The Most Dangerous Game, also published as *The Hounds of Zaroff*, is a short story by Richard Connell first published in *Collier's* magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s.

Give me a hand . . . hold your tongue . . . scream your lungs out . . . what's a kid to do if he wants to keep all his body parts in place? Well, one thing is for sure, he'll have to be creative. Like, if you want to keep your heart from breaking, just make sure it's well padded and protected by tying a pillow around your chest. Want to keep your hands attached? Simple--stick them on with gloves and lots of glue. Just be careful not to laugh your head off!

Now a major motion picture available on Disney+! Inspired by a true story, this is the beautifully written tale of how a mighty gorilla wins his freedom. A winning blend of humour and poignancy that will appeal to fans of Michael Morpurgo.

Former US President Barack Obama has penned a popular book, aptly titled, *Dreams from My Father*. But what does his father, or to be precise, his fatherland dream about him? The question becomes even more prompt as Obama's visits to Africa (five as of July 2018) become significant homecoming events. Here, for the first time in an epic poetical way, is a brilliant exploration of what Africa thinks of Obama, their dreams, illusions and disillusionment about him. The Rainbow Prince is history and biography that quickly alternates between myth and love story, politics and satire, North-South dialogue and monologues, a jest and a cry. As an epic, the poem traces the beginnings of the heroic career in a rescue out of an apocalyptic volcanic explosion from where a baby and mother are rescued, "because of love" (Because of love, /I've dived into volcanoes"). The epic then goes into the history of the continent, slavery, imperialism, colonialism and neo-colonialism--and then interrogates the postcolonial relationship between the West and Africa. Obama's life is sketched in painfully heroic terms, including his near mythical roots, visits to Africa, the hopes and the anticlimax with the end of his term in office ushering in the reign of "the rich fool" who sees others as "invasive weeds, /Who has banned banana boats, /Reasoning that they are from shit holes". The "rich fool", obviously an epithet of the current US president, has got more broadsides such as the accusation that he is "extinguishing the yeast of nations/The dream of the United States of the World/The dream of a global rainbow". In other words, he is doing a good job of reversing what Obama stood for. Obama himself does not escape broadsides for neglecting Africa and being part of the "deadly vulture" system that feeds on Africa's carcass. But in his speech that is yet to be read anywhere, and certainly will not be read in Africa, Obama reveals his true identity and defends himself against accusations. Then there is the poem on Michelle Obama in which she is seen not as "a digression", but part of "a progression" in a love story and in a history straddling slavery and freedom, beauty and brains ("What a marvel that in/Twenty-one centuries of being/Caged/Picked/And quartered/A lovebird would still sing, dance and reign!") On the whole, this long poem--the only epic about an American president--is about the hope of resolving contradictions and diversity (the rainbow) that Obama offers, and the fact that his presidency should not be the peak (kingship) of his power, but the glimpse of a prince charming who is still legible enough to play a big role in the world politics and culture. It is couched in appropriate poetic devices that puts it at a par with all great poetry. It is full of sound (some parts being played to musical instruments), sense, sensibility, landscapes and beautiful high-quality pictur

A NEW YORK TIMES BESTSELLER! Jacqueline Woodson's first middle-grade novel since National Book Award winner *Brown Girl Dreaming* celebrates the healing that can occur when a group of students share their stories. It all starts when six kids have to meet for a weekly chat--by themselves, with no adults to listen in. There, in the room they soon dub the ARTT Room (short for "A Room to Talk"), they discover it's safe to talk about what's bothering them--everything from Esteban's father's deportation and Haley's father's incarceration to Amari's fears of racial profiling and Ashton's adjustment to his changing family fortunes. When the six are together, they can express the feelings and fears they have to hide from the rest of the world. And together, they can grow braver and more ready for the rest of their lives.

