

The Day The Voices Stopped A Schizophrenic S Journ

Neil Gaiman's perennial favorite, The Graveyard Book, has sold more than one million copies and is the only novel to win both the Newbery Medal and the Carnegie Medal. Bod is an unusual boy who inhabits an unusual place—he's the only living resident of a graveyard. Raised from infancy by the ghosts, werewolves, and other cemetery denizens, Bod has learned the antiquated customs of his guardians' time as well as their ghostly teachings—such as the ability to Fade so mere mortals cannot see him. Can a boy raised by ghosts face the wonders and terrors of the worlds of both the living and the dead? The Graveyard Book is the winner of the Newbery Medal, the Carnegie Medal, the Hugo Award for best novel, the Locus Award for Young Adult novel, the American Bookseller Association's “Best Indie Young Adult Buzz Book,” a Horn Book Honor, and Audio Book of the Year.

For thirty-two years Ken Steele lived with the devastating symptoms of schizophrenia, tortured by inner voices commanding him to kill himself, ravaged by the delusions of paranoia, barely surviving on the ragged edges of society. In this powerful and inspiring story, Steele tells the story of his hard-won recovery from schizophrenia and how activism and advocacy helped him regain his sanity and go on to give hope and support to so many others like him. His recovery began with a small but intensely dramatic moment. One evening in the spring of 1995, shortly after starting on Risperdal, a new antipsychotic medicine, he realized that the voices that had tormented him for three decades had suddenly stopped. Terrified but also empowered by this new freedom, Steele rose to the challenge of creating a new life. Steele went on to become one of the most vocal advocates of the mentally ill, earning the respect not only of patients and families but also of professionals and policymakers all over America through his tireless devotion to a cause that transformed his life and that of countless others. The Day the Voices Stopped will endure as Ken Steele's testament for all who struggle with this heartbreaking disease.

Like many ambitious New York City teenagers, Craig Gilner sees entry into Manhattan's Executive Pre-Professional High School as the ticket to his future. Determined to succeed at life—which means getting into the right high school to get into the right college to get the right job—Craig studies night and day to ace the entrance exam, and does. That's when things start to get crazy. At his new school, Craig realizes that he isn't brilliant compared to the other kids; he's just average, and maybe not even that. He soon sees his once-perfect future crumbling away.

"I don't want you to rehabilitate me." Philip Roth said to his only authorized biographer, Blake Bailey. "Just make me interesting." Granted complete independence and access, Bailey spent almost ten years poring over Roth's personal archive, interviewing his friends, lovers, and colleagues, and listening to Roth's own breathtakingly candid confessions. Cynthia Ozick, in her front-page rave for the New York Times Book Review, described Bailey's monumental biography as "a narrative masterwork ... As in a novel, what is seen at first to be casual chance is revealed at last to be a steady and powerfully demanding drive. ... under Bailey's strong light what remains on the page is one writer's life as it was lived, and?almost?as it was felt." Though Roth is generally considered an autobiographical novelist—his alter-egos include not only the Roth-like writer Nathan Zuckerman, but also a recurring character named Philip Roth—relatively little is known about the actual life on which so vast an oeuvre was supposedly based. Bailey reveals a man who, by design, led a highly compartmentalized life: a tireless champion of dissident writers behind the Iron Curtain on the one hand, Roth was also the Mickey Sabbath-like roué who pursued scandalous love affairs and aspired "[t]o affront and affront and affront till there was no one on earth unaffronted"—the man who was pilloried by his second wife, the actress Claire Bloom, in her 1996 memoir, Leaving a Doll's House. Towering above it all was Roth's achievement: thirty-one books that give us "the truest picture we have of the way we live now," as the poet Mark Strand put it in his remarks for Roth's Gold Medal at the 2001 American Academy of Arts and Letters ceremonial. Tracing Roth's path from realism to farce to metafiction to the tragic masterpieces of the American Trilogy, Bailey explores Roth's engagement with nearly every aspect of postwar American culture.

Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices, and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between human beings and God.

"Medieval romance at its best!" --Virginia Henley, NY Times Bestselling Author HE WOULD NOT BE DENIED HIS PRIZE Sir Renaud de Pierrepont, the Norman knight known as the Red Wolf for the beast he slayed with his bare hands, hoped to gain lands with his sword. A year after the Conquest, King William rewards his favored knight with Talisand, the lands of an English thegn slain at Hastings, and orders him to wed Lady Serena, the heiress that goes with them. SHE WOULD LOVE HIM AGAINST HER WILL Serena wants nothing to do with the fierce warrior to whom she has been unwillingly given, the knight who may have killed her father. When she learns the Red Wolf is coming to claim her, she dyes her flaxen hair brown and flees, disguised as a servant, determined to one day regain her lands. But her escape goes awry and she is brought back to live among her people, though not unnoticed by the new Norman lord. Deprived of his promised bride, the Red Wolf turns his attention to the comely servant girl hoping to woo her to his bed. But the wench resists, claiming she hates all Normans. As the passion between them rises, Serena wonders, can she deny the Norman her body? Or her heart?

