

Spectrum 25 The Best In Contemporary Fantastic Ar

Collects artwork from the fantasy and science-fiction genres, featuring nearly five hundred works by artists from all over the world, including Al Williamson, Katrina Sokolova, and Bruce D. Mitchell.

The Christian church confesses "one baptism." But the church's answers to how, whom and when to baptize, and even what it means or does, are famously varied. This book provides a forum for thoughtful proponents of three principal evangelical views to state their case, respond to the others, and then provide a summary response and statement. Sinclair Ferguson sets out the case for infant baptism, Bruce Ware presents the case for believers' baptism, and Anthony Lane argues for a mixed practice. As with any good conversation on a controversial topic, this book raises critical issues, challenges preconceptions and discloses the soft points in each view. Evangelicals who wish to understand better their own church's practice or that of their neighbor, or who perhaps are uncertain of their own views, will value this incisive book.

Drawn from work created for books, comics, magazines, art galleries, advertisements, and the portfolios of the finest contemporary fantasy artists, the illustrations in Spectrum 14 extend the boundaries of the imagination and explore new realms of creativity. The book contains nearly 350 pieces by creators spanning the globe, including works from America, Germany, England, the Netherlands, Korea, Australia, Japan, Canada, and France. Now in its 14th year, this is a must for fans of this genre of art as well as an invaluable resource for art directors and illustrators.

The best-selling Spectrum series continues with this twenty-sixth lavishly produced annual. Challenging, controversial, educational and irreverent, the award-winning series reinforces both the importance and prevalence of fantastic art in today's culture. With exceptional images by extraordinary creators, this elegant full-color collection showcases an international cadre of creators working in every style and medium, both traditional and digital. The best artists from the United States, Europe, China, Australia, South America and beyond have gathered into the only annual devoted exclusively to works of fantasy, horror, science fiction and the surreal, making Spectrum one of the year's most anticipated books. Featured in Spectrum 26 are over 330 diverse visionaries. With art from books, graphic novels, videogames, films, galleries, advertising and the fine arts, Spectrum 26 is both an electrifying art book for fans and an invaluable resource for clients looking for brightnew talent. The entire field is discussed in an invaluable Year in Review found nowhere else. Contact information for each artist is included. Often imitated but never equaled, the latest Spectrum annual continues the freshness and excellence that was established more than twenty-six years ago. The mission of Spectrum is to promote the fantastic arts and provide an annual showcase for contemporary artists. The collection exists to honor the imaginations of very special artists who delight in helping us see the world in a wonderfully different light. It's our job to help them reach a wider appreciative audience.

Spectrum 7

Spectrum 25

An annual collection of great art work from the fantasy and science fiction genres features 350 works by artists from all over the world, including Justin K. Sweet, Brad Holland, H. R. Giger, Arthur Suydam, Lawrence Northey, Greg Ruth, and many others. Simultaneous.

The Convert is about the British Suffrage movement, which the author knew well. Part witty and scathing commentary on the upper classes, part political rhetoric quoted directly from open-air meetings, and part muck-raking realism, it moves back and forth between the personal and the political until the two can no longer be distinguished. The Convert uses as its frame the political "conversion" of Vida Levering, a beautiful, upper middle-class woman. We follow Vida's growing discontent with "country weekend" society and her increasing awareness of the common lot of women. Forthright and direct, Elizabeth Robins discusses issues that must have been shocking in 1907: unwed motherhood, the effects of the inequality of women, and the essential disrespect that underlies chivalry. Reminiscent of Jane Austen and foreshadowing the work of Virginia Woolf, The Convert is a fascinating novel. It provides us with a sense of history and a feeling of pride in what women could and did accomplish. It is also disturbing because far too many of the issues are still relevant.

The best-selling Spectrum series continues with this lavishly produced 27th-anniversary annual. Spectrum is the premier showcase for imaginative fantastic arts in the book, comics, film, horror, illustration, sculpture, conceptual art, fine art and videogame genres. With exceptional images by extraordinary creators, this elegant, full-color collection showcases an international cadre of creators working in every style and medium--both traditional and digital. Spectrum 27 continues the freshness and excellence that was established more than a quarter-century ago. The mission of Spectrum is to promote the fantastic arts and provide an annual showcase for contemporary artists. Spectrum exists to honor the imaginations of very special artists who delight in helping us see the world in a wonderfully different light. It's our job to help them reach a wider appreciative audience.

