The sad truth is that most women end up faking an orgasm to avoid the awkward tension when her male knows he hasn't got her there. But not anymore. You now finally understand that the female orgasm is about more than just the physical act and you now know pretty much all you're going to need to get to that wonderful place." "I want you to remember exactly that. The orgasm isn't purely physical; the emotional and psychological elements are still so, so important. It's possible for a person to orgasm without even being touched. It's hard, sure, but it is certainly possible. I just need to demonstrate to you the significance of the mind here. It's a key part of getting a female to her ultimate climax. Think about tantric sex. Now, you might not know a lot about tantric sex, but the idea is that sex is considered virtually spiritual in nature - it's linked to a higher state of being. So clearly sex is more than the mere

physical act of stimulating the nerves." "If you're successful here, then the chances are that she won't have anything to say - she will quite literally be speechless! When a female experiences such a hard orgasm she physically won't be able to say anything! She will be so overwhelmed by the sensation that there is no need for words. If you accomplish this then well done, you've done what very few guys ever manage to accomplish because they simply don't know or understand how to. But you do." ; ; Want to know more and learn 101 Sex Positions? You know what to do. Whether you're a beginner or a pro, this book will teach you the revolutionary secrets and tips towards making your partner reach climax every night you do the dirty. Despite the fact that sex generally includes the penetration of the body of one individual by another, sex positions usually include penetrative or non-penetrative sexual exercises. A not so serious look at a not so serious subject - SEX. Sex and Fun. It certainly does not purport to be a serious topic on the subject of sex but rather a light-hearted look at some positions (some would say 'impossible' positions and some positions that require great strength) that you might find yourself in. (Some might say finding your way out of them could be quite dangerous.) Just enjoy the book for what it is. Lighthearted and certainly not too serious. The illustrations are wonderful and the very subtle facial changes that occur in each position are well worth looking at. Enjoy.....both the book and the positions.....if you can.

Missionary position is common among partners and is characterized by face-to-face interaction. The standard position of this type is the missionary position where the woman lies back with legs apart. The man lies on top and may use the position for anal or vaginal intercourse. At some point, the woman may dangle her leg on the edge of the platform or lift them towards the ceiling in what is commonly known as the butterfly position. You could practice the same while kneeling. In another variation, the woman may rest the legs on the shoulders of the man. In a coital alignment position, the man points the penis down to make it rub against the clitoris as they make an upward movement. Besides, the woman lies back and raises the legs to the head or put them next to the ears. The man then holds the partner's ankle or instep and lies at the full length of the woman. Most partners prefer this style for it nurtures them emotionally and physically. They can communicate and read body language as they engage in intimacy. Kama Sutra Sex
