

The End Of Sex And The Future Of Human Reproductio

Together till the End: A Blueprint for Successful Marriage was written with an intention to inspire couples all over the world to keep their marriages together until the end of time. The high rate of divorce and domestic violence makes many people believe that marriage is a terrible thing, but this book carries the truth that will bring hope to millions of people around the world. It brings deep psychological insights and spiritual revelations that will open the readers eyes of understanding and bring restoration to broken marriages. It highlights how our differences should work for us and not against us. Despite the many challenges of life, marriages can still thrive, and this book was written to help you make it happen for your marriage. "An elegant, impassioned demand that America see gender-based violence as a cultural and structural problem that hurts everyone, not just victims and survivors... It's at times downright

Access Free The End Of Sex And The Future Of Human Reproductio

virtuosic in the threads it weaves together.”—NPR From the woman who gave the landmark testimony against Clarence Thomas as a sexual menace, a new manifesto about the origins and course of gender violence in our society; a combination of memoir, personal accounts, law, and social analysis, and a powerful call to arms from one of our most prominent and poised survivors. In 1991, Anita Hill began something that's still unfinished work. The issues of gender violence, touching on sex, race, age, and power, are as urgent today as they were when she first testified. *Believing* is a story of America's three decades long reckoning with gender violence, one that offers insights into its roots, and paths to creating dialogue and substantive change. It is a call to action that offers guidance based on what this brave, committed fighter has learned from a lifetime of advocacy and her search for solutions to a problem that is still tearing America apart. We once thought gender-based violence--from casual harassment to rape and murder--was an individual problem that affected a few; we now

Access Free The End Of Sex And The Future Of Human Reproductio

know it's cultural and endemic, and happens to our acquaintances, colleagues, friends and family members, and it can be physical, emotional and verbal. Women of color experience sexual harassment at higher rates than White women. Street harassment is ubiquitous and can escalate to violence. Transgender and nonbinary people are particularly vulnerable. Anita Hill draws on her years as a teacher, legal scholar, and advocate, and on the experiences of the thousands of individuals who have told her their stories, to trace the pipeline of behavior that follows individuals from place to place: from home to school to work and back home. In measured, clear, blunt terms, she demonstrates the impact it has on every aspect of our lives, including our physical and mental wellbeing, housing stability, political participation, economy and community safety, and how our descriptive language undermines progress toward solutions. And she is uncompromising in her demands that our laws and our leaders must address the issue concretely and immediately.

Access Free The End Of Sex And The Future Of Human Reproductio

Hookup culture dominates the lives of college students today. Most students spend hours agonizing over their hopes for Friday night and, later, dissecting the evenings' successes or failures, often wishing that the social contract of the hookup would allow them to ask for more out of sexual intimacy. The pressure to participate comes from all directions -- from peers, the media, and even parents. But how do these expectations affect students themselves? And why aren't't parents and universities helping students make better-informed decisions about sex and relationships? In *The End of Sex*, Donna Freitas draws on her own extensive research to reveal what young men and women really want when it comes to sex and romance. Surveying thousands of college students and conducting extensive one-on-one interviews at religious, secular public, and secular private schools, Freitas discovered that many students -- men and women alike -- are deeply unhappy with hookup culture. Meaningless hookups have led them to associate sexuality with ambivalence, boredom, isolation, and

Access Free The End Of Sex And The Future Of Human Reproductio

loneliness, yet they tend to accept hooking up as an unavoidable part of college life. Freitas argues that, until students realize that there are many avenues that lead to sex and long-term relationships, the vast majority will continue to miss out on the romance, intimacy, and satisfying sex they deserve. An honest, sympathetic portrait of the challenges of young adulthood, *The End of Sex* will strike a chord with undergraduates, parents, and faculty members who feel that students deserve more than an endless cycle of boozy one night stands. Freitas offers a refreshing take on this charged topic -- and a solution that depends not on premarital abstinence or unfettered sexuality, but rather a healthy path between the two.

