

Texts For Tarotcard 2 Japanese Edition

First issued in 1910, the Rider-Waite Tarot is almost certainly the most widely used tarot card deck in the world. There are 78 tarot cards, divided into the Major and Minor Arcanas, designed by Pamela Colman Smith in accordance with A. E Waite's instructions. An instructional booklet by A. E. Waite is included, explaining the tarot card meanings and how to use the cards for divination, with an introduction by Stuart R. Kaplan.

Dramatic advances in genetics, cloning, robotics, and nanotechnology have given rise to both hopes and fears about how technology might transform humanity. As the possibility of a posthuman future becomes increasingly likely, debates about how to interpret or shape this future abound. In Japan, anime and manga artists have for decades been imagining the contours of posthumanity, creating dazzling and sometimes disturbing works of art that envision a variety of human/nonhuman hybrids: biological/mechanical, human/animal, and human/monster. Anime and manga offer a constellation of posthuman prototypes whose hybrid natures require a shift in our perception of what it means to be human. Limits of the Human—the third volume in the Mechademia series—maps the terrain of posthumanity using manga and anime as guides and signposts to understand how to think about humanity's new potentialities and limits. Through a wide range of texts—the folklore-inspired monsters that populate Mizuki Shigeru's manga; Japan's Gothic Lolita subculture; Tezuka Osamu's original cyborg hero, Atom, and his manga version of Fritz Lang's Metropolis (along with Ôtomo Katsuhiro's 2001 anime film adaptation); the robot anime, Gundam; and the notion of the uncanny in Ghost in the Shell 2: Innocence, among others—the essays in this volume reject simple human/nonhuman dichotomies and instead encourage a provocative rethinking of the definitions of humanity along entirely unexpected frontiers. Contributors: William L. Benzon, Lawrence Bird, Christopher Bolton, Steven T. Brown, Joshua Paul Dale, Michael Dylan Foster, Crispin Freeman, Marc Hairston, Paul Jackson, Thomas LaMarre, Antonia Levi, Margherita Long, Laura Miller, Hajime Nakatani, Susan Napier, Natsume Fusanosuke, Sharalyn Orbaugh, Ôtsuka Eiji, Ad è le-Elise Pr é vost and MUSEbasement; Teri Silvio, Takayuki Tatsumi, Mark C. Taylor, Theresa Winge, Cary Wolfe, Wendy Siuyi Wong, and Yomota Inuhiko.

Provides definitions and information on the origins, history, and usage of terms of foreign origin in English, including words commonly used and scientific vocabulary.

The World's Gentlest and Sweetest Tarot Cards After the successful launch of their best-selling Angel Tarot Cards, Doreen Virtue and Radleigh Valentine knew that some people were still wary of tarot. So they created this 78-card deck and accompanying guidebook for highly sensitive people who desire the accurate and detailed answers of tarot cards, along with gentle words and images. Even sweeter than their other decks, the Guardian Angel Tarot Cards provide a comforting and safe way to get clear messages for yourself and others.

Magic in Theory and Practice

First issued in 1910, this pack contains almost certainly the most widely used Tarot deck in the world, along with an invaluable instructional book, THE KEY TO THE TAROT, which explains the history and usage of the cards of which there are 78 divided into

Drawing on nearly forty years of tarot experience, Mary K. Greer has developed a new energizing approach-made up of twenty-one stimulating techniques to interpret or deepen your understanding of each card. Just as the twenty-six letters of the alphabet can be combined to form billions of words, Greer's twenty-one methods can be used in any combination for gaining amazing new insights and perspectives. Emphasizing both traditional and personal methods of interpretation, Greer's techniques involve storytelling, sketching, symbols, metaphors, dialogues, acting, and other imaginative exercises. Designed to bring about interaction, transformation, and empowerment, this twenty-one-pronged approach to tarot can help readers expand standard interpretations and evolve new ways of connecting to the cards. Winner of the Coalition of Visionary Resources Award for Best Divination Book