A Collection of Matt Shaw's heartbreaking dramas Matt Shaw does not just write horror. In fact, when asked what his favourite books are, he often names the tales collected within this set. Stories of heartbreak, loss and grief - all with an element of hope... A hope we often forget when dealing with grief. Contained within this collection Heaven's Calling BOY: Built to Love The Missing Years of Thomas Pritchard (unpublished short story) Alone Heaven's Calling Josh and Holly could face anything thrown at them all the time they had each other. Their love would conquer anything and the world was their oyster. But when a tragic accident tears Josh away from Holly she realises that, without her husband, she cannot cope and her world begins to crumble; her loss being more than she can handle. Until, that is, she receives a phone call. Her late husband. The same time every day; he doesn't appear to know what has happened to him and Holly can't bring herself to tell him. She isn't even sure if it really is him calling or whether it's all in her tormented mind. Especially seeing as the calls only happen when she is alone. Is it all in her head, has she gone mad, or is heaven really calling? Boy: Built to Love No parent should have to bury their own child and yet that was exactly what they had to do. Stillborn; a young boy never to open his eyes to take in the world around him. And now Lucy and Jack's marriage was on the verge of crumbling under the strain of the grief they struggled to cope with. A grief made worse when the doctors tell them they'll never be able to have a child of their own due to complications from the last pregnancy. But what if it didn't have to be that way? What if there was a way of using science and technology to create a son they could love? What if Jack was able to use Artificial Intelligence to create A Boy: Built to Love? Is the answer to their problems to be found within the world of science-fiction or are they setting themselves up for yet more grief and sadness? The Missing Years of Thomas Pritchard August 3rd. 6:03am. The tranquil summer's morning was shattered by the desperate screams of Thomas' mother echoing down the near deserted suburban street. The few people milling about outside getting ready for their daily business had said they couldn't make out what the cries were about when they were interviewed. Not initially. Not until Anne, a pretty woman in her early thirties with shoulder length blonde hair, spilled out onto the street wearing nothing more than her dressing gown and slippers anxiously calling out for her five year old son, Thomas, to come out from wherever he was hiding. Eye witnesses reported Anne was closely followed by her husband Bill - a professional, clean-shaven man in his late thirties with dark, short hair - half dressed for work in his suit trousers and unbuttoned white shirt, and that he too looked just as frantic as the mother did. The year was 2003; the year Thomas disappeared from his home without a trace. * * * * * August 3rd. 6:03am. A young, fragile looking hand knocked confidently on the white PVC of the front door to number twenty-two. The hand belonged to a smartly dressed, skinny fourteen year old, fresh-faced boy. Whilst waiting for an answer to his knocking he slid a brown leather satchel off his shoulder down onto the floor as though the weight was too much for him to bear any more. He went to knock again but stopped himself when he heard the sound of footsteps from the other side of the door as the freshly woken homeowner came to answer his initial knocking. There was the slightest of pauses as keys were twisted in locks before the door opened as much as the strong, gold, security chain would permit it to. "Can I help you?" asked the homeowner, a frail looking woman in her late sixties. "Where's my mum?" asked the boy. The year was 2012; the year Thomas came home.

An intriguing, uncensored, inside view of the not-so-friendly skies through the eyes of former flight attendant, Margo Anderson. If you are a frequent flier, or if you plan to fly in the near future, fasten your seat belt for a turbulent read! After five years of flying with a commuter airline based at Atlanta's Hartsfield-Jackson International Airport, Anderson draws on her personal experiences and conversations, painting a portrayal of life as a flight attendant--grueling twelve hour days, complaining and unfriendly passengers, and unexpected, almost unbelievable situations, especially in the days and weeks following 9/11. Anderson navigates the complex world of flight crews with clarity, insight, wittiness, and her own special brand of humor. Readers are given a view of flying they may never have seen before, through the lens of the workhorse of the airline industry, regarded by many as the "puddle-jumpers," the commuter airlines.