'The book everyone's talking about' *The Times* (Book of the Year) 'Titania McGrath is a genius' *Spectator* (Book of the Year) 'Beautiful classic satire' Ricky Gervais 'Hilarious . . . the most artful form of subtle parody' Joe Rogan 'Just as Bridget Jones was the embodiment of the anxiety-ridden Nineties feminist, a creation whose

Access Free The End Of Sex And The Future Of Human Reproductio

diary entries encapsulated all our hopes, fears and failures, so Titania McGrath is her millennial successor, a girl every bit as lost and confused, every bit as accurately observed - and equally, catastrophically, hilarious.' Sarah Vine, Daily Mail In Woke, Titania McGrath demonstrates how everybody can play their part in the pursuit of social justice. As a millennial icon on the forefront of online activism, Titania is uniquely placed to guide her readers through the often bewildering array of terminology and concepts that constitute twenty-first-century 'wokeness'. These new ideas often leave the general public bemused, particularly if they don't read the Guardian. Being woke is actually much easier than people think. As Titania demonstrates, anyone can be an activist. By simply adding a rainbow flag to your Facebook profile, or calling out an elderly person who doesn't understand what 'non-binary' means, you can change the world for the better. Indeed, social media has now made it possible to show how virtuous you are without having to do anything

Access Free The End Of Sex And The Future Of Human Reproductio

at all. Timely and indispensable, Titania's step-by-step guide will help you to become the woke person you need to be in an increasingly progressive world. In a non-patronising manner, Titania will explain why you are wrong about everything and how to become more like her.

A roadmap to sex and gender for the twenty-first century, using Lady Gaga as a symbol for a new kind of feminism Why are so many women single, so many men resisting marriage, and so many gays and lesbians having babies? In *Gaga Feminism: Sex, Gender, and the End of Normal*, J. Jack Halberstam answers these questions while attempting to make sense of the tectonic cultural shifts that have transformed gender and sexual politics in the last few decades. This colorful landscape is

Access Free The End Of Sex And The Future Of Human Reproductio

populated by symbols and phenomena as varied as pregnant men, late-life lesbians, SpongeBob SquarePants, and queer families. So how do we understand the dissonance between these real lived experiences and the heteronormative narratives that dominate popular media? We can embrace the chaos! With equal parts edge and wit, Halberstam reveals how these symbolic ruptures open a critical space to embrace new ways of conceptualizing sex, love, and marriage. Using Lady Gaga as a symbol for a new era, Halberstam deftly unpacks what the pop superstar symbolizes, to whom and why. The result is a provocative manifesto of creative mayhem, a roadmap to sex and gender for the twenty-first century, that holds Lady Gaga as an exemplar of a new kind of feminism that privileges gender and sexual fluidity. Part handbook, part guidebook, and part sex manual, *Gaga Feminism* is the first book to take seriously the collapse of heterosexuality and find signposts in the wreckage to a new and different way of doing sex and gender.

Riki Anne Wilchins has written the book

Access Free The End Of Sex And The Future Of Human Reproductio

that may take the discussion of gender over the top. *Read My Lips: Sexual Subversion and the tend of Gender*, a frontal assault on both the status quo in academic studies and the full spectrum of single-issue identity politics, will change the way you think about bodies, sex, and gender. Yours and everyone else's. Combining the theoretical breakthroughs of Judith Butler's *Gender Trouble* and the performance revelations of Kate Bornstein's *Gender Outlaw*, Wilchins -- cofounder of the *Transsexual Menace* -- moves the dialogue to a new level. In a voice that is by turns outraged, outrageous, sad, and hilarious, the author weaves theory and personal experience into a compelling story of self-discovery. She redefines what it means to be "gendered", both by the way she lives and the accessible theoretical narrative she constructs. *Read My Lips*, with its unique mix of theory and application, anecdote and affront, will appeal to feminists, queer academics, activists, transpeople, "the-queer-on-the-street", and the increasing audience of

Access Free The End Of Sex And The Future Of Human Reproductio

mainstream readers hungry for writing that pushes the absolute edge of the gender envelope. OUT Magazine says that the author "has surfaced as the Superhero of this burgeoning (transgender) movement". Wilchins, herself, signs off on her email as follows: "Just your average straight white guy with a cunt who really digs lezzie chicks like me". Rarely have smarts andchutzpah produced such good effect.

Gender Hurts

"In this practical guide for higher education professionals who work in student affairs, the authors lay out a community-based model aimed at eliminating sexual misconduct of all kinds on college campuses"-- This monumental novel, divided into four separate books, celebrates the end of an era, the irrevocable destruction of the comfortable, predictable society that vanished during World War I.

