Contemporary Authors

*Turmoil hits the Roman Empire when its current emperor dies and his two sons Saturninus and Bassianus start to fight over the throne. As a matter of the dead emperor's apparent wishes, his brother Titus is offered the throne but he refuses and lets Saturninus take the coveted seat. After coming to power, the new emperor desires his brothers betrothed as his wife and Titus agrees but ends up killing one of his own children when disagreements occur as to who is in the right. The sons of Titus then plot to rape their own sister so that such a thing will not happen and Titus, her father, will be forced to take the situation into his own hands but ends up going to further extremes.*

*Winston Owen says the only thing better than discovering a puzzle is stumping someone else with it. But when his sister uncovers mysterious strips of wood with words and letters on them, even Winston himself is stumped. Soon the whole family (and some friends) are caught up in the mystery and off on a scavenger hunt that just may lead to a ring worth thousands of dollars! Chock-full of puzzles to solve, some tied to the mystery and some not, this treasure hunt will keep readers' brains teased right up to the exciting ending!*

*Perfect for fans of The Westing Game, exciting mysteries, and, of course, puzzles!*

*Since the rediscovery of Elizabethan stage conditions early this century, admiration for Measure for Measure has steadily risen. It is now a favorite with the critics and has attracted widely different styles of performance. At one extreme the play is seen as a religious allegory, at the other it has been interpreted as a comedy protesting against power and privilege. Brian Gibbons focuses on the unique tragi-comic experience of watching the play, the intensity and excitement offered by its dramatic rhythm, the reversals and surprises that shock the audience even to the end. The introduction describes the play's critical reception and stage history and how these have varied according to prevailing social, moral and religious issues, which were highly sensitive when Measure for Measure was written, and have remained so to the present day.*

The essential follow-up to the BusinessWeek bestseller Trading Up A BMW in a Costco parking lot? A working class family with a 50 inch plasma TV? A 27-year-old Japanese administrative assistant with a collection of Coach purses? An 87-year-old retiree in Ohio exclaiming the value of Aldi brand honey? What's going on in the mind of the new consumer? Today's consumers can seem impossible to understand, and even harder to please. For instance, the average mall shopper will spend her \$100, then leave when she hits that limit. She'll probably buy shoes rather than clothing, because she doesn't want to think about her dress size. And the store most likely to get her money isn't the one with the nicest display or the deepest discounts... it's the one closest to her parking spot. In his research with dozens of leading companies, Michael J. Silverstein has interviewed thousands of customers, extracting fascinating patterns about what really drives their purchase decisions. His first book, the acclaimed bestseller Trading Up, has taught a generation of marketers about the "new luxury" phenomenon, and why consumers will happily pay a steep premium for goods and services that are emotionally satisfying, from golf clubs to bathroom hardware to beauty products. But Trading Up only revealed part of the story of the new consumer. The same middle class consumers who are happily trading up at Victoria's Secret and Panera are going on treasure hunts at Costco and Home Depot. And they are often getting as much emotional satisfaction in the discount stores as in the luxury stores. Silverstein's new book explains how the new consumer approaches bargain hunting, and how even the most mundane shopping Å—for things like paper towels and pet food -- have become an adventure rather than a tedious chore. It turns out that, in just about every consumer category, both the high end and the low end are growing and innovation rich. Many middle class consumers gladly spend \$5.00 a day for a vente Starbucks latte; others spend 40 cents a day on home brewed coffee, feel good about their frugality, and save up the difference to buy Apple's newest Nano. Treasure Hunt explains the success of companies as diverse as Dollar General, L.G. H. E. Butt, Ebay, Commerce Bank, and Tchibo. Beware: in our bifurcated global market, businesses need a clear strategy for aiming high or low, while staying away from the treacherous middle, where so many have recently stumbled. If your offering isn't exciting enough to inspire trading up, but not enough of a bargain to satisfy the treasure hunters, you'll have no emotional connection with your target audience. And, like General Motors or Sears in recent years, your tried-and-true marketing strategies will go into a severe stall. Treasure Hunt takes us into the homes of real people making real decisions, and into the CEO's offices of innovative companies finding new ways to accommodate them. Written with the same flair, empathy, and intelligence that made Trading Up an instant business classic, this book is an essential guide to the moods and habits of the constantly changing consumer.

