mean? Dr. Max Hammonds proposes that it goes beyond simply saying that we obey ALL of the Ten Commandments and that Jesus is coming back to take His followers home to heaven. Presented in this book is a carefully reasoned and biblically sound exploration of familiar topics that we always thought we understood. With warm personal stories told in the style of a private conversation at a quiet retreat, Dr. Hammonds works through the basic fundamentals of what it means to be a Christian and a Seventh-day Adventist in the real world, living for God during the Time of the End. This is not just another book about Adventist doctrines. This book gets at the heart of Christianity while focusing on the special calling we have as Adventists.
