The first label is the Unified Water Label (UWL), promoted by the European Bathroom Forum (EBF, representing manufacturers of water taps, shower heads etc in Europe), and the second one is the Swedish Energy label for water taps, developed by the Swedish Technical Committee TK519 (consisting of Swedish manufacturers and the Swedish Energy Agency). Whereas the UWL is based on water flow only, the Swedish label is based on both water flow and rinsing performance. The results show that the Swedish label is better in differentiating between taps in terms of energy use and, according to preliminary results, also in terms of water use.

"Abundance Creed is more than just a book of poetry; it explores the search for meaning in today's changing world. It is thought provoking and inspires the reader through the reflections of the author, Julius Smith. It is a must read for those who value a healthy attitude towards life. As a consequence of his understanding of life issues Abundance Creed connects past history with the present-day struggle of African-Americans. Smith has the exceptional gift of crafting divinely inspired, creative poetry that is both sagacious, perceptive and readable. Julius Smith's sensitivity to the critical, fundamental, timeless issues of the human experience, his depth of insight and analysis is not only remarkable, but it is phenomenal. His reflections are inspirational and useful for those seeking to delve into the subjects of abundance, the current God ordained role of the family, and the painful history (past and

current effect) of slavery in America. Smith is a perceptive and serious interpreter of life, as a result Abundance Creed breathes a sense of true compassion, discernment and spirituality which are the inner qualities of Smith himself." Reverend Dr. Almetha Thomas, ordained minister, Licensed Clinical Therapist by the American Association of Pastoral Counselors (retired) "As we walk through life we are gifted with an Abundance of memories. The good ones are like a path of light, the bad ones are shaded by the Reflection of darkness. The images we see in the mirror are Family who develop our wings and allow us to fly. Time represents the pace of our journey, to allow one to experience the quintessential steps of life. The Abundance Creed is well worth the read, and holding on to as a life reference." Quincy Smith, Hollywood Actor "In the Abundance Creed Reverend Smith's in-depth knowledge of the human spirit, his grasp of compassion, justice, and freedom surfaces throughout his poetry. His focus on the American experience points to democracy. I am amazed at his ability to capture feelings, fears, hopes and dreams by connecting words, phrases and sentences. He is innovative, has an extroverted style and quite frankly, the material is inspirational and a joy to read. Right on Brother!" Reverend Richard D. Winn, Sr., Superintendent, The Griffin District, North Georgia Conference of The United Methodist Church

"Dare to Inspire shows how to spark and sustain exponential growth." --Shawn Achor, New York Times

bestselling author of Big Potential and The Happiness Advantage Inspiration is a most critical resource to be managed in modern work. The problem is that the power of inspiration often feels fleeting. But what if you could design your own way to be inspired at work on a regular basis? What if you could make your own inspiration last? Rooted in 18 engines of inspiration that emerged from interviews with leaders across different industries, Dare to Inspire shows how to supercharge inspiration for yourself, your team, and your organization. Each

chapter offers tools, strategies, and examples of how to make inspiration happen and last. Through stories of pioneers in business, health, education, and other industries, readers learn how to effectively use the engines to spark inspiration, along with specific practices to sustain it. Dare to Inspire features Chef Wes Avila, the founder of L.A. sensation Guerrilla Tacos, who was inspired to revolutionize his industry; crowdfunding pioneer Charles Best, who founded DonorsChoose to meet the challenge of connecting teachers in need with donors interested in supporting educational programs; and many others. This will be a vital book for anyone interested in creativity, success, achievement, and happiness.

