"Dave King and Richard Ekins are the leading world sociologists in this field. The book brings together a brilliant synthesis of history, case studies, ideas and positions as they have emerged over the past thirty years, and brings together a rich but always grounded account of this field, providing a state of the art of critical concepts and ideas to take this field further during the twenty first century." - Ken Plummer, University of Essex "An outstanding survey of the evolution of trans phenomena, splendidly written, highly informative, scholarly at its best, yet easy to read even for those neither trans nor sociologist. Ekins and King, experts in the field, unroll the panoramas of sex, gender, and transgendering that have evolved during the last decades. For everyone wanting to understand the interaction of women and men and of those who cannot or will not identify with either of these two categories, reading this book is a must, and a real pleasure." - Friedmann Pfafflin, University of ULM This groundbreaking study sets out a framework for exploring transgender diversity for the new millennium. It sets forth an original and comprehensive research and provides a wealth of vivid illustrative material. Based on two decades of fieldwork, life history work, qualitative analysis, archival work and contact with several thousand cross-dressers and sex-changers around the world, the authors distinguish a number of contemporary transgender 'stories' to illustrate: The binary male/female divide The interrelations between sex, sexuality and gender The interrelations between the main sub-processes of transgendering. Wonderfully insightful, The Transgender Phenomenon develops an original and innovative conceptual framework for understanding the full range of the transgender experience.

*Following an introduction with a maid, exuberant Julian Robinson is sent to his family's country estate to be educated by a beautiful and bewitching French governess, Mademoiselle de Chambonard, who subjects him to a rigorous disciplinary regime of birching and cross-dressing. Complete in three volumes, Gynecocracy is an influential masterpiece of Victorian clandestine erotica, first published in 1893. It is significant for the novelty of its focus on the subjection of a young man to women through enforced cross-dressing. This Birchgrove Press edition includes the excerpt from Don Juan, which modern reprints often omit, and a number of chapter head decorations from a nineteenth-century edition. The authorship of Gynecocracy is usually attributed to an English lawyer, Stanislas Mathew de Rhodes (1857-1932), who is also credited with writing The Yellow Room (1891) and The Petticoat Dominant (1898), which are also available from Birchgrove Press.*

The Gay and Lesbian Guide to College Life

How Stephen Became Stephanie and Other Transgender Tales

In her delightful and moving memoir, Sissy Spack writes about her idyllic, barefoot childhood in a small East Texas town, with the clarity and wisdom that comes from never losing sight of her roots. Descended from industrious Czech immigrants and threadbare southern gentility, she grew up a tomboy, tagging along with two older brothers and absorbing grace and grit from her remarkable parents, who taught her that she could do anything. She also learned fearlessness in the wake of a family tragedy, the grief propelling her "like rocket fuel" to follow her dreams of becoming a performer. With a keen sense of humor and a big-hearted voice, she describes how she arrived in New York City one star-struck summer as a seventeen-year-old carrying a suitcase and two guitars; and how she built a career that has spanned four decades with films such as Carrie, Coal Miner's Daughter, 3 Women, and The Help. She details working with some of the great directors of our time, including Terrence Malick, Robert Altman, David Lynch, and Brian De Palma—who thought of her as a no-talent set decorator until he cast her as the lead in Carrie. She also reveals why, at the height of her fame, she and her family moved away from Los Angeles to a farm in rural Virginia. Whether she's describing the terrors and joys of raising two talented, independent daughters, taking readers behind the scenes on Oscar night, or meditating on the thrill of watching a pair of otters frolicking in her pond, Sissy Spack's memoir is poignant and laugh-out-loud funny, plainspoken and utterly honest. My Extraordinary Ordinary Life is about what matters most: the exquisite worth of ordinary things, the simple pleasures of home and family, and the honest joy of being right with the world. "If I get hit by a truck tomorrow," she writes, "I want to know I've returned my neighbor's cake pan."

In any society, the perception of femininity and masculinity is not necessarily dependent on female or male genitalia. Cross dressing, gender impersonation, and long-term masquerades of the opposite sex are commonplace throughout history. In contemporary American culture, the behavior occurs most often among male heterosexuals and homosexuals, sometimes for erotic pleasure, sometimes not. In the past, however, cross dressing was for the most part practiced more often by women than men. Although males often burlesqued women and gave comic impersonations of them, they rarely attempted a change of public gender until the twentieth century. This phenomenon, according to Vern L. Bullough and Bonnie Bullough, has implications for any understanding of the changing relationships between the sexes in the twentieth century. In most Western societies, being a man and demonstrating masculinity is more highly prized than being a woman and displaying femininity. Some non-Western societies, however, are more tolerant and even encourage men to behave like women and women to act like men. Cross Dressing, Sex, and Gender not only surveys cross dressing and gender impersonation throughout history and in a variety of cultures but also examines the medical, biological, psychological, and sociological findings that have been presented in the modern scientific literature. This volume offers the results of the authors' research into contemporary gender issues and the search for explanations. After examining the various current theories regarding cross dressing and gender impersonation, the Bulloughs offer their own theory. This book, widely deemed a classic in its field, is the culmination of thirty years of research by the Bulloughs into gender impersonation and cross dressing. Their groundbreaking findings will be of interest to anyone involved in the debate over nature versus nurture, and have implications not only for scholars in the various social sciences and sex and gender studies, but for educators, nurses, physicians, feminists, gays, lesbians, and general readers. This work will be of more personal interest to anyone who identifies as a transvestite or transsexual or who has been classified by medical and psychiatric professionals as suffering from gender dysphoria. Cross Dressing, Sex, and Gender covers a wide range of cultures and periods. As the first comprehensive attempt to examine the phenomenon of cross dressing, it will be of interest to students and scholars of social history, sociology, nursing, and women's studies.

