Learn Swedish: Must-Know Swedish Slang Words & Phrases

We broke our new series on learning Swedish down into different learning stages. Start with the "Lower

Beginner” books followed by the “Beginner” and “Upper Beginner” books. Next, progress to the “Intermediate” series, then test and reinforce your knowledge with the “Conversations” series. Our experienced educators and speakers possess the linguistic skills to help you understand and speak Swedish clearly. We are very proud to have developed a product that truly helps you learn Swedish quickly and easily, anytime and anywhere. This audiobook is divided into units. While it provides different learning patterns and accommodates various needs, this audiobook focuses

on helping you improve your ability to understand, speak, and memorise Swedish. The sample will give you a taste of what you can look forward to. In Unit 1 you will hear Swedish decoded with each syllable spoken very slowly and clearly with repetition. Immediately before each sentence is spoken, you will hear the translation, so you will always understand what is being said. Unit 2 focuses solely on increasing your listening ability, which will improve your abilities to engage in dialogue with a native Swedish speaker. This chapter requires you to listen very carefully to nuances in the language. By Unit 3 you

will already notice progress in your abilities to speak and understand Swedish. The spoken translation is followed by two repetitions in Swedish at a completely natural speed. While you are learning to process naturally spoken Swedish, Units 3 and 4 will help you memorise new vocabulary and full sentences. In Unit 5 you can test yourself on how much you have learned. If you are having difficulties, we suggest you revisit the listening, speaking, or memorisation section of Units 1, 2 3 or 4, according to what you need more help with. We developed our audiobooks to enable you to learn without an eBook. This gives you the

opportunity to advance your Swedish language skills anywhere whether you're on the go or waiting around. As the audiobook is neatly arranged into many sub-units, it is also very practical for educators to navigate and use in classrooms or any time sensitive learning environment. Topics covered in this 2 part series: Part 1: - Greetings - Asking personal information - Asking about people or things - Talking about food - Talking about the current time and date Part 2: - Talking about the location of things - Describing things - Likes and dislikes - Talking about abilities - Talking about appearance - Talking about

personality - Talking about the weather - Talking about the house (rooms and furniture)

Döstädning, or the art of death cleaning, is a Swedish phenomenon by which the elderly and their families set their affairs in order. Whether it's sorting the family heirlooms from the junk, downsizing to a smaller place, or setting up a system to help you stop misplacing your keys, death cleaning gives us the chance to make the later years of our lives as comfortable and stress-free as possible. Whatever your age, Swedish death cleaning can be used to help you de-clutter your life, and take stock of

what's important. Margareta Magnusson has death cleaned for herself and for many others. Radical and joyous, her guide is an invigorating, touching and surprising process that can help you or someone you love immeasurably, and offers the chance to celebrate and reflect on all the tiny joys that make up a long life along the way.

How to Learn and Memorize Swedish Vocabulary ... Using a Memory Palace Specifically Designed for the Swedish Language (and adaptable to many other languages too) If you'd like to double, triple or even quadruple your ability to learn Swedish vocabulary by

using simple memory techniques that you can learn in 30 minutes or less, then this may be the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not. The information in this book will teach you: * Why memory is like a bicycle everyone can ride (with some minor personal adjustments). * The real reason why no one should ever be squeamish about memorization or learning a language. * Why and how some of the most famous memory skills are applicable to learning any language, especially Swedish. * How you can easily create a

29 "letter location" memory system based on the basic alphabet Swedish shares with English. * Unique techniques that will have you literally "zooming in" on the Swedish language. * How to separate Swedish words in the most effective manner for memorization. * Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate the stress and apprehension as you learn Swedish. * And much, much more ... These techniques have been used by real language learners, most of whom previously considered

themselves owners of a "bad memory," to make real strides in learning Swedish vocabulary. Don't worry! None of these techniques are rocket science. Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a language as rich and diverse as Swedish. Plus, everything you'll learn in this book applies to every other language that shares the same alphabet with English. And with a little imagination, the ideas are easily transferable to other alphabet systems too. But there's really no time to lose. Every day that you are not using this simple

vocabulary memorization system, you are literally stealing from yourself the joy of being able to read, speak and recall an abundance of Swedish vocabulary as you easily expand the natural abilities of your mind.

Now in its second edition. Laura Wideburg deftly follows the various strands of her Swedish family from all the way back to the Viking era to modern times, covering major events in Swedish history as well as personal stories of emigration to a new continent. All of this is presented as an intermediate reader intended to help you advance your Swedish after you have completed Swedish:

Beyond the Basics or equivalent. Are you ready to delve deeply into Swedish history and culture while improving your Swedish? Do you want to learn about the fascinating people who made Sweden what it is today? This intermediate reader combines reading texts with vocabulary items and exercises aimed at helping you retain what you have learned. Second Edition