• Is the Bible historically accurate? • Are there any contradictions in the Bible? • If we look too closely at the Bible might we find things that will destroy our faith? • Should I be afraid that some new archaeological discovery will prove the Bible wrong? • How much freedom do I have to interpret the Bible? Combining history, Scripture, and an understanding of human nature, Dr. Thompson takes on the difficult questions regarding the Bible and inspiration. He goes beyond the question of whether you can trust the Bible to ask whether you can trust yourself as you study. This unique study of inspiration uses internal evidence from the Bible text, its history, collection, and transmission to look at the way in which God works through prophets and Bible writers. As an experiential lens, he uses the experience of the Seventh-day Adventist community, of which he is a part, and its reception and use of Ellen White as God's messenger. This provides an example of someone who produced an incredible volume of written material in her lifetime, yet maintained a great humility and understood her own spiritual experience as one of growth. However, Inspiration: Hard Questions: Honest Answers is not just for Seventh-day Adventists. The lessons, drawn from the experience of one community, have wide applicability as we look at a range of views on biblical interpretation, experience, tradition, and contemporary claims of a prophetic word. All communities of faith would do well to ask the hard questions addressed in this book and to learn from the history and experience of others. Ultimately, the author is addressing a question that comes to all of us: What is God's will and how can I know it? Can I be certain? To find the answers we need, Dr. Thompson reminds us "We cannot just know Scripture, we have to know God." In this Second Revised Edition, you will find a new "bridge" chapter, designed to invite readers outside of the Adventist tradition to join in the conversation, as well as a number of minor updates, and a set of beautiful photographs and drawings inspired by scripture, prepared for this edition by Wanda Thompson. It is not enough to determine how the inspiration of scripture works as a theological tenet or a doctrinal point. Ultimately, for God's Word in scripture to accomplish its mission, we must each be inspired by it as well.

This volume examines the theme of fusion in Caribbean dance from a wide range of perspectives, including its socio-cultural-historical formation. The contributions are drawn from a conference entitled "Caribbean Fusion Dance Works: Rituals of Modern Society", which focused primarily on the Caribbean as a unique locale. However, chapters on dance fusions in other diasporic locations and the sustainability of dance as an art form are also included here in order to offer a sense of an inevitable and, in some instances, desirable evolution due to the globalizing forces that continue to influence dance.

Do we have an adequate understanding of fluid dynamics phenomena in nature and evolution, and what physical models do we need? What can we learn from nature to stimulate innovations in thinking as well as in engineering applications? Concentrating on flight and propulsion, this unique and accessible book compares fluid dynamics solutions in nature with those in engineering. The respected international contributors present up-to-date research in an easy to understand manner, giving common viewpoints from fields such as zoology, engineering, biology, fluid mechanics and physics. This transdisciplinary approach eliminates barriers and opens wider perspectives to both of the challenging questions above. Contents: Applications in Engineering and Medicine; Inspiration from Nature; Steady and Unsteady Fluid Dynamics; Specific Numerical and Experimental Methods

Counsels readers on how to make strategic mental shifts to embrace a more positive outlook and tap creative energies, sharing uplifting quotes and stories as well as instructive exercises and meditations designed to align the heart and intellect for transformational benefits. Original. TV tie-in.

Most of us live our lives by accident - we live as it happens. Fulfilment comes when we live our lives on purpose. 'What are you going to do with your life? What are you doing with your life now?' 'Do you have goals? A vision? A clear sense of why you do what you do?' Almost everyone knows someone who has grappled with at least one of these questions. The answers can often seem elusive or uncertain. Though there are many paths to follow into the unknown future, there is one way that dramatically increases the chances we will enjoy the journey. To travel with someone we trust. We can try to build a successful career or a happy life alone, but why would we? Together is better. This unique and delightful little book makes the point that together is better in a quite unexpected way. Simon Sinek, bestselling author of Start With Why and Leaders Eat Last, blends the wisdom he has gathered from around the world with a heartwarming, richly illustrated original fable. Working hard for something we don't care about is called stress. Working hard for something we love is called passion.

In this powerful and motivating book, international pastor Phil Pringle invites readers to activate their spiritual lives by understanding prayer as a journey to the highest places of God. He sees prayer as an "art," a craft to be developed and nurtured. Prayer is much more than muttering religious words; it is a connection with the God of heaven Himself. Too often, believers fail to bridge the gap between earth and heaven, but active prayer releases the spirit into communion with God in another world: His world. As readers grow, they will draw close to a loving God who desires relationship with all who are made in His image. Moreover, when we pray in close contact with God, we see greater results on earth and in our lives. Pringle appeals to the imagination and the soul, and all who engage with these visionary teachings will discover a new dimension to the act and the art of prayer.

Combining a proven process; inspiring true stories and powerful tools, helps readers achieve their goals.
