

## The Gargoyles Of Notre Dame Medievalism And The M

On April 15, 2019, the world looked on in horror as the Notre Dame Cathedral was nearly destroyed in a devastating fire. Notre Dame de Paris: A Celebration of the Cathedraloffers a fascinating look back at nearly nine centuries of this landmark building that has stood as silent witness to some of the most important events in human history. A marvel of Gothic architecture, the cornerstone of Notre Dame Cathedral was laid in 1163, and construction was completed in 1345. For almost nine centuries it has served as a house of worship and refuge-a stalwart soldier that has survived wars and revolutions, hosted royal weddings, coronations, and funerals, and inspired Victor Hugo’s literary classic The Hunchback of Notre Dame. With the cathedral wounded but still standing, the world now watches as the rebuilding process gets underway. Notre Dame de Paris: A Celebration of the Cathedralchronicles the history of this landmark building, from its impressive architecture and collection of priceless artifacts to its presence during major world historical events. Through gorgeous, striking, and sometimes rarely seen archival photographs, Notre Dame de Paris: A Celebration of the Cathedralreminds us all why this building has become an unofficial wonder of the world, lodged in the hearts and minds of people around the globe.

Fans of Cassandra Clare’s Mortal Instruments series and Lauren Kate’s Fallen novels will devour The Beautiful and the Cursed, a wholly original interpretation of gargoyle lore. After a bizarre accident, Ingrid Waverly is forced to leave London with her mother and her younger sister, Gabby, trading a world full of fancy dresses and society events for the unfamiliar city of Paris. In Paris there are no grand balls or glittering parties for Ingrid, and, disturbingly, the house her twin brother, Grayson, was sent ahead to secure for the family isn’t a house at all. It’s an abandoned abbey, its roof lined with stone gargoyles that could almost be mistaken for living, breathing creatures. And Grayson is missing. Yet no one seems worried about his whereabouts save for Luc, a devastatingly handsome servant at their new home. Ingrid is sure her twin isn’t dead--she can feel it deep in her soul--but she knows he’s in grave danger, and that it’s up to her and Gabby to find him before all hope is lost. The path to Grayson will be twisted, leading Ingrid to discover dark secrets and otherworldly truths that, once uncovered, can never again be buried. Praise for the Dispossessed Trilogy: “ A deliciously satisfying mix of historical fiction, mystery, and supernatural romance. ” —The Bulletin “ Morgan combines fantasy with gothic romance in this well-crafted standout. ” —Booklist “ Forbidden romance and hot kissing abound. ” —Kirkus Reviews “ Morgan keeps the plot moving with constant action...dark adventure and romance. ” —School Library Journal “ Morgan’s fluid descriptions, inventive otherworldly elements, and characters with convincing motivations result in an immersive first installment. ” —Publishers Weekly

Gargoyles have been feared and misunderstood for centuries, but now Caldecott Honor artist Dav Pilkey tells the real story of these gentle stone creatures come to life. Behind their cold, stone faces, gargoyles have warm, loving souls -- yet most people don't look deeply enough to notice. Angels can see the good inside them, though, and tonight the angels will sweep down to take their silent, stone friends on a magical journey, hand in hand.Caldecott Honor artist Dav Pilkey’s lyrical tale of these gentle stone creatures come to life is a reminder that everyone -- from the grievers to the dreamers to the believers -- is worthy of love.

Gargoyles are an architectural feature designed to throw rainwater clear of the walls of a building. Widely used on medieval churches, these water spouts were often richly decorated, and fashioned as serpents’ heads and other fanciful shapes. Today, the term gargoyle is also popularly applied to any carved decorative head or creature high up on a building and this book is an exploration of all of these enchanting features. Written by an academic and stonemason, it is the perfect introduction to this fascinating subject. Gargoyles aims to provide a concise introduction to the stone carvings often found on religious and secular buildings in Britain from the medieval period to the modern. It will explore the typical imagery, some of the theories put forward to explain them, as well as consider the carvings within their architectural and social contexts. Incorporating recent and current research, the book will nevertheless be accessible to the general reader.