Despite what major media sources say, violence against Native women is not an epidemic. An epidemic is

Access Free The End Of Sex And The Future Of Human Reproductio

biological and blameless. Violence against Native women is historical and political, bounded by oppression and colonial violence. This book, like all of Sarah Deer's work, is aimed at engaging the problem head-on--and ending it. *The Beginning and End of Rape* collects and expands the powerful writings in which Deer, who played a crucial role in the reauthorization of the Violence Against Women Act in 2013, has advocated for cultural and legal reforms to protect Native women from endemic sexual violence and abuse. Deer provides a clear historical overview of rape and sex trafficking in North America, paying particular attention to the gendered legacy of colonialism in tribal nations--a truth largely overlooked or minimized by Native and non-Native observers. She faces this legacy directly, articulating strategies for Native communities and tribal nations seeking redress. In a damning critique of federal law that has accommodated rape by destroying tribal legal systems, she describes how tribal self-determination efforts of the twenty-first century can be leveraged to eradicate violence against women. Her work bridges the gap between Indian law and feminist thinking by explaining how intersectional approaches are vital to addressing the rape of Native women. Grounded in historical, cultural, and legal realities, both Native and non-Native, these essays point to the possibility of actual and positive change in a world where Native women are systematically undervalued, left unprotected, and hurt. Deer draws on her extensive experiences in advocacy and activism to present specific, practical recommendations and plans

Access Free The End Of Sex And The Future Of Human Reproductio

of action for making the world safer for all.

In this practical follow up to Refusing to be a Man, John Stoltenberg uses a combination of case studies, autobiography, checklists and discussion points, to speak directly to men about how the social construction of manhood operates in everyday relationships and to show how these same dynamics drive the behaviour of gangs, race-hate groups, and international imperialism. Readers will find here new perspectives on intimacy, gender, and violence and be pushed to re-examine their ideas of manhood and gender identity generally. Stoltenberg's new introduction sets the book in academic context, summarising the game theory of gender which underlies all his work.

The End of Men

Sexual identity has become an idol in both the culture at large and in the Christian subculture. And yet concepts like "gay" or "straight" are relatively recent developments in human history. We let ourselves be defined by socially constructed

notions of sexual identity and sexual orientation--even though these may not be the only or best ways to think about sexuality. Anthropologist Jenell Williams Paris offers a Christian framework for sexual holiness that accounts for complex postmodern realities. She assesses problems with popular cultural and Christian understandings of heterosexuality and homosexuality alike. The End of Sexual Identity moves beyond culture-war impassés to open up new space for conversations in diverse communities both inside and outside the church.

What Betty Friedan, Simone de Beauvoir, and Naomi Wolf did for feminism, senior editor of The Atlantic Hanna Rosin does for a new generation of women: an explosive new argument for why women are winning the battle of the sexes. Women are no longer catching up with men. By almost every measure, they are out-performing them.

·Women in Britain hold half the jobs ·Women own over 40% of China's private businesses ·75% of couples in fertility clinics are requesting girls, not boy ·Women will outnumber men in the UK medical profession by 2017 ·In 1970, women in the US contributed to 2-6% of the family income. Now it is 42.2% This is an astonishing time. In

a job market that favours people skills and intelligence, women's adaptability and flexibility makes them better suited to the modern world. In The End of Men, Hanna Rosin reveals how this has come to pass and explains its implications for marriage, sex, children, work, families and society. Exposing old assumptions and drawing on examples from across the globe, Rosin shows us how we must all adapt to a radically new way of working and living. 'One of the most controversial books since Naomi Wolf's The Beauty Myth' Stylist 'Explosive' Daily Mail 'Fascinating' Sunday Times

In this harrowing memoir, Emma, at 13-years-old, was pimped by her older boyfriend into servicing other men. Young and naïve, she didn't know how far this was from normal. Eventually she found a way out. Emma is writing this book to give hope to other girls in this situation.

