here. It is UNABRIDGED:
all of the information in
the four red volumes of
the famous 1988 edition is
contained here in this

single volume. It has been
EXPANDED: since 1988 teams
of researchers have been
diligently fleshing out
old entries and recording
new ones; as a result, the
text from 1988 has grown

by 50% to over 4,000,000

UPDATED: the researchers
and contributors worked
hard to make the

Equally important, every

an extraordinary
storehouse of information
about our country. This
book deserves pride of
place on the bookshelf in
every Canadian Home. It is
no accident that the cover

of this book is based on the Canadian flag. For the proud truth is that this volume represents a great national achievement. From its formal inception in 1979, this encyclopedia

has always represented a
vote of faith in Canada;
in Canada as a separate
place whose natural worlds
and whose peoples and
their achievements deserve
to be recorded and

celebrated. At the start
of a new century and a new
millennium, in an
increasingly borderless
corporate world that seems
ever more hostile to
national distinctions and

"Canadian Encyclopedia is
offered in a spirit of
defiance and of faith in
our future. The statistics
behind this volume are
staggering. The opening

tables and photographs,