“An instant classic, a must-have for every tarot enthusiast, and a manifesto for insightful living.” —Chani Nicholas, astrologer and author of You Were Born for This Though tarot is often thought of as a tool for divination and fortune-telling, it also has deep roots in spirituality and psychology. For those who know how to see and listen, the cards hold the potential to help us better navigate the full spectrum of the human experience. In Tarot for Change, Jessica Dore divulges years of hard-won secrets about how to work with tarot to better understand ourselves and live in alignment with what’s precious. Dore shows readers how to choose a deck, interpret images, and build a relationship with the cards, while also demonstrating how the mythic imagery of tarot supports modern therapeutic concepts like mindfulness, acceptance, and compassion. Her reflections on each of the seventy-eight cards are a vibrant tapestry that weaves together ideas from psychology, behavioral science, spirituality, and old stories, breathing new language into ancient wisdoms about what it means to be human. This is as much a book for those who are new to tarot as it is for those who have worked with the cards for years. And it’s a book for anyone interested in exploring what it means to experience joy, heartbreak, wonder, stagnation, grief, loneliness, love. A book of secrets, symbols, and stories, Tarot for Change is a charm for remembering that our problems are not new, we are never alone, and whether we know it or not, we are always in a process of change.

Tarot has long been revered for giving detailed and accurate forecasts. Doreen Virtue and Radleigh Valentine have created the first deck of tarot cards that is 100 percent gentle, safe, and trustworthy! All of the words in this deck, as well as the artwork by Steve A. Roberts, are positive and beautiful, while still retaining the magical effectiveness of traditional tarot. The accompanying guidebook explains the general meaning of each card and walks you through the steps of giving an accurate reading for yourself and others. Rich with symbolism and imagery—including angels, archangels, unicorns, fairies, and mermaids—the Angel Tarot Cards will provide you with inspiring guidance on your life journey!

Differentiation and Uncertainty

The Sun, Planets, Dwarf Planets and Moons in Art, Myth and History

Oni, ubiquitous supernatural figures in Japanese literature, lore, art, and religion, usually appear as demons or ogres. Characteristically threatening, monstrous creatures with ugly features and fearful habits, including cannibalism, they also can be harbingers of prosperity, beautiful and sexual, and especially in modern contexts, even cute and lovable. There has been much ambiguity in their character and identity over their long history. Usually male, their female manifestations convey distinctively gendered social and cultural meanings. Oni appear frequently in various arts and media, from Noh theater and picture scrolls to modern fiction and political propaganda, They remain common figures in popular Japanese anime, manga, and film and are becoming embedded in American and international popular culture through such media. Noriko Reiderýs book is the first in English devoted to oni. Reider fully examines their cultural history, multifaceted roles, and complex significance as “others” to the Japanese.

Another season of The Book of Voltaire series in one complete bundle.

“In all of the literature addressing education, race, poverty, and criminal justice, there has been nothing quite like Reading with Patrick.”—The Atlantic A memoir of the life-changing friendship between an idealistic young teacher and her gifted student, jailed for murder in the Mississippi Delta FINALIST FOR THE DAYTON LITERARY PEACE PRIZE Recently graduated from Harvard University, Michelle Kuo arrived in the rural town of Helena, Arkansas, as a Teach for America volunteer, bursting with optimism and drive. But she soon encountered the jarring realities of life in one of the poorest counties in America, still disabled by the legacy of slavery and Jim Crow. In this stirring memoir, Kuo, the child of Taiwanese immigrants, shares the story of her complicated but rewarding mentorship of one student, Patrick Browning, and his remarkable literary and personal awakening. Convinced she can make a difference in the lives of her teenaged students, Michelle Kuo puts her heart into her work, using quiet reading time and guided writing to foster a sense of self in students left behind by a broken school system. Though Michelle loses some students to truancy and even gun violence, she is inspired by some such as Patrick. Fifteen and in the eighth grade, Patrick begins to thrive under Michelle’s exacting attention. However, after two years of teaching, Michelle feels pressure from her parents and the draw of opportunities outside the Delta and leaves Arkansas to attend law school. Then, on the eve of her law-school graduation, Michelle learns that Patrick has been jailed for murder. Feeling that she left the Delta prematurely and determined to fix her mistake, Michelle returns to Helena and resumes Patrick’s education—even as he sits in a jail cell awaiting trial. Every day for the next seven months they pore over classic novels, poems, and works of history. Little by little, Patrick grows into a confident, expressive writer and a dedicated reader galvanized by the works of Frederick Douglass, James Baldwin, Walt Whitman, W. S. Merwin, and others. In her time reading with Patrick, Michelle is herself transformed, contending with the legacy of racism and the questions of what constitutes a “good” life and what the privileged owe to those with bleaker prospects. “A powerful meditation on how one person can affect the life of another . . . One of the great strengths of Reading with Patrick is its portrayal of the risk inherent to teaching.”—The Seattle Times “[A] tender memoir.”—O: The Oprah Magazine