With Peter Altenberg and Hugo von Hofmansthal, Arthur Schnitzler was a major modernist of the period of Viennese intellectual activity from 1890 to 1930. Born in 1862 and trained as a physician, Schnitzler increasingly came to be influenced by the psychoanalysis centered around Sigmund Freud. Ultimately he gave up medicine to devote himself to writing brilliant psychological portraits of the Viennese bourgeois and upper classes of the fin de siècle. Schnitzler's most famous works include his dramas. Anatol (1893), Liebelei (1896), and The Green Cockatoo (1899), and the fictions The Lonely Way (1904), The Road Into the Open (1908), Casanova's Homecoming (1918), and Dream Story (1926). Lieutenant Gustl, published in 1901, is among Schnitzler's major short works, and is important as one of the first examples in this century of "stream of consciousness" narration. James Joyce has admitted to have been influenced by this book in writing Ulysses. A tour de force of modernist point-of-view, Lieutenant Gustl is highly critical of Austria's militarism, and resulted in anti-Semitic attacks to Schnitzler when it was first published.

The Enneagram Spectrum of Personality Styles

Assessment of Autism Spectrum Disorder, Second Edition

Sex and Horror: the Art of Alessandro Biffignandi

When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen; but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

From renowned artist Gregory Manchess comes a lavishly painted novel about the son of a famed polar explorer searching for his stranded father, and a lost city buried under snow in an alternate future. When it started to snow, it didn't stop for 1,500 years. The Pole Shift that ancient climatologists talked about finally came, the topography was ripped apart and the weather of the world was changed—forever. Now the Earth is covered in snow, and to unknown depths in some places. In this world, Wes Singleton leaves the academy in search of his father, the famed explorer Galen Singleton, who was searching for a lost city until Galen's expedition was cut short after being sabotaged. But Wes believes his father is still alive somewhere above the timberline. Fully illustrated with over 120 pieces of full-page artwork throughout, Above the Timberline is a stunning and cinematic combination of art and novel.

Spectrum Let's Learn to Cut builds fine motor skills and teaches basic skills through fun cutting and pasting activities. This hands-on workbook offers step-by-step instructions for parents working with children ages 2 and up with engaging activities to delight the youngest learners. Its 64 full-color pages captivate children while enhancing their fine motor skills and learn important skills necessary for preschool and kindergarten.

"The sign read, 'MR. FUN IS HERE'. The sign was telling me, telling one and all who cared to heed its call, that if fun was your quest, you had reached your journey's end." From the edge of the universe to the bottom of the world, from a mind lost to a scene of murder dark, from a never-ending road to a ruined life reclaimed and with a side trip back to the old neighborhood thrown in just for good measure. Nick takes his readers along on a varied and engaging journey to the sublime or the awful, to the uplifting or the cautionary, from the humorous or the bizarre to the heartbreaking as his pieces transition fluidly, effortlessly, joyfully from one genre to the next, from one style, one voice to the next with the clear vision, the unblinking eye and the masterful hand of a storyteller with both feet firmly planted in an off-kilter place you've never been before. MR. FUN IS HERE - 25 short stories from the troubled mind of Nicholas D. Sasuta. MR. FUN IS HERE - COME ON IN!

This authoritative resource, now thoroughly revised for DSM-5, has set the standard for the comprehensive assessment of autism spectrum disorder (ASD). Leading experts demonstrate how to craft a scientifically grounded profile of each child's strengths and difficulties, make a formal diagnosis, and use assessment data to guide individualized intervention in clinical and school settings. Chapters review state-of-the-art instruments and approaches for evaluating specific areas of impairment in ASD and co-occurring emotional and behavioral disorders. Considerations in working with children of different ages are highlighted. With a primary focus on children, several chapters also address assessment of adolescents and adults.
New to This Edition *Chapter on key implications of DSM-5 diagnostic criteria, plus related updates throughout the volume. *Chapter on advances in early identification (ages 0-3). *Chapter with in-depth case examples illustrating the evaluation decision-making process and common diagnostic challenges. *Chapters on pseudoscience (including strategies for advising parents) and future directions in the field. *Current assessment data, numerous new and revised measures, and cutting-edge screening approaches.
Between the 1960s and the early '80s Italy went crazy for the 'fumetti sexy', a genre of comics with a unique brand of twisted humour, violence, and up-front sensuality. Wilder and weirder than you can imagine, they were some of the most outrageous and shocking comics ever produced. One of the most accomplished and prolific fumetti cover artists was Alessandro Biffignandi, whose artworks featured horror, fantasy and sci-fi elements. This book collects some of the sexiest and most provocative examples of his work, which is highly coveted by collectors today.

