Provides a brief history of the rise of literary theory in the twentieth century, in order that students understand the historical contexts for different theories. Presents an alphabetically organized series of entries on key figures and publications, from Adorno to Žižek. Features descriptions of the major movements in literary theory, from critical theory through to postcolonial theory.

Tsotsi is an angry young gang leader in the South African township of Sophiatown. A man without a past, he exists only to kill and steal. But one night, in a moonlit grove of bluegum trees, a woman he attempts to rape forces a shoebox into his arms. The box contains a baby, and his life is inexorably changed. He begins to remember his childhood, to rediscover himself and his capacity for love. Turned into an Oscar-winning movie in 2006, Tsotsi's raw power and rare humanity show how decency and compassion can survive against the odds.

When Paul and Dominique are sent to boarding schools, their idyllic childhood on a South African farm is over. Their parents' leftist politics has made life impossible in the local town school. Angry schoolboy Paul is a promising poet, his sister his confidante. But his literary awakening turns into a descent. He flees the oppression of South Africa, only to meet his death in London. Dominique Botha's poignant debut is an elegy to a rural existence and to her brother - both now forever lost. The novel is

For centuries herbs and spices have been an integral part of many of the world's great cuisines. But spices have a history of doing much more than adding life to bland foods. They have been the inspiration for, among other things, trade, exploration, and poetry. Priests employed them in worship, incantations, and rituals, and shamans used them as charms to ward off evil spirits. Nations fought over access to and monopoly of certain spices, like cinnamon and nutmeg, when they were rare commodities. Not only were many men's fortunes made in the pursuit of spices, spices at many periods throughout history literally served as currency. In *Culinary Herbs and Spices of the World*, Ben-Erik van Wyk offers the first fully illustrated, scientific guide to nearly all commercial herbs and spices in existence. Van Wyk covers more than 150 species—from black pepper and blackcurrant to white mustard and white ginger—detailing the propagation, cultivation, and culinary uses of each. Introductory chapters capture the essence of culinary traditions, traditional herb and spice mixtures, preservation, presentation, and the chemistry of flavors, and individual entries include the chemical compounds and structures responsible for each spice or herb's characteristic flavor. Many of the herbs and spices van Wyk covers are familiar fixtures in our own spice racks, but a few—especially those from Africa and China—will be introduced for the first time to American audiences. Van Wyk also offers a global view of the most famous use or signature dish for each herb or spice, satisfying the gourmand's curiosity for more information about new dishes from little-known culinary traditions. People all over the world are becoming more sophisticated and demanding about what they eat and how it is prepared. *Culinary Herbs and Spices of the World* will appeal to those inquisitive foodies in addition to gardeners and botanists.

Introducing Miss Ottoline Brown, an exceptionally inquisitive Mistress of Disguise, and her partner in crime, Mr. Munroe. No puzzle is ever too tricky for the two of them to solve . . . Ottoline lives in a stylish apartment in Big City with a small hairy creature called Mr. Munroe. Together they look after the Brown family's eclectic collections - and dabble in a spot of detective work. So they are the first to the scene of the crime when a string of high-society dog-nappings and jewel thefts hits Big City. Ottoline (who luckily has a diploma from the Who-R-U Academy of Disguise) and Mr. Munroe go undercover - and expose an ingenious scam masterminded by furry feline crook, the Yellow Cat. *Ottoline and the Yellow Cat* is a quirky mystery-adventure from star author/illustrator, Chris Riddell. Winner of the Nestle Prize, and crammed with black and white illustrations, *Ottoline and the Yellow Cat* is perfectly packaged and highly collectable.

The acclaimed debut novel by the author of Little Fires Everywhere. "A taut tale of ever deepening and quickening suspense." —O, the Oprah Magazine "Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family." —Entertainment Weekly "Lydia is dead. But they don't know this yet." So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia's body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, Everything I Never Told You is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.