Bring the Classics To Life. These novels have been adapted into 10 short chapters that will excite the reluctant reader as well as the enthusiastic one. Key words are defined and used in context. Multiple-choice questions require the student to recall specific details, sequence the events, draw inferences from story context, develop another name for the chapter, and choose the main idea. Let the Classics introduce Kipling, Stevenson, and H.G. Wells. Your students will embrace the notion of Crusoe’s lonely reflections, the psychological reactions of a Civil War soldier at Chancellorsville, and the tragedy of the Jacobite Cause in 18th Century Scotland. In our society, knowledge of these Classics is a cultural necessity. Improves fluency, vocabulary and comprehension.

A fresh and irresistible history of gargoyles-a society of stone creatures perched high above the workaday world. Includes an invaluable guide to gargoyle sites throughout western Europe.

This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt: he is saved when the statue, delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in The Juggler of Notre Dame in the twentieth century and its place in mass culture today. Volume 2: Medieval Meets Medievalism deals with the influence of the tale in nineteenth- and early-twentieth-century Europe and America, and the development of literary medievalism at this time. The Juggler of Notre Dame and the Medievalizing of Modernity is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its (post)modern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, Ziolkowski’s work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.

In the vaulted Gothic towers of Notre-Dame lives Quasimodo, the hunchbacked bellringer. Mocked and shunned for his appearance, he is pitied only by Esmerelda, a beautiful gypsy dancer to whom he becomes completely devoted. Esmerelda, however, has also attracted the attention of the sinister archdeacon Claude Frollo, and when she rejects his lecherous approaches, Frollo hatches a plot to destroy her that only Quasimodo can prevent. Victor Hugo’s sensational, evocative novel brings life to the medieval Paris he loved, and mourns its passing in one of the greatest historical romances of the nineteenth century.

Medievalism and the Monsters of Modernity

**This is the first published version of Beauty and the Beast, written by the French author Gabrielle-Suzanne Barbot de Villeneuve in the mid-18th century and translated by James Robinson Planché. It is a novel-length story intended for adult readers, addressing the issues of the marriage system of the day in which women had no right to choose their husband or to refuse to marry. There is also a wealth of rich back story as to how the Prince became cursed and revelations about Beauty’s parentage, which fail to appear in subsequent versions of the now classic fairy tale.**

Since its construction, Notre Dame Cathedral has played a central role in French cultural identity. In the wake of the tragic fire of 2019, questions of how to restore the fabric of this quintessential French monument are once more at the forefront. This all-too-prescient book, first published in French in 2013, takes a central place in the conversation. The Gothic cathedral par excellence, Notre Dame set the architectural bar in the competitive years of the third quarter of the twelfth century and dazzled the architects and aesthetes of the Enlightenment with its structural ingenuity. In the nineteenth century, the cathedral became the touchstone of a movement to restore medieval patrimony to its rightful place at the cultural heart of France: it was transformed into a colossal laboratory in which architects Jean-Baptiste Lassus and Eugène-Emmanuel Viollet-le-Duc anatomized structures, dismembered them, put them back, or built them anew—all the while documenting their work with scientific precision. Taking as their point of departure a three-dimensional laser scan of the cathedral created in 2010, architectural historians Dany Sandron and the late Andrew Tallon tell the story of the construction and reconstruction of Notre Dame in visual terms. With over a billion points of data, the scan supplies a highly accurate spatial map of the building, which is anatomized and rebuilt virtually. Fourteen double-page images represent the cathedral at specific points in time, while the accompanying text sets out the history of the building, addressing key topics such as the fundraising campaign, the construction of the vaults, and the liturgical function of the choir. Featuring 170 full-color illustrations and elegantly translated by Andrew Tallon and Lindsay Cook, Notre Dame Cathedral is an enlightening history of one of the world’s most treasured architectural achievements.

Gargoyles takes you on a journey into a mysterious world, through bestiaries and traveling menageries, past grotesques and chimeras, through medieval cities and guilds and into huge stone buildings. Gargoyles are an embodiment of form and function—serving a clear architectural purpose but, also, symbolically important. Whether warding off evil, frightening away fear or showcasing human foibles, when a gargoyle was placed on a building, people noticed. The book delves into historic models of arcane craftsmanship and architecture, considering the reasons for gargoyles coming into being and hearing the legends of the gargoyle, both mythic and modern. It, also, covers the emergence of stone creatures into popular culture. For modern magick users, Gargoyles explores the role of the gargoyle in magickal practice, including gargoyle use in elemental correspondences, stone magick, protection, warding, egregores, talismans, animal associations, ritual and spell work.