Four Views on the Spectrum of Evangelicalism compares and contrasts four distinct positions on the current fundamentalist-evangelical spectrum in light of the history of American fundamentalism and evangelicalism. The contributors each state their case for one of four views on the spectrum of evangelicalism: -Kevin T. Bauder: Fundamentalism -R. Albert Mohler Jr.: Conservative/confessional evangelicalism -John G. Stackhouse Jr.: Generic evangelicalism -Roger E. Olson: Postconservative evangelicalism Each author explains his position, which is critiqued by the other three authors. The interactive and fair-minded nature of the Counterpoints format allows the reader to consider the strengths and weaknesses of each view and draw informed, personal conclusions. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two categories: Church Life and Bible & Theology. Complete your library with other books in the Counterpoints series.

The Best in Contemporary Fantastic Art: the Best in Contemporary Fantastic Art

Presents more than two hundred full-color reproductions of paintings, drawings, advertisements, comics, magazine illustrations, and sculptures by outstanding contemporary fantastic artists--including Michael Whelan, James Christensen, Gregory Manchess, and Bob Eggleton--as well as a review of the past year in the world of fantastic art. Simultaneous. 25,000 first printing.

This work is a compilation of 25 thoughts that could direct your path towards peace, thoughtfulness and action. The thoughts in this space came to me as I witnessed truths of life unfolding for me through my own experiences. It is because of my desire to find tools for purpose in every event of my life that I find peace in both letting go and embracing that which is necessary. My hope is that: * You will find complete freedom and blessings in loss as it was intended for your destiny. * You will learn to look at your mistakes as natural lessons in your life rather than failures. * You will understand how your burdens are really the fuel for your motivation towards perfection. * You will realize that the thorns in your flesh can literally be the very tools you need to complete your assignment. * You will see all is not lost and what you thought was tragic is just another stepping stone towards your true fulfillment. * At the end of your spiritual literary journey with me, you will realize that you can be used AS IS for the fulfillment of your destiny.

Seasoning recipes adds to the flavor of the food. The book ' Seasoning Recipes: Unleashing 25 Easy Seasoning Mixes ' is sure to spice up the day to day food. The book details 25 recipes combining different seasoning herbs and spices to complement the flavor of the food.

Seasoning Recipes

"Therefore, since we have been justified by faith, we have peace with God through our Lord Jesus Christ" (Rom 5:1). When Paul wrote these words he seemed confident he had made himself clear. But for centuries the Pauline doctrine of justification has been a classic point of interpretation and debate in Christian exegesis and theology. And while in recent decades there have been moments of hopeful convergence among the various traditions of the Western church, the fine print often reveals more facets and distinctions than ever before. This volume focuses on five views of justification and calls on representative proponents to set forth their case and then respond to each other. The five views are: Traditional Reformed (Michael S. Horton) Progressive Reformed (Michael F. Bird) New Perspective (James D. G. Dunn) Deification, or Theosis (Veli-Matti Kärkkäinen) Roman Catholic (Gerald O Collins and Oliver Rafferty) In addition, editors James Beilby, Paul R. Eddy and Steven E. Enderlein provide an extensive introduction to the issues informing this important debate. This distinguished forum of biblical interpreters and theologians offers a lively and informative engagement with the biblical, historical and contemporary understandings of justification. Justification: Five Views is not only a fascinating probe into Paul s meaning, it is also a case book in theological method.