It is a tumultuous period in feudal Japan. The samurai have wrested power from the emperor, and the nobles are conniving to take it back. The protestant Dutch and Portuguese and Spanish Catholics are competing for trading privileges, but the shogun is suspicious that the church is planning to replicate the conquest of the new world in Japan. Alcala, an elusive renegade Jesuit, is colluding with the ruthless Prince Sanjo to foment a Christian rebellion. The church wants Alcala stopped. Jan Kriek, a newly ordained priest, is sent to Japan stop him. He is aided by Maria, the daughter of the Christian lord Arima, who sends her to Lisbon with a dire warning of impending disaster. Accompanying her on the return voyage, Kriek finds himself torn between his Jesuit vows and his blossoming love for Maria. The key to a successful Christian uprising is a hidden treasure pilfered from the shogun's gold mines. The search for the gold leads to deadly conflict between agents of shogun the conspirators who seek to depose him. When Shogun's heir is captured by Prince Sanjo, the shogun's chief counselor sends his son Gyozen and adopted daughter Aya, both masters of the sword, to find and retrieve him. It is a decision that has unforeseen and fateful consequences. The characters that inhabit this novel are fascinating, and the absorbing story of intrigue, betrayal and forbidden love culminates in the infamous battle of Shimabara, a battle that changes the course of Japanese history for centuries.

New York Times-bestselling author Ron Powers offers a searching, richly researched narrative of the social history of mental illness in America paired with the deeply personal story of his two sons' battles with schizophrenia. From the centuries of torture of "lunatics" at Bedlam Asylum to the infamous eugenics era to the follies of the anti-psychiatry movement to the current landscape in which too many families struggle alone to manage afflicted love ones, Powers limns our fears and myths about mental illness and the fractured public policies that have resulted. Braided with that history is the moving story of Powers's beloved son Kevin -- spirited, endearing, and gifted -- who triumphed even while suffering from schizophrenia until finally he did not, and the story of his courageous surviving son Dean, who is also schizophrenic. A blend of history, biography, memoir, and current affairs ending with a consideration of where we might go from here, this is a thought-provoking look at a dreaded illness that has long been misunderstood. "Extraordinary and courageous. . . . No doubt if everyone were to read this book, the world would change." -- New York Times Book Review

Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai's first picture book, inspired by her own childhood. Malala's first picture book will inspire young readers everywhere to find the magic all around them. As a child in Pakistan, Malala made a wish for a magic pencil. She would use it to make everyone happy, to erase the smell of garbage from her city, to sleep an extra hour in the morning. But as she grew older, Malala saw that there were more important things to wish for. She saw a world that needed fixing. And even if she never found a magic pencil, Malala realized that she could still work hard every day to make her wishes come true. This beautifully illustrated volume tells Malala's story for a younger audience and shows them the worldview that allowed Malala to hold on to hope even in the most difficult of times. "This is a wonderful read for younger students that will also provide insight and encourage discussion about the wider world. ... The simplicity of Yousafzai's writing and the powerful message she sends, make this book inspirational for all." -- School Library Journal

Do you remember your mother telling you when you were little that you'd never meet Mr. Right if you were spending all your time and energy with Mr. Wrong? And what about the book out a few years ago that created such a hoopla with the single crowd – He's Just Not That Into You? The two main characters in Winter Interlude either didn't heed their mother's advice or haven't read the book. Now, add into the plot that the two in question are enemies who regularly run into each other, given their current relationships. Paul Morrison, a hunky, blond, financial planner, has been putting time and energy into winning the heart of Kate Winter's best friend for almost as long as Kate, a strong willed antiques dealer, has been dating James Morrison, Paul's brother. The sparks start to fly when the two get stuck together for a three-hour drive to the mountains and years of misconceptions about each other are slowly being wiped out. It is in the confines of the BMW that the two begin their journey, taking them from being mortal enemies to lovers. Winter Interlude tells the story of their adventure – of how they finally find love. Kate and Paul's story is the first one in a series of four friends caught in a time warp. They can't move on because they are stuck on their idea of their perfect dreams. But sometimes life works in mysterious ways and they are all forced by circumstances to change.Show More Show Less

As parents and teachers know, yelling comes naturally to children. This friendly, encouraging book, geared to preschool and primary children, introduces and reinforces where and when to use an “indoor voice” or an “outdoor voice.” In classic Best Behavior style the author tells young readers, “Your voice is a powerful tool. How you use it is up to you.” Vivid illustrations show the times and places for an indoor voice, the ways people ask us to quiet our voices, and times when yelling might occur. “What happens if you’re mad or frustrated or really, really excited? Your voice gets louder and LOUDER.” But yelling hurts people’s ears and feelings. Children learn that they can quiet their voice and use their words to talk about a problem. “Think before you yell, and use your words well!” Includes a special section for parents and caregivers with activities and discussion starters. The Best Behavior series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors. Select titles are available in two versions: a durable board book for ages baby-preschool, and a longer, more in-depth paperback for ages 4-7. Kids, parents, and teachers love these award-winning books. All include helpful tips and ideas for parents and caregivers.