"Jaw-dropping . . . Inspiring . . . A haunting and beautifully composed book . . . It blew my mind." --Lisa Taddeo, #1 New York Times bestselling author of Three Women A fearless exposé of the secrets and lies of women's intimate lives, by the bestselling author of The Perfect Nanny, Adèle, and In the Country of Others "All those in positions of

authority--politicians, parents, teachers--maintain the same line: 'Do what you like, but do it in private.' " Leila Slimani was in her native Morocco promoting her novel Adèle, about a woman addicted to sex, when she began meeting women who confided the dark secrets of their sexual lives. In Morocco, adultery, abortion, homosexuality, prostitution, and sex outside of marriage are all punishable by law, and women have only two choices: They can be wives or virgins. Sex and Lies combines vivid, often harrowing testimonies with Slimani's passionate and intelligent commentary to make a galvanizing case for a sexual revolution in the Arab world. Philip Pullman's Spiritual Imagination in His Dark Materials

Loveology

The End of My World

It is only recently that transgenderism has been accepted as a disorder for which treatment is available. In the 1990s, a political movement of transgender activism

coalesced to campaign for transgender rights. Considerable social, political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights. This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism, which the author sees as harmful. It explores the effects of transgenderism on the lesbian and gay community, the partners of people who transgender, children who are identified as transgender and the people who transgender themselves, and argues that these are negative. In doing so the book contends that the phenomenon is based upon sex stereotyping, referred to as 'gender' - a conservative ideology that forms the foundation for women's subordination. Gender Hurts argues for the abolition of 'gender', which would remove the rationale for transgenderism. This book will be of interest to scholars and students of political science, feminism and feminist theory and gender studies.

With their own demise staring them in the face, the characters in Apocalypse Sex all

come to the same conclusion: it's time to have the best sex of their lives. Inhibitions are cast aside and fantasies are fulfilled as the doomed chase down their deepest desires. With stories by J. Daniel Sawyer, Elizabeth Coldwell, Elizabeth Schechter, Beverly Langland, and David Hubbard. Warning: Explicit sex.

In the beginning, God created Adam. Then he made Eve. And ever since we've been picking up the pieces. Loveology is just that—a theology of love. With an autobiographical thread that turns a book into a story, pastor and speaker John Mark Comer shares about what is right in male/female relationships—what God intended in the Garden. And about what is wrong—the fallout in a post-Eden world. Loveology starts with marriage and works backward. Comer deals with sexuality, romance, singleness, and what it means to be male and female; ending with a raw, uncut, anything goes Q and A dealing with the most asked questions about sexuality and relationships. This is a book for singles, engaged couples, and the newly married—both inside and outside the church—who want to learn what the Scriptures have to say about sexuality and relationships. For those who are tired of

Hollywood's propaganda, and the church's silence. And for people who want to ask the why questions and get intelligent, nuanced, grace-and-truth answers, rooted in the Scriptures.

"A sparkling, thought-provoking account of sexual differences. Whether you're a man or a woman, you'll find his conclusions gripping."—Jared Diamond There is a human genetic fluke that is surprisingly common, due to a change in a key pair of chromosomes. In the normal condition the two look the same, but in this disorder one is malformed and shrunk beyond recognition. The result is a shortened life span, higher mortality at all ages, an inability to reproduce, premature hair loss, and brain defects variously resulting in attention deficit, hyperactivity, conduct disorder, hypersexuality, and an enormous excess of both outward and self-directed aggression. It is called maleness. Melvin Konner traces the arc of evolution to explain the relationships between women and men. With patience and wit he explores the knotty question of whether men are necessary in the biological destiny of the human race. He draws on multiple, colorful examples from the natural world—such as the mating habits of the

octopus, black widow, angler fish, and jacana—and argues that maleness in humans is hardly necessary to the survival of the species. In characteristically humorous and engaging prose, Konner sheds light on our biologically different identities, while noting the poignant exceptions that challenge the male/female divide. We meet hunter-gatherers such as those in Botswana, whose culture gave women a prominent place, invented the working mother, and respected women's voices around the fire. Recent human history has upset this balance, as a dense world of war fostered extreme male dominance. But our species has been recovering over the past two centuries, and an unstoppable move toward equality is afoot. It will not be the end of men, but it will be the end of male supremacy and a better, wiser world for women and men alike.

Unsafe Spaces reveals the shocking extent of sexual abuse in English and Welsh universities and offers practical solutions to the present crisis and to the culture of disrespect which blights many universities and allows such abuse to continue unchecked.

Traces the changing attitudes of today's younger generation toward sex, showing how morality has given way to a utilitarianism based on the threat of AIDS. Reprint.