**A BARACK OBAMA BOOK OF THE YEAR WINNER OF THE 2020 CRIME WRITERS' ASSOCIATION ALCS GOLD DAGGER FOR NON-FICTION SHORTLISTED FOR THE 2019 BAILLIE GIFFORD PRIZE FOR NON-FICTION A SUNDAY TIMES, ECONOMIST AND SPECTATOR BOOK OF THE YEAR 'A triumph on every level. One of the losses to literature is that Harper Lee never found a way to tell a gothic true-crime story she'd spent years researching. Casey Cep has excavated this mesmerizing story and tells it with grace and insight and a fierce fidelity to the truth.'** DAVID GRANN, author of *Killers of the Flower Moon* \_\_\_\_\_ **The stunning story of an Alabama serial killer and the true-crime book that Harper Lee worked on obsessively in the years after To Kill a Mockingbird Reverend Willie Maxwell was a rural preacher accused of murdering five of his family members for insurance money in the 1970s. With the help of a savvy lawyer, he escaped justice for years until a relative shot him dead at the funeral of his last victim. Despite hundreds of witnesses, Maxwell's murderer was acquitted - thanks to the same attorney who had previously defended the Reverend. As Alabama is consumed by these gripping events, it's not long until news of the case reaches Alabama's - and America's - most famous writer. Intrigued by the story, Harper Lee makes a journey back to her home state to witness the Reverend's killer face trial. Harper had the idea of writing her own In Cold Blood, the true-crime classic she had helped her friend Truman Capote research. Lee spent a year in town reporting on the Maxwell case and many more years trying to finish the book she called The Reverend. Now Casey Cep brings this story to life, from the shocking murders to the courtroom drama to the racial politics of the Deep South. At the same time, she offers a deeply moving portrait of one of the country's most beloved writers and her struggle with fame, success, and the mystery of artistic creativity. This is the story Harper Lee wanted to write. This is the story of why she couldn't.**

\_\_\_\_\_ **'Fascinating ... Cep has spliced together a Southern-gothic tale of multiple murder and the unhappy story of Lee's literary career, to produce a tale that is engrossing in its detail and deeply poignant... [Cep] spends the first third of Furious Hours following the jaw-dropping trail of murders ... Engrossing ... Cep writes about all this with great skill, sensitivity and attention to detail.'** SUNDAY TIMES 'It's been a long time since I picked up a book so impossible to put down. Furious Hours made me forget dinner, ignore incoming calls, and stay up reading into the small hours. It's a work of literary and legal detection as gripping as a thriller. But it's also a meditation on motive and mystery, the curious workings of history, hope, and ambition, justice, and the darkest matters of life and death. Casey Cep's investigation into an infamous Southern murder trial and Harper Lee's quest to write about it is a beautiful, sobering, and sometimes chilling triumph.' HELEN MACDONALD, author of *H is for Hawk* 'This story is just too good ... Furious Hours builds and builds until it collides with the writer who saw the power of Maxwell's story, but for some reason was unable to harness it. It lays bare the inner life of a woman who had a world-class gift for hiding ... [this] book makes a magical leap, and it goes from being a superbly written true-crime story to the sort of story that even Lee would have been proud to write.' MICHAEL LEWIS, author of *Moneyball* and *The Big Short*