For Kivrin Engle, preparing an on-site study of one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and

careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin - barely of age herself - finds she has become an unlikely angel of hope during one of history's darkest hours. The Day The Voices Stopped

Our lives are spent watching the clock. We go to sleep by it. Wake up to it. Rely on it. Race it.It's easy to forget that we're only given so much.We ignore it because we're convinced we'll always have more.I am proof that we aren't promised anything.The clock owes us nothing.I know this because not only was Time my name, I wasn't given enough of it.Sure I had challenges but I vowed to make the most of it, of my young life.My limitations wouldn't hold me back.Time was on my side.Then I was told otherwise.Now the clock was working against me.I would face this disease alone.Then he walked in and changed everything.He gave me a reason to fight.He helped me prepare.Like others before me, when time slowed I wasn't ready.I begged for more.But the clock, it stopped for no one.On the day my world went black, I refused to take him with me.Only he didn't listen.I was a doctor.A bringer of bad news.I read the chart.She was fucked.My hands, they were tied.I was a doctor who could not heal what was beyond that door.I had no hope to offer her.But I wanted this over with.The sooner the better.I walked in, looked up and saw color.Not one.All of them.They surrounded her.She was a patient.You did not cross that line.I would not cross that line.I should have kept my eyes closed.Life was easier when you didn't see.But they were open now.They saw her.They saw everything.Suddenly invisible lines ceased to matter.For me, Time mattered.How far would you go to make sure the one you loved had enough of it?Would you challenge the clock?Help them prepare?Could you watch them suffer?Could you accept a life without them in it?Or, would you follow them into the darkness?I did. This is our story.

Lynsie Fox has what she considers to be a perfect life. Married to Lincoln, a military pilot, she's living the Army life she's always loved. Being a sucker for great love stories, Lynsie makes it her mission to find Lincoln's best friend and co-pilot, Dax Adams, a good woman. But life doesn't always fly smoothly. When turbulence strikes, Lynsie watches her world crash and burn around her, leaving her empty with broken wings. Despite her grief, can she mend the pieces back together and learn to fly again?

"This book is a message from autistic people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In We're Not Broken, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

101 Voices on Overcoming Adversity

In his most extraordinary book, the bestselling author of Awakenings and "poet laureate of medicine" (The New York Times) recounts the case histories of patients inhabiting the compelling world of neurological disorders, from those who are no longer able to recognize common objects to those who gain extraordinary new skills. Featuring a new preface, Oliver Sacks's The Man Who Mistook His Wife for a Hat tells the stories of individuals afflicted with perceptual and intellectual disorders: patients who have lost their memories and with them the greater part of their pasts; who are no longer able to recognize people and common objects; whose limbs seem alien to them; who lack some skills yet are gifted with uncanny artistic or mathematical talents. In Dr. Sacks's splendid and sympathetic telling, his patients are deeply human and his tales are studies of struggles against incredible adversity. A great healer, Sacks never loses sight of medicine's ultimate responsibility: "the suffering, afflicted, fighting human subject."

'BRILLIANT' Chris Evans, Virgin Radio Breakfast Show When was the last time you listened to someone, or someone really listened to you? This life-changing book will transform your conversations forever. At work, we're taught to lead the conversation. On social media, we shape our personal narratives. At parties, we talk over one another. So do our politicians. We're not listening. And no one is listening to us. Now more than ever, we need to listen to those around us. New York Times contributor Kate Murphy draws on countless conversations she has had with everyone from priests to CIA interrogators, focus group moderators to bartenders, her great-great aunt to her friend's toddler, to show how only by listening well can we truly connect with others. Listening has the potential to transform our relationships and our working lives, improve our self-knowledge, and increase our creativity and happiness. While it may take some effort, it's a skill that can be learnt and perfected. When all we crave is to understand and be understood, You're Not Listening shows us how. " With a new afterword by the author " This book couldn't be more timely. Inspiringly profound...smart and playful! Observer 'I'll be adopting Murphy's advice' Sunday Times, Style

