An inside look at a cable titan and his industry John Malone, hailed as one of the great unsung heroes of our age by some and reviled by others as a ruthless robber baron, is revealed as a bit of both in *Cable Cowboy*. For more than twenty-five years, Malone has dominated the cable television industry, shaping the world of entertainment and communications, first with his cable company TCI and later with Liberty Media. Written with Malone's unprecedented cooperation, the engaging narrative brings this controversial capitalist and businessman to life. *Cable Cowboy* is at once a penetrating portrait of Malone's complex persona, and a captivating history of the cable TV industry. Told in a lively style with exclusive details, the book shows how an unassuming copper strand started as a backwoods antenna service and became the digital nervous system of the U.S., an evolution that gave U.S. consumers the fastest route to the Internet. *Cable Cowboy* reveals the forces that propelled this pioneer to such great heights, and captures the immovable conviction and quicksilver mind that have defined John Malone throughout his career.

Imagine being told to leave your home... Imagine American soldiers occupying your house and land... Imagine being 12 and angry, with only a cat to tell your secrets to... Well it all happened (most of it anyway) in Slapton Sands, Devon, in 1944. Based on Michael Morpurgo's *The Amazing Story of Adolphus Tips*, this play explodes everything we thought we knew about the D-Day landings. With signature Knee-high sorcery, 946 uses music, puppetry and foolishness to tell this tale of war, prejudice and love. Tender, political and surprisingly romantic, this story speaks to us all and will finally reveal the secrets the US and British governments tried to keep quiet.

Sir Alan Parker wrote and directed *Bugsy Malone* in 1975. 14 films and three decades later he's preparing his next project. Known for his acidic wit and uncompromising approach to film making, Parker has often resorted to humour in cartoons, to get his view across. This collection contains over 200 mini masterpieces.

THE INTERNATIONAL BESTSELLER Jo Malone is the inspirational British businesswoman responsible for creating her globally renowned beauty business and, more recently, her new brand 'Jo Loves'. This, her first autobiography, tells in full her incredible journey from modest beginnings as a teenager, struggling with dyslexia and leaving school with no qualifications, to becoming an international brand name and one of the world's most

successful entrepreneurs. Jo's lively story explores how her fascination with smell teamed with her natural ability to create world-famous blends such as 'Lime, Basil & Mandarin', revolutionised the way we think about fragrance. Her unique talent for pioneering innovation and originality within her field is unrivalled. Yet, despite her success, she has faced huge challenges with courage and determination, including being diagnosed with breast cancer at the age of 37 and told she only had nine months to live, and her decision to go it alone after selling the original Jo Malone brand to the Estee Lauder Corporation and walking away in 2006. Jo's commitment and down-to-earth approach to life, work and family makes her one of the most likeable and well respected personalities in British retail and her honesty, hard work and entrepreneurial grit are an inspiration to all.