For fans of Lauren Kate’s Fallen series comes the exciting conclusion to the trilogy that includes The Beautiful and the Cursed and The Lovely and the Lost. The Waverly sisters must save themselves before all is lost. Since the Waverlys arrived in Paris, the streets have grown more fearsome by the day. As Ingrid learns to master her lectrux gift, she must watch Axia’s power grow strong enough to extend beyond her Underneath hive. By all indications, the fallen angel’s Harvest is near--and the timing couldn’t be worse. Targeted by vengeful gargoyles, Gabby has been exiled to London for her own protection. Meanwhile, the gargoyle castes are in disarray, divided between those who want Luc to lead them and those who resent him and his fondness for humans. The Alliance is crumbling from the inside as well, its members turning against one another, and possibly against the Waverlys, too. Axia has promised that the world will burn. An now, unable to trust the Alliance, separated from Luc, Gabby, and her twin, Grayson, Ingrid is left to face the demon uprising alone. Praise for The Wondrous and the Wicked: “A satisfying, exciting wrap-up to an immersive paranormal series.”—SLJ Praise for the Dispossessed Trilogy: “A deliciously satisfying mix of historical fiction, mystery, and supernatural romance.”-The Bulletin “Morgan combines fantasy with gothic romance in this well-crafted standout.”-Booklist “Forbidden romance and hot kissing abound.”-Kirkus Reviews “Morgan keeps the plot moving with constant action...dark adventure and romance.”-SLJ “Morgan’s fluid descriptions, inventive otherworldly elements, and characters with convincing motivations result in an immersive first installment.”-Publishers Weekly

This book examines the broad varieties of religious belief, religious practices, and the influence of religion within medieval society. Religion in the Middle Ages was not monolithic. Medieval religion and the Latin Church are not synonymous. While theology and liturgy are important, an examination of animal trials, gargoyles, last judgments, various aspects of the medieval underworld, and the quest for salvation illuminate lesser known dimensions of religion in the Middle Ages. Several themes run throughout the book including visual culture, heresy and heretics, law and legal procedure, along with sexuality and an awareness of mentalities and anxieties. Although an expanse of 800 years has passed, the remains of those other Middle Ages can be seen today, forcing us to reassess our evaluations of this alluring and often overlooked past.

*This ground-breaking book aims to take a new and innovative view on how disability and architecture might be connected. Rather than putting disability at the end of the design process, centred mainly on compliance, it sees disability – and ability – as creative starting points for the whole design process. It asks the intriguing question: can working from disability actually generate an alternative kind of architectural avant-garde? To do this, Doing Disability Differently: explores how thinking about disability opens up to critical and creative investigation our everyday social attitudes and practices about people, objects and space argues that design can help resist and transform underlying and unnoticed inequalities introduces architects to the emerging and important field of disability studies and considers what different kinds of design thinking and doing this can enable asks how designing for everyday life – in all its diversity – can be better embedded within contemporary architecture as a discipline offers examples of what doing disability differently can mean for architectural theory, education and professional practice aims to embed into architectural practice, attitudes and approaches that creatively and constructively refuse to perpetuate body ‘norms’ or the resulting inequalities in access to, and support from, built space. Ultimately, this book suggests that re-addressing architecture and disability involves nothing less than re-thinking how to design for the everyday occupation of space more generally.*

*The Hunchback of Notre-Dame is a French Gothic novel by Victor Hugo published in January 14, 1831. The title refers to the Notre Dame Cathedral in Paris, on which the story is centered. Set in medieval Paris, it tells the story of the beautiful gypsy Esmeralda, condemned as a witch by the tormented archdeacon Claude Frollo, who lusts after her. Quasimodo, the deformed bell ringer of Notre-Dame Cathedral, having fallen in love with the kindhearted Esmeralda, tries to save her by hiding her in the cathedral's tower.*

*A Short History of the Meaning of Cathedrals*

The Hunchback of Notre Dame (French: Notre-Dame de Paris) is an 1831 French novel written by Victor Hugo. It is set in 1482 in Paris, in and around the cathedral of Notre Dame de Paris. The book tells the story of a poor barefoot Gypsy girl (La Esmeralda) and a misshapen bell-ringer (Quasimodo) who was raised by the Archdeacon (Claude Frollo). The book was written as a statement to preserve the Notre Dame cathedral and not to 'modernize' it, as Hugo was thoroughly against this.The story begins during the Renaissance in 1482, the day of the Festival of Fools in Paris. Quasimodo, the deformed bell ringer, is introduced by his crowning as Pope of Fools.Esméralda, a beautiful 16-year-old gypsy with a kind and generous heart, captures the hearts of many men but especially Quasimodo's adopted father, Claude Frollo. Frollo is torn between his lust and the rules of the church. He orders Quasimodo to get her. Quasimodo is caught and whipped and ordered to be tied down in the heat. Esméralda seeing his thirst, offers him water. It saves her, for she captures the heart of the hunchback.

