*The International Bestseller New York Times Editors' Choice Selection Winner of the 2020 Lannan Literary Awards Fellowship "[An] absorbing, stirring novel . . . that, in more than one sense, remedies history." —The New York Times Book Review "A triumph, a novelistic rendition of one of the most difficult times in Vietnamese history . . . Vast in scope and intimate in its telling . . . Moving and riveting." —VIET THANH NGUYEN, author of The Sympathizer, winner of the Pulitzer Prize With the epic sweep of Min Jin Lee's Pachinko or Yaa Gyasi's Homegoing and the lyrical beauty of Vaddey Ratner's In the Shadow of the Banyan, The Mountains Sing tells an enveloping, multigenerational tale of the Tr?n family, set against the backdrop of the Vi?t Nam War. Tr?n Di?u Lan, who was born in 1920, was forced to flee her family farm with her six children during the Land Reform as the Communist government rose in the North. Years later in Hà N?i, her young granddaughter, H?ng, comes of age as her parents and uncles head off down the H? Chí Minh Trail to fight in a conflict that tore apart not just her beloved country, but also her family. Vivid, gripping, and steeped in the language and traditions of Vi?t Nam, The Mountains Sing brings to life the human costs of this conflict from the point of view of the Vietnamese people themselves, while showing us the true power of kindness and hope. The Mountains Sing is celebrated Vietnamese poet Nguy?n Phan Qu? Mai's first novel in English.*

*During his twenty-year tenure as a columnist for Vi?t Nam News, Hà N?i's English-language newspaper, H?u Ng?c charmed and invigorated an international readership hungry for straightforward but elegant entrees into understanding Vietnamese culture. The essays were originally collected in the massive Wandering through Vietnamese Culture. With Viet Nam: Tradition and Change, Ohio University Press presents a selection from these many treasures, which are perfectly suited to students of Vietnamese culture and travelers seeking an introduction to the country's rich history, culture, and daily life. With extraordinary linguistic ability and a prodigious memory, H?u Ng?c is among Vi?t Nam's keenest observers of and writers about traditional Vietnamese culture and recent history. The author's central theme—that all tradition is change through acculturation—twines through each of the book's ten sections, which contain H?u Ng?c's ideas on Vietnamese religion, literature, history, exemplary figures, and more. Taken on its own, each brief essay is an engaging discussion of key elements of Vietnamese culture and the history of an issue confronting Vi?t Nam today.*

**Musicians, both fictional and real, have long been subjects of cinema. From biopics of composers Beethoven and Mozart to the rise (and often fall) of imaginary bands in *The Commitments* and *Almost Famous*, music of all types has inspired hundreds of films. *The Encyclopedia of Musicians and Bands on Film* features the most significant productions from around the world, including straightforward biographies, rockumentaries, and even the occasional mockumentary. The wide-ranging scope of this volume allows for the inclusion of films about fictional singers and bands, with emphasis on a variety of themes: songwriter–band relationships, the rise and fall of a career, music saving the day, the promoter’s point of view, band competitions, the traveling band, and rock-based absurdity. Among the films discussed in this book are *Amadeus*, *The Blues Brothers*, *The Buddy Holly Story*, *The Commitments*, *Dreamgirls*, *The Glenn Miller Story*, *A Hard Day’s Night*, *I’m Not There*, *Jailhouse Rock*, *A Mighty Wind*, *Ray*, *’Round Midnight*, *The Runaways*, *School of Rock*, *That Thing You Do!*, and *Walk the Line*. A mother's secret past and her daughter's present collide in this richly atmospheric novel from the acclaimed author of *The Animals at Lockwood Manor*. In the summer of 1973, Ruth and her four friends were obsessed with pre-Raphaelite paintings--and a little bit obsessed with each other. Drawn to the cold depths of the river by Ruth's house, the girls pretend to be the drowning Ophelia, with increasingly elaborate tableaux. But by the end of that fateful summer, real tragedy finds them along the banks. Twenty-four years later, Ruth returns to the suffocating, once grand house she grew up in, the mother of young twins and seventeen-year-old Maeve. Joining the family in the country is Stuart, Ruth's childhood friend, who is quietly insinuating himself into their lives and gives Maeve the attention she longs for. She is recently in remission, unsure of her place in the world now that she is cancer-free. Her parents just want her to be an ordinary teenage girl. But what teenage girl is ordinary? Alternating between the two fateful summers, *The Ophelia Girls* is a suspense-filled exploration of mothers and daughters, illicit desire, and the perils and power of being a young woman.

Subjection Of Louise... E. Phillips Oppenheim, the Prince of Storytellers (1866-1946) was an internationally renowned author of mystery and espionage thrillers. His novels and short stories have all the elements of blood-racing adventure and intrigue and are precursors of modern-day spy fictions.