25,000 first printing.

Within twenty, maybe forty, years most people in developed countries will stop having sex for the purpose of reproduction. Instead, prospective parents will be told as much as they wish to know about the genetic makeup of dozens of embryos, and they will pick one or two for implantation, gestation, and birth. And it will be safe, lawful, and free. In this work of prophetic scholarship, Henry T. Greely explains the revolutionary biological technologies that make this future a seeming inevitability and sets out the deep ethical and legal challenges humanity faces as a result. "Readers looking for a more in-depth analysis of human genome modifications and reproductive technologies and their legal

A Guide to Social Justice

An exploration of why people all over the world love to engage in pain on purpose--from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully

bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they're an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

Exploring the status of feminism in this "postfeminist" age, this sophisticated meditation on feminist thinking over the past three decades moves away from the all too common dependence on French theorists and male thinkers and instead builds on a wide-ranging body of feminist theory written by women. These writings address the question "Where are we going?" as well as "Where have we come from?" As evidenced in the essays compiled here, the multiplicity of directions available to this new feminism ranges from poststructuralist academic theory through

cultural activism to re-readings of law, literature, and representation. Contributors include Mieke Bal, Lauren Berlant, Rosi Braidotti, Elisabeth Bronfen, Judith Butler, Rey Chow, Drucilla Cornell, Ann Cvetkovich, Jane Gallop, Beatrice Hanssen, Claire Kahane, Ranjana Khanna, Biddy Martin, Juliet Mitchell, Anita Haya Patterson, and Valerie Smith. Feminist Consequences, representing the forefront of international feminist thought, marks a new and long-desired stage of feminist criticism where women are themselves making theory rather than reacting to male production.

The Filipino American theater troupe "tongue in A mood" blends comedy, satire, music, and social commentary. Gossip, Sex, and the End of the World: Collected Works of tongue in A mood, edited by Theodore S. Gonzalves and A. Samson Manalo, collects the group's critically-acclaimed and popular sketch comedy shows (Tsismis, Bomba, and Damo) into one volume.

"A fresh, funny, audacious debut novel about a Bridget Jones-like twenty-something who discovers that she may have simply been looking for love -- and, ahem, pleasure -- in all the wrong places (aka: from men)"--

Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. **Sex/Life: 44 Chapters About 4 Men** is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

"International sex researcher, neuroscientist, and frequent contributor to The Globe and Mail (Toronto) Debra Soh [discusses what she sees as] gender myths in this ... examination of the many facets of gender identity"--

Sexual identity has become an idol in both the culture at large and in the Christian subculture. And yet concepts like "gay" or "straight" are relatively recent developments in human history. We let ourselves be defined by socially constructed notions of sexual identity and sexual orientation--even though these may not be the only or best ways to think about sexuality.

2015 Winner in LGBT -- What if you weren't sexually attracted to anyone? A growing number of people are identifying as asexual. They aren't sexually attracted to anyone, and they consider it a sexual orientation—like gay, straight, or bisexual. Asexuality is the invisible orientation. Most people believe that “everyone” wants sex, that “everyone” understands what it means to be attracted to other people, and that “everyone” wants to date and mate. But that's where asexual people are

Access Free The End Of Sex And The Future Of Human Reproductio

left out—they don't find other people sexually attractive, and if and when they say so, they are very rarely treated as though that's okay. When an asexual person comes out, alarming reactions regularly follow; loved ones fear that an asexual person is sick, or psychologically warped, or suffering from abuse. Critics confront asexual people with accusations of following a fad, hiding homosexuality, or making excuses for romantic failures. And all of this contributes to a discouraging master narrative: there is no such thing as "asexual." Being an asexual person is a lie or an illness, and it needs to be fixed. In *The Invisible Orientation*, Julie Sondra Decker outlines what asexuality is, counters misconceptions, provides resources, and puts asexual people's experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.