Contains five sketchbooks and 22 single drawings. The highlight of this catalog is the watercolors in Maurice Prendergast's "Large Boston public garden sketchbook", all reproduced here in full color. Also includes a book of 140 sketches never before published, that Prendergast made in the parks and on the boulevards of Paris in the 1890s.

Examines Gothic architecture and the visual and cultural significance of the adoption of externalized buttressing systems in twelfth-century France. Demonstrates how buttressing frames operated as sites of display, points of transition, and mechanisms of demarcation.

Most of the seven million people who visit the cathedral of Notre Dame in Paris each year probably do not realize that the legendary gargoyles adorning this medieval masterpiece were not constructed until the nineteenth century. The first comprehensive history of these world-famous monsters, The Gargoyles of Notre-Dame argues that they transformed the iconic thirteenth-century cathedral into a modern monument. Michael Camille begins his long-awaited study by recounting architect Eugène Viollet-le-Duc’s ambitious restoration of the structure from 1843 to 1864, when the gargoyles were designed, sculpted by the little-known Victor Pyanet, and installed. These gargoyles, Camille contends, were not mere avatars of the Middle Ages, but rather fresh creations—symbolizing an imagined past—whose modernity lay precisely in their nostalgia. He goes on to map the critical reception and many-layered afterlives of these chimeras, notably in the works of such artists and writers as Charles Méryon, Victor Hugo, and photographer Henri Le Secq. Tracing their eventual evolution into icons of high kitsch, Camille ultimately locates the gargoyles’ place in the twentieth-century imagination, exploring interpretations by everyone from Winslow Homer to the Walt Disney Company. Lavishly illustrated with more than three hundred images of its monumental yet whimsical subjects, The Gargoyles of Notre-Dame is a must-read for historians of art and architecture and anyone whose imagination has been sparked by the lovable monsters gazing out over Paris from one of the world’s most renowned vantage points.

“ The wonderful cathedral of Notre-Dame de Paris, one of the greatest achievements of European civilization, was on fire. The sight dazed and disturbed us profoundly. I was on the edge of tears. Something priceless was dying in front of our eyes.

The feeling was bewildering, as if the earth was shaking. ” —Ken Follett “ [A] treasure of a book. ” —The New Yorker In this short, spellbinding book, international bestselling author Ken Follett describes the emotions that gripped him when he learned about the fire that threatened to destroy one of the greatest cathedrals in the world—the Notre-Dame de Paris. Follett then tells the story of the cathedral, from its construction to the role it has played across time and history, and he reveals the influence that the Notre-Dame had upon cathedrals around the world and on the writing of one of Follett’s most famous and beloved novels, The Pillars of the Earth. Ken Follett will donate his proceeds from this book to the charity La Fondation du Patrimoine.

A retelling of the tale, set in medieval Paris, of Quasimodo, the hunchbacked bellringer of Notre Dame Cathedral, and his struggles to save the beautiful gypsy dancer Esmeralda from being unjustly executed.

This is book two of a series of three books. The series takes students on an interdisciplinary cross content journey entitled, Creating Art Through the Ages. Each book provides experiences in language arts, social studies, math and art as the students investigate ancient and modern civilizations. “ Discovery and Knowledge ”, explores the ancient Roman civilization, the Middle Ages and Renaissance. Explorers set sail to discover land, treasures, raw materials and knowledge on behalf of their mother country and religion. The development of the printing press enabled the disbursement of knowledge through books. Discovery and the pursuit of knowledge is the underlying theme during this era. In this book, it is reimagined for students with experiences through stories, interactive role-playing activities, and art projects.