Diva Nation explores the constructed nature of female iconicity in Japan. From ancient goddesses and queens to modern singers and writers, this edited volume critically reconsiders the female icon, tracing how she has been offered up for emulation, debate or censure. The research in this book culminates from curiosity over the insistent presence of Japanese female figures who have refused to sit quietly on the sidelines of history. The contributors move beyond archival portraits to consider historically and culturally informed diva imagery and diva lore. The diva is ripe for expansion, fantasy, eroticization, and playful reinvention, while simultaneously presenting a challenge to patriarchal culture. Diva Nation asks how the diva disrupts or bolsters ideas about nationhood, morality, and aesthetics.

The Mestizo Mind

Tarot of the Divine

Mestizo: a person of mixed blood; specifically, a person of mixed European and American Indian ancestry. Serge Gruzinski, the renowned historian of Latin America, offers a brilliant, original critique of colonization and globalization in The Mestizo Mind. Looking at the fifteenth-century colonization of Latin America, Gruzinski documents the mélange that resulted: colonized mating with colonizers; Indians joining the Catholic Church and colonial government; and Amerindian visualizations of Jesus and Perseus. These physical and cultural encounters created a new culture, a new individual, and a phenomenon we now call globalization. Revealing globalization’s early origins, Gruzinski then fast forwards to the contemporary mélange seen in the films of Peter Greenaway and Wong Kar-Wai to argue that over 500 years of intermingling has produced the mestizo mind, a state of mixed thinking that we all possess. A masterful alchemy of history, anthropology, philosophy and visual analysis, The Mestizo Mind definitively conceptualizes the clash of civilizations in the style of Homi Bhabha, Gayatri Spivak and Anne McClintock.

Tarot Card Combinations is a unique, comprehensive, and highly practical presentation of interpreting the tarot that has helped thousands master the ancient divination. Dorothy Kelly's easy-to-understand approach shares everything one needs to know to unlock the story presented when the cards are drawn. Like other tarot reading guides, basic tarot definitions of the major and minor arcana are included, as well as explanations of basic layout, and how to interpret upright and reversed cards. What makes this book unique is Kelly's presentation of cards in endless combinations, revealing how the cards relate to each other and ending each card with richer meaning and more subtle nuances than when considered alone. Beginners will learn the basics and be presented with an easy to follow organic system of learning to interpret the cards. Intermediate practitioners can build on what they already know and for advanced readers, Tarot Card Combinations will provide new insight and food for thought. With illustrations showing 2, 3, 4, and 5 card combinations of cards in the popular Waite deck, Tarot Card Combinations is as beautiful as it is informative. Reading tarot cards one after another never reveals the rich meaning of cards considered together. Use Tarot Card Combinations to unlock the depth and meaning of stories revealed in the tarot.

Looking to the sky, the second volume in VRASCHEN's Library of Esoterica series delves into the vibrant visual history of Western astrology. From its birth as astronomy's sister science, to our current Age of Aquarius, the story of this ancient practice is told through more than 400 images--from Egyptian temples to contemporary art--sequenced to...

Whether you are new to the tarot or an experienced reader, The Tarot Card Adult Coloring Book will help you discover and explore the cards in a new way! Color the cards using traditional colors—or create your own unique deck! The Tarot Card Adult Coloring Book features both the major and minor arcana on 78 single-sided pages. From The Magician to The Fool, from the Ace of Wands to the King of Pentacles, each and every card is here, in original illustrations based on the traditional deck. Oversize images allow you to become more intimate with the figures and symbols of the cards while exploring your creative side. Meditate on and immerse yourself in the world of the tarot while you color—or just have some fun!