Stock markets are not efficient, returns are incommensurate with risk, investors are irrational, bubbles and crashes recur regularly, analysts are usually wrong, economists even more so, luck is mostly mistaken for skill, myths and misconceptions abound and most of the industry participants are simply noise generators. This is even more true for emerging markets. South Africa can be termed a developed emerging market and is the newest member of the BRICS group. The Effective Investor is the first book to deal specifically with investing in the South African stock market, filling a surprising gap given the widespread interest that has been shown in South Africa as an emerging market and the gateway to the resource-rich African continent. Understanding the South African market provides insight into the paths that emerging and frontier markets will follow in future. While the investment lessons from the South African market outlined in this book are universal, understanding some of its peculiarities is also important. For example, some insight into the behaviour of the currency, the rand, is clearly critical in terms of any investment in this market, as well as in providing some understanding of other volatile emerging market currencies, as well as because it is often treated as the most liquid proxy for these currencies, particularly during upheavals. Similarly, the techniques highlighted in the book for dealing with volatility are applicable to similar markets elsewhere. South Africa is also an attractive market in its own right. It has been the third-best performing stock market in the world since 1900, and has weathered the great financial crisis with flying colors. The book provides readers with the findings of leading-edge research conducted into the South African stock market, the results of which are normally reserved for professional institutions and is written by a practicing, top-rated investment professional. The book also has guest contributions from some of South Africa's most astute professional analysts and fund managers on their specific areas of expertise, providing exceptional insight into current investment thinking. The Effective Investor is essential reading for every potential, novice or professional investor and investment adviser in emerging markets who wants to understand the most important principles of the South African stock market to ensure successful investing.

Sometimes the end is just the beginning of a new adventure. Martin's life changes the day his dad is killed in a car accident. No one talks about it. His mum refuses to leave the house. His sister is only interested in her boyfriend. And Martin? He spends his afternoons alone with the family chickens - that's why they call him 'Clucky' - and at night, he solves difficult maths problems in his head to help him fall asleep. But one day Martin meets a boy called Vusi, who dreams of making a zombie movie. The two are plunged head first into a wild adventure, pulling everyone they know along with them.

Everything I Never Told You

This dissertation focuses on structural aspects of code switching between South African English and Afrikaans. Specifically, the main aim is to investigate the merit of an account of intrasentential code switching in terms of feature checking theory, a theory associated with minimalist syntax. The hypothesis is that feature checking theory and its related principles and operations provides an adequate framework within which to characterise and explain structural aspects of English-Afrikaans intrasentential code switching. A number of word order differences between English and Afrikaans, specifically involving verb position, are analysed within the framework of feature checking theory, where the movement of lexical items is proposed to be driven by the need to check strong uninterpretable features associated with functional heads. The constructions include constructions with adverbs, focalisation and topicalisation constructions, embedded that and wh clauses, and yes-no questions. On the basis of the feature checking analyses, predictions are made regarding the well-formedness of constructions of these types in which code switching between English and Afrikaans occurs. The predictions are tested on the basis of data elicited from 30 fluent English-Afrikaans bilingual participants by means of (i) judgments of the relative well-formedness of visually-presented sentence pairs, (ii) judgments of the relative well-formedness of auditorily-presented utterance pairs, (iii) sentence construction, (iv) video clip description, and (v) magnitude estimation of the relative well-formedness of visually-presented sentence sets. The results indicate support for some of the predictions, but uniform support for the hypothesis is not evident. Further linguistic factors playing a role in participants' performance are discussed. This dissertation is of interest to scholars in the field of bilingualism, particularly those interested in the application of syntactic theory to bilingual phenomena, and in experimental techniques tapping bilingual processing.

Unleash the song of your soul with Zen Guitar, a contemplative handbook that draws on ancient Eastern wisdom and applies it to music and performance. Each of us carries a song inside us, the song that makes us human. Zen Guitar provides the key to unlocking this song—a series of life lessons presented through the metaphor of music. Philip Sudo offers his own experiences with music to enable us to rediscover the harmony in each of our lives and open ourselves to Zen awareness uniquely suited to the Western Mind. Through fifty-eight lessons that provide focus and a guide, the reader is led through to Zen awareness. This harmony is further illuminated through quotes from sources ranging from Eric Clapton and Jimi Hendrix to Miles Davis. From those who have never strummed a guitar to the more experienced, Zen Guitar shows how the path of music offers fulfillment in all aspects of life—a winning idea and an instant classic.

#1 New York Times Bestseller The groundbreaking work that poses one of the most provocative questions of a generation: what is happening to the selves of adolescent girls? As a therapist, Mary Pipher was becoming frustrated with the growing problems among adolescent girls. Why were so many of them turning to therapy in the first place? Why had these lovely and promising human beings fallen prey to depression, eating disorders, suicide attempts, and crushingly low self-esteem? The answer hit a nerve with Pipher, with parents, and with the girls themselves. Crashing and burning in a "developmental Bermuda Triangle," they were coming of age in a media-saturated culture preoccupied with unrealistic ideals of beauty and images of dehumanized sex, a culture rife with addictions and sexually transmitted diseases. They were losing their resiliency and optimism in a "girl-poisoning" culture that propagated values at odds with those necessary to survive. Told in the brave, fearless, and honest voices of the girls themselves who are emerging from the chaos of adolescence, Reviving Ophelia is a call to arms, offering important tactics, empathy, and strength, and urging a change where young hearts can flourish again, and rediscover and reengage their sense of self.