There is always hope, even when we cannot seem to seek it within ourselves. From the best advice you'll ever get to the joy of crisps, the 101 brilliant contributors to The Book of Hope will help you to find hope whenever you need it most. Award-winning mental health campaigner Jonny Benjamin, MBE, and co-editor Britt Pflüger bring together people from all walks of life – actors, musicians, athletes, psychologists and activists – to share what gives them hope. These 101 key voices in the field of mental health, from the likes of Lemn Sissay, Dame Kelly Holmes, Frank Turner and Zoe Sugg, to Joe Tracini, Elizabeth Day, Hussain Manaver and Joe Wicks, share not only their experiences with anxiety, psychosis, panic attacks and more, but also what helps them when they are feeling low. This joyful collection is a supportive hand to anyone looking to find light on a dark day and shows that, no matter what you may be going through, you are not alone. Jonny Benjamin is known for his book and documentary film, The Stranger on the Bridge, which fought to end stigma around talking about mental health, suicidal thoughts and schizoaffective disorder. When his campaign to find the man who prevented him from taking his own life went viral, Jonny was one of a wave of new figures lifting the lid on mental health struggles. In this book, he brings together a range of voices to speak to the spectrum of our experiences of mental health and the power of speaking up and seeking help.

#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of "Uptown" to the mythical landscape of Purple Rain to the psychedelia of "Paisley Park." But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for Purple Rain—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

STOP READING THE NEWS is a vital toolkit for managing the upsetting coronavirus news and finding equilibrium and calm at a time of chaos and uncertainty In 2013 Rolf Dobelli stood in front of a roomful of journalists and proclaimed that he did not read the news. It caused a riot. Now the author of the bestselling The Art of Thinking And he practises what he preaches: he hasn't read the news for a decade. Stop Reading the News is Dobelli's manifesto about the dangers of the most toxic form of information - news. He shows the damage it does to our concentration and well-being, and how a misplaced sense of duty can misdirect our behaviour. Most importantly, he and the many potential gains to be had: less disruption, more time, less anxiety, more insights. In a world of increasing disruption and division, Stop Reading the News is a welcome voice of calm and wisdom.

"A novel set on a remote Australian island, where a childless couple live quietly running a lighthouse, until a boat carrying a baby washes ashore"--

'My first serious blackout marked the line between sanity and insanity. Though I would have moments of lucidity over the coming days and weeks, I would never again be the same person ...' Susannah Cahalan was a happy, clever, healthy twenty-four-year old. Then one day she woke up in hospital, with no memory of what had happened or transformed into someone unrecognizable, descending into a state of acute psychosis, undergoing rages and convulsions, hallucinating that her father had murdered his wife; that she could control time with her mind. Everything she had taken for granted about her life, and who she was, was wiped out. Brain on Fire is Susannah's story of hunt for a diagnosis, as, after dozens of tests and scans, baffled doctors concluded she should be confined in a psychiatric ward. It is also the story of how one brilliant man, Syria-born Dr Najjar, finally proved - using a simple pen and paper - that Susannah's psychotic behaviour was caused by a rare autoimmune disease attacking her brain. It has been the real cause of devil-possessions through history, saved her life, and possibly the lives of many others. Cahalan takes readers inside this newly-discovered disease through the progress of her own harrowing journey, piecing it together using memories, journals, hospital videos and records. Written with passionate honesty and a universal book, which asks what happens when your identity is suddenly destroyed, and how you get it back. 'With eagle-eye precision and brutal honesty, Susannah Cahalan turns her journalistic gaze on herself as she bravely looks back on one of the most harrowing and unimaginable experiences one could ever face: the loss of mind, body and soul.' Bartók, New York Times bestselling author of The Memory Palace Susannah Cahalan is a reporter on the New York Post, and the recipient of the 2010 Silurian Award of Excellence in Journalism for Feature Writing. Her writing has also appeared in the New York Times, and is frequently picked up by the Daily Mail, Gawker, Gothamist, AOL and more. The moving stories of children in migration—in their own words. "In Spanish and in English, a devastating first-person account of children's experiences in detention at the southern U.S. border.... A powerful, critical document only made more heartbreaking in picture-book form." —Kirkus Reviews starred review Every day, children in migration are scared, alone, and their lives are in limbo. Hear My Voice/Escucha mi voz shares the stories of 61 these children, from Honduras, Guatemala, El Salvador, Ecuador, and Mexico, ranging in age from five to seventeen—in their own words from actual sworn testimonies. Befitting the spirit of the project, the book is in English on one side; then French on the other. Illustrated by 17 Latinx artists, including Caldecott Medalist and multiple Pura Belpré Illustrator Award-winning Yuyi Morales and Pura Belpré Illustrator Award-winning Raquel E. Arca. The Third.
