Michelin Must Sees Milan & Italian Lakes

This guidebook describes 20 walks around Lakes Garda and Iseo in Northern Italy. The routes range from 4 to 13km in length and are graded 1 to 3. There is something for everyone, from easy leisurely strolls for first-time walkers to strenuous climbs up panoramic peaks. The clear maps, inspirational photographs and information about accommodation and public transport options help to make this guidebook an ideal companion to exploring the exceptional scenery, views and culture of the Italian Lakes. A basic English-Italian glossary is also included. Formed by ancient glaciers and hemmed in by awesome towering cliffs, Lago di Garda boasts a superb network of well-marked trails exploring alpine ridges and peaks, in addition to ancient stepped ways to fascinating industrial archeology sites. The southern shores are very Mediterranean in flavour, lined with olive groves and vineyards. Beautiful Lago d'Iseo is one of Italy's well-kept secrets. Well out of view until you actually reach its shores, it boasts an attractive mountainous island, appropriately named Monteisola.

I bought this after reading the author''s piece on Lake Como on the GoNomad site. I wasn''t disappointed - there''s masses of extra information here that many other guidebooks just don''t have, and all of the lakes are covered, plus day trips to nearby towns, etc. Good variety of hotel and restaurants - not just for those with big budgets. I particularly like the listing and addresses for the ''''adventures'''' - which include anything from diving schools, bike and boat hire to art courses. The book doesn''t seem quite as glossy as some other titles but the content is great - and clearly written by somebody who knows the region well. Maps are good too - including Milan metro map! -- Amazon reviewer''