* Previously unpublished photographs of the Sex Pistols' final UK gig* Taken by Kevin Cummins, preeminent photographer of British bands over the last four decades* Introduction by writer and broadcaster Paul MorleyOn Christmas Day 1977, the Sex Pistols played their final UK gig. Kevin Cummins was the only professional photographer to document the event. He stood with the band onstage, captured the raw energy of the Sex Pistols at the top of their game. Just three weeks later, after a brief US tour, the band imploded. By the end of 1977, the Sex Pistols had been banned from virtually every town in Britain. But at Ivanho's nightclub in Huddersfield they found a receptive audience. They played two charity gigs on Christmas Day, raising money for the families of striking firemen. The afternoon shift was for the kids, with expletives removed from lyrics and Christmas presents and cake given out - and paid for by the band. In the evening, with Kevin

Access Free The End Of Sex And The Future Of Human Reproductio

Cummins in their midst, the Sex Pistols thundered through their setlist. Forget the lurid headlines, the righteous outrage, this was the real Sex Pistols, playing from the heart. "You've had the Queen's speech. Now you're going to get the Sex Pistols at Christmas. Enjoy." - John Lydon

Discover the beloved New York Times bestseller about two lost souls who embark on an epic road trip and find love along the way. A New York Times, USA Today, and Wall Street Journal bestselling blockbuster! Twenty-year-old Camryn Bennett thought she knew exactly where her life was going. But after a wild night at the hottest club in downtown Raleigh, North Carolina, she shocks everyone-including herself-when she decides to leave the only life she's ever known and set out on her own. Grabbing her purse and her cell phone, Camryn boards a Greyhound bus ready to find herself. Instead, she finds Andrew Parrish. Sexy and exciting, Andrew lives life like there is no tomorrow. He persuades Camryn to do things she never thought she would and shows her how to give in to her deepest, most forbidden desires. Soon he becomes the center of her daring new life, pulling love and lust and emotion out of her in ways she never imagined possible. But there is more to Andrew than Camryn realizes. Will his secret push them inseparably together -- or destroy them forever?

A romantic fairy tale Peter Pan by J.M. Barrie is a favourite story of many generations of children all over the world. The main character is a boy who never grows up, can fly, lives in Neverland and fairies are his friends. He gives a flying ability to three children from London — Wendy, John and Michael Darling and takes them to a mysterious land where they have exciting and sometimes rather scary adventures. Written to help women understand the sometimes strange and perplexing behavior of the men in their lives, this practical yet entertaining book includes many stories and examples of men and women who have successfully resolved serious relationship issues.

In the era of #MeToo and mass incarceration, *The Feminist and the Sex Offender* makes a powerful feminist case for accountability without punishment and sexual safety and pleasure without injustice. With analytical clarity and narrative force, *The Feminist and the Sex Offender* contends with two problems that are typically siloed in the era of #MeToo and mass incarceration: sexual and gender violence, on the one hand, and the state's unjust, ineffective, and soul-destroying response to it on the other. Is it possible to confront the culture of abuse? Is it possible to hold harm-doers accountable without recourse to a criminal justice system that redoubles injuries, fails survivors, and retrenches the conditions that made such abuse possible? Drawing on interviews, extensive research, reportage, and history, *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime

while highlighting the alternatives we urgently need.

2019 Pulitzer Prize Finalist in General Nonfiction Winner of the PEN/John Kenneth Galbraith Award Winner of the 2018 Goddard Riverside Stephan Russo Book Prize for Social Justice “ In a Day ’ s Work is a . . . much-needed addition to the literature on sexual harassment in the U.S. ” —The New York Review of Books A searing expos é about the hidden stories of immigrant workers overlooked by #MeToo—at turns heartrending and hopeful—by acclaimed journalist and Pulitzer Prize finalist Bernice Yeung Apple orchards in bucolic Washington state. Office parks in Southern California under cover of night. The home of an elderly man in Miami. These are some of the workplaces where female workers have suffered brutal sexual assault and shocking harassment at the hands of their employers, often with little or no official recourse. In this harrowing yet often inspiring tale, investigative journalist Bernice Yeung exposes the epidemic of sexual violence levied against women farmworkers, domestic workers, and janitorial workers and charts their quest for justice in the workplace. Yeung takes readers on a journey across the country, introducing us to women who came to America to escape grinding poverty only to encounter sexual violence in the United States. In a Day ’ s Work exposes the underbelly of economies filled with employers who take advantage of immigrant women ’ s need to earn a basic living. When these women find the courage to speak up, Yeung reveals, they are too often met by apathetic bosses and underresourced government agencies. But In a Day ’ s Work also tells a story of