Here is a rich variety of approaches to teaching Shakespeare, described by authors who are distinguished teachers and scholars. In setting forth their classroom techniques they offer critical insights as well as stimulating ideas for use by other teachers. Their suggestions range from different pairings of plays, provocative questions for discussion, and ways of reading aloud, to projects for class performances and even possibilities for teaching Shakespeare outside the classroom. The contributors share a concern for developing students' interests and skills beyond strict formal analysis. Contributors: Walter F. Eggers, Jr., Robert B. Heilman, John W. Velz, D. Allen Carroll, Norman Rabkin, Winfried Schliener, A. C. Hamilton, Albert Wertheim, Paul M. Cubeta, David M. Bergeron, Ray L. Heffner, Jr., Brian Vickers, Jay L. Halo, G. Wilson Knight, Bernard Beckerman. Originally published in 1978. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

It started on a summer afternoon in 1795 when a young man named Daniel McGinnis found what appeared to be an old site on an island off the Acadian coast, a coastline fabled for the skulduggery of pirates. The notorious Captain Kidd was rumored to have left part of his treasure somewhere along here, and as McGinnis and two friends started to dig, they found what turned out to be an elaborately engineered shaft constructed of oak logs, nonindigenous coconut mats, and landfill that came to be known as the Money Pit. Ever since that summer day in 1795, the possibility of what might be hidden in the depths of a small island off the south coast of Nova Scotia, Canada, has made it the site of the world's longest, most expensive, and most perplexing treasure hunt. Author D'Arcy O'Connor recounts the fascinating stories and amazing discoveries of past and current treasure seekers who have sought Oak Island's fabled treasure for over two hundred years. It has baffled scientists and madmen, scholars and idiots, millionaires and get-rich-quick schemers, psychics, engineers, charlatans, and even a former president of the United States. The island has consumed the fortunes and in some cases, the lives of those who have obsessively set out to unlock its secret. Despite all their efforts, the mystery remains unsolved, and not a single dime of treasure has ever been recovered. The present-day search is an archaeological dig exceeding anything ever done anywhere for similar purposes, and it may well result in the discovery of one of the world's richest and most historically significant treasures. But this is also the story of individuals who have dedicated years of their lives to discover what was buried long ago beneath this strange island. They are driven by a lust for gold, by archaeological curiosity, and by their determination to outwit the engineer who was responsible for the Oak Island enigma.

In The New Philosophy of Universalism Nicholas Hagger outlined a new philosophy that restates the order within the universe, the oneness of humankind and an infinite Reality perceived as Light; and its applications in many disciplines, including literature. In this work of literary Universalism, which carries forward the thinking in T.S. Eliot's "Tradition and the Individual Talent" and other essays, Hagger traces the fundamental theme of world literature, which has alternating metaphysical and secular aspects: a quest for Reality and immortality; and condemnation of social vices in relation to an implied virtue. Since classical times these two antithetical traditions have periodically been synthesised by Universalists. Hagger sets out the world Universalist literary tradition: the writers who from ancient times have based their work on the fundamental Universalist theme. These can be found in the Graeco-Roman world, the Middle Ages and Renaissance, in the Baroque Age, in the Neoclassical, Romantic Victorian and Modernist periods, and in the modern time. He demonstrates that the Universalist sensibility is a synthesis of the metaphysical and secular traditions, and a combination of the Romantic inspired imagination (the inner faculty by which Romantic poets approached the Light) and the Neoclassical imitative approach to literature which emphasizes social order and proportion, a combination found in the Baroque time of the Metaphysical poets, and in Victorian and Modernist literature. Universalists express their cross-disciplinary sensibility in literary epic, as did Homer, Virgil, Dante and Milton, and in a number of genres within literature -- and in history and philosophy. Universalist historians claim that every civilisation is nourished by a metaphysical vision that is expressed in its art, and when it declines secular, materialist writings lose contact with its central vision. As Universalist literary works restate the order within the universe, reveal metaphysical Being and restore the vision of Reality, Hagger excitingly argues that the Universalist sensibility renews Western civilisation's health. Literary Universalism is a movement that revives the metaphysical outlook and combines it with the secular, materialistic approach to literature that has predominated in recent times. It can carry out a revolution in thought and culture and offer a new direction in contemporary literature. This work conveys Universalism's impact on literature, and should be read by all who have concerns about the sickness and decline of contemporary European/Western culture.