Emerging Programs for Autism Spectrum Disorder: Improving Communication, Behavior, and Family Dynamics brings forward a hybrid and a transdisciplinary methodology to identify methods used to diagnose, treat, and manage those with autism within personal and social constructs and values building exemplary international experiences from across the globe. Luminary experts offer their superb level of expertise through their research, experience, and clinical work. The book addresses all the aspects of care, lifespan, and lifestyle issues from treatment to living. It will emphasize issues related to neurodiversity, individuality, best practices, and support of people on the Autism Spectrum and their families. In addition, this book includes specific case studies, highlighting family experiences and the application of best practices by therapists thereof. Provides a multidisciplinary approach of the diagnosis, management and treatment of autism spectrum disorders Includes specific case studies highlighting family experiences Emphasizes issues related to neurodiversity, individuality and improving quality of life

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

At last! The long awaited "how to" book explaining The Spectrum Balance® Protocol; the diet that has been used so effectively on Autism and many other ASDs since 2005. Available free of charge from The NoHarm Foundation since 2009, this Protocol has been downloaded by families over 10,000 times and in over 70 countries. This is the whole picture. In an easy to understand fashion, this book will explain the science behind what causes many ASDs, how to execute the diet most effectively, the foods used in the diet itself, and 26 true case studies written in a realistic and compelling style that will both enlighten and entertain. Truly, only truth is stranger than fiction!

Spectrum 12

Highland Celts Series -

This is the best introductory book you will find on the Enneagram. Wagner's guide is a clear and concise introduction to the Enneagram, useful for personal exploration and as a teaching id for workshop presenters and counselors. This comprehensive book with charts, exercises, and bullet descriptions, yields an experiential understanding of basic Enneagram principles such as authentic values and their personality substitutes, resourceful and non-resourceful cognitive, emotional, and behavioral schemas and how they shift under stressful and flow condtions, developmental influences, and the three centers of sorting and deciding. Learn about the defense mechanisms, principles and paradigms, virtues, passions, and both healthy and maladaptive instincts of each of the nine Enneagram personality types. For centuries -- and now in the light of leading edge psychology -- the Enneagram

has helped people to recognize their predispositions, motives, and talents. Its insights provide valuable information for those in communication, business, human resources, therapy, and personal growth. This book helps you to explore the nine different "hues" of the Enneagram, discover your own type, and understand the behaviors and attitudes that are uniquely yours. It is considered the most concise and easy to use introductory guide available.

A new edition of the 1996 Hugo Award nominee for Best Nonfiction Book features an array of premier fantasy and science fiction artwork, including more than two hundred pieces that feature contributions by Hugo winner Michael Whelan, Caldecott winners Leo and Diane Dillon, Dinotopia creator James Gurney, and other notable artists. Reprint.

Drawing comes with several benefits. One of these is the development of fine motor skills that will aid in the completion of tasks involving object manipulation by hand. As your child draws, he/she begins to express what he/she imagines. Objects are given careful details so features are learned. This way, you can understand what your child creates. How are your child's drawing skills now?

Pencil Art Workshop

The latest installment of an annual full-color collection of science-fiction art includes works by Michael Whelan, Jim Burns, Bob Eggleton, comic artists Alex Ross and Charles Vess, Peter de Séve of The New Yorker and many more. Original.

"George Silverman's Explanation" by Charles Dickens. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that

need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

"The family elements in the story - the real struggles with marriage, raising a family, making a living, and just trying to enjoy life - have broadened the book's appeal to a wider audience, primarily women who are not into technology." DARK END OF SPECTRUM will make you think twice before turning on your cell phone or PDA! DARK END OF THE SPECTRUM is a frighteningly plausible and headline ripping tale of the real threats that loom in cyberspace and beyond with a Michael Crichton realism. Based on the author's years of research into the hacker culture. DARK END OF THE SPECTRUM is a thriller that will connect with everyone with a cell phone, PDA or wireless device. When a group of digital terrorists known as ICER take over the US power grid and the cell phone network, they give the government an ultimatum - bomb the borders of Afghanistan and Pakistan with nuclear weapons to put an end to Al-Quada or they will start downing commercial airliners. When the government refuses, ICER destroys most of the downed aircraft in airports all over the country. When ICER sends a pulse that will kill millions on the East Coast, only security expert Dan Riker can stop them, but ICER has kidnapped Dan's family. Will Dan save his family or will millions die?

"The best-selling Spectrum series--often imitated but never equaled--continues with this lavishly produced 24th annual.