Angel Tarot Cards

The Tarot Card Adult Coloring Book

Paperbound Books in Print

The Tarot in Yeats, Eliot, and Kafka

If you're looking for a simple guide to Tarot card meanings in plain English, this book is for you. Inside, you'll find keywords; a range of traditional meanings; correspondences to numerology, astrology, and storytelling; symbols and insights for Rider-Waite and Marseilles decks; and exploration questions for each card. In addition, you'll also find text that will help you apply the card to matters of romance, relationships, work, spirituality, and personal growth. If you're interested in using the cards to tell fortunes or forecast the timing of events, you'll find this information, too! Many readers prefer for their intuition to guide them to the meaning of a card. But Tarot cards do have traditional meanings -- meanings other people have assigned to the cards over time. Some of these meanings are rooted in astrology or numerology. Some are based on obscure texts. Others are based on insights from experienced readers, who have learned to associate certain cards with certain situations. Rather than memorize the meanings in this book, use them to amplify your intuition! Becoming familiar with the information in this guide can help beginners approach the cards with confidence, suggest new associations for each card, and introduce experienced readers to new ways of thinking about specific cards. The information inside can serve as jumping-off points for brainstorming sessions, lend weight to an intuitive reader's first impressions, and suggest insights a purely intuitive reader might overlook. To get the most out of this guide, skim the entire entry for a card, allowing intuition to be your guide. Take your time; look around. While your question may be about a relationship, a turn of phrase in other passages about your card might prompt exactly the insight you need. This book includes detailed entries for all seventy-eight Tarot cards (Major and Minor Arcana). As you know, some guides skimp on the Minors -- but not this one! You'll find detailed information for each and every card. In addition, the book is beautifully illustrated with full-color, high-resolution scans of a first-edition Tarot published in 1909. The world's most comprehensive, well documented and well illustrated book on this subject. With extensive subject and geographical index. 363 photographs and illustrations - many in color. Free of charge in digital PDF format.

The Tibetan Book of the Dead is one of the texts that, according to legend, Padma-Sambhava was compelled to hide during his visit to Tibet in the late 8th century. The guru hid his books in stones, lakes, and pillars because the Tibetans of that day and age were somehow unprepared for their teachings. Now, in the form of the ever-popular Tibetan Book of the Dead, these teachings are constantly being discovered and rediscovered by Western readers of many different backgrounds--a phenomenon which began in 1927 with Oxford's first edition of Dr. Evans-Wentz's landmark volume. While it is traditionally used as a mortuary text, to be read or recited in the presence of a dead or dying person, this book--which relates the whole experience of death and rebirth in three intermediate states of being--was originally understood as a guide not only for the dead but also for the living. As a contribution to the science of death and dying--not to mention the belief in life after death, or the belief in rebirth--The Tibetan Book of the Dead is unique among the sacred texts of the world, for its socio-cultural influence in this regard is without comparison. This fourth edition features a new foreword, afterword, and suggested further reading list by Donald S. Lopez, author of Prisoners of Shangri-La: Tibetan Buddhism and the West. Lopez traces the whole history of the late Evans-Wentz's three earlier editions of this book, fully considering the work of contributors to previous editions (C. G. Jung among them), the sections that were added by Evans-Wentz along the way, the questions surrounding the book's translation, and finally the volume's profound importance in engendering both popular and academic interest in the religion and culture of Tibet. Another key theme that Lopez addresses is the changing nature of this book's audience--from the prewar theosophists to the beat poets to the hippies to contemporary exponents of the hospice movement--and what these audiences have found (or sought) in its very old pages.

