"Jesus of Nazareth, a Biography, by John Mark," recognizes the author of the second Gospel as that "John, whose surname was Mark" (Acts 15:37), whom Barnabas chose as companion when he second missionary journey. In making use of the new title, the plan of the Editor is to present "The Gospel: According to Mark" as it would be printed were it written in the twentieth rather than the first century. The Gospel has been chosen for this purpose to make available in more readable form this timely portion of the Bible. In John Mark the missionary is revealed a man of action. This characteristic influences the view and style of his writing. As John, the beloved disciple, in "The Revelation" beholds the victorious Christ as "the Lion of the tribe of Judah," foretold by the prophets, so Mark sees Jesus of Nazareth as a vigorous man of action; he writes of His mighty works in swift narrative at times so vivid it flashes like a burst of flame, as though the facts presented must have been on fire in the heart of the author. Practical, energetic Roman, the Editor feels that this biography of Jesus of Nazareth exactly fits the mood of our own time, with its emphasis upon the practical and its insistence that the man of action is for the hour. Printed like a modern book, but in the fine old King James' version, it is believed that all Bible lovers will welcome their old friend, "The Gospel: According to Mark," in its new literary form. It is that in this popular form book buyers and lovers of good literature may be led to purchase a book which needs only to be thoroughly and thoughtfully read to be greatly revered.

It was in the year of 1976 that the Lord sovereignly and miraculously spoke to me to begin studying and publishing Biblical teachings to be shared with a world-wide audience. For the encouragement of others, I will recount this event that began with the first teaching the Lord gave me. As I was sitting at my desk in the pastor's study of the church taking care of administrative duties, suddenly and unexpectedly, not audibly but rather in my spirit, to "clear the desk, get out a blank sheet of paper and pen because I want to teach you." The only things I had on my desk were a picture of my wife and children, a calendar, and a pen. It was such a shocking experience, that I really didn't know what he meant by "clearing the desk." So at first I just moved them around on the desk. Then I heard the Lord say, "Clear them around, I said clear the desk!" So, I took these three items from my desk and moved them to my book shelf. In obedience to Him, I got out a blank piece of paper and a pen and just sat still, waiting for the Lord to tell me what to do next. Then the Lord began to teach me the following specific truths about His Word, the Scripture as recorded in the Holy Bible: 1. There is a thread that runs through the Bible from beginning to end on any given subject that contains the whole counsel of God. 2. When researching any subject, read and record every Scripture passage pertaining to that topic. 3. For every word in Scripture there is a meaning, and works, heaven and hell, angels and demons, etc. 4. My Word is perfectly balanced. 5. Do not teach anything before you have the balance to that subject. 6. Record the entire Scripture passage on a subject. 7. Print out My Word directly from the Bible passages. 8. The best commentary on the Bible is the Bible. 9. Do not make this a commentary of your teachings but rather of My Word. 10.

primary Teacher. 11. Only use Hebrew and Greek definitions of words to clarify word meanings. 12. The Bible does not contradict itself, so keep reading until the answer is found. 13. My Word is 14. On either side of the "plumb-line" of Truth there are two ditches: Legalism and License. 15. The Truth sets you free and you are free indeed. What began as one teaching has developed into hundreds to these principles and directives that I have adhered and have recorded the teachings He has revealed to me over the past 40 years.

Holy Bible, New International Version

"A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, The David Story is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to

the Shakespeare of the history plays.

Barbara Kingsolver's acclaimed international bestseller tells the story of an American missionary family in the Congo during a poignant chapter in African history. It spins the tale of the fierce evangelical Baptist, Nathan Price, who takes his wife and four daughters on a missionary journey into the heart of darkness of the Belgian Congo in 1959. They carry with them to Africa all they believe they will need from home, but soon find that all of it - from garden seeds to the King James Bible - is calamitously transformed on African soil. Told from the perspective of the five women, this is a compelling exploration of African history, religion, family, and the many paths to redemption. The Poisonwood Bible was nominated for the Pulitzer Prize in 1999 and was chosen as the best reading group novel ever at the Penguin/Orange Awards. It continues to be read and adored by millions worldwide.

#1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration

IT was a dark, chilly night in September, 1884. A heavy gloom had descended over the streets of A——, a small town on the Rhine, and was hanging like a black funeral-pall over the dull factory burgh. The greater number of its inhabitants, wearied by their long day's work, had hours before retired to stretch their tired limbs, and lay their aching heads upon their pillows. All was quiet in the large house; all was quiet in the deserted streets. I too was lying in my bed; alas, not one of rest, but of pain and sickness, to which I had been confined for some days. So still was everything in the house, that, as Longfellow has it, its stillness seemed almost audible. I could plainly hear the murmur of the blood, as it rushed through my aching body, producing that monotonous singing so familiar to one who lends a watchful ear to silence. I had listened to it until, in my nervous imagination, it had grown into the sound of a distant cataract, the fall of mighty waters ... when, suddenly changing its character, the ever growing "singing" merged into other and far more welcome sounds. It was the low, and at first scarce audible, whisper of a human voice. It approached, and gradually strengthening seemed to speak in my very ear. Thus sounds a voice speaking across a blue quiescent lake, in one of those wondrously acoustic gorges of the snow-capped mountains, where the air is so pure that a word pronounced half a mile off seems almost at the elbow. Yes; it was the voice of one whom to know is to reverence; of one, to me, owing to many mystic associations, most dear and holy; a voice familiar for long years and ever welcome: doubly so in hours of mental or physical suffering, for it always brings with it a ray of hope and consolation. "Courage," it whispered in gentle, mellow tones. "Think of the days passed by you in sweet associations; of the great lessons received of Nature's truths; of the many errors of men concerning these truths; and try to add to them the experience of a night in this city. Let the narrative of a strange life, that will interest you, help to shorten the hours of suffering.... Give your attention. Look yonder before you!" "Yonder" meant the clear, large windows of an empty house on the other side of the narrow street of the German town. They faced my own in almost a straight line across the street, and my bed faced the windows of my sleeping room. Obedient to the suggestion, I directed my gaze towards them, and what I saw made me for the time being forget the agony of the pain that racked my swollen arm and rheumatal body.