My Ladyboy Date Give love a chance The World history of transgender or transsexual people Theorist Anne Fausto-Sterling, in a 1993 article, argued that if people ought to be classified in sexes, at least five sexes, rather than two, would be needed. There is a huge variety of terms and names for transsexual women. If you've been using dating sites for a while, you noticed that they have a variety of terms which leads many into confusion. Even trans women themselves are uncertain of the meaning of some terms. In the Philippines, a lot of trans women wrongly call themselves gay. In Thailand, the term Ladyboy is the most popular. Let's explain these terms the best we can. Hopefully, you'll have a better understanding of what they mean after you read this guide. Transgender A transgender person is a person whose gender identity doesn't align with the role society is expecting of them. To better understand the transgender term, you have to be aware that society only recognises two genders; male or female. To make it worse, it is expected to be your gender depending on what your assigned sex was from birth. If you are born with a penis, you are expected to be a man, if you are born with a vagina, you are expected to be a girl. Transgender people do not identify themselves with the gender they were born. Transgender is actually a general term that encapsulates many other labels such as: transsexuals, transvestites, genderqueers, drag queens and drag kings.

Lydia's special educational methods of corset training, sissification and petticoat punishment are introduced. Boys who resist sissification are put into tight corsets and undergo complete petticoat punishment. The new 'girls' are started on 'vitamin' pills which are in fact female hormones. At the age of 14 or 15, a regimen of extra female hormones and anti-androgen tablets is added. By the time they are in the Sixth Form, most Stage Four transitioning girls are practically indistinguishable from their genetically female friends. What happens at Stage Five? - Well, you will need to read the story to find out.... Deborah's Decision - Deborah has to choose between a rich and successful businessman and a rather feminine Australian boy whom she meets at work. When she has a night out at a nightclub in London, Deborah encounters a beautiful young woman who turns out to be Tim, the young Australian. Who will Deborah choose - the rich businessman or the Australian girly-boy?

Part one covers the early days of sissy maid missy travels to becoming a sissy maid to a lovely Governess, Sofia, and missy own sister, Christy. My story begins on a Farm in Pennsylvania where missy grew up as Mitchell. Mitchell's early behavior and punishments are covered; while Mitchell experienced plenty of attention from his fathers strap, a big long thick strap. Highlighted other events of Mitchell's growing years also include a couple of very humiliating punishments as well as the sadness of a DEATH TOO SOON. That DEATH TOO SOON; set Mitchell's life in motion to become a sharpshooter and gun slinger like no other the West had ever seen before, or after. The story continues with Mitchell and his family taking a train to the famous Dodge City, where Mitchell actually met Wyatt Earp, Doc Holliday, and Bat Masterson. That was the highlight of Mitchell's life at that point in time. However, it would not be the last time they met. Then it was onto the wagon train; to Tombstone Arizona. While in the wagon train, Mitchell's behavior became uncontrollable and he kept getting himself punished. While at the same time; Mitchell's gun handling ability saves the lives of others and make Mitchell the most unlikely hero. Finally, as Mitchell's parents tire of his poor behavior, they resort to hiring an English Governess to teach Mitchell how to behave and to obey. The Governess takes Mitchell down the path to obedience the old fashion English way; in the form of petticoat punishment and the cane. The Governess changes Mitchell into missy! My story continues as the family settles in Tombstone where Mitchell, since converted to missy, becomes THE FIRST SISSY MAID of the West in Tombstone, Arizona.

An overdue examination of widely marginalized writings by women of the American antebellum period. U.S. Women Writers presents a new model for evaluating U.S. relations and interactions with foreign countries in the colonial and postcolonial periods by examining the ways in which women writers were both proponents of colonialism and subversive agents for change. Etsuko Taketani explores attempts to incultate imperialist values through education in the works of Lydia Maria Child, Sarah Tuttle, Estherine Beecher, and others and the results of viewing the world through these values, as reflected in the writings of Harriet Low, Emily Judson, and Sarah Hale. Many of the texts Taketani uncovers from relative obscurity illuminate the American attitude toward "others" – whether Native American, African American, African, or Asian. She not only sheds lights on the life of the writers she examines, but she also situates each writer's works alongside those of her contemporaries to give the reader a clear picture of the cultural context. The Author: Etsuko Taketani is associate professor of English in the Institute of Modern Languages and Cultures at the University of Tsukuba, Japan. Her articles have appeared in American Literary History, Children's Literature, Melville Society Extracts, and other publications.