Lenore is Cornelia’s mother—and Cornelia’s fix-up project. What does it matter that Cornelia won’t talk to anyone and is always stuck in the easiest English class at school, even though she’s read more books than anyone else? She feels strong in the fixing. She cooks vegetable soup so Lenore will eat something other than Ring Dings; she lures her out of bed with strong coffee and waffles. She looks after the house when Lenore won’t get out of bed at all. So when Lenore and her boyfriend take off for Vegas leaving Cornelia behind with eccentric Aunt Agatha, all Cornelia can do is wait for her to come back. Aunt Agatha sure doesn’t want any fixing. Maybe this time it’s Cornelia who could use it?

A Long Way Gone

If I Stay

In A Long Way Gone Ishmael Beah tells a riveting story in his own words: how, at the age of twelve, he fled attacking rebels and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. My new friends have begun to suspect I haven't told them the full story of my life. "Why did you leave Sierra Leone?" "Because there is a war." "You mean, you saw people running around with guns and shooting each other?" "Yes, all the time." "Cool." I smile a little. "You should tell us about it sometime." "Yes, sometime." This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists, and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty.

Run run run. That's what twelve-year-old Annie loves to do. When she's barefoot and running, she can hear her heart beating . . . thump-thump, thump-thump. It's a rhythm that makes sense in a year when everything's shifting: Her mother is pregnant, her grandfather is forgetful, and her best friend, Max, is always moody. Everything is changing, just like the apple Annie's been assigned to draw a hundred times. Newbery Medal winner Sharon Creech masterfully weaves this story about a young girl beginning to understand the many rhythms of life and how she fits within them.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The classic poem in a newly illustrated edition. Paul Revere and his famous ride were immortalized by Henry Wadsworth Longfellow in a poem published in 1861, more than eighty years after the even. Longfellow wrote the poem at the time of the Civil War. He hoped that his story of an ordinary citizen who comes to the aid of his country would stir patriotic feelings and support for the Union. He was right. In fact, if it hadn't been for Longfellow, Paul Revere may have remained a local legend. The poem fired the imaginations of Americans and a national hero was born. This illustrated edition of the classic poem features vivid oil paintings by Monica Vachula, whose research into period and place can be seen in the smallest detail. A concluding note by historian Jayne Triber, author of *A True Republican: The Life of Paul Revere*, explores the poem and Paul Revere's place in American history.

An introduction to the linguistic study of meaning, this book outlines the meaning potential (semantics) of English and how language knowledge is put to use (pragmatics). As well as gaining a systematic overview of meaning in English, readers can learn how to argue for analyses. Among the significant concepts introduced are denotation, sense relations, event types, explicature, implicature, presupposition, metaphor, reference, speech acts and (at an elementary level) Generalised Quantifier Theory. Sense relations--such as antonymy and hyponymy--are presented as summarising patterns of entailment. The sense of a word is seen as the contributions it makes to the entailments carried by sentences.

The content of tests can be puzzling to students and teachers alike. While a state test purports to measure the curriculum, often the curriculum standards seem mysterious as well--written in code or so general in meaning that it seems impossible for teachers to know if their instruction will adequately prepare their students. --Charles Fuhrken When he was a student struggling to concentrate on dreadfully boring passages of standardized reading tests, Charles Fuhrken remembers thinking to himself, "Who writes this stuff?" He had no idea that one day it would be him. Fuhrken has spent years working as a writer for several major testing companies, and he believes that what he's learned about testing could be very useful--even liberating--for teachers interested in teaching effective reading strategies as well as preparing students for reading tests. In What Every Elementary Teacher Needs to Know About Reading Tests, Charles takes the mystery out of reading tests. He explains how reading tests are created, how standards are interpreted and assessed, and how students can apply their knowledge of reading to standardized tests. What Every Elementary Teacher Needs to Know About Reading Tests sets the record straight about the myths and realities of tests and offers extensive, practical strategies that help students perform well on test day. This ready to use, easy to understand resource provides a wealth of information about reading tests, including high-quality preparation materials; samples of the most frequently assessed reading standards; and more than thirty engaging, core-reading activities. Tests require a special kind of savvy, a kind of critical thinking and knowledge-application that is not always a part of classroom reading experiences. That's why teachers need to provide students with sound, specific information about reading tests. Only then can students feel prepared and confident on test day.