An innovative, spiritual workbook that integrates the Tarot and the Kabbalistic tradition of Counting the Omer • Explores the origins and meaning of the 49-day Kabbalistic meditative practice of Counting the Omer and how it can lead to spiritual revelation, personal insight, and connection with the Divine • Reveals the correspondence of the Tarot's minor arcana with the Sephirot of the Tree of Life and explains how both relate to the Omer meditation • Provides a daily practice workbook that explores the related Sephirot and Tarot cards for each day, examines their Kabbalistic and spiritual meanings, and provides questions for daily reflection and meditation guidance The 49-day mystical practice known as Counting the Omer is an ancient Jewish ritual observed between the holidays of Passover and Shavuot (also known as Pentecost). As practiced by Kabbalists, it is designed to cleanse and purify the soul in preparation for spiritual revelation and a personal connection with God. The ritual creates a spiritual inner journey that follows the path of the ancient Israelites from the moment of their physical freedom from slavery in Egypt to the establishment of their spiritual freedom forty-nine days later when they arrived at Mt. Sinai. Adeptly integrating this mystical practice with the transformative symbolism of the Tarot, Mark Horn uses the ritual of Counting the Omer as a template for a guided meditative practice that gives readers insight into their personal life journey and help in overcoming the issues that hinder their growth and spiritual awakening. Examining the correspondence of the Tarot's minor arcana with the Sephirot of the Kabbalistic Tree of Life, he shows how using the cards in connection with Counting the Omer can unlock the gates to a deep experience of the sacred. In the detailed daily practice workbook section, Horn provides day-by-day descriptions of the 49-day meditative practice of Counting the Omer. He divides the journey into seven week-long segments, which in turn are broken down into seven daily practices. For each day, he explains the related Sephirot and Tarot cards and their Kabbalistic and spiritual meanings, providing the reader with questions for daily reflection, guidance for meditation, and insight from traditional Jewish texts as well as teachings from Christian, Buddhist, Hindu, and Muslim traditions. Unveiling the relationship between Tarot and the Kabbalah, Horn shows readers how uniting these two practices can open them to a deeper experience of the Divine.

In this pioneering scholarly work on occult symbols in literature, the reader is offered a vivid look into how W.B. Yeats, T.S. Elliot, and Franz Kafka—three masters of symbolic expression—utilized Tarot cards in their poetry and prose. Focusing on the associations with divine knowledge, its pictorial representation of both the Jewish and Christian Cabala, and the Tarot's more recent pedestrian affiliation with the occult, June Leavitt skillfully demonstrates how Yeats, Eliot, and Kafka align their uniquely individual ways with the Tarot symbols' mapping of reality. Paying close attention to the mystical nuances of the Tarot, Ms. Leavitt shows how Tarot symbols allow for radically new readings of the texts in which they are situated. Her role in the three writers' search for God. This search remained indecisive for Kafka, resulted in Elliot's conversion to Anglo-Catholicism, and went hand in hand with Yeats' passion for pagan gods and angels. Visit the author's website at <http://www.spiritualityteaching.com>.

"Given the historical orientation of philosophy, is it unreasonable to suggest a wider cast of the net into the deep waters of magic? By encountering magical thought as theory, we come to a new understanding of a thought that looks back at its mirror."—The Occult Mind Divination, like many critical modes, involves reading signs, and magic, more generally, can be seen as a kind of criticism that takes the universe—seen and unseen, known and unknowable—as its text. In *The Occult Mind*, Lehrich explores the history of magic in Western thought, suggesting a bold new understanding of the claims made about the power of various belief systems. In closely interlinked essays on such disparate topics as ley lines, the Tarot, the occult, and ritual in magical practice, and early attempts to decipher Egyptian hieroglyphics, Lehrich treats magic and its parts as an intellectual object that requires interpretive zeal on the part of readers/observers. Drawing illuminating parallels between magic and more recent interpretive systems—structuralism, deconstruction, semiotics—Lehrich deftly suggests that the specter of magic haunts all such attempts to grasp the character of knowledge. Offering a radical new approach to the study of magic thought, Lehrich's brilliantly conceived and executed book posits magic as a mode of theory that is intrinsically subversive of normative conceptions of reason and truth. In elucidating the deep parallels between occult thought and academic philosophy, Lehrich demonstrates that sixteenth-century occult philosophy often touched on issues that have become central to philosophical discourse only in the past fifty years.