Anthony and the Gargoyle

A Celebration of the Cathedral

The Gargoyle Book

The Hunchback of Notre Dame Annotated

**Gerlach proudly explains the history and purpose of other gargoyles, particularly the one that is on the famous Notre Dame Cathedral.**

**"Anthony's house is full of family photos -- of his parents' trip to Paris, his great aunt, and Anthony himself as a toddler, holding his favorite rock. When Anthony wakes up one morning, he sees that his "rock" has cracked open -- it's hollow inside. He doesn't see the little face peering out from the closet. Later, he discovers the newly hatched creature and they become friends. Anthony asks his mother about the rock, and she shows him a photo album of a trip to Paris. Anthony sees that his friend resembles the gargoyles at Notre-Dame cathedral. Back in his room, he shows the photos to the baby gargoyle who looks at them with longing. News arrives that Anthony's great aunt is in hospital. The family travel to Paris to visit, and Anthony secretly brings the baby gargoyle. When the family have a chance to climb Notre-Dame's tower, Anthony and his friend wander from one gargoyle to the next ... until the baby gargoyle sees one that looks just like him. A bittersweet story of true friendship and letting go."--**

A dazzling collection of spectacular animation from one of Disney's landmark creations now available in a highly attractive and popular miniature gift-book format.

The profound emotion felt around the world upon seeing images of Notre-Dame in flames opens up a series of questions: Why was everyone so deeply moved? Why does Notre-Dame so clearly crystallise what our civilisation is about? What makes 'Our Lady of Paris' the soul of a symbol of human achievement? What is it that speaks so directly to us today? In answer, Agnes Poirier turns to the defining moments in Notre-Dame's history. Beginning with the laying of the corner stone in 1163, she recounts the conversion of Henri IV to Catholicism, the coronation of Louis XIV, Victor Hugo's nineteenth-century campaign to preserve the cathedral, Baron Haussmann's clearing of the streets in front of it, the Liberation in 1944, the 1950s film of The Hunchback of Notre-Dame, starring Gina Lollobrigida and Anthony Quinn, and the state funeral of Charles de Gaulle returning to the present. The conflict over Notre-Dame's reconstruction promises to be fierce. Nothing short of a cultural war is already brewing between the wise and the daring, the sincere and the opportunist, historians and militants, the devout and secularists. It is here that the malaise – gilet jaunes and all – at the heart of the France.

Dispelling the conventional wisdom that French Gothic architectural flourishes were born of despair or gloom, Bridaham reveals the whimsical nature of these creations and the ingenious artisans who made them. 572 illustrations.

"This book is not a work of art history. It does not look at the construction of Notre Dame de Paris in terms of the complexity of its architecture or its sculptures: it does not go into detail about its leaps in technology, however innovative, nor does it well on the audacity of its either to praise it or to point out possible errors. Although these topics are not overlooked, this book is primarily concerned with telling the story of Notre Dame de Paris as it was in the Middle Ages. But how can we rediscover in today's cathedral, now visited by millions of people, the medieval building frequented by the bishops and conons, the kings in their nearby palace and the Parisians who lived in the shadow of its towers and its spire? Notre Dame is a living building, one that has been affected by the twists and turns of history. It was neglected during the baroque era, mutilated by revolutionary rage, idealized by the Romantics -- and so gradually its medievalpast disappeared under these successive layers of history. Let us begin by raising the veil, by leaving the present and returning to the past in an attempt at an initial project tha in 1163 led Bishop Maurice de Sully to construct a new building in a new style."--from the Foreword.