Moira St. Clair has done exactly what her father forbade her to do: chased her dreams to sing on the stage. But even as her star rises, she becomes more vulnerable to those who wish to use her--or bring her down . . . . It is 1886, and the St. Clairs are living out their dreams in three very separate parts of the world--Paris, Brazil and Colorado. And while each has found a measure of success and joy, each is haunted by past sins and secrets. Once home in Colorado, the St. Clairs struggle to learn what it means to sing praise to God--even in the face of tremendous loss--and trust Him in all things, even when forced to fight for their very lives.

***A fascinating, personal story of the adventures, romance, and recovery of renowned classical guitarist Liona Boyd. After her divorce and departure from Beverly Hills, Boyd reinvented her career, became a singer-songwriter and the pen pal of Prince Philip, and turned a devastating diagnosis into a new chapter in her life and career.***

***Hitler and the Nazis saturated their country with many types of propaganda to convince the German citizenry that the Nazi ideology was the only ideology. One type of propaganda that the Nazis relied on heavily was cinematic. This work focuses on Nazi propaganda feature films and feature-length documentaries made in Germany between 1933 and 1945 and released to the public. Some of them were Staatsauftragsfilme, films produced by order of and financed by the Third Reich. The films are arranged by subject and then alphabetically, and complete cast and production credits are provided for each. Short biographies of actors, directors, producers, and other who were involved in the making of Nazi propaganda films are also provided.***

***Though representations of alien languages on the early modern stage have usually been read as mocking, xenophobic, or at the very least extremely anxious, listening closely to these***

languages in the drama of Shakespeare and his contemporaries, Marianne Montgomery discerns a more complex reality. She argues instead that the drama of the early modern period holds up linguistic variety as a source of strength and offers playgoers a cosmopolitan engagement with the foreign that, while still sometimes anxious, complicates easy national distinctions. The study surveys six of the European languages heard on London's commercial stages during the three decades between 1590 and 1620—Welsh, French, Dutch, Spanish, Irish and Latin—and the distinct sets of cultural issues that they made audible. Exploring issues of culture and performance raised by representations of European languages on the stage, this book joins and advances two critical conversations on early modern drama. It both works to recover English relations with alien cultures in the period by looking at how such encounters were staged, and treats sound and performance as essential to understanding what Europe's languages meant in the theater. *Europe's Languages on England's Stages, 1590–1620* contributes to our emerging sense of how local identities and global knowledge in early modern England were necessarily shaped by encounters with nearby lands, particularly encounters staged for aural consumption.

"French Frenzies" is a lively history of French popular music that responds to a real need: how to understand the cultural differences between France and the English speaking countries of Britain and North America? The book is unique in showing how French forms of cultural expression are rooted in social and political tensions that, although shared by other countries, are not generally commented upon in songs with the same degree of clarity. In France, the persistence of strong literary and political traditions continues to nurture an exceptional current of criticism in songs and musical expression.

*What did it mean for people of color in nineteenth-century America to speak or write "white"? More specifically, how many and what kinds of meaning could such "white" writing carry? In *ReWriting White*, Todd Vogel looks at how America has racialized language and aesthetic achievement. To make his point, he showcases the surprisingly complex interactions between four nineteenth-century writers of color and the "standard white English" they adapted for their own moral, political, and social ends. The African American, Native American, and Chinese American writers Vogel discusses delivered their messages in a manner that simultaneously demonstrated their command of the dominant discourse of their times—using styles and addressing forums considered above their station—and fashioned a subversive meaning in the very act of that demonstration. The close readings and meticulous archival research in *ReWriting White* upend our conventional expectations, enrich our understanding of the dynamics of hegemony and cultural struggle, and contribute to the efforts of other cutting-edge contemporary scholars to chip away at the walls of racial segregation that have for too long defined and defaced the landscape of American literary and cultural studies.*

**From the Introduction: "One day, several years ago, I stood before a group of women, some young and some not so young, who came to me weekly for training in speech and voice. It was a difficult class, curiously unresponsive....They were willing to drill, but they did it listlessly, without a spark of animation. They looked at me as if to say, 'How can this technique be of any practical value to me tomorrow morning in the office?' I wondered how it could myself. Suddently, with the inspiration which is supposed to be born of desperation, I put the opening 'babble exercises' to the tune of 'Jingle Bells' and stood there before them, singing and beating time. It was magic....By the end of the first few bars they were singing with me, singing with gaiety and abandon. They forgot they were practicing speech sounds, they were just having a good time....The singing of these repetitive sounds in this joyous way not only trained the ear to hear the forty sounds of the English language and to recognize the physical formation but also helped to free the muscles of the vocal mechanism for response in voice and speech production. Although some time had been spent practicing the exercises for breath control, it was not until they sang a jingle that they realized the importance of breathing and controlling the outgoing breath, for all discovered that they did not have enough breath to sustain the phrase...."**