New York Times Bestseller "A moving, beautifully etched picture of America's lost and profoundly lonely." —Kazuo Ishiguro, author of *The Remains of the Day* and winner of the 2017 Nobel Prize for Literature —Brilliant . . . Darnielle is a master at building suspense, and his writing is propulsive and urgent; it's nearly impossible to stop reading . . . [Universal Harvester is] beyond worthwhile; it's a major work by an author who is quickly becoming one of the brightest stars in American fiction." —Michael Schaub, *Los Angeles Times* —Grows in menace as the pages stack up . . . [But] more sensitive than one would expect from a more traditional tale of dread." —Joe Hill, *New York Times Book Review* Life in a small town takes a dark turn when mysterious footage begins appearing on VHS cassettes at the local Video Hut. So begins *Universal Harvester*, the haunting and masterfully unsettling new novel from John Darnielle, author of the *New York Times* Bestseller and National Book Award Nominee *Wolf in White Van*. Jeremy works at the Video Hut in Nevada, Iowa. It's a small town in the center of the state—the first in Nevada pronounced ay. This is the late 1990s, and even if the Hollywood Video in Ames poses an existential threat to Video Hut, there are still regular customers, a rush in the late afternoon. It's good enough for Jeremy: it's a job, quiet and predictable, and it gets him out of the house, where he lives with his dad and where they both try to avoid missing Mom, who died six years ago in a car wreck. But when a local schoolteacher comes in to return her copy of *Targets*—an old movie, starring Boris Karloff, one Jeremy himself had ordered for the store—she has an odd complaint: "There's something on it," she says, but doesn't elaborate. Two days later, a different customer returns a different tape, a new release, and says it's not defective, exactly, but altered: "There's another movie on this tape." Jeremy doesn't want to be curious, but he brings the movies home to take a look. And, indeed, in the middle of each movie, the screen blinks dark for a moment and the movie is replaced by a few minutes of jagged, poorly lit home video. The scenes are odd and sometimes violent, dark, and deeply disquieting. There are no identifiable faces, no dialogue or explanation—the first video has just the faint sound of someone breathing—but there are some recognizable landmarks. These have been shot just outside of town. In *Universal Harvester*, the once placid Iowa fields and farmhouses now sinister and imbued with loss and instability and profound foreboding. The novel will take Jeremy and those around him deeper into this landscape than they have ever expected to go. They will become part of a story that unfolds years into the past and years into the future, part of an impossible search for something someone once lost that they would do anything to regain. —This chilling literary thriller follows a video store clerk as he deciphers a macabre mystery through clues scattered among the tapes his customers rent. A page-tuning homage to *In Cold Blood* and *The Ring*." —O: *The Oprah Magazine* —[Universal Harvester is] so wonderfully strange, almost Lynchian in its juxtaposition of the banal and the creepy, that my urge to know what the hell was going on caused me to go full throttle . . . [But] Darnielle hides so much beautiful commentary in the book's quieter moments that you would be remiss not to slow down." —Abram Scharf, *MTV News* —*Universal Harvester* is a novel about noticing hidden things, particularly the hurt and desperation that people bear under their exterior of polite reserve . . . Mr. Darnielle possesses the clairvoyant's gift for looking beneath the surface." —Sam Sacks, *The Wall Street Journal* —[Universal Harvester is] constantly unnerving, wrapped in a depressed dread that haunts every passage. But it all pays off with surprising emotionality." —Kevin Nguyen, *GQ.com*

Fiction. First published in 1989, this long-neglected cult classic features revisions, and a new afterword, by the author. "A novel as mysterious, beautiful, sad and frightening as contemporary American childhood itself—and, fortunately, a good deal funnier. Bradfield's California is haunted by vast primordial Lovecraftian forces—death, sex, credit cards, Mom—which threaten always to emerge from their ancient hiding places and engulf the world and the narrator, eight-year old Phillip and his preteen Karamazov friends. Those who think they know all about California and Oedipal drives will here discover the true extent of their ignorance. The thing is indescribable—violent, hallucinatory, comic and incredibly well written. Scott Bradfield has not simply staked out new literary terrain here, he has mapped and colonized an entire new plant."—Michael Chabon "If you spot it, grab it."—J.G. Ballard

The fifth volume in Starr's classic history of California, *The Dream Endures* shows how Californians rebounded from the Great Depression to emerge in the 1930s into what is now known as "the good life." Starr illustrates the ways the good life prospered in California--in film, fiction, leisure, and architecture. Starr looks at the newly important places where Californians lived out this sunny lifestyle: areas like Los Angeles (where Hollywood lived), Palm Springs (where Hollywood vacationed), San Diego (where the Navy went), the California Institute of Technology in Pasadena (where Einstein changed his view of the universe), and college towns like Berkeley. "In this, more than any other of Starr's monumental California histories, we see the stirrings of uniqueness in the social and cultural evolution of California. Starr's theme is relevant to all of America and the national destiny."--Neil Morgan, *San Diego Union-Tribune* "Enormously sensitive and moving. Social and cultural history doesn't get any better."--*San Francisco Chronicle* "In his monumental continuing study of California, Kevin Starr belongs in the company of the best."--Herbert Gold, *Los Angeles Times Book Review*

Following on from Hollywood England: The British Film Industry in the Sixties, Alexander Walker here focuses on British social change and mass entertainment. From the "hangover years" of the early Seventies to the "renaissance era" of the mid-Eighties, he reveals the multiplicity of human motives and talents underpinning the push for profit and power. Walker looks at the violent cinema of Get Carter and The Long Good Friday; the taxation that drove directors, producers, and actors out of Britain; and the venture of the "British Film Year." In tracing the story, Walker also offers astute critical assessments of British talents, including Ken Russell, Derek Jarman, John Hurt, and Monty Python.