The Social and Artistic Power of Buttresses in French Gothic Architecture

***In 1482 Paris, Clopin, a Gypsy puppeteer, narrates the origin of the titular hunchback twenty years prior. In 1462, a group of Gypsies sneak illegally into Paris but are ambushed by Judge Claude Frollo, Paris' Minister of Justice, and his soldiers. A Gypsy woman in the group attempts to flee with her deformed baby, but Frollo chases and kills her outside Notre Dame. He tries to kill the baby as well, but the cathedral's archdeacon intervenes and accuses Frollo of murdering an innocent woman. To atone for his sin, Frollo reluctantly agrees to raise the deformed child in Notre Dame as his son, naming him "Quasimodo."Twenty years later, back in 1482, Quasimodo develops into a kind yet isolated young man, though still deformed and now with a pronounced hunchback who has lived inside the cathedral his entire life. A trio of living stone gargoyles-Victor, Hugo, and Laverne-serve as Quasimodo's only company and encourage him to attend the annually-held Festival of Fools. Despite Frollo's warnings that he would be shunned for his deformity, Quasimodo attends the festival and is celebrated for his awkward appearance, only to be humiliated by the crowd after two of Frollo's guards start a riot. Frollo refuses to help Quasimodo, but Esmeralda, a kind gypsy, intervenes by freeing the hunchback, and uses a magic trick to evade arrest. Frollo confronts Quasimodo and sends him back inside the cathedral.Esmeralda follows Quasimodo inside, only to be followed by Captain Phoebus of Frollo's guard. Phoebus refuses to arrest her for alleged witchcraft inside Notre Dame and instead tells Frollo that she has claimed asylum inside the church; the archdeacon orders Frollo and his men out. Esmeralda finds and befriends Quasimodo, who helps her escape Notre Dame out of gratitude for defending him. She entrusts Quasimodo, a pendant containing a map to the gypsies' hideout, the Court of Miracles. Frollo soon develops lustful feelings for Esmeralda and, upon realizing them, begs the Virgin Mary to save him from her "spell" to avoid eternal damnation. When Frollo discovers that she escaped, he instigates a citywide search for her, which involves bribing and arresting gypsies and setting fire to countless houses in his way. Horrified when Frollo orders him to burn down a house with a family inside, Phoebus openly defies him, and Frollo orders him executed. While fleeing, Phoebus is struck by an arrow and falls into the River Seine, but Esmeralda rescues him and takes him to Notre Dame for refuge. The gargoyles encourage Quasimodo to confess his feelings for Esmeralda, but he is heartbroken to discover she and Phoebus have fallen in love.Frollo returns to Notre Dame later that night and discovers that Quasimodo helped Esmeralda escape. He bluffs to Quasimodo, saying that he knows about the Court of Miracles and intends to attack at dawn with 1,000 men. Using the map Esmeralda gave him, Quasimodo and Phoebus find the court to warn the gypsies, only for Frollo to follow them and capture all the gypsies present.Frollo prepares to burn Esmeralda at the stake after rejecting his advances, but Quasimodo rescues her and brings her to the cathedral. Phoebus releases the gypsies and rallies the Paris citizens against Frollo and his men, who try to break into the cathedral. Quasimodo and the gargoyles pour molten lead onto the streets to ensure no one enters, but Frollo successfully manages to get inside. He pursues Quasimodo and Esmeralda to the balcony where he and Quasimodo fight, and both fall over the edge. Frollo falls to his death in the molten lead, while Phoebus catches Quasimodo on a lower floor. Afterward, Quasimodo accepts that Phoebus and Esmeralda are in love, and he gives them his blessing. The two encourage him to leave the cathedral into the outside world, where the citizens hail him as a hero and accept him into society. Dragons, winged dogs, demons, lions, griffins, a bull, unicorn, eagle, various other grotesques from The Book of Kells, medieval architecture, other sources. Detailed black-and-white illustrations of 45 mythical animals. Captions. As the sun sets over the great cities of Europe, the strange and mysterious gargoyles come into their hour. They sit as they have since the Middle Ages, peering down anonymously at the sleeping European cities. Art historian John Stocking once said that a Northern Gothic cathedral is like a cave -- rich in stalagmites and stalactites -- turned inside out. Gothic Gargoyles examines the little-known and little-understood creatures that inhabit those caves turned inside out, as well as the anonymous craftsmen who created them. Gothic Gargoyles is the ultimate book of gargoyles -- the largest full-color collection of gargoyle images ever published. It is filled with 200 original photographs of Medieval gargoyles from throughout Europe, including Notre Dame in Paris and London's Westminster Hall, as well as cathedrals and public buildings in cities such as Rouen, Chartres, Brussels, Brugge, Mons, Cologne, and 's Hertogenbosch in the Netherlands, where Hieronymus Bosch was inspired by -- and possibly lent a hand to -- the gargoyle sculptors. This volume also includes important nineteenth-century Gothic Revival gargoyles perched on buildings in Europe, and in United States cities from New York to San Francisco.***