When Warren Ritter, by amazing luck, escaped the Greenwich Village explosion that brought down a house and several of his colleagues in the anti-Vietnam War movement, he was able to evade everyone who knew him and begin a new life. Decades later, he is living in Berkeley, California, and is known by most of his few acquaintances as "that guy who has the street tarot stand on weekends." That's exactly what Warren wants. It's not, however, always what he gets. When he is in trouble, he table and waves a large sum of money at him for some service, Warren refuses before even asking what the job is. But the man calls him by his real name, forcing him to reconsider. Warren knows the man; he's the twin brother of a woman who has been as always stirring up trouble. The old man and his sister preside over the "Church of Satan." Two church members have been murdered in what were made to look like accidents, and the man is certain that he and his sister are next. He was the killer, and with the threat of exposure, Warren must comply. The reluctant hero soon finds himself entangled in a situation that not only threatens the church members, but could spell death for Warren himself. High Priestess, the second in an entertaining Tarot Card mystery series, further reveals the secrets of Warren's past and what he'll do to keep them hidden.

What are people's life experiences in present-day Japan? This timely volume addresses fundamental questions vital to understanding Japan in the first decade of the twenty-first century. Its chapters collectively reveal a questioning of mid-century assumptions considered the essence of Japaneseness. In the postwar model household a man was expected to obtain a job at a major firm that offered life-long employment; his counterpart, the "professional" housewife, managed the domestic sphere and was educated in a system that provided a path to mainstream success. In the past twenty years, however, Japanese society has seen a sharp increase in precarious forms of employment, higher divorce rates, and a widening gap between haves and have-nots. We draw on rich, nuanced fieldwork data collected during the 2000s to examine work, schooling, family and marital relations, child rearing, entertainment, lifestyle choices, community support, consumption and waste, material culture, well-being, memorial rites, and sexuality. The voices in these pages vary widely: They include schoolchildren, teenagers, career women, unmarried women, young mothers, people with disabilities, small business owners, organic farmers, retirees, and the unemployed.

A Guide to Tarot Card Meanings

The Original Rider Waite Tarot Deck

Limits of the Human

Volume 2 is an indexed reference book and explanation of the names of the sun, planets and moons. It deals with the planets, dwarf planets and potential dwarf planets of the solar system as well as their moons. Their discovery and the mythology surrounding them are described in detail. Legends are retold relating to gods, mythical beings, and legendary heroes after whom planets and moons are named. The text of Volume 2 is meant to accompany the nearly 200 drawings in Volume 5 which relate to the solar system's planets, dwarf planets and moons. However, nearly 800 other drawings in Volume 5 relate not only to the myths and historical events surrounding the names of the modern chemical elements, the 88 constellations, a selection of 120 asteroids and 4 comets but also to the Chinese lunar mansions and traditional Chinese concepts such as the 5 Elements and 8 Trigrams. The drawings also encompass the 8 Immortals, the 5 Stars of Good Fortune and the 5 Auspicious Animals. Figures from the games of mahjong and Chinese chess are also depicted. Additionally, Volume 5 contains images of a Chinese version of Tarot in a size suitable for imprinting on playing cards. These Tarot cards are partly based on Ma Diao, the ancient Chinese four-suited card game which is an ancestor both of Majong and of the modern Chinese three-suited card game Bai-hua Hong-hua Lao-qian (White Flower, Red Flower, Old Thousand). Ma Diao is possibly also the ancestor of Western playing cards and Tarot, and this is discussed in Volume 4 of this series where the suits of Italian cards and Tarot are analyzed and shown to correspond with those of ancient Ma Diao. This series of 5 volumes is in some respects a visual representation of the measurement of time using Chinese, Japanese and Western traditions. The 5 Elements of ancient China combine with the sun and moon to give us the 7 days of the week which are still used in Japan. The Anglo-Saxon and Roman gods are depicted as representing the days of the week in the Western calendar. Then the animals of the 28 Chinese Lunar Mansions complete the lunar month while the 12 months of the year are represented by the monthly flowers on the Japanese Flower Cards (Hanafuda). The 12 Earthly Branches represented by 12 animals give us a 12 year period and when combined with the 10 Heavenly Stems, they give us the 60 year cycle of the traditional Chinese calendar. Then there are the 5 Directions, Seasons, Emperors and Mountains, the 10 Suns of the Shang Dynasty, the 9 Northern Dipper Stars, the 6 Southern Dipper Stars, the 8 Trigrams, the 64 Hexagrams and the 24 Solar Terms. Volumes 1-4 contain information about the gods, mythical figures, animals, plants and other objects in the drawings of Volume 5 and the drawings have been produced in a format suitable for imprinting on playing cards. All of these numbered series of drawings are related to text in Volumes 1-4 which explains the mythology and history surrounding them and their connections and relationships with one another.

