"Despite their importance, the poems of St. Therese of Lisieux are among the least known of her writings, previously available only in highly edited selections." [from back cover]

The latest edition of this standard international reference work provides detailed information for over 32,000 organizations active in over 225 countries. It covers everything from intergovernmental and national bodies to conferences

and religious orders and fraternities.

Volume 3: Global Action Networks
is an overview of the range and
network of activities of the
international organizations
themselves -- organized
alphabetically by subject and by
region. Similar to a "yellow pages",
it groups international and regional
bodies under 4,300 categories of
common ideas, aims, and activities.

A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable

transforms lives. Through the practice of lectio individuals and communities discover God's living word addressed to them in their particular now," to enlighten, challenge, encourage, and suggest. Reading to Live traces the practice of lectio divina from its roots in the ascetic movement in the early church and monasticism to its rediscovery in recent times. The benefits lectio brings become clear as Origen, Augustine, Bernard, and many others throughout history testify to its power in their lives. Modern commentators from a variety of disciplines spell out lectio's potential for the world of the twenty-first century. This book invites people of all faiths to embrace the Venerable practice of lectio divina. It provides abundant creative testimonies to its practice and to its life-changing effects. Raymond

Despite their importance, the poems of St. Thérèse of Lisieux are among the least known of her writings, previously available only in highly edited selections. Here for the first time in English is the complete collection of Thérèse's poetry, faithfully translated from the French critical edition by Donald Kinney, O.C.D. Also included are a preface by Jean Guitton, a general introduction to Thérèse's spiritual and poetic development, 6 photos, and individual introductions to each of the poems, indicating its background and significance. The volume closes with the French text of the poems and a fully

Caxton Head Catalogue[s]

Long recognized as more than the
writings of a dozen or so
philosophes, the Enlightenment
created a new secular culture
populated by the literate and the
affluent. Enamoured of British
institutions, Continental Europeans
turned to the imported masonic
lodges and found in them a new
forum that was constitutionally
constructed and logically egalitarian.

Originating in the Middle Ages, when stone-masons joined together to preserve their professional secrets and to protect their wages, the English and Scottish lodges had by the eighteenth century discarded their guild origins and become an international phenomenon that gave men and eventually some women a place to vote, speak, discuss and debate. Margaret Jacob argues that the hundreds of masonic lodges founded in eighteenth-century Europe were among the most important enclaves in which modern civil society was formed. In France, the Netherlands, Belgium, and Britain men and women freemasons sought to create a moral and social

order based upon reason and virtue, and dedicated to the principles of liberty and equality. A forum where philosophers met with men of commerce, government, and the professions, the masonic lodge created new forms of self-government in microcosm, complete with constitutions and laws, elections, and representatives. This is the first comprehensive history of Enlightenment freemasonry, from the roots of the society's political philosophy and evolution in seventeenth-century England and Scotland to the French Revolution. Based on never-before-used archival sources, it will appeal to anyone interested in the birth of modernity

in Europe or in the cultural milieu of the European Enlightenment.

Over the past fifty years, studies pertaining to the reality of the church in the Apocalypse have, for the most part, tended to be either selective or sketchy in their treatment of the relevant material of the book. Yet in all fairness to the seer of Patmos, his portrayal of the church as a reality decidedly complex and at once profound can only be attained in a thoroughgoing study of the principal ecclesial narratives of his work, so as to allow for that indispensable 'synoptic' overview of such intentionally correlated material. *Woman, Mother and Bride* is such a study. It re-

examines the relevant imagery of the Apocalypse but from the perspective of the seer's ecclesial 'thought-world' and on the basis of his overriding pastoral concerns for the 'seven churches' without which his work will continue to puzzle and trouble at every page. The ensuing outlook on the church is panoramic in its scope yet compelling in its appeal which further goes to confirm the Apocalypse as one of the most significant theological achievements of early Christianity.