Collecting the entire Marvel Comics series of Dream Logic by David Mack, this hardcover includes original new stories as well as a gallery of art work, sketchbook, step by step art process with commentary on Mack's cover work, Kabuki, and never before seen extras. Also included are the art and making of from Mack's acclaimed tarot card set as well as Mack's figure drawings that were exhibited with the works of Gustav Klimt & Egon Schiele in Los Angeles and Chicago exhibits.

Mary K. Greer's 21 Ways to Read a Tarot Card

Learn the TRUE meanings behind Tarot Cards NOW! Have you ever gone to a psychic? Or have you ever had a Tarot Card reading done? Did you often wonder what those cards really mean? Well you came to the right place! Tarot Cards, what are they? The Tarot is made up of 78 Tarot cards, each with its own unique Tarot card meaning. There are 22 Major Arcana cards and 56 Minor Arcana cards across four suits (Cups, Pentacles, Swords and Wands). Tarot reading is a spiritual art of finding guidance using the interpretations of tarot cards. Though it may not correctly foretell or predict the future, many still believe that the tarot cards can guide them to the right path or to know what to expect from the unknown. This book contains the meaning behind the tarot cards. Mainly, the book explains the major arcana cards and an overview of the minor arcana cards. It includes some guidelines on how to read and interpret the tarot cards in connection to your fate, spirituality and desires. It also teaches a few tarot reading spreads which a beginner tarot reader may use to interpret or read for his friends or to himself. With the help of this book you will learn all about Tarot Cards, their true meanings, and how to perform readings! Here is a quick preview of what is inside... Tarot Reading: The beginning and the cards The meaning behind the Major Arcana cards The meaning behind the Minor Arcana cards Interpreting the cards Easy tarot card reading spreads for beginners And much more! Get out your Tarot Cards Today! Purchase this book NOW for a full course on Tarot Card Readings!

Today's convergent media environment offers unprecedented opportunities for sourcing and disseminating previously obscure popular culture material from Japan. However, this presents concerns regarding copyright, ratings and exposure to potentially illegal content which are serious problems for those teaching and researching about Japan. Despite young people's enthusiasm for Japanese popular culture, these concerns spark debate about whether it can be judged harmful for youth audiences and could therefore herald the end of 'cool Japan'. This collection brings together Japan specialists in order to identify key challenges in using Japanese popular culture materials in research and teaching. It addresses issues such as the availability of unofficially translated and distributed Japanese material; the emphasis on adult-themes, violence, sexual scenes and under-age characters; and the discrepancies in legislation and ratings systems across the world. Considering how these issues affect researchers, teachers, students and fans in the US, Canada, Australia, China, Japan and elsewhere in Asia, the contributors discuss the different ways in which academic and fan practices are challenged by local regulations. Illustrating from personal experience the sometimes fraught nature of teaching about 'cool Japan', they suggest ways in which Japanese Studies as a discipline needs to develop clearer guidelines for teaching and research, especially for new scholars entering the field. As the first collection to identify some of the real problems faced by teachers and researchers of Japanese popular culture as well as the students over whom they have a duty of care, this book will be of great interest to students and scholars of Japanese Studies and Cultural Studies.

/U.S. Games Systems, Inc. The beautiful imagery of Japanese art is depicted in the Ukiyoe Tarot deck in full color. Cards are numbered and titled in both English and Japanese and measure 2 3/8"

An introduction to Japan's burgeoning beauty culture, which investigates a range of phenomenon - aesthetic salons, dieting products, male beauty activities, and beauty language - to find out why Japanese women and men are paying so much attention to their bodies. It aims to challenge various assumptions about the naturalness of beauty standards.
